# South Link Connections and August Service Change

# Background

- South Link Connections (SLC) is a restructure in south King County that responds to the opening of the Federal Way Link Extension, which began service in December 2025
- The SLC changes reflect three phases of public engagement and were approved by the King County Council in March 2026
- Early changes were implemented with the spring 2026 service change
- Full implementation will occur with the fall 2026 service change (August 29, 2026)

# Project Scope

- Project area: 10 jurisdictions and portions of unincorporated King County.
- Project scope: 23 routes, including 9 suspended peak-only routes.
  - This project aligns with Metro's Service Recovery Plan and restores suspended service hours (80k).
  - Approximately 28% increase in service hours compared to fall 2025, over the spring and fall 2026 service changes.

## South Link Connections: Baseline Transit Network

# Final Network Highlights

**Maintains** all existing transit access.

Approximately 22,600 people gain access to transit (**7% increase**).

Approximately 44,600 people gain access to frequent transit (**70% increase**).

Earlier and/or later trips on **8 routes**.

Eleven of fourteen project **routes connect to a Link station**.

Improved connections to the **current and future RapidRide system**.

Added **51% more trips on weekdays** and **72% more trips on weekends**.

New frequent service **every 15 minutes** on two important **east-west corridors**.

**New days of weekend service.**

Routes operate the **same schedule on Saturday and Sunday**.

# Improved Rapid Ride A Line: Federal Way Downtown Station to Tukwila International Boulevard Station via Kent Des Moines Station

**Purpose and Recommendation**

After an exhaustive search, we have identified an exceptional candidate for our Community Engagement Officer, Uluao "Junior" Aumavae. During this presentation, we will introduce Community Engagement Officer Aumavae and his extensive background in community outreach. We will also discuss our 2026 work plan, designed to maximize our connection to the Des Moines community. Under the motto: "One Community. One Team. Safer Together." he will build a program that is inclusive, engaging and adds value to the relationship between your Des Moines Police Department and every resident, business partner or guest we serve in our community.

**Strategic Plan Priority**

This position and associated work plan is directly tied to "public safety" and "engaged and thriving community," identified as two of our strategic goals in Charting our Course.

**Background**

In early 2026, Tonya Seaberry retired after over 30 years of service as a community engagement officer for Des Moines. The community, council and police department all have a vested interest in a healthy relationship with their public safety professionals, built on trust. In that light, the council has asked for updates and information as we looked for the perfect candidate to honor CSO Seaberry's legacy and also build on that platform to take Des Moines community engagement to the next level. Tonight's presentation will showcase not only our new staff member, but also the work that will continue through 2026 in implementing the vision of "One community. One Team. Safer Together."

**Financial Impact**

This is an existing FTE with no new budget request associated with this presentation.

**Purpose and Recommendation**

This presentation will provide the City Council and the community with an overview of 2025 annual crime statistics for the City of Des Moines, along with a summary of state and national crime trends.

**Strategic Plan Priority**

Public Safety, Organizational Excellence

**Background**

Crime has a significant impact on a community, affecting not only the victim of an individual incident but also the economic vitality of the city and residents' overall satisfaction with it. In Washington, all law enforcement agencies report crime statistics to the Washington Association of Sheriffs and Police Chiefs (WASPC). Under contract with the Washington State Legislature, WASPC compiles this data into a comprehensive statewide report known as the Crime in Washington Report. The report is released to the public in early August each year and is the most complete tool available for analyzing crime trends and patterns across the state. Real estate professionals, business developers, elected officials, and law enforcement professionals all reference the Crime in Washington Report as a factor in assessing community safety. The Des Moines Police Department has presented the data from the report to the public annually.

This presentation supports the City's strategic public safety goals by applying a data-driven approach to current and future decision-making.

**Discussion**

This presentation is intended to be informative, educating our city on successes and challenges facing our public safety professionals.

## **Acknowledgements**

The ***Crime In Washington 2025*** annual report was compiled from data submitted to the Washington State Uniform Crime Reporting Program of the Washington Association of Sheriffs and Police Chiefs by Washington State law enforcement agencies.

This report would not be possible without the voluntary cooperation of Washington State's law enforcement agencies and the commitment to submit timely, complete, and accurate crime statistics.

## Introduction

This is the forty-sixth (46<sup>th</sup>) annual publication of the Washington Uniform Crime Reporting (UCR) Program report of criminal offenses, arrests, law enforcement officers killed or assaulted, and full-time law enforcement employees. Funding for the Washington State UCR Program is provided through contract with the Washington State Criminal Justice Training Commission (CJTC) and administration of the program is the responsibility of the Washington Association of Sheriffs and Police Chiefs (WASPC) Criminal Justice Information Support (CJIS) Department. The Washington State UCR Program is unique in that it is sponsored, administered, and supported by an organization of contributing agency administrators rather than a bureau or department of state government.

## How to Use This Report

The ***Crime in Washington 2025*** is a publication based on crime statistic data submitted from Washington law enforcement agencies using the National Incident-Based Reporting System (NIBRS). There are important factors the reader must consider when reading or using this report as well as crime statistic reports available from the FBI or other sources:

1. The data used to compile this report are based on a “snapshot” of our repository database as of **March 24, 2026**. In NIBRS, there are no “fixed” statistics because law enforcement agencies update their incidents as new information becomes available.
2. The data used in this report are based on the NIBRS method of submitting crime statistics. It is more comprehensive and detailed than the prior Summary Reporting System (SRS) method, so the statistics published in NIBRS and SRS reports should not be compared.
3. The data displayed in this report may not exactly match the FBI ***Crime in The United States 2025*** report which will be published later this year. The Washington State UCR Program forwards the crime data to the FBI in the NIBRS format; however, the FBI may convert NIBRS to the SRS format, use estimations, or omit agencies that have not submitted all twelve months for 2025.
4. Caution should be used when comparing data displayed for each agency or compiling “rankings” of cities and counties. There are several variables that contribute to crime in a particular jurisdiction, including the demographics, economic, and cultural make-up of the population, the local industrial and economic base, its dependence on neighboring jurisdictions, the transportation system, its economic dependence on non-residents (such as tourists, shoppers, or other day-time visitors), and its proximity to military installations, correctional facilities, universities/colleges, or state hospitals.

## Background

Although the collection of nationwide crime information dates back to the 1890s, no ongoing program was initiated until the International Association of Chiefs of Police (IACP) established a committee on uniform crime records in 1917. The committee's responsibility to provide management information to law enforcement agencies eventually was turned over to the Federal Bureau of Investigation (FBI) in 1930 when the FBI received a congressional mandate to collect and disseminate national crime information. The IACP has continued to serve the UCR Program in an advisory capacity and has been joined in this responsibility by the National Sheriffs Association.

The FBI UCR Program started with the Summary Reporting System (SRS) method of submitting crime statistic data; the SRS method has remained virtually unchanged, other than adding the Arson offense in 1979 and Human Trafficking Offenses in 2013. The National Incident-Based Reporting System (NIBRS) was a result of a 1970s law enforcement study to improve crime statistics with the guidelines and specifications developed and based on recommendations and collaboration during the 1980s. A pilot was conducted during 1987 in South Carolina and at a national UCR conference in early 1988; the consensus of attendees was that the FBI should continue its efforts to implement NIBRS nationally. In February 2016, the FBI Director announced that the FBI UCR Program would transition to a NIBRS-only data collection; the NIBRS method of UCR data collection has replaced the SRS method.

The Washington State UCR Program was activated in October 1979 and collection of the monthly SRS data from contributing agencies began in January 1980. In December 2006, Washington State was certified by the FBI to officially collect and submit NIBRS data. In January 2008, based on a 2007 advisory committee recommendation, the WASPC Executive Board made the decision to set the goal date for Washington State law enforcement agencies to convert from the SRS method to NIBRS by January 1, 2012. Due to a number of agencies involved in records management system (RMS) upgrades and replacements during 2011, the Executive Board agreed to grant extensions to agencies that could not meet 2012 deadline. In September 2018, we achieved our goal of 100% NIBRS participation.

Today, the Washington State UCR Program offers on-line data entry or batch file upload and provides various reports necessary for statistical purposes. Data for ***Crime in Washington 2025*** were compiled from monthly NIBRS submissions by individual law enforcement agencies

throughout the State of Washington. As mentioned, the data included in this report are comprised of NIBRS data only; the “Individual Agency” pages display a comparison between 2024 and 2025 only for the agencies that submitted NIBRS for both years.

### **Crime Index**

In the past, the Crime Index was used as a basic measure for comparing the extent of crime among cities, counties, and states of similar size. The index was simply the total number of certain offenses that occurred in a given area in a given calendar period. The offenses used in the Crime Index were the SRS offenses of Murder, Rape, Robbery, Aggravated Assault, Burglary, Larceny-Theft, Motor Vehicle Theft, and Arson.

In June 2004, the FBI Criminal Justice Information Services Division Advisory Policy Board approved discontinuing the use of the Crime Index in the FBI UCR Program and its publications. Because Washington State is no longer converting NIBRS data into SRS data for the purposes of statewide statistical comparison, we discontinued using the “term” Crime Index as a measure to depict incidence of crime beginning with the 2012 annual report.

### **Crime Rate**

A crime rate is based on a specific crime category, such as Crime Against Persons, Crime Against Property, or Crime Against Society, or specific crime grouping, such as violent crimes. The category or grouping is adjusted for variances in population by indicating the number of offenses for each 1,000 persons (other base population increments may be used such as the number of offenses per 100,000).

To calculate the crime rate, first divide the population of the area by 1,000, then divide the crime category or grouping by that answer. For example, if a city has a population of 273,000 and a crime category of 21,257, the calculations would be:

1. 273,000 divided by 1,000 = 273.0
2. 21,257 divided by 273.0 = 77.86

Thus, although a city's crime category is 21,257, its crime rate (the number of crimes for each 1,000 people) is 77.86.

### **Classification of Offenses**

All offenses are classified on the basis of law enforcement investigation in accordance with national UCR offense definitions and are not necessarily identical to the state Revised Code of Washington (RCW) or local ordinance definitions. Because UCR identifies and tallies *law enforcement* contact, offense classifications are not based on filings of the prosecutor, court, medical examiner, jury, or other judicial or subsequent findings.

NIBRS divides offenses into two (2) categories designated as Group A - Incident and Group B - Arrest Only. The Group A offenses collected in the NIBRS program are: Animal Cruelty, Arson, Assault Offenses, Bribery, Burglary, Counterfeiting/Forgery, Destruction/Damage/Vandalism of Property, Drug/Narcotic Offenses, Embezzlement, Extortion/Blackmail, Fraud Offenses, Gambling Offenses, Homicide Offenses, Human Trafficking Offenses, Kidnapping/Abduction, Larceny/Theft Offenses, Motor Vehicle Theft, Pornography/Obscene Material Offenses, Prostitution Offenses, Robbery, Sex Offenses, Non-Forcible Sex Offenses, Stolen Property Offenses, and Weapon Law Violations; in Washington State, an additional Group A offense is collected: Violation of No Contact/Protection/Anti-Harassment Order. Group A offenses include statistical data on the incident, up to ten offenses, property involved, weapons involved, victim and offender demographics, arrest information, and clearance status.

Group B offenses, for which only arrest data are collected include: Bad Checks; Curfew/Loitering/Vagrancy Violations; Disorderly Conduct; Driving Under the Influence; Drunkenness; Non-Violent Family Offenses; Liquor Law Violations; Peeping Tom; Trespass of Real Property; and All Other Non-Traffic Offenses.

### **Counting Offenses**

All crimes committed within the same incident by the same person or group of persons, without a significant time or space interval separating them, are reported in NIBRS - a hierarchy rule does not exist in NIBRS as it did in SRS. For example, if a Rape case involves crimes of Motor Vehicle Theft and Kidnapping, all crimes are reported. However, if a crime is an inherent part of another crime, only one crime may be reported. For example, Larceny is inherent in the crime of Burglary and would not be reported as a separate crime in the incident; however, if the suspect, upon leaving the residence, takes items outside the structure, Larceny would be reported as a second crime. As another example, Assault is an element in Robbery and would not be reported as a crime separately from the Robbery; however, if the suspect forces the victim to engage in a

sexual act, both a Robbery and a Sex Offense would be reported because a forced sexual act is not an element of Robbery.

For statistical counting purposes, one offense is counted for each victim of a Crime Against Person; one offense is counted for each distinct operation of a Crime Against Property, and; one offense is counted for each Crime Against Society. For Burglary offenses, the number of premises is reported and for Motor Vehicle Theft, the number of vehicles stolen is reported.

### **Arrests**

In NIBRS, the law enforcement agencies collect detailed data elements related to incidents and arrests. The Group A - Incident Reports are comprised of segments (Administrative, Offense, Property, Victim, Offender, and Arrestee) and within the segments are multiple data elements identifying the incident, such as originating agency identifier (ORI), incident number, date, location, offense, demographics, and other relevant segment categories. Therefore, unlike SRS, the NIBRS arrests and clearances can be submitted as updates to the reported Group A – Incidents.

### **Clearances**

In NIBRS, clearances are on the incident-level rather than the offense-level. If one offense within an incident is cleared, all offenses in that incident are cleared. Likewise, the arrest of one offender in an incident will clear it even if other offenders have not been arrested yet. Clearances by arrest are automatically created when an Arrest Segment is submitted with a Group A - Incident. An incident cannot be cleared exceptionally if there has been an arrest reported.

Clearances by Exceptional Means allow an agency to clear an incident without an arrest. The four elements that must exist for an exceptional clearance include:

- 1) the identity of at least one offender must be known;
- 2) sufficient probable cause must have been developed to support the arrest and prosecution of the offender;
- 3) the offender's exact location must be known, and;
- 4) there must be a reason, outside of law enforcement's control, which prevents the arrest (for example, the death of the offender or if the offender is in the custody of another jurisdiction).

When reviewing the number of clearances, it is important to remember that a clearance can be by "arrest" or by "exceptional means" and could possibly be for an offense in a prior year. The

number does not reflect the number of persons arrested for an offense. Also, in UCR terminology, a clearance does not include a case for which the law enforcement agency could not proceed with an investigation due to a reluctant or unavailable witness or victim. A clearance in UCR does not mean there is a final disposition on a case, the case is unsolved, or the case is no longer under investigation.

### **Objectives of the Washington State UCR Program**

The primary objective of the ***Crime in Washington 2025*** is to implement and administer a uniform system of collecting crime and arrest statistical data from contributing law enforcement agencies in the State of Washington and present the information in complete, accurate, and timely method for the contributors and users of the data. Whether it's a citizen interested in the probability of crime in a neighborhood, a forecaster tracking trends for budget recommendations, or a criminal justice practitioner scheduling personnel deployment in the interest of public safety, data-driven evidence is the foundation for decision-making.

Individuals using the tabulations in the ***Crime in Washington 2025*** are cautioned against drawing conclusions by making direct comparisons between cities and/or counties due to the existence of numerous factors which affect the amount and type of crime from place to place. It is important to remember crime is a social problem and therefore, a concern of the entire community. The efforts of law enforcement are limited to factors within its control.

When compiled and evaluated, the data available in the ***Crime in Washington 2025*** can be utilized to:

1. Identify the number of crimes reported by contributing agencies.
2. Identify the geographical distribution of reported offenses.
3. Determine whether or not reported crimes have increased or decreased.
4. Determine the number of clearances and the clearance rate for reported offenses.
5. Determine the reported number of arrests by offense, age, sex, and race.
6. Determine the number of law enforcement officers assaulted and killed.
7. Determine the number of commissioned (sworn) and civilian law enforcement employees.
8. Determine the rate per population group of commissioned (sworn) and civilian law enforcement employees.

There are Washington State statutes requiring submission of crime data to the WASPC

CJIS Department, such as domestic violence crime reporting pursuant to RCW 10.99.035 and hate crime reporting pursuant to RCW 36.28A.030. In addition, there are state funding opportunities and programs tied to crime statistic reporting. For example, RCW 82.14.310 for counties and RCW 82.14.320 for municipalities define the criminal justice assistance accounts and the use of crime statistics for calculation in funding.

Timely UCR submission to the WASPC CJIS Department is a requirement for the agency accreditation program in Washington State - Chapter 5, Standard 5.12. Some grant opportunities from federal agencies depend on crime statistics as well. For example, the funding eligibility and calculations for award allocation under the federal Edward Byrne Memorial Justice Assistance Grant (JAG) Program are based on the violent crime reported to the FBI UCR Program.

### **Domestic Violence**

Domestic violence (DV) crime statistics are collected as mandated by the Washington State statute (RCW 10.99.035). These are not separate offenses from those collected in the State UCR Program but because of the nature of the relationship between the victim(s) and offender(s) involved, an offense may include a DV indicator. The DV data element is collected on Crimes Against Persons and Crimes Against Property; however, the indicator is not forwarded to the FBI.

### **Hate Crime**

Washington State statute (RCW 36.28A.030) mandates the collection of information related to hate crime and any other crimes of bigotry or bias apparently directed against victims perceived to be of a particular race, color, religion, ancestry, national origin, gender, sexual orientation, gender expression or identity, or mental, physical, or sensory disability. Like domestic violence offenses, “hate crimes” are not distinct, separate offenses but are traditional offenses motivated in whole, or in part, by the offender's bias. Data collected with the hate crime indicator are forwarded to the FBI.

# Statewide Crime Profile

---

The following section provides statewide offense counts for Crimes Against Persons, Crimes Against Property, and Crimes Against Society. These numbers are derived from monthly National Incident-Based Reporting System (NIBRS) submissions by Washington State law enforcement agencies.

### Facts at a Glance

- The total population for the State of Washington is **8,114,915**.
- In 2025, there were **197** agencies that reported two consecutive years of NIBRS data. Of these agencies, there were **370,987** Group A offenses reported in 2025; compared to **444,702** Group A offenses reported in 2024. This resulted in a **decrease of 16.6%** in Group A offenses reported.

Comparing the numbers for the 197 agencies with two full years of reporting:

- In 2025, Crimes Against Persons showed a **decrease of 7.3%** with **100,688** offenses reported; compared to **108,664** offenses reported in 2024.

The crime clock should be viewed with caution. This is an aggregate representation of the NIBRS data and designed to convey the annual reported crime experience by showing the relative occurrence frequency of Group "A" offenses. This display method should not be taken to imply regularity in the commission of the offenses; rather, it represents the annual ratio of crime in fixed time intervals.

# Statewide Arrests

---

Data in this section represent the number of persons arrested, not the number of arrest offenses or filed charges. The following tables depict counts for offenses in which an individual has been taken into custody, cited, or summoned to appear in court. In some instances, an arrest may be counted when a juvenile is taken into custody but released without being charged. These numbers are derived from monthly National Incident-Based Reporting System (NIBRS) submissions by Washington State law enforcement agencies.

## Statewide Arrests

### Total Arrests

Reported Arrests **150,189**  
Rate per 1,000 **18.5**

The term "arrest" is defined as a physical arrest, citation, or served summons. This data represents the number of persons arrested, not on charges filed; therefore, each reporting jurisdiction submits one set of arrest data for each person per single apprehension. One set of arrest data will clear a single or multiple offenses in the same incident and/or multiple incidents.

Arrests on warrants issued by another jurisdiction are reported by the originating agency, not the arresting agency.

All persons arrested for the commission of a Group "A" or Group "B" crime are included in this count. A Group "B" crime, which is only reported on the arrest level, encompasses offenses which are not under the Group "A" category. Excluded from this count are any traffic-related arrests, with the exception of DUI, Hit and Run (of a person), and Vehicular Manslaughter.

**15.6%** of arrests were DUI.

**13.8%** of total arrestees were between 18 and 24 years of age.

### Total Number of Arrests by Age

**94.6%** of all arrestees were unarmed.

When apprehended, **40.6%** of the weapons in arrestees' possession were firearms; **3.1%** were reported as automatic.

### Totals of Types of Arrest

**69,120** On-View (Without Warrant)  
**38,826** Taken into Custody (Based on a Warrant)  
**42,241** Cited or Summoned to Court

## Juvenile Arrests

### Total Juvenile Arrests

Reported Juvenile Arrests **7,925**

Under UCR guidelines, a juvenile is counted as “arrested” when the circumstances are such that if the juvenile were an adult, an arrest would have been reported. Any situation involving a juvenile, in lieu of an actual arrest, such as summoned, cited, or notified to appear before a juvenile court or similar authority for a violation of the law, is reported as an arrest.

### Juvenile Arrests by Category

**47.0%** of juvenile arrestees were between 13 and 15 years of age.

# Domestic Violence

---

Collection of Domestic Violence-related person and property offenses is mandated by State of Washington statute, RCW 10.99.035. Domestic Violence (DV) is defined by the relationship of the victim to the offender or by shared living space. These numbers are derived from the National Incident-Based Reporting System (NIBRS) submissions by Washington State law enforcement agencies.

# Hate Crime

---

Collection of Hate Crime offenses is mandated by Washington State statute, RCW 36.28A.030. Hate crimes are not separate, distinct offenses, but rather traditional crimes motivated by the offender's bias. The data are derived from monthly National Incident-Based Reporting System (NIBRS) submissions by Washington State law enforcement agencies.

## 2025 Washington Hate Crime

*Definition: A criminal offense committed against a person or property which is motivated in whole or in part, by the offender's bias against a race/national origin, religion, sexual-orientation, mental/physical/sensory disability, gender or ethnicity.*

### Hate Crime

|                                   |     |
|-----------------------------------|-----|
| Bias Motivated Incidents Reported | 451 |
| Bias Motivated Offenses Reported  | 562 |
| Number of Victims                 | 582 |
| Number of Known Offenders         | 369 |
| Number of Unknown Offenders       | 201 |

*There can be up to five motivations per offense.*

Victims of hate crime can include individuals, businesses, government, and organizations.

Hate crime incidents are identified on the subjective motivation of the offender(s). Law enforcement investigations solely determine the sufficient objective facts to lead to a reasonable and prudent conclusion that the offender's actions were motivated by bias against a racial, religious, ethnical/national origin, mental/physical/sensory disability, gender or sexual-orientation group.

Accurate data collection for hate crime depends on proper training of law enforcement to recognize such incidents and the cooperation and desire of law enforcement communities to report these offenses without the influence of special interest groups, media, or politics.

Information derived from the following indicators can establish supportive facts to correctly identify hate bias motivation:

- Bias-related drawings, markings, symbols or graffiti were left at the crime scene.
- Bias-related oral comments, written statements or gestures made by the offender which indicate his/her bias.
- The incident coincided with a holiday relating to or a date of particular significance to, a race, religion, disability, ethnicity, gender or sexual-orientation.
- The offender and the victim were of different race, religion, ethnicity or sexual-orientation.
- Certain objects, items or things which indicate bias were used in the commission of the crime.
- The victim is a member and/or engaged in activities promoting a racial, religious, disability, ethnic or sexual-orientation group.
- Several incidents occurred in the same locality, at or about the same time, and the victims were all the same race, religion, disability, ethnicity or sexual-orientation.

# **Individual Agency National Incident-Based Reporting System (NIBRS)**

---

The following section provides individual law enforcement agencies' offense counts for Crimes Against Persons, Crimes Against Property, and Crimes Against Society.

Populations are based on the Washington State Office of Financial Management 2025 Population Estimates, except for university, port, tribal, or state law enforcement agencies and non-reporting agencies which show zero populations.

The population data reflect permanent residents only. It does not include transient and visitor populations or residents of the military bases and state or federal hospitals.

Individuals using these tabulations are cautioned against drawing conclusions by making direct comparisons between cities and/or counties due to the existence of numerous factors which affect the amount and type of crime from place to place. It is important to remember that crime is a social problem and, therefore, a concern of the entire community. The efforts of law enforcement are limited to factors within its control.

### Comparison of Two-Years of NIBRS Data Submissions

*Note: If no NIBRS data was submitted in the prior year, the column will display all zeroes.*

1. Contributing agency's name.
2. The county in which contributing agency is located.
3. The estimated population based on the state Office of Financial Management (OFM) annual November forecast.
4. How many months NIBRS data was reported in the current year.
5. An overview of total offenses and clearances\* in a current year.
6. An overview of total arrests with sub-totals for adult and juvenile arrests.
7. The list of reportable Group A offenses.
8. The total number of each offense reported in the previous year.
9. The total number of each offense reported in the current year.
10. Percentage of change between current and previous years' offenses. *Note: If last year's total value is zero, then the calculation cannot be done because a number can never be divided by zero. Further, if less than a full year's data is provided in the previous year, there will be no percent of change shown.*
11. Crime rate per 1,000 population for each offense category.
12. Total arrests for the current year; includes adult and juveniles arrested.
13. Total offenses classified with Domestic Violence involvement for the current year.

*\*Note: A clearance can be by "arrest" or "exceptional means" and could possibly be for an offense in a prior year. The number does not reflect the number of persons arrested in an offense. A clearance does not include a case for which a law enforcement agency could not proceed with an investigation due to an uncooperative or unavailable witness or victim.*

## Agency's Page 2 - Understanding the Data Display Charts and Graphs Legend

**Group B Arrest-Only Table** – The offenses are from reported arrests only. Adults are 18 years and over; juveniles are 17 years and under; both males and females are included in these numbers.

**Weapons Used in Crimes** – This chart/graph represents the numbers of weapons involved in crimes. Up to three types of weapons or force can be reported per offense; some weapons are grouped together. Following is the breakdown of groupings:

- ***Firearms*** – Handguns, Rifle, Shotgun, Other Firearm (type not stated), etc.
- ***Knife/Cutting Instruments*** – A Cutting Instrument could be a broken bottle.
- ***Blunt Objects*** – Baseball bat, club, brick, tire iron, etc.
- ***Motor Vehicle/Vessel***
- ***Personal Weapons*** – Hands, fists, feet, teeth, etc.
- ***Drugs/Poison***
- ***Other*** – BB or pellet gun, taser, pepper spray, stun guns, etc.
- ***None***

**Drug Offenses by Type** – This chart/graph represents the percentage of drug crimes by type. Up to three drug types can be reported per offense. Drug types have been grouped together in the following:

- ***Depressants*** – Includes but not limited to: Valium, Xanax, Librium, and Barbiturates.
- ***Hallucinogens*** – Includes but not limited to: LSD, PCP, Ecstasy, Mescaline, and Psilocybin.
- ***Opiates*** – Includes but not limited to: Morphine, Codeine, Opium, and OxyContin.
- ***Stimulants*** – Includes but not limited to: Cocaine, Amphetamines, and Methamphetamines.
- ***Marijuana*** and its derivatives.
- ***Heroin***

**Relationship of Victim to Offender** – This represents the relationships within Crimes Against Persons and Property offenses. Relationships have been grouped together in the following:

- ***Within Family*** – Spouse, Parent, Sibling, Child, Grandparent, Grandchild, In-Law, Step-parent, Step-child, Step-sibling, and Other Family member.
- ***Outside Family*** – Acquaintance, Friend, Neighbor, Babysittee, Boyfriend/Girlfriend, Child of Boyfriend/Girlfriend, Ex-Relationship, Ex-Spouse, Employee, Employer, and Otherwise Known.
- ***Not Known*** – Relationship Unknown and Stranger.
- ***Other*** – Victim was Offender. The person must be both a victim and an offender within an incident, as in a Mutual Combatant situation.

**Domestic Violence Injuries** – This chart/graph represents the types of injuries that occurred to victims of the Domestic Violence offenses. Up to five types of injury can be reported per victim.

**Property Values by Type of Property Loss** – These values describe property loss types, including seized, burned, counterfeited/forged, destroyed/damaged, recovered, and stolen. They are reported in Crimes Against Property, Kidnapping/Abduction, Drug/Narcotic offenses, and Gambling offenses.

### **BURGLARY/BREAKING and ENTERING:**

Unlawful entry of a structure with the intent to commit a felony or a theft.

### **CARNAL KNOWLEDGE:**

An archaic or legal euphemism for sexual intercourse or other sexual activity.

### **CLEARANCE:**

For the purpose of UCR, a clearance indicates an arrest has been made or exceptional circumstances have occurred preventing an arrest. All four elements must exist for an exceptional clearance: 1) the identity of at least one offender must be known, 2) sufficient probable cause has been developed to support the arrest and prosecution, 3) the offender's exact location must be known, and 4) there is a reason outside of law enforcement's control which prevents the arrest (for example, death of the offender). In UCR terminology, a clearance does not include a case for which the law enforcement agency could not proceed with an investigation due to an uncooperative or unavailable witness or victim.

### **COUNTERFEITING/FORGERY:**

The altering, copying or imitation of something, without authority or right, with intent to deceive or defraud by passing the copy or thing altered or imitated as that which is original or genuine; or the selling, buying or possession of an altered, copied or imitated thing with the intent to deceive or defraud.

**CRIME INDEX:**

A measure formerly used for comparing the extent of crime among cities, counties, and states of similar size; the total number of certain offenses that occurred in a given area during a given calendar period. The FBI discontinued use of the Crime Index in 2004; Washington State discontinued using the term beginning in 2012.

**CRIME RATE:**

A category or grouping of crimes divided by an adjusted variance in population; for example, the number of offenses or crimes for each 1,000 persons. To calculate: first, divide the population by 1,000; second, divide the crime category or grouping by the quotient of the first division, and; the final quotient is the crime rate.

1. 273,000 (population) divided by 1,000 = 273.0
2. 21,257 (crime) divided by 273.0 = 77.86
3. 77.86 = crime rate (the number of crimes per 1,000 people)

**CURFEW/LOITERING/VAGRANCY VIOLATIONS:**

Violations of a court order, regulation, ordinance, or law requiring the withdrawal of persons from the streets or other specified areas; prohibiting persons from remaining in an area or place in an idle or aimless manner; prohibiting persons from going from place to place without visible means of support. ### **Background**

City Council review and approval of voucher reports is a key internal control that promotes transparency, accountability, and public trust in the City's financial operations. By examining vouchers after expenditures have occurred, the Council provides independent oversight to confirm that payments were properly authorized, supported by appropriate documentation, and made in accordance with the adopted budget, City policies, and applicable laws. This review helps ensure public funds are used for their intended purposes, strengthens fiscal discipline, and reinforces the separation of duties between staff who process payments and the elected officials responsible for safeguarding taxpayer resources.

### **Discussion**

The vouchers below have been reviewed and certified by individual departments and the City of Des Moines Auditing Officer.

### **Financial Impact**

As described above.

### **Recommendation**

Approval of vouchers.

**Voucher Certification Approval**  
**August 13, 2026**  
**Auditing Officer Certification**

Voucher transfers and expense reimbursement claims have been audited and certified by the auditing office in compliance with RCW 42.24.080 and RCW 42.24.090.  
 A listing of these claims has been provided to the City Council.

On **August 13, 2026** the Des Moines City Council unanimously approved for payment the vouchers through July 29, 2026 and payroll transfers through July 22, 2026 as detailed in the attached list.

The vouchers below have been reviewed and certified by individual departments and the City of Des Moines Auditing Officer:

---

**Purpose and Recommendation**

The purpose of this agenda item is to obtain City Council concurrence of the administrative decision to approve the final plat for the modified short subdivision entitled "Shiferaw Modified Short Plat".

**Motion:** "I move to concur with City staff approval of LUA2019-0063 final plat entitled "Shiferaw Modified Short Plat."

**Strategic Plan Priority**

Economic Vitality

**Background**

Chapter 17.15 of the Des Moines Municipal Code (DMMC) establishes a mechanism whereby an applicant may propose a modified short subdivision in which the City may consider and approve an innovative or unusual short subdivision that does not comply with one or more of the standard requirements specified in chapter 17.35 DMMC – Layout and Design of Subdivisions and Similar Requirements. On May 11, 2021, the applicant (AP Consulting Engineers PLLC) submitted the requisite application materials for a preliminary plat utilizing the provisions of a modified short subdivision.

The applicant proposes to subdivide an approximately 2.25 acre site into eight lots, for development of single-family homes, and two private tracts for access to, and drainage from, the site located at 2056 and 2072 South 222nd St. (Attachment). On October 6, 2022, the City Council concurred with City staff's preliminary approval of the modified

short subdivision.

Construction of the required infrastructure is now substantially complete, other than the planting of landscaping, the demolition of the existing structure on proposed Lot 2, and a few minor transportation-related items (street signs, lighting, etc.). The site is served by roads, drainage, utility systems, and other improvements required for the future residential use of the site.

### **Discussion**

City Council review of applications for final modified short subdivision approval, a Type V land use review, is required pursuant to DMMC 18.20.080(1). Should Council approve the proposed final plat, it will allow the final plat entitled “Shiferaw Modified Short Plat” to be recorded with the King County Recorder’s Office and will enable the Applicant to file for building permits on the lots within the short subdivision.

On February 23, 2026, the Applicant submitted the requisite application materials for final plat. Staff concluded that the final plat (Attachment 2) sufficiently demonstrates that the short subdivision meets the approval criteria established by DMMC 17.05.220. An evaluation of the final plat is provided below:

#### **(1) PRELIMINARY PLAT CONSISTENCY**

Based on a review of the preliminary plat design and multiple site visits, staff has concluded that the final plat is consistent with the preliminary plat design approved by the City Council. Additionally, the Applicant has complied or is scheduled to comply with the following conditions of the preliminary plat approval dated September 21, 2022 (Attachment):

- a. “To offset the proposed deviation to the amount of lots allowed to be served by a vehicular access tract, a Type III – See-through Buffer landscaping strip as defined by DMMC 18.195.400 will be provided around the perimeter of the subdivision (north, east, and west sides) for privacy screening for the adjacent lot owners.” The City’s Community Development Director determined that the Applicant may defer the plantings of the landscape strip until April 30, 2027, due to the conflict and timing of home construction and planting season. The City will retain the project’s performance bond(s) until landscaping is completed.
- b. “DMMC 17.35.180 requires that the applicant requesting a subdivision develops, dedicates, and improves space for use as a public park or provides a payment in lieu of this dedication. The applicant will be required to pay the park in-lieu fee at the time of final plat in order to meet this park requirement.” A payment of \$45,904.62 in-lieu of development of an on-site park has been paid pursuant to DMMC 17.35.180.
- c. “Per DMMC 18.235.050, multiple building permit applications by the same applicant or one standing in privity to the applicant for the construction of a series of single-family dwellings in the same subdivision or short subdivision are

considered regulated improvements requiring a separate design review application.” The approval and issuance of the design review application is required to be completed prior to approval and issuance of any building permits for new residences on the property.

#### (2) SUBDIVISION DESIGN AND LAYOUT

DMMC 17.05.220(2) and 17.05.150 require that the final plat be consistent with the design and layout requirements of chapter 17.35 DMMC and the provisions established by chapter 58.17 RCW. The preliminary plat approval (Attachment 3) found that the proposed preliminary modified short subdivision was consistent with chapter 17.35 DMMC and chapter 58.17 RCW. Therefore, the final plat is consistent with this requirement since it is consistent with the approved preliminary plat.

#### (3) PUBLIC INFRASTRUCTURE

DMMC 17.10.240(1)(c) requires that all infrastructure improvements be installed or the posting of financial securities to cover the cost of installation of the outstanding improvements. All required infrastructure improvements have either been installed by the Applicant or are bonded. The roads, drainage, utility systems, and other improvements required for the future residential use of the site have been substantially constructed. The project’s performance bond(s) will be retained until the landscaping, the demolition of the existing structure on Lot 2, and minor transportation-related items (street signs, lighting, etc.) have been completed or shall be completed prior to recording.

#### (4) PERFORMANCE AND MAINTENANCE BONDING

RCW 58.17.130 requires that local regulations provide that, in lieu of the completion of the actual construction of any required improvements prior to the approval of a final plat, the Applicant can post securities for the outstanding improvements ensuring completion after recording of the final plat. The City provides for this in DMMC 17.40.140, but requires that the work be completed within one year of a recording of the final plat documents. The City Manager may grant a one-year extension if the work is not completed within a year of recording of the final plat.

The Applicant currently has performance bond(s) for the subdivision’s site work and improvements. Once the site work and improvements are completed, a plat maintenance bond will be retained for a one-year maintenance period beginning at the acceptance of the improvements.

### **Alternatives**

1. The City Council may approve the final plat with additional conditions; however, any changes must be supported by additions to the findings of fact. The changes, if any, must be supported by the public record.
2. The City Council may deny the final plat; however, new findings of fact would

have to be prepared to support this decision. The reason for denying the final plat approval would have to be supported by the public record.

**Financial Impact**

No immediate and direct financial impacts are anticipated. Approval of the short subdivision and subsequent development does have a long-term positive impact on overall assessed valuation of property and corresponding taxes collected as well as collection of traffic impact fees, but these revenues are largely offset by mitigation of project impacts or expenditures for future City services related to residential use of the property.

**Recommendation**

City Staff has reviewed the proposed final plat (Attachment) and determined that the modified short subdivision is consistent with the cited local and state statutes. Therefore, staff recommends approval of the final plat entitled "Shiferaw Modified Short Plat".

Re: Shiferaw Modified Short Plat – LUA2019-0063; Preliminary Plat Approval

Dear Mr. Paul,

The purpose of this letter is to provide written notice that City staff has approved, with conditions, the Preliminary Shiferaw Modified Short Subdivision at 2056 and 2072 South 222nd St., pending concurrence by the Des Moines City Council.

Per Des Moines Municipal Code (DMMC) 17.15.060(3), the planning official shall provide notice of the modified short subdivision decision and written findings to the City Council at a regularly scheduled public meeting. The City Council shall by motion decide whether to concur with the decision or review further. The decision shall not be considered final until City Council action on the matter is complete.

City staff has determined that the preliminary modified short subdivision is consistent with the approval criteria established by DMMC 17.15.070. The approval of a preliminary modified short subdivision by the City constitutes approval only of the general concept and layout of the plat. Preliminary approval does not signify acceptance of all engineering details of the plat. These engineering details remain subject to approval and must be complete before final short plat approval.

The modified short subdivision process provides a mechanism whereby an applicant may propose, and the City may consider and approve, an innovative or unusual subdivision that does not comply with one or more of the requirements specified in chapter 17.35 DMMC – Layout and Design of Subdivisions and Similar Requirements. The aspect of this application that does not meet standard subdivision requirements is that, per DMMC 17.35.070(1), the subdivision exceeds the number of lots allowed to be served by a vehicular access tract (Tract A). Per DMMC 17.15.060(2), unique design features not ordinarily provided in traditional subdivisions/short subdivisions shall be incorporated into the proposal to offset the need for the modified standards.

The following conditions of approval shall apply:

- To offset the proposed deviation to the amount of lots allowed to be served by a vehicular access tract, a Type III – See-through Buffer landscaping strip as defined by DMMC 18.195.400 will be provided around the perimeter of the subdivision (north, east, and west sides) for privacy screening for the adjacent lot owners.

- DMMC 17.35.180 requires that the applicant requesting a subdivision develops, dedicates, and improves space for use as a public park or provides a payment in lieu of this dedication. The applicant will be required to pay the park in-lieu fee at the time of final plat in order to meet this park requirement.
- Per DMMC 18.235.050, multiple building permit applications by the same applicant or one standing in privity to the applicant for the construction of a series of single-family dwellings in the same subdivision or short subdivision are considered regulated improvements requiring a separate design review application.

The applicant shall submit detailed design documents for all required right-of-way, utility, or other improvements to the Planning, Building, and Public Works Department upon approval of the preliminary plat by City Council. See the current fee schedule for Engineering Plan Review. These documents shall be reviewed and approved by the City. Once the improvements have been substantially completed, the applicant may apply for final plat approval.

For Civil Plan Review submittal:

1. The applicant shall submit a Grading Permit application in conjunction with the civil plans. Application and fee schedules are available at [https://www.desmoineswa.gov/departments/planning\\_and\\_building/development\\_services/permit\\_applications\\_worksheets](https://www.desmoineswa.gov/departments/planning_and_building/development_services/permit_applications_worksheets). Engineering Plan Review fees per the current fee schedule will also be due with the civil plan submittal.
2. The applicant shall submit a Bond Quantity Worksheet for all required right-of-way, utility, or other improvements. Links: [PDF](#) | [XLS](#)
3. A separate Right-of-Way Permit will be required for any work within public rights-of-way.

DMMC 17.12.180 requires that the applicant submit the final short plat documents, together with required recording fees, to the City for recording with the county auditor within six months from the date of approval. If the final documents are not submitted within six months, the short plat is deemed void and any development rights that have vested in the applicant shall be considered abandoned.

The decision to approve or deny this application is a Type II land use action, which is appealable to the Hearing Examiner as provided in DMMC 18.20.170 and 18.240.170. An appeal must be filed with the City Clerk within ten (10) days from the final decision date.

Sincerely,

AGENDA ITEM**

**BUSINESS OF THE CITY COUNCIL  
City of Des Moines, WA**

**SUBJECT: Signal Maintenance Agreement with WSDOT**

**ATTACHMENTS:**

1. GMC 1029 - Des Moines Traffic Systems - Maintenance Agreement

**FOR AGENDA OF:**

August 13, 2026

**DEPT OF ORIGIN:**

Public Works

**DATE SUBMITTED:**

July 30, 2026

**CLEARANCES:**

Finance

Public Works

---

**Purpose and Recommendation**

The purpose of this agenda item is to authorize the City Manager to enter into an agreement with the Washington State Department of Transportation for maintenance and operation work for the City's traffic systems.

**Motion:** "I move to approve the Agreement between the Washington State Department of Transportation and the City of Des Moines – Agreement GMC 1029, and further authorize the City Manager to sign said Agreement substantially in the form as submitted."

**Strategic Plan Priority**

Public Safety

**Background**

The Washington State Department of Transportation (WSDOT) and the City are parties to GM 1385, an interlocal agreement executed on September 29, 2003, under which WSDOT agreed to operate and maintain the City's traffic signal systems at the City's cost. Since 2003, nineteen supplements have been executed to address changes to the City's traffic system and to add facilities. Over that period, the agreement has become outdated and in need of a comprehensive update. On October 26, 2023, WSDOT notified the City by letter that GM 1385 will be terminated and replaced by a new agreement.

### **Discussion**

City staff has worked with WSDOT since 2024 to draft agreement GMC 1029 (Attachment 1) for the maintenance and operation of the City's traffic systems. The new agreement updates cost estimates, WSDOT administrative costs, and other terms in order to continue the relationship between WSDOT and the City.

The City's traffic system includes twenty-one traffic signals, thirty electrical service cabinets and street lighting, seventeen rectangular rapid flashing beacons, twenty-one speed feedback signs, fifteen school zone flashing beacons, and the citywide fiber optic system. The City does not have the equipment or specialized staff necessary to maintain and operate these systems.

The City will reimburse WSDOT for the actual direct and indirect costs of WSDOT's work, up to \$195,013 per year. In the event that unforeseen conditions cause WSDOT's costs to exceed that amount, the City agrees to a contingency of twenty percent, for a maximum of \$234,016 per year. This amount is included in the current streets maintenance budget.

### **Alternatives**

The City Council could elect not to approve the Agreement as submitted and direct staff to continue working with WSDOT staff for a mutually agreeable interagency agreement.

### **Financial Impact**

Funding for the Agreement is budgeted for in the current streets maintenance budget.

### **Recommendation**

Staff recommends adoption of the motion.

## **GMC 1029**

This Agreement is made and entered into between the Washington State Department of Transportation, hereinafter "WSDOT," and the City of Des Moines, Washington, hereinafter the "City," collectively referred to as the "Parties" and individually as the "Party."

### **RECITALS**

- A. The City and WSDOT previously entered into GM 1385, an interlocal agreement, that was executed on September 29, 2003, in which the Parties agreed WSDOT would operate and maintain the City's traffic systems at the City's cost.
- B. On October 26, 2023, WSDOT send a letter to the City affirming the Parties' understanding that the GM 1385 agreement will be terminated and replaced with a new agreement. GM 1385 will be terminated on the date of execution of the new agreement.
- C. The Parties desire to supersede GM 1385 to update the cost estimate, WSDOT administrative cost, and certain other terms by entering into this GMC 1029 Agreement, hereinafter the "Agreement."
- D. The City has neither sufficient staff nor adequate equipment to perform the maintenance and operation work needed for the City's traffic systems.
- E. WSDOT and the City agree it would be to the mutual benefit of the Parties for WSDOT to perform maintenance and operation work for the City's traffic systems to the extent set forth in this Agreement.

NOW, THEREFORE, pursuant to RCW 47.28.140, the above recitals are incorporated herein as if fully set forth below and the attached Exhibits A and B are incorporated herein by this reference, and in consideration of the terms, conditions, covenants and performances contained herein,

### **IT IS MUTUALLY AGREED AS FOLLOWS:**

#### **1. WSDOT RESPONSIBILITIES**

##### **1.1 Definition of Traffic Systems**

- 1.1.1 "Traffic Signals" are systems that include, but are not limited to, poles, mast arms, and other supporting structures; underground pole bases; vehicular signal housings, mounts, and indications; pedestrian housings, mounts, and indications; vehicular detection systems, to include induction loops, video detection, radar, and other types; emergency preemption detectors; pedestrian detection systems; junction boxes, conduits and all associated wiring and cabling; signage attached to any traffic signal system; closed-circuit television (CCTV) systems attached to any traffic signal system. Control

cabinets and internal assemblies, that include, but are not limited to, controller cabinets; controller assemblies and associated modules; signal controller software, databases, and timing; conflict monitor units, vehicle and pedestrian detector equipment, preemption modules; communication equipment, fiber optic cabling and switches; other ancillary equipment unique to a specific location.

- 1.1.2 “Electrical Service Cabinets” are systems that include, but are not limited to, control cabinets, circuit breakers, lighting contactors, photocells and other ancillary equipment. Junction boxes, conduits and all associated wiring and cabling.
- 1.1.3 “Street Lighting” are systems that include, but are not limited to, luminaire poles, mast arms, and other supporting structures; underground pole bases; junction boxes, conduits and all associated wiring and cabling; fuse kits, hand holes, and slip base assemblies; lighting fixtures, high pressure sodium, light-emitting diode (LED), housings, lamps, and electronics contained within.
- 1.1.4 “Flashing Beacons” are systems that include, but are not limited to, poles, mast arms, span wires, and other supporting structures; underground pole bases; vehicular signal housings, mounts, and indications, to include both vehicular signal indications and rectangular rapid flashing beacon (RRFB); pedestrian detection systems. Control cabinets and internal assemblies, that include, but are not limited to, controller cabinets and flasher assemblies. Signage attached to any such flashing beacon system, to include speed zone, school zone, and/or pedestrian signage, etc. Power sources to include solar power equipment or utility power provided via junction boxes, conduits and all associated wiring and cabling.
- 1.1.5 “Speed Feedback Assemblies” are systems that include, but are not limited to, poles, mast arms, and other supporting structures; underground pole bases; speed feedback displays or digits, speed acquisition electronics; signage attached to speed feedback assemblies. Power sources to include solar power equipment or utility power provided via junction boxes, conduits and all associated wiring and cabling.
- 1.2 At the sole cost and expense of the City, WSDOT will maintain, operate, and repair the City-owned traffic systems, hereinafter the “City Traffic Systems Equipment,” which are all traffic signals (including but not limited to signal poles, mast arms, mounted signage, and detection systems) closed-circuit television cameras (CCTV), street lighting systems, Rectangular Rapid Flashing Beacons (RRFBs), flashing beacons, electrical service cabinets, speed feedback assemblies, associated cabinets and appurtenances, at the locations shown in Exhibit A, by carrying out the responsibilities specified in Sections 1.3 through 1.9 and as otherwise stated in this Agreement.

- 1.3 Signal Timing: WSDOT will determine, and make revisions to, traffic signal phasing and timing plans.
  - 1.3.1 WSDOT standards will be utilized for vehicle and pedestrian clearances. The settings will include yellow interval, all red, walk, and flashing don't walk. Any deviation required by the City from WSDOT standards should be requested by email.
  - 1.3.2 WSDOT will provide signal timing data upon request from the City within three (3) business days.
  - 1.3.3 WSDOT will perform safety and operational reviews for each signalized intersection every three (3) years.
- 1.4 WSDOT will perform all preventative maintenance of the City Traffic Systems Equipment as prescribed in current system maintenance schedules in effect at the time of provided service and at specified intervals.
- 1.5 WSDOT will provide Routine Maintenance, Repair, and Operation of the City Traffic Systems Equipment as follows:
  - 1.5.1 Traffic signals: remove and replace failed, obsolete, and end-of-life in-cabinet signal components (i.e. load switches, detection equipment, preemption equipment, controller assemblies, conflict monitors, etc.). Routine inspection of poles and structures and repair or replacement if necessary. Remove and replace failed, obsolete, and end-of-life out-of-cabinet signal components (vehicle and pedestrian indications, vehicle and pedestrian signal housings, vehicle and pedestrian detection assemblies, preemption detectors, etc.). WSDOT will label signal cabinets providing WSDOT contact information for the public. WSDOT will check that label is legible and replace label as needed. Perform preventative maintenance at established intervals and as per established WSDOT practices.
  - 1.5.2 Electrical service cabinets: remove and replace failed, obsolete, and end-of-life in-cabinet service components (i.e. breakers, lighting contactors, photo-sensors, etc.). Troubleshoot non-functional circuits and repair as necessary. Perform preventative maintenance at established intervals and as per established WSDOT practices.
  - 1.5.3 Street lighting: repair and replace failed illumination components, burned out HPS lamps, non-functional LED fixtures, and circuit failures as necessary and/or requested by the City. Remove and replace damaged street lighting poles and structures on an as-needed basis. Replace HPS luminaire lamps on a four-year cycle or replace with an LED fixture.

- 1.5.4 Flashing beacons: remove and replace failed, obsolete, and end-of-life in-cabinet flashing beacon components (i.e. flasher assemblies, controllers, etc.). Remove and replace failed, obsolete, and end-of-life out-of-cabinet flashing beacon components (i.e. beacon indications, housings, poles & structures, detection assemblies, etc.). Perform preventative maintenance at established intervals and as per established WSDOT practices.
- 1.5.5 Speed feedback assemblies: remove and replace failed, obsolete, and end-of-life in-cabinet speed feedback components (i.e. LED displays or digits, poles and structures, etc.). Perform preventative maintenance at established intervals and as per established WSDOT practices.
- 1.5.6 Closed-Circuit Television (CCTV) systems: remove and replace failed, obsolete, and end-of-life CCTV components (i.e. cameras, mounts, cabling, transmitters, etc.). Perform preventative maintenance at established intervals and as per established WSDOT practices.
- 1.5.7 Maintain accurate maintenance records as to the time, materials, and vehicles used in completing various tasks. These records will be made available to the City upon request.
- 1.6 Standards: WSDOT agrees to perform all work according to current City-approved standards, as follows:
  - 1.6.1 Components employed in traffic signal systems, Intelligent Transportation Systems (ITS), illumination systems, or any other electrical installation will conform to requirements of WAC 296-46B-010 Traffic management systems.
  - 1.6.2 WSDOT Standard Plans.
  - 1.6.3 WSDOT Standard Specifications.
- 1.7 WSDOT will respond to unplanned maintenance callouts within two hours after WSDOT receives the call, including after hours, weekends, and holidays.
- 1.8 WSDOT agrees not to make any change to the City Traffic Systems Equipment that could increase wind-load on the system, including but not limited to signal displays, signing, and banners, without first notifying and obtaining the City's written approval.
- 1.9 Locates: At the sole cost and expense of the City, WSDOT, as the Party responsible for the maintenance and operation of the City Traffic Systems Equipment pursuant to this Agreement, will comply with the requirements of chapter 19.122 RCW, including, but not limited to:

- 1.9.1 WSDOT will notify the Washington 811 service that WSDOT is responsible for the City Traffic Systems Equipment and provide a map of the area (Exhibit A) to the Washington 811 service.
- 1.9.2 Whenever the Washington 811 service notifies WSDOT of a locate request in the City Traffic Systems Equipment area, WSDOT will perform the locate and mark the location of underground facilities as specified by RCW 19.122.030 and RCW 19.122.031, as applicable.

## **2. CITY RESPONSIBILITIES**

- 2.1 The City, in consideration of the faithful performance by WSDOT of the maintenance, operation, and repair work for the City Traffic Systems Equipment pursuant to this Agreement, will reimburse WSDOT for the actual direct and related indirect costs of WSDOT's work, up to the amount of One Hundred Ninety-Five Thousand Thirteen Dollars (\$195,013) per year as shown in Exhibit B.
- 2.2 In the event of unforeseen conditions that result in the actual direct and related indirect costs of WSDOT's work exceeding the estimated amount of \$195,013, the City agrees to a contingency of twenty (20) percent. The City will make additional payment to WSDOT to compensate for the unforeseen actual direct and related indirect costs in an amount up to and including Thirty-Nine Thousand Three Dollars (\$39,003, rounded to the nearest dollar), for a maximum payment to WSDOT for that year of Two Hundred Thirty-Four Thousand Sixteen Dollars (\$234,016).
- 2.3 In the event that the actual direct and related indirect costs of the work by WSDOT are anticipated to exceed (\$234,016), the Parties may, if they mutually agree, negotiate a written Amendment to this Agreement pursuant to Section 9.1 to address said increase.
- 2.4 The City agrees to be responsible for the payment of all operational power costs of all City Traffic Systems Equipment covered by this Agreement.
- 2.5 The City will provide maintenance, operation, repair, and replacement work for any City-owned traffic equipment that are not the responsibility of WSDOT as defined in Section 1 of this Agreement.
- 2.6 The City will be responsible for recovering the costs of damages to the City Traffic Systems Equipment and/or City property and/or City right of way caused by any third party.
- 2.7 The City agrees to be responsible for any recommended improvements identified in WSDOT safety and operational reviews. These reviews include, but are not limited to, high accident reviews, left turn studies, pedestrian issues and corridor field assessments.

## **3. CITY AND WSDOT COORDINATION AND PERFORMANCE**

- 3.1 WSDOT will identify and notify the City, in writing, if any entity other than itself, such as a contractor, will be carrying out WSDOT's obligations to maintain, operate, and/or repair the City Traffic Systems Equipment pursuant to this Agreement. WSDOT will also notify the City in writing upon any subsequent changes to the entity performing its obligations.
- 3.2 WSDOT and the City will meet at least quarterly to review and address system changes and signal maintenance and operational issues. These meetings may occur in-person, by phone, or online, as agreed upon by both Parties.
- 3.3 Upon mutual agreement, WSDOT and the City may implement improvements identified in safety and operational reviews. These reviews include, but are not limited to, high accident reviews, left turn studies, pedestrian issues and corridor field assessments.
- 3.4 WSDOT will provide at least forty-eight (48) hours written notice to the City prior to performing any modifications to the City Traffic Systems Equipment. Such modifications will be subject to the City's review and written approval. This notice requirement does not apply to situations requiring WSDOT to take immediate remedial action to repair City Traffic Systems Equipment damage resulting from storms, third party actions or other harmful/damaging occurrence. In such instances, where prior notice is not feasible, WSDOT will notify the City as soon as practicable after completing the necessary work, but no later than twenty-four (24) hours.
- 3.5 WSDOT agrees that if traffic control is needed for any work authorized under this Agreement it will be in compliance with WSDOT Manual M 54-44, *Work Zone Traffic Control Guidelines for Maintenance Operations*. If the work is likely to conflict with, impede, or disrupt roadway operation and/or safety then WSDOT will contact the City for the City's review and approval of traffic control plans prior to the start of WSDOT's work.

#### **4. EMERGENCY MAINTENANCE**

- 4.1 At the sole cost and expense of the City, WSDOT agrees to perform emergency maintenance and operation of the City Traffic Systems Equipment. Emergency maintenance and operation includes, but is not limited to, replacement of traffic signal systems or components resulting from accidents, adverse weather, vandalism, or other forces or actions.
- 4.2 In the event the City identifies a condition in the City Traffic Systems Equipment that warrants emergency maintenance, the City will notify WSDOT and request that WSDOT address the maintenance problem.
- 4.3 WSDOT will notify the City within twenty-four (24) hours of performing the emergency work and include any information WSDOT may possess if the damage was caused by a third party.

## 5. PAYMENT

- 5.1 WSDOT is responsible for submitting a consolidated invoice to the City each month for work performed under the Agreement. Upon receipt of the invoice, the City will pay WSDOT within thirty (30) calendar days.
- 5.2 The City shall submit Payments to WSDOT using one of the following methods, listed in order of preference:
- 5.2.1. Via Automated Clearing House (ACH) payment in accordance with WSDOT ACH payment instructions issued to the City following execution of this Agreement; provided, WSDOT may issue revised ACH payment instructions as it deems necessary for the duration of this Agreement.
- 5.2.2. Via check mailed to the following address:
- WSDOT Cashier  
PO Box 47305  
Olympia, WA 98504
- 5.2.3. The ACH remittance email/payment submittal shall include the WSDOT invoice number and agreement number and may include additional information necessary to support the payment.
- 5.3 If the City objects to all or any portion of an invoice, the City will notify WSDOT within twenty (20) calendar days from the date of receipt and will pay only that portion of the invoice not in dispute. WSDOT and the City will make every effort to settle the disputed portion and, if necessary, utilize dispute resolution as provided for in Section 9.5 of this Agreement.

## 6. PARTY REPRESENTATIVES: ADMINISTRATION AND NOTICES

- 6.1 The Representative identified for each Party shall be responsible for administering this Agreement.

| City of Des Moines                                                                                                                                                                                                                               | Washington State<br>Department of Transportation                                                                                                                                                                                                                     |

- 6.2 The name and contact information of a Representative may be updated by a Party in writing to the other Party and such change shall not require an amendment to this Agreement.
- 6.3 Any notice, demand, or other communication required or permitted under this Agreement or applicable law shall be effective only if it is in writing and addressed to the applicable Party's designated Representative as set forth herein or that person's authorized designee.
- 6.4 All communications made "in writing" or "written" for this Agreement shall be carried out through U.S. Mail, nationally recognized courier, or electronic mail.

## **7. RIGHT OF ENTRY**

- 7.1 The City grants WSDOT a right of entry upon all City right of way and/or property for the purpose of fulfilling WSDOT's responsibilities as set forth in this Agreement.

## **8. DAMAGE TO RIGHT OF WAY**

- 8.1 WSDOT and its authorized agents, contractors, subcontractors, and/or employees shall not damage City right of way and/or property while performing maintenance, operation and/or repair of the City Traffic Systems Equipment. If WSDOT, its authorized agents, contractors, subcontractors, and/or employees does damage City right of way and/or property, WSDOT agrees to be directly responsible to the City for the cost of reasonable repairs; provided that, prior to either the City or WSDOT commencing any such repairs, the Parties shall meet and confer regarding the nature and scope of repairs that are needed and shall allocate responsibility for the work.

## **9. GENERAL PROVISIONS**

- 9.1 Amendment: This Agreement may be amended or modified only by the mutual agreement of the Parties. Such amendments or modifications shall not be binding unless they are in writing and signed by persons authorized to bind each of the Parties.

9.2 Term: Unless otherwise provided herein, the term of this Agreement shall commence on the date this Agreement is executed and shall continue until such time as this Agreement is terminated pursuant to Section 9.3 below.

9.3 Termination:

9.3.1 This Agreement may be terminated by the mutual agreement of the Parties.

9.3.2 WSDOT may terminate this Agreement by providing sixty (60) calendar days written notice to the City. If WSDOT provides such notice to the City, this Agreement shall terminate sixty (60) calendar days from the date the City receives WSDOT's notice.

9.3.3 The City may terminate this Agreement by providing sixty (60) calendar days written notice to WSDOT. If the City provides such notice to WSDOT, this Agreement shall terminate sixty (60) calendar days from the date WSDOT receives the City's notice.

9.3.4 If the City determines that WSDOT has not maintained and operated the City Traffic Systems Equipment in conformance with City-approved standards, the City may terminate this Agreement by giving written notice with a date certain for termination, which may be effective immediately upon WSDOT's receipt of the notice or on an alternative date specified by the City in its written notice.

9.3.5 In the event of a termination of this Agreement, WSDOT shall ensure that the City Traffic Systems Equipment meets City-approved standards in place at the time of termination prior to turning over the equipment to the City. WSDOT may keep its own equipment.

9.3.6 Any termination of this Agreement shall not prejudice any rights or obligations accrued to the Parties prior to termination.

9.4 Indemnification and Waiver: Each of the Parties shall protect, defend, indemnify, and hold harmless the other Party and its officers, officials, employees, contractors, subcontractors, consultants, and/or authorized agents, while acting within the scope of their employment as such, from any and all costs, claims, judgments, and/or awards of damages (both to persons and/or property), arising out of, or in any way resulting from, that Party's obligations performed or to be performed pursuant to the provisions of this Agreement. No Party shall be required to indemnify, defend, or hold harmless the other Party if the claim, suit, or action for injuries, death, or damages (both to persons and/or property) is caused by the sole negligence of the other Party. Where such claims, suits, or actions result from the concurrent negligence of the Parties, their officers, officials, employees, contractors, subcontractors, consultants, and/or authorized agents, and/or involve those actions covered by RCW 4.24.115, the indemnity provisions provided herein shall be valid and enforceable only to the extent of the negligence of the indemnifying Party, its officers, officials, employees, contractors, subcontractors, consultants, and/or authorized agents. The Parties

agree that their obligations under this section extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of their officers, officials, employees, and/or authorized agents. For this purpose only, the Parties, by mutual negotiation, hereby waive, with respect to each other only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions of Title 51 RCW. This indemnification and waiver shall survive the termination of this Agreement.

- 9.5 Disputes: In the event that issues arise out of, or related to, this Agreement, the Parties agree to work collaboratively to resolve disputes promptly and at the lowest organizational level. To this end, following the dispute resolution process shown below shall be a prerequisite to the filing of litigation concerning any dispute between the Parties:
- 9.5.1 The Representatives designated in this Agreement shall jointly cooperate to informally resolve any disputes as quickly and efficiently as possible.
- 9.5.2 In the event the Representatives cannot resolve the dispute, the City Manager and WSDOT's Northwest Regional Administrator, or their respective designees, shall meet and engage in good faith negotiations to resolve the dispute.
- 9.5.3 In the event the City Manager and WSDOT's Northwest Regional Administrator, or their respective designees, cannot resolve the dispute, the City and WSDOT shall each appoint a member to a dispute board. These two members shall then select a third member not affiliated with either Party. The three-member board shall conduct a dispute resolution hearing that shall be informal and unrecorded. All expenses for the third member of the dispute board shall be shared equally by both Parties; however, each Party shall be responsible for its own costs and fees.
- 9.6 Venue: In the event that either Party deems it necessary to institute legal action or proceedings to enforce any right or obligation under this Agreement, the Parties agree that any such action or proceedings shall be brought in Thurston County Superior Court. Further, the Parties agree that each shall be solely responsible for payment of its own attorney's fees, witness fees, and costs.
- 9.7 Assurances: All activity pursuant to this Agreement shall be in accordance with applicable Federal, State, and local laws, rules, and regulations, as they currently exist or as amended, and the Parties agree to require the same of all contractors providing services or performing any work under this Agreement.
- 9.8 Records and Audit: All records for work done pursuant to this Agreement shall be held for a period of six (6) years from the date of termination of this Agreement or any final payment authorized under this Agreement, whichever is later, and the records shall be kept available for inspection and audit by WSDOT, the City and the Federal government. Each Party shall have full access to and right to examine said records,

during normal business hours and as often as it deems necessary. Should a Party require copies of any records from the other Party, the requesting Party agrees to pay the reasonable costs thereof. In the event of litigation or claim arising from the performance of this Agreement, the City and WSDOT agree to maintain the records and accounts until such litigation, appeal, or claims are finally resolved. This section shall survive the termination of this Agreement.

- 9.9 Severability: Should any section, term or provision of this Agreement be determined to be invalid, the remainder of this Agreement shall not be affected and the same shall continue in full force and effect.
- 9.10 Calendar Day: Calendar day means any day on the calendar including Saturday, Sunday, or a Washington State holiday as defined in RCW 1.16.050.
- 9.11 Business Day: Business day means any day on the calendar other than Saturday, Sunday, or a Washington State holiday as defined in RCW 1.16.050, or a City holiday as defined by City of Des Moines code.
- 9.12 Independent Contractor: Each Party shall be deemed an independent contractor for all purposes, and the employees of each Party or any of its contractors, subcontractors, consultants, and the employees thereof, shall not in any manner be deemed to be employees of the other Party.
- 9.13 Assignment: Except as otherwise provided herein, a Party to this Agreement shall not assign, delegate, or transfer this Agreement or the obligations incurred hereunder, in whole or in part, by operation of law or otherwise, or subcontract for the management or operation of their respective responsibilities, or parts thereof, without the prior written consent of the other Party to this Agreement, which approval shall not be unreasonably withheld.
- 9.14 All Writings Contained Herein: This Agreement contains all of the terms and conditions agreed upon by the Parties. No other understandings, oral or otherwise, regarding the subject matter of this Agreement shall be deemed to exist or to bind the Parties.
- 9.15 Authority to Bind: The signatories to this Agreement represent that they have the authority to bind their respective organizations to this Agreement.

## **10. COUNTERPART AND ELECTRONIC SIGNATURE**

- 10.1 This Agreement may be executed in counterparts or in duplicate originals. Each counterpart or each duplicate shall be deemed an original copy of this Agreement signed by each Party, for all purposes. Electronic signatures or signatures transmitted via e-mail in portable document format ("PDF") may be used in place of original signatures on this Agreement. Each Party intends to be bound by its electronic or PDF signature on this Agreement and is aware that the other Party is relying on its electronic or PDF signature.

**Purpose and Recommendation**

The purpose of this agenda item is to seek City Council approval for the Public Works Contract (Attachment 1) with Bayshore Construction and the 2026-2027 On-Call General Civil Engineering Services Task Assignment 2026-02 with Perteet, Inc. (Attachment 2).

**Motion 1:** "I move to approve the Public Works Contract with Bayshore Construction Company (Contractor) for the 16th Ave S Ditch Decommissioning and Stormwater Improvements Project in the amount of \$898,374.00, authorize a project construction contingency in the amount of \$200,000, and further authorize the City Manager to sign said Contract substantially in the form as submitted."

**Motion 2:** "I move to approve the 2026-2027 On-Call General Civil Engineering Services Task Assignment 2026-03 with Perteet to provide Construction Management services for the 16th Ave S Ditch Decommissioning and Stormwater Improvements Project in the amount of \$141,705 and further authorize the City Manager to sign said Task Assignment substantially in the form as submitted."

**Strategic Plan Priority**

Natural and Built Environment; Public Safety

## **Background**

The 16th Avenue S Ditch Decommissioning and Stormwater Improvements Project is a high-priority project identified in the 2015 Surface Water Management Comprehensive Plan. The project is located on 16th Avenue S near S 257th Place.

An existing ditch connects S 258th Street to the stormwater system on 16th Avenue S. The project is intended to reduce high-velocity flows through the ditch line by diverting flow into that system. To convey the additional flow, the existing system must be replaced and upsized. The project will remove the existing twelve-inch storm pipe on 16th Avenue S and replace it with eighteen- to twenty-four-inch pipe. The City's engineering consultant, Perteet, completed the project design under the 2024–2025 On-Call General Civil Engineering Services Contract approved by the City Council at its December 11, 2025 meeting.

Following design completion, a solicitation for bids was published on July 10, 2026, with a public bid opening held on July 29, 2026.

## **Discussion**

### **Construction Contract (Motion #1)**

The Des Moines Stormwater Improvements Project was advertised for public bids in accordance with state law, WSDOT LAG Manual, and requirements for competitive bidding of public works contracts. Bid proposals from 13 contractors were received. Bids were publicly opened and read out loud on August 29, 2026 by the City Clerk and are summarized below.

## **BID RESULTS**

Engineer's Estimate \$1,000,000.00

Bayshore Construction. is the Responsive Low Bidder at \$898,374.00 (Attachment 3). The bid proposals and contractor qualifications have been reviewed, and staff finds that the low bid is responsive and recommends award of the contract to Bayshore Construction.

#### Construction Administration and Inspections Services Task Assignment (Motion #2)

Engineering consultants are needed in order to supplement and expand the capability of City staff for Construction Administration and Inspection for the Project. These services are proposed to be provided by Perteet, Inc. (Attachment 2). The scope of work for Perteet includes the following services: pre-construction coordination, documentation, project control, and construction inspection.

All construction support shall comply with the Washington State Department of Transportation (WSDOT) Local Agency Guidelines (LAG) for construction contract administration to maintain the City's Certification Acceptance (CA) status.

#### **Alternatives**

##### (Motion #1) – Reject All Bids

The City Council could direct staff to reject all Bid Proposals and re-submit for construction bids at a later time. However, there is no reason to believe project bids would be lower given the busy bidding climate and expected future cost inflation.

##### (Motion #2) – Not Approve On-Call Task Assignment with Perteet, Inc.

The City Council could elect to not approve the Task Assignment with Perteet, Inc. for Construction Administration and Inspection Services. The City does not have adequate resources to perform complete Construction Administration and Inspection in compliance with the general project requirements or the WSDOT LAG Manual. Council could direct staff to solicit for proposals, but this will cause project delay and a potential need to re-bid the project in 2027 due to the current project schedule.

#### **Financial Impact**

The City's CIP Budget includes revenues to achieve full project funding (Attachment 4)

#### **Recommendation**

Staff recommends the adoption of the motion(s).

## **PUBLIC WORKS CONTRACT between City of Des Moines and Bayshore Construction Company**

THIS CONTRACT is made and entered into this 14th day of August, 2026, by and between the City of Des Moines, a Washington municipal corporation (hereinafter the "City"), and Bayshore Construction Company organized under the laws of the State of [Washington], located and doing business at 16821 SMOKEY PT Blvd #808, ARLINGTON, WA 98223; Trever Nurmi (425) 308-9017 (hereinafter the "Contractor").

### **CONTRACT**

The parties agree as follows:

#### **I. DESCRIPTION OF WORK.**

Contractor shall perform the services for the City as specifically described in Exhibit "A" Scope and Schedule of Work, attached hereto and incorporated herein by reference.

Work anticipated to be performed under this contract is as follows:  
Clearing, grubbing, and structure excavation, Installing high visibility fence and compost sock, Remove pavement, curb and gutter, pipe, and tree, Paving with hot mix asphalt (including roadway pavement, asphalt raised edge, and asphalt berm), Constructing storm drainage improvements (including CIPP lining), Filling existing ditches with gravel borrow and topsoil, Installing rock walls and quarry spalls backfill, Installing channelization, and all incidental items necessary to complete the Work as described in the Plans and Specifications.

a. Contractor represents that the services furnished under this Contract will be performed in accordance with generally accepted professional practices within the Puget Sound region in effect at the time such services are performed.

b. The Contractor shall provide and furnish any and all labor, materials, tools, equipment and utility and transportation services along with all miscellaneous items necessary to perform this Contract except for those items mentioned therein to be furnished by the City.

c. All work shall be accomplished in a workmanlike manner in strict conformity with the attached plans and specifications including any and all Addenda issued by the City, City Regulations and Standards, other Contract Documents hereinafter enumerated.

In addition, the work shall be in conformance with the following documents which are by reference incorporated herein and made part hereof:

- (i) the Standard Specifications of the Washington State Department of Transportation (WSDOT) (current edition);
- (ii) the American Public Works Association (APWA) (current edition);
- (iii) the Manual on Uniform Traffic Control Devices (MUTCD) for Streets and Highways (current edition);
- (iv) the Standard Plans for Road, Bridge and Municipal Construction (as prepared by the WSDOT/APWA current edition);
- (v) the American Water Works Association Standard (AWWA) (current edition), and;
- (vi) shall perform any changes in the work in accord with the Contract Documents.

d. Any inconsistency in the parts of the Contract and the documents referenced in section I c above shall be resolved by following this order of precedence (e.g., 1 presiding over 2, 2 over 3, 3 over 4, and so forth):

- 1. Terms and provisions of the Contract
- 2. Addenda,
- 3. Proposal Form,
- 4. Special Provisions, including APWA General Special Provisions, if they are included,
- 5. Contract Plans,
- 6. Amendments to the Standard Specifications,
- 7. WSDOT Standard Specifications for Road, Bridge and Municipal Construction,
- 8. Contracting Agency's Standard Plans (if any), and
- 9. WSDOT Standard Plans for Road, Bridge, and Municipal Construction.

**II. TIME OF COMPLETION.** The parties agree that work on the tasks described in Section I above and more specifically detailed in Exhibit A attached hereto will begin immediately upon execution of this Contract. Upon the effective date of this Contract, the Contractor shall complete the work described in Section I within 50 working days. If said work is not completed within the time specified, the Contractor agrees to pay the City the sum specified in Section VI - Liquidated Damages of this contract.

**III. COMPENSATION.** The City shall pay the Contractor a total amount not to exceed \$898,374, which includes applicable sales tax, for the work and services contemplated in this Contract. If the work and services to be performed as specified in Exhibit A "Scope and Schedule of Work" is for street, place, road, highway, etc. as defined in WAC 458-20-171, then the applicable Washington State Retail Sales Tax on this contract

shall be governed by WAC 458-20-171 and its related rules for the work contemplated in this Contract. The Contractor shall invoice the City monthly. The City shall pay to the Contractor, as full consideration for the performance of the Contract, an amount equal to the unit and lump sum prices set forth in the bid. The Contractor will submit requests for Progress payments on a monthly basis and the City will make progress payment within 45 days after receipt of the Contractor's request until the work is complete and accepted by the City. The City's payment shall not constitute a waiver of the City's right to final inspection and acceptance of the project.

- A. Retainage. The City shall hold back a retainage in the amount of five percent (5%) of any and all payments made to contractor for a period of sixty (60) days after the date of final acceptance, or until receipt of all necessary releases from the State Department of Revenue and the State Department of Labor and Industries and until settlement of any liens filed under Chapter 60.28 RCW, whichever is later. If Contractor plans to submit a bond in lieu of the retainage specified above, the bond must be in a form acceptable to the City and submitted within 30 days upon entering into this Contract, through a bonding company meeting standards established by the City.
- B. Defective or Unauthorized Work. The City reserves its right to withhold payment from Contractor for any defective or unauthorized work. Defective or unauthorized work includes, without limitation: work and materials that do not conform to the requirements of this Contract; and extra work and materials furnished without the City's written approval. If Contractor is unable, for any reason, to satisfactorily complete any portion of the work, the City may complete the work by contract or otherwise, and Contractor shall be liable to the City for any additional costs incurred by the City. "Additional costs" shall mean all reasonable costs, including legal costs and attorney fees, incurred by the City beyond the maximum Contract price specified above. The City further reserves its right to deduct the cost to complete the Contract work, including any Additional Costs, from any and all amounts due or to become due the Contractor. Notwithstanding the terms of this section, the City's payment to contractor for work performed shall not be a waiver of any claims the City may have against Contractor for defective or unauthorized work.
- C. Final Payment: Waiver of Claims. THE CONTRACTOR'S ACCEPTANCE OF FINAL PAYMENT (EXCLUDING WITHHELD RETAINAGE) SHALL CONSTITUTE A WAIVER OF CONTRACTOR'S CLAIMS, EXCEPT THOSE PREVIOUSLY AND PROPERLY MADE AND IDENTIFIED BY CONTRACTOR AS UNSETTLED AT THE TIME FINAL PAYMENT IS MADE AND ACCEPTED.

**IV. INDEPENDENT CONTRACTOR.** The parties understand and agree that Contractor is a firm skilled in matters pertaining to construction and will perform independent functions and responsibilities in the area of its particular field of expertise. Contractor and its personnel, subcontractors, agents and assigns, shall act as independent contractors and not employees of the City. As such, they have no authority to bind the City or control employees of the City, contractors, or other entities. The City's Public Works Director or his or her designated representative shall have authority to ensure that the terms of the Contract are performed in the appropriate manner.

The Contractor acknowledges that all mandatory deductions, charges and taxes imposed by any and all federal, state, and local laws and regulations shall be the sole responsibility of the Contractor. The Contractor represents and warrants that all such deductions, charges and taxes imposed by law and/or regulations upon the Contractor are, and will remain, current. If the City is assessed, liable or responsible in any manner for those deductions, charges or taxes, the Contractor agrees to indemnify and hold the City harmless from those costs, including attorney's fees.

**V. TERMINATION.** The City may terminate this Contract for good cause. "Good cause" shall include, without limitation, any one or more of the following events:

- A. The Contractor's refusal or failure to supply a sufficient number of properly skilled workers or proper materials for completion of the Contract work.
- B. The Contractor's failure to complete the work within the time specified in this Contract.
- C. The Contractor's failure to make full and prompt payment to subcontractors or for material or labor.
- D. The Contractor's persistent disregard of federal, state or local laws, rules or regulations.
- E. The Contractor's filing for bankruptcy or becoming adjudged bankrupt.
- F. The Contractor's breach of any portion of this Contract.

If the City terminates this Contract for good cause, the Contractor shall not receive any further money due under this Contract until the Contract work is completed. After termination, the City may take possession of all records and data within the Contractor's possession pertaining to this project which may be used by the City without restriction.

**VI. Liquidated Damages.** This section of the Contract shall apply only in the event of a delay in the completion of the work within the timeframe specified in the Contract. This being a Public Works project performed for the benefit of the public, and there being a need for the completion of the project in the time specified in the Contract, City and Contractor agree that damages for delay in the performance or completion of the work are

extremely difficult to ascertain. However, City and Contractor agree that due to the expenditure of public funds for the work specified in this Contract, and the need to provide the work for the benefit of the health, safety and welfare of the public, the failure to complete the work within the time specified in the Contract will result in loss and damage to City. City and Contractor agree that a delay will result in, but not be limited to, expense to the City in the form of salaries to City employees, the extended use of City equipment, delays in other portions of the project on which Contractor is working, increased cost to the City for the project, delays in other projects planned by City, and loss of use and inconvenience to the public.

Although difficult to quantify and ascertain, City and Contractor agree that the sum listed as liquidated damages represents a fair and reasonable forecast of the actual damage caused by a delay in the performance or completion of the work specified in the Contract. In addition, City and Contractor agree that the liquidated damages set forth below are intended to compensate the City for its loss and damage caused by delay. The liquidated damages are not intended to induce the performance of Contractor.

Contractor declares that it is familiar with liquidated damages provisions, and understands their intent and purpose. By signing this Contract, Contractor further declares that it understands the liquidated damages provision of this contract, that it is a product of negotiation, and that it is a fair estimation of the damage and loss that City will suffer in the event of delay.

City and Contractor further agree that the contractor shall not be charged with liquidated damages because of any delays in the completion of the work due to unforeseeable causes beyond the control and without the fault or negligence of the contractor, including, but not restricted to, acts of God, or of the public enemy, acts of the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather or delays of subcontractors due to such causes.

City and Contractor agree that for each day beyond the completion date specified in the Contract that the project is not completed, the sum of **\$2,695** shall be deducted from the amount to be paid Contractor and shall be retained by City as damages.

In the event that the Contract is terminated by City for cause pursuant to the general conditions of the contract, this liquidated damages section shall apply, but only to the extent that the contract is delayed. In addition to liquidated damages, City shall be permitted to recover from Contractor the cost of completion of the work if the cost of completion exceeds the original sum of money agreed upon.

**VII. PREVAILING WAGES.** Contractor shall file a "Statement of Intent to Pay Prevailing Wages," with the State of Washington Department of Labor & Industries prior to commencing the Contract work and an Affidavit of prevailing wages paid after completion of the work. The Statement of Intent to Pay Prevailing Wages," shall include Contractor's registration certificate number and the prevailing rate of wage for each classification of workers entitled to prevailing wages under RCW 39.12.020, and the estimated number of workers in each classification. Contractor shall pay prevailing wages in effect on the date the bid is accepted or executed by Contractor, and comply with Chapter 39.12 of the Revised Code of Washington, as well as any other applicable prevailing wage rate provisions. The

latest prevailing wage rate revision issued by the Department of Labor and Industries must be submitted to the City by Contractor. It shall be the responsibility of Contractor to require all subcontractors to comply with Chapter 39.12 RCW and this section of the Contract.

**VIII. Hours of Labor.** Contractor shall comply with the "hours of labor" requirements and limitations as set forth in Chapter 49.28 RCW. It shall be the responsibility of Contractor to require all subcontractors to comply with the provisions of Chapter 49.28 RCW and this section of the Contract. The Contractor shall pay all reasonable costs (such as over-time of crews) incurred by the City as a result of work beyond eight (8) hours per day or forty (40) hours per week. Additional hours beyond a forty (40)-hour workweek will be pro-rated against contractual workdays.

**IX. Compliance with Wage, Hour, Safety, and Health Laws.** The Contractor shall comply with the rules and regulations of the Fair Labor Standards Act, 29 U.S.C. 201 et seq, the Occupational Safety and Health Act of 1970, 29 U.S.C. 651, et seq, the Washington Industrial Safety and Health Act, Chapter 49.17 RCW, and any other state or federal laws applicable to wage, hours, safety, or health standards.

**X. Days and Time of Work.** Unless otherwise approved by the City, the working hours for this project will be limited to the following hours:

Monday through Friday: 7:00 a.m. to 7:00 p.m.

Saturday, Sunday and Holidays: 8:00 a.m. to 5:00 p.m.

**XI. Workers' Compensation.** The Contractor shall maintain Workers' Compensation insurance in the amount and type required by law for all employees employed under this Contract who may come within the protection of Workers' Compensation Laws. In jurisdictions not providing complete Workers' Compensation protection, the Contractor shall maintain Employer's Liability Insurance in the amount, form and company satisfactory to the City for the benefit of all employees not protected by Workers' Compensation Laws.

The Contractor shall make all payments arising from the performance of this Contract due to the State of Washington pursuant to Titles 50 and 51 of the Revised Code of Washington.

Whenever any work by the Contractor under the authority of this Contract is on or about navigable waters of the United States, Workers' Compensation coverage shall be extended to include United States Longshoreman and harbor worker coverage. The Contractor shall provide the City with a copy of the necessary documentation prior to the start of any activity.

**XII. CHANGES.** The City may issue a written change order for any change in the Contract work during the performance of this Contract. If the Contractor determines, for any reason, that a change order is necessary, Contractor must submit a written change order request to the person listed in the notice provision section of this Contract, section XXII(C), within seven (7) calendar days of the date Contractor knew or should have known of the facts and events giving rise to the requested change. If the City determines that the change increases or decreases the Contractor's costs or time for performance, the City will make an equitable adjustment. The City will attempt, in good faith, to reach agreement with the Contractor on all equitable adjustments. However, if the parties are unable to agree, the City will determine the equitable adjustment as it deems appropriate. The

Contractor shall proceed with the change order work upon receiving either a written change order from the City or an oral order from the City before actually receiving the written change order. If the Contractor fails to require a change order within the time specified in this paragraph, the Contractor waives its right to make any claim or submit subsequent change order requests for that portion of the contract work. If the Contractor disagrees with the equitable adjustment, the Contractor must complete the change order work; however, the Contractor may elect to protest the adjustment as provided in subsections A through E of Section XIII, Claims, below.

The Contractor accepts all requirements of a change order by: (1) endorsing it, (2) writing a separate acceptance, or (3) not protesting in the way this section provides. A change order that is accepted by Contractor as provided in this section shall constitute full payment and final settlement of all claims for contract time and for direct, indirect and consequential costs, including costs of delays related to any work, either covered or affected by the change.

**XIII. CLAIMS.** If the Contractor disagrees with anything required by a change order, another written order, or an oral order from the City, including any direction, instruction, interpretation, or determination by the City, the Contractor may file a claim as provided in this section. The Contractor shall give written notice to the City of all claims within seven (7) calendar days of the occurrence of the events giving rise to the claims, or within seven (7) calendar days of the date the Contractor knew or should have known of the facts or events giving rise to the claim, whichever occurs first. Any claim for damages, additional payment for any reason, or extension of time, whether under this Contract or otherwise, shall be conclusively deemed to have been waived by the Contractor unless a timely written claim is made in strict accordance with the applicable provisions of this Contract.

At a minimum, a Contractor's written claim shall include the information set forth in subsections A, items 1 through 5 below.

**FAILURE TO PROVIDE A COMPLETE, WRITTEN NOTIFICATION OF CLAIM WITHIN THE TIME ALLOWED SHALL BE AN ABSOLUTE WAIVER OF ANY CLAIMS ARISING IN ANY WAY FROM THE FACTS OR EVENTS SURROUNDING THAT CLAIM OR CAUSED BY THAT DELAY.**

- A. Notice of Claim. Provide a signed written notice of claim that provides the following information:
1. The date of the Contractor's claim;
  2. The nature and circumstances that caused the claim;
  3. The provisions in this Contract that support the claim;
  4. The estimated dollar cost, if any, of the claimed work and how that estimate was determined; and
  5. An analysis of the progress schedule showing the schedule change or disruption if the Contractor is asserting a schedule change or disruption.

- B. Records. The Contractor shall keep complete records of extra costs and time incurred as a result of the asserted events giving rise to the claim. The City shall have access to any of the Contractor's records needed for evaluating the protest.

The City will evaluate all claims, provided the procedures in this section are followed. If the City determines that a claim is valid, the City will adjust payment for work or time by an equitable adjustment. No adjustment will be made for an invalid protest.

- C. Contractor's Duty to Complete Protested Work. In spite of any claim, the Contractor shall proceed promptly to provide the goods, materials and services required by the City under this Contract.
- D. Failure to Protest Constitutes Waiver. By not protesting as this section provides, the Contractor also waives any additional entitlement and accepts from the City any written or oral order (including directions, instructions, interpretations, and determination).
- E. Failure to Follow Procedures Constitutes Waiver. By failing to follow the procedures of this section, the Contractor completely waives any claims for protested work and accepts from the City any written or oral order (including directions, instructions, interpretations, and determination).

**XIV. LIMITATION OF ACTIONS.** CONTRACTOR MUST, IN ANY EVENT, FILE ANY LAWSUIT ARISING FROM OR CONNECTED WITH THIS CONTRACT WITHIN 120 CALENDAR DAYS FROM THE DATE THE CONTRACT WORK IS COMPLETE OR CONTRACTOR'S ABILITY TO FILE THAT CLAIM OR SUIT SHALL BE FOREVER BARRED. THIS SECTION FURTHER LIMITS ANY APPLICABLE STATUTORY LIMITATIONS PERIOD.

**XV. WARRANTY.** Upon acceptance of the contract work, Contractor must provide the City a warranty bond for one year in the amount of the contract value specified in Section III above and in a form acceptable to the City. In the event any defects are found within the first year, the warranty bond shall be extended for an additional year. The Contractor shall correct all defects in workmanship and materials within one (1) year from the date of the City's acceptance of the Contract work. In the event any parts are repaired or replaced, only original replacement parts shall be used—rebuilt or used parts will not be acceptable. When defects are corrected, the warranty for that portion of the work shall extend for one (1) year from the date such correction is completed and accepted by the City. The Contractor shall begin to correct any defects within seven (7) calendar days of its receipt of notice from the City of the defect. If the Contractor does not accomplish the corrections within a reasonable time as determined by the City, the City may complete the corrections and the Contractor shall pay all costs incurred by the City in order to accomplish the correction.

**XVI. DISCRIMINATION.** In the hiring of employees for the performance of work under this Contract or any sub-contract, the Contractor, its sub-contractors, or any person acting on behalf of the Contractor or sub-contractor shall not, by reason of race, religion,

color, sex, age, sexual orientation, national origin, or the presence of any sensory, mental, or physical disability, discriminate against any person who is qualified and available to perform the work to which the employment relates.

**XVII. INDEMNIFICATION.** Contractor shall defend, indemnify and hold the City, its officers, officials, employees, and volunteers harmless from any and all claims, injuries, damages, losses or suits, including attorney fees, arising out of or in connection with the performance of this Contract, except for injuries and damages caused by the sole negligence of the City.

The City's inspection or acceptance of any of Contractor's work when completed shall not be grounds to avoid any of these covenants of indemnification.

Should a court of competent jurisdiction determine that this Contract is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Contractor and the City, its officers, officials, employees, and volunteers, the Contractor's liability hereunder shall be only to the extent of the Contractor's negligence. It is further specifically and expressly understood that the indemnification provided herein constitutes the contractor's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties.

The provisions of this section shall survive the expiration or termination of this Contract.

**XVIII. INSURANCE.** The Contractor shall procure and maintain for the duration of the Agreement, insurance against claims for injuries to persons or damage to property which may arise from or in connection with the performance of the work hereunder by the Contractor, their agents, representatives, employees or subcontractors.

**No Limitation.** Contractor's maintenance of insurance, its scope of coverage and limits as required herein shall not be construed to limit the liability of the Contractor to the coverage provided by such insurance, or otherwise limit the City's recourse to any remedy available at law or in equity.

**A. Minimum Scope of Insurance**

Contractor shall obtain insurance of the types described below:

1. Automobile Liability insurance covering all owned non-owned, hired and leased vehicles. Coverage shall be written on Insurance Services Office (ISO) form CA 00 01 or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage.
2. Commercial General Liability insurance shall be written on ISO occurrence form CG 00 01 and shall cover liability arising from premises, operations, independent contractors, products-completed

operations, stop gap liability, personal injury and advertising injury, and liability assumed under an insured contract. The Commercial General Liability insurance shall be endorsed to provide the Aggregate Per Project Endorsement ISO form CG 25 03 11 85 or an equivalent endorsement. There shall be no endorsement or modification of the Commercial General Liability insurance for liability arising from explosion, collapse or underground property damage. The City shall be named as an insured under the Contractor's Commercial General Liability insurance policy with respect to the work performed for the City using ISO Additional Insured endorsement CG 20 10 10 01 and Additional Insured-Completed Operations endorsement CG 20 37 10 01 or substitute endorsements providing equivalent coverage.

3. Workers' Compensation coverage as required by the Industrial Insurance laws of the State of Washington.

#### **B. Minimum Amounts of Insurance**

Contractor shall maintain the following insurance limits:

1. Automobile Liability insurance with a minimum combined single limit for bodily injury and property damage of \$1,000,000 per accident.
2. Commercial General Liability insurance shall be written with limits no less than \$1,000,000 each occurrence, \$2,000,000 general aggregate and a \$2,000,000 products-completed operations aggregate limit.

#### **C. Other Insurance Provisions**

The Contractor's Automobile Liability and Commercial General Liability insurance policies are to contain, or be endorsed to contain, that they shall be primary insurance as respect to the City. Any insurance, self-insurance, or insurance pool coverage maintained by the City shall be excess of the Contractor's insurance and shall not contribute with it.

#### **D. Acceptability of Insurers**

Insurance is to be placed with insurers with a current A.M. Best rating of not less than A: VII.

#### **E. Verification of Coverage**

Contractor shall furnish the City with original certificates and a copy of the amendatory endorsements, including but not necessarily limited to the additional insured endorsement, evidencing insurance of the Contractor before commencement of the work.

#### **F. Subcontractors**

The Contractor shall have sole responsibility for determining the insurance coverage and limits required, if any, to be obtained by subcontractors, which determination shall be made in accordance with reasonable and prudent business practices.

**E. Notice of Cancellation**

The Contractor shall provide the City and all Additional Insureds for this work with written notice of any policy cancellation, within two business days of their receipt of such notice.

**F. Failure to Maintain Insurance**

Failure on the part of the Contractor to maintain the insurance as required shall constitute a material breach of contract, upon which the City may, after giving five business days notice to the Contractor to correct the breach, immediately terminate the contract or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, with any sums so expended to be repaid to the City on demand, or at the sole discretion of the City, offset against funds due the Contractor from the City.

**XIX. WORK PERFORMED AT CONTRACTOR'S RISK.** Contractor shall take all necessary precautions and shall be responsible for the safety of its employees, agents, and subcontractors in the performance of the contract work and shall utilize all protection necessary for that purpose. All work shall be done at Contractor's own risk, and Contractor shall be responsible for any loss of or damage to materials, tools, or other articles used or held for use in connection with the work.

**XX. Bond - Separate Payment and Performance Bond Required.** Pursuant to Chapter 39.08 RCW, the Contractor shall, prior to the execution of the Contract, furnish both a performance bond and a payment bond to the City, both in the full amount of the bid with a surety company as surety. The purpose of the bonds is to ensure that the Contractor shall faithfully perform all the provisions of this Contract and pay all laborers, mechanics, and subcontractors and materialmen, and all persons who supply such Contractor or subcontractors with provisions and supplies for the carrying on of such work. Such bonds shall provide that any person or persons performing such services or furnishing material to any subcontractor shall have the same right under the provisions of such bond as if such work, services or material was furnished to the original Contractor. In addition, the surety company providing such bond shall agree to be bound to the laws of the state of Washington, and subjected to the jurisdiction of the state of Washington and the King County Superior Court in any proceeding to enforce the bond. This Contract shall not become effective until said bonds are supplied and approved by the Engineer and filed with the City Clerk.

In the event that the Compensation called for in Section III of this Contract is less than \$35,000.00, which sum shall be determined after the addition of applicable Washington State sales tax, the Contractor may, prior to the execution to this contract and in lieu of the above mentioned bond, elect to have the City retain 50% of the contract amount for a period of either thirty (30) days after final acceptance, or until receipt of all necessary releases from the department of revenue and the department of labor and industries and settlement of any liens filed under Chapter 60.28 RCW, whichever is later.

**XXI. Debarment.** The Contractor must certify that it, and its subcontractors, have not been and are not currently on the Federal or the Washington State Debarment List and if the Contractor or its subcontractors become listed on the Federal or State Debarment List, the City will be notified immediately.

**XXII. MISCELLANEOUS PROVISIONS.**

A. Non-Waiver of Breach. The failure of the City to insist upon strict performance of any of the covenants and agreements contained in this Contract, or to exercise any option conferred by this Contract in one or more instances shall not be construed to be a waiver or relinquishment of those covenants, agreements or options, and the same shall be and remain in full force and effect.

B. Resolution of Disputes and Governing Law.

1. Alternative Dispute Resolution. If a dispute arises from or relates to this Contract or the breach thereof and if the dispute cannot be resolved through direct discussions, the parties agree to endeavor first to settle the dispute in an amicable manner by mediation administered by a mediator under JAMS Alternative Dispute Resolution service rules or policies before resorting to arbitration. The mediator may be selected by agreement of the parties or through JAMS. Following mediation, or upon written Contract of the parties to waive mediation, any unresolved controversy or claim arising from or relating to this Contract or breach thereof shall be settled through arbitration which shall be conducted under JAMS rules or policies. The arbitrator may be selected by agreement of the parties or through JAMS. All fees and expenses for mediation or arbitration shall be borne by the parties equally. However, each party shall bear the expense of its own counsel, experts, witnesses, and preparation and presentation of evidence.

2. Applicable Law and Jurisdiction. This Contract shall be governed by the laws of the State of Washington. Although the agreed to and designated primary dispute resolution method as set forth above, in the event any claim, dispute or action arising from or relating to this Contract cannot be submitted to arbitration, then it shall be commenced exclusively in the King County Superior Court or the United States District Court, Western District of Washington as appropriate. In any claim or lawsuit for damages arising from the parties' performance of this Agreement, each party shall pay all its legal costs and attorney's fees incurred in defending or bringing such claim or lawsuit, in addition to any other recovery or award provided by law; provided, however, nothing in this paragraph shall be construed to limit the City's right to indemnification under Section XVII of this Contract.

C. Written Notice. All communications regarding this Contract shall be sent to the parties at the addresses listed on the signature page of the Contract, unless notified to the contrary. Any written notice hereunder shall become effective three (3) business days after the date of mailing by registered or certified mail, and shall be deemed sufficiently given if sent to the addressee at the address stated in this Contract or such other address as may be hereafter specified in writing.

D. Assignment. Any assignment of this Contract by either party without the written consent of the non-assigning party shall be void. If the non-assigning party gives

its consent to any assignment, the terms of this Contract shall continue in full force and effect and no further assignment shall be made without additional written consent.

E. Modification. No waiver, alteration, or modification of any of the provisions of this Contract shall be binding unless in writing and signed by a duly authorized representative of the City and Contractor.

F. Compliance with Laws. The Contractor agrees to comply with all federal, state, and municipal laws, rules, and regulations that are now effective or in the future become applicable to Contractor's business, equipment, and personnel engaged in operations covered by this Contract or accruing out of the performance of those operations.

G. Counterparts. This Contract may be executed in any number of counterparts, each of which shall constitute an original, and all of which will together constitute this one Contract.

H. Business License. Contractor shall comply with the provisions of Title 5 Chapter 5.04 of the Des Moines Municipal Code.

I. Records Retention and Audit. During the progress of the Work and for a period not less than three (3) years from the date of completion of the Work or for the retention period required by law, whichever is greater, records and accounts pertaining to the Work and accounting therefore are to be kept available by the Parties for inspection and audit by representatives of the Parties and copies of all records, accounts, documents, or other data pertaining to the Work shall be furnished upon request. Records and accounts shall be maintained in accordance with applicable state law and regulations.

J. Entire Contract. The written provisions and terms of this Contract, together with any Exhibits attached hereto, shall supersede all prior verbal statements of any officer or other representative of the City, and such statements shall not be effective or be construed as entering into or forming a part of or altering in any manner this Contract. All of the above documents are hereby made a part of this Contract. However, should any language in any of the Exhibits to this Contract conflict with any language contained in this Contract, then the order of precedence shall be in accordance with Section I c of this Contract.

K. Severability. If any one or more sections, sub-sections, or sentences of this Contract are held to be unconstitutional or invalid, that decision shall not affect the validity of the remaining portion of this Contract and the remainder shall remain in full force and effect.

**IN WITNESS, the parties below execute this Contract, which shall become effective on the last date entered below.**

## INTRODUCTION

The Des Moines 16<sup>th</sup> Avenue South project improves the stormwater system and adjacent roadway elements in two locations:

- Along the east side of 16th Avenue South from approximately 100 feet south of S 258th St to approximately 70 feet south of S 257th Pl;
- Along the east side of 16th Avenue South from approximately 70 feet south of S 257th Pl to approximately 100 feet north of S 253rd Pl;

Improvements include but are not limited to; new stormwater structures, new stormwater pipes, paving with hot mix asphalt, filling existing ditches with gravel borrow, topsoil, CIPP lining, rock for rock wall, and quarry spalls, and other associated construction.

The CONSULTANT will provide services during construction for project administration, contract administration, construction observation and utility coordination for the CITY. The CONSULTANT will endeavor to protect the CITY against defects and deficiencies in the work of the Contractor but cannot guarantee the Contractor's performance and shall not be responsible for construction means, methods, techniques, sequences, or procedures for safety precautions and programs in connection with the work.

The CONSULTANT's services shall be limited to those expressly set forth herein. If the service is not specifically identified herein, it is expressly excluded. The CONSULTANT shall have no other obligations, duties, or responsibilities associated with the project except as expressly provided in this Agreement and any additional services authorized by amendment.

Transferring Budget within Contract Maximum: The level of effort is specified in the scope of services. The budget may be transferred between discipline tasks at the discretion of the CONSULTANT, provided that the total contracted amount is not exceeded. The CONSULTANT will have the flexibility to manage budget within a given discipline on a subtask level.

Services provided by the CONSULTANT will consist of:

## GENERAL SCOPE OF SERVICES

This agreement includes professional services to provide construction design support, construction observation, contract administration and project administration services for the 16th Avenue South CM Construction Project. The procedures outlined in the WSDOT Local Agency Guidelines (LAG Manual) will be used during this project.

This scope of services describes the Task Elements to be accomplished by the CONSULTANT as summarized under each task element.

- Task 1 – Project Administration
- Task 2 – Construction Administration
- Task 3 – Construction Observation
- Task 4 – Utility Coordination
- Task 5 – Materials Testing (HWA)

## SCOPE OF SERVICES DEFINED

### Construction Observation and Administration Services

The scope of services by the CONSULTANT for the 16th Avenue South CM Construction Project is summarized below. These services will include project administration and construction observation for the CITY as detailed below:

#### General Assumptions:

- The attached budget for the services detailed below is based on the services of construction observation and administration on a 50-working day schedule.
- Construction survey and staking to be provided by the Contractor per the Contract Provisions. There is no survey support provided in this scope of services. The Contractor will also be responsible for surveying and reporting changes from the plans for the red line mark-ups.
- Construction documentation will be prepared using CITY and/or WSDOT forms from the Local Agency Guidelines (LAG) Manual in anticipation of construction documentation reviews by WSDOT and the Washington State Auditor's Office.
- The CONSULTANT will organize, facilitate, and produce minutes of the project Preconstruction Conference and the weekly progress meetings. The CITY will provide the format for the Preconstruction Conference.
- The CONSULTANT will provide subgrade review and compaction testing through the Subconsultant HWA Geosciences.
- The CONSULTANT will prepare the conformed plans and specifications. The City will provide copies of the conformed plans and specifications to all parties.
- The CONSULTANT will notify the CITY of any potential contract changes. When necessary, the CONSULTANT will prepare all Change Orders and/or Field Work Directives and obtain the Contractors' endorsement and CITY approval, prior to the work being performed.
- The CITY will process monthly pay estimates to the Contractor. The CONSULTANT will provide the pay estimate and monthly ledgers of quantities for preparation of the monthly pay estimates.
- The CONSULTANT will prepare and distribute the weekly statements of working days.
- The City will be responsible for addressing right-of-way issues.

July 2026

- The Contractor will be responsible for all contract mandated permits and any observations related to permit requirements. The CONSULTANT will confirm that the Contractor complies with these requirements.
- “Commissioning” will be the responsibility of the Contractor. The CONSULTANT will enforce the contract requirements.
- Prior to the start of construction, the CONSULTANT will prepare a photo log of the construction site using Pavia HeadLight.
- Additional effort beyond the reasonable industry standard for each task will be considered Extra Services.
- For the following services, labor allowances are an estimate only. The level of effort required for these services cannot be accurately predicted as it depends on issues outside of the CONSULTANT team’s control. Some of these issues include quality of Contractor work and progress, adverse weather conditions, and unforeseen conditions at the site. Allowance for any such issues are not included in the Labor Hours estimate.
- Contractor to document as-built information with CONSULTANT’s review.

## Task 1 – Project Administration

The CONSULTANT will provide continued project administration of the CONSULTANT team. The addition of the construction management task will require further project administration effort.

This will include:

- Control of construction management project budget and schedule.
- Preparation of monthly invoices and progress reports.
- Provide monthly reporting of project budget status. Percent of budget expended, and estimation of project completion will be provided.
- Provide access to Perteet’s SharePoint site so the CITY can download necessary documents.

Deliverables:

- Monthly invoice and progress reports

## Task 2 – Construction Administration

Provide documentation and record keeping in compliance with CITY and WSDOT LAG requirements.

- Project Setup – Project File/Records and documentation setup. Project filing index will be based on the CONSULTANT’s file index.
- Maintain on-going contact with the CITY’s Project Manager using meetings, telephone discussions, and electronic mail and provide updates to CITY Management via email and teleconference.
- Produce and distribute the weekly statements of working days.
- Calculate force account work based on WSDOT/AGC Blue Book Rental Agreement or equivalent means for determination of rates.

July 2026

- 
- Track Materials Approval (RAMs, QPLs, Shop Drawings, Certificates of Compliance, etc.) and Material Acceptance (inspected stamps, materials tests, visual variation forms) for each bid item for which there are materials. Specific materials tracking responsibilities will be coordinated with the designated Materials Laboratory.
  - Review project records on an on-going basis to monitor proper approval of materials are incorporated into the project.
  - Create and maintain a Record of Materials (ROM) that will log all construction Contractor submittals. Transmit submittals to CONSULTANT's office staff, CITY, and SUBCONSULTANTS as needed for review. Return submittals to the construction Contractor upon completion of the review process. Maintain submittals files.
  - Review Contractor submitted request for approval of material sources and Qualified Products List (QPL) Data Sheets to determine compliance with Contract documents. Contractor will be directed to submit separate RAM forms for each bid item.
  - Maintain files for individual bid item compliance for material documentation.
  - Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by the construction Contractor and prepare necessary documentation of material substitutions.
  - RFIs. Receive all requests for information (RFIs) from the construction Contractor. Coordinate responses to RFIs with the CITY and the CONSULTANT's design team as needed. Respond to RFIs with clarifications and interpretations of the Contract Documents as appropriate and necessary.
  - Review and monitor Contractor's compliance with construction schedule based upon updates submitted by the Contractor. Assist the CITY in verification, documentation, and/or negotiation of time extensions requested by the Contractor. Evaluate potential schedule impacts of all change order work.
  - Review Contractor payment based on completed work and provide comments to Contractor and the CITY for approval and payment.
  - Attend and manage weekly project meetings with the CITY and Contractor to review the progress of the work and identify and address field issues.
  - Obtain Request to Sublet documentation from subcontractors and communicate to the CITY for their review and processing.
  - Obtain Notice of Intent to Pay Prevailing Wage and Affidavit of Wages Paid for contractors and subcontractors and communicate to the CITY for their review and processing.
  - Maintain orderly electronic records and files at the job site. These records and files may include, but are not limited to:
    - Materials Approvals (RAMs)
    - Contractor's Schedules
    - Record of Materials (ROM)
    - Progress Payment Documentation and Backup

Project Closeout – At completion of the project, the CONSULTANT will provide electronic files of project documentation to the CITY. Additional paper files will also be provided to the CITY upon request.

Assumptions:

All documents will be provided electronically only.

**Deliverables:**

- Monthly pay estimate backup (FNRs)
- Final contract paper records at end of project
- Payment backup documentation organized by pay estimate and FNR number
- Weekly statements of working days
- Contractor material submittals and responses
- Daily Inspection Reports (IDRs)
- Material Testing Reports
- Electronic records of all construction documentation, plus material documentation by bid item, and construction photos.
- Completed Record of Materials

**Task 3 – Construction Observation**

Provide Construction Observation services to observe and verify by measurements the technical conduct of the construction, including providing day-to-day contact with the Contractor and the CITY. It is assumed that the Construction Observer will be present during construction activities for documentation purposes at the discretion of the CONSULTANT. The Construction Observer will not be responsible for the means, methods, techniques, or procedures of the construction selected by the Construction Contractor(s) or for any failure of Construction Contractor(s) to comply with laws, ordinances, rules, or regulations applicable to the construction work. The parties recognize that the construction Contractor(s) is responsible for ensuring that construction is in accordance with the plans and specifications.

- Project Daily Report. Prepare daily construction reports, detailing the construction Contractor's operations performed for each day, and records decisions and observations of a general or specific nature in chronological order. Measure quantities of materials installed, log equipment and staff used, and other related items.
- Verify in the daily report that the Contractor is working with the proper traffic control plans.
- Administer the Apprenticeship Program, including verification of the Contractor's tracking of hours as well as waiver processing.
- Document CITY-authorized work being done on a force account basis.
- Verification of material approvals and ensuring it is complete prior to material being used on site.
- Coordinate Materials Testing and Inspection. In those instances where unsatisfactory test results are obtained, follow through with notification to the construction contractor and retesting of the materials after corrections are made.
- Collect scale certifications.
- Progress Payment Verification.

- Collect and tabulate all quantity delivery tickets.
- Prepare field note records in accordance with funding requirements.
- Check that Manufacturer's Certificates of Compliance and Certificates of Material Origin are received prior to payment.
- Verify acceptance sampling and testing frequencies reflect the actual quantities used.
- Photographs. Tabulate construction photographs and progress photographs of construction activities daily, to document progress of the work and job site conditions encountered. Particular attention will be given to any work performed below the finished grade.
- Perform a final review and observation of the construction work and prepare a final list of items to be corrected. After substantial completion of the project, verify completion of the punch list.
- Record drawings. Review the construction Contractor's Record Drawings on a bi-weekly basis (and upon completion of major tasks) to verify posted changes.
- In general, the CONSULTANT will field review Materials Approval (RAMs, QPLs, Shop Drawings, Certificates of Compliance, etc.) and Material Acceptance (inspected stamps, materials tests, visual variation forms) for each bid item for which there are materials. In general, the CONSULTANT will review Materials Documentation.
- Review project records on an ongoing basis to ensure proper approval of all materials are incorporated into the project.
- Collect test reports from materials testing labs for compliance with the information given in the contract documents.
- Collect Manufacturer's Certificates of Compliance and Certificates of Material Origin for Steel and Iron materials being permanently incorporated into the project.
- Calculate force account work based on WSDOT/AGC Blue Book Rental Agreement or equivalent means for determination of rates.
- Coordinate sampling and testing for Gravel Borrow, CSTC, CSBC, and other aggregates as needed, based on estimated quantities.
- Coordinate the inspection and testing of compacted aggregates for trench backfill, roadway, and concrete subgrade.
- Coordinate concrete inspection and testing. Testing includes slump, air, and fabrication of compressive strength specimens.
- Coordinate sampling and testing HMA during paving for Rice density, extraction, and gradation (minimum: one test sample per day or per 1000 tons).
- Coordinate the inspection and testing of HMA placement and compaction.
- QA review, Reporting, Construction Meetings, and Submittal Review.
- Conduct Contractor employee interviews to review certified payroll for compliance at random intervals.
- Produce and distribute weekly statements of working days.
- Attend and manage in weekly project meetings with the CITY and Contractor to review the progress of the work and identify and address field issues.
- Maintain orderly electronic records and files at the job site. These records and files may include, but are not limited to:

- 
- Preconstruction and construction progress photos
  - Daily Inspection Reports
  - Material Acceptance Verification
  - Test Reports
  - Weekly statements of working days

At completion of the project, Perteet will provide electronic files of all documentation identified above to the CITY. If requested, additional paper files will also be provided to the CITY upon project completion.

Deliverables:

- Inspector Daily Reports
- Field Note Records documenting all payments
- Final contract records at end of project, including:
  - All payment backup documentation organized by pay estimate and FNR number
  - Weekly statements of working days
  - Daily Inspection Reports
  - Material Testing Reports

## Task 4 – Utility Coordination

The CONSULTANT will manage the utility coordination process for the 16th Avenue South Project during construction, including coordination with utility franchise providers.

Assumptions:

- The relocation plans of franchise-owned utilities will not be performed by the CONSULTANT.
- The construction of the facilities shown in the franchise utility relocation plans will be completed under a separate contract at the expense of each franchise utility.

Deliverables:

- All email communications with utilities will include the City.
- Comments to the City via email of relocation plans prepared by the franchise utilities.

## Task 5 – Geotechnical Support and Materials Testing (HWA)

The Subconsultant HWA GeoSciences, Inc. (HWA) will provide the following services:

- Provide geotechnical observation/recommendations for subgrade soil improvement when requested.
- Conduct observation/testing of compacted aggregates.
- Conduct HMA compaction for roadway (assumes material sampling at the plant for Rice density).
- Daily field reports will be prepared, reviewed, and submitted for all project work.
- Provide project management and internal QA/QC.

## Additional Services

The CONSULTANT may provide additional services as directed by the CITY which are not identified in this Scope of Services. Additional services shall not commence without written authorization and approval from the CITY and a supplement to the contract.

## Services Not Included in this Scope of Services

- Public outreach support and communications.
- Record Drawings.

## Information Provided by Others

The CITY shall furnish, at the CITY's expense, all information, requirements, reports, data, surveys, and instructions required by this Agreement. The CONSULTANT may use such information, requirements, reports, data, surveys, and instructions in performing its services and is entitled to rely upon the accuracy and completeness thereof. Further, the CITY agrees that the CONSULTANT shall have no responsibility for any portion of the Project designed by other CONSULTANTS engaged by the CITY.

## Time for Completion

The scope of this contract is based upon the Contractor completing all construction activity within the timeframe specified in the Contract Documents and is based upon a 50-working day schedule by a full-time Construction Observer. In support of this schedule, our contract provides one part-time week of project setup time and two part-time weeks of project closure time (Punchlist, Closeout Record Preparation, etc.). If the work schedule changes due to the Contractor working weekends, extended hours, work performed during suspension, added working days due to change orders or weather delays, or if the construction activity extends beyond the contract time, the CONSULTANT shall inform the CITY immediately to allow the CITY an opportunity to authorize additional budget for the CONSULTANT to provide the additional services as needed. The additional services will be billed at the hourly rates established in the base agreement.

### 16<sup>th</sup> Avenue S Ditch Decommissioning and Stormwater Improvements

TO: Honorable Mayor and City Council  
City of Des Moines  
21630 11th Avenue South  
Des Moines, WA 98198

The undersigned Bidder hereby certifies that he has examined the site of all the proposed work under this Contract and that he has read and thoroughly understands the Plans, Specifications and other Contract Documents pertaining to this Contract, that he is fully aware of the construction problems and costs involved, and proposes to perform all work for the following stated prices.

The undersigned bidder hereby agrees to start construction within ten (10) days after the date stated in the Notice to Proceed, and to complete the contract within [50] working days thereafter. This period shall be known as the "Contract Time" for the purposes of the project.

The project is exempt from retail sales (sewer/water relocation) and use tax per WAC 458-20-171, commonly known as Rule 171. This rule exempts the sale of or charge made for labor and services rendered in respect to building, repairing or improving any street, place, road, highway, easement, right of way, bridge, tunnel or trestle which is owned by a municipal corporation that is used for foot or vehicle traffic. Bidders should note that only the labor and services costs are exempt from the sales tax. Tax for materials need to be included in their respective bid items.

All schedules on the Bid Proposal must be completed, or the bid shall be considered non-responsive. Basis for award shall be total Bid for all Schedules included in the Proposal.

The Owner will correct obvious mathematical errors in bid proposals.

Unit prices for all items, all extensions and the total amount of bid must be shown. All entries must be typed or entered in ink.

Show unit prices in figures. Where conflict occurs between the unit price and the total amount named for any item, the unit price shall prevail, and totals shall be corrected to conform thereto.

## Certification of Non-Segregated Facilities

---

The Bidder certifies that s/he does not maintain or provide for his/her employees any segregated facilities at any of her/his establishments, and that s/he does not permit her/his employees to perform their services at any locations under her/his control where segregated facilities are maintained. The undersigned certifies further that s/he will not maintain or provide for her/his employees any segregated facilities at any of her/his establishments, and that s/he will not permit her/his employees to perform their services at any location under her/his control where segregated facilities are maintained. The undersigned agrees that a breach of this certification will be in violation of the Equal Opportunity clause set forth in this contract.

As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, rest rooms and washrooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise.

The undersigned agrees that, except where s/he has obtained identical certification from subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause, and that s/he will obtain identical certifications from subcontractors and that s/he will retain such certifications in her/his files.

### Local Agency Subcontractor List

*Prepared in compliance with RCW 39.30.060 as amended*

**To Be Submitted with the Bid Proposal**

Project Name 16th Ave S Ditch Decommissioning and Stormwater Improvements

Failure to list subcontractors with whom the bidder, if awarded the contract, will directly subcontract for performance of the work of structural steel installation, rebar installation, heating, ventilation and air conditioning, plumbing, as described in Chapter 18.106 RCW, and electrical, as described in Chapter 19.28 RCW or naming more than one subcontractor to perform the same work will result in your bid being non-responsive and therefore void.

Subcontractor(s) with whom the bidder will directly subcontract that are proposed to perform the work of structural steel installation, rebar installation, heating, ventilation and air conditioning, plumbing, as described in Chapter 18.106 RCW, and electrical as described in Chapter 19.28 RCW must be listed below. The work to be performed is to be listed below the subcontractor(s) name.

To the extent the Project includes one or more categories of work referenced in RCW 39.30.060, and no subcontractor is listed below to perform such work, the bidder certifies that the work will either (i) be performed by the bidder itself, or (ii) be performed by a lower tier subcontractor who will not contract directly with the bidder.

| Replace roadside ditches along S side of S 258th St with approximately 960 ft of 18-inch storm pipe and 6 storm drain manholes. New storm system leaves roadway just east of 14th Ln S and extends through private property. Pipe ends at new CB installed on W side of 16th Ave S. Drainage easements may be required for up to 12 properties (depending on pipe alignment). |

**Justification/Benefits:** This is a high priority project (CIP-34) listed in the 2015 SWM Comprehensive Plan. This project will separate public drainage infrastructure from private property, and remove ditch lines in a difficult maintenance area.

**BUSINESS OF THE CITY COUNCIL  
City of Des Moines, WA**

**SUBJECT: Draft Resolution 26-093 - Midway Park RCO Grant Authorization**

**ATTACHMENTS:**

1. Draft Resolution No. 26-093

**FOR AGENDA OF:**

August 13, 2026

**DEPT OF ORIGIN:**

Public Works

**DATE SUBMITTED:**

August 03, 2026

**CLEARANCES:**

Public Works

City Clerk

---

**Purpose and Recommendation**

The purpose of this item is for City Council to adopt a resolution giving City Staff the authorization to apply for a grant through the State's Recreation and Conservation Office (RCO). The grant is in the amount of \$500,000 and would be applied to the future construction costs for the Midway Park Open Space Design project.

**Motion:** "I move to adopt Draft Resolution 26-093 which authorizes city staff to pursue a grant with the State's Recreation and Conservation Office in the amount of \$500,000 for the Midway Park Open Space Design project."

**Strategic Plan Priority**

Public Safety; Engaged and Thriving Community; Natural and Built Environment

**Background**

Washington State's Recreation and Conservation Office requires that municipal grant applicants submit a resolution demonstrating authorization for staff to pursue the grant. This resolution authorizes Public Works staff to pursue a grant worth up to \$500,000 to be applied to the construction phase of the Midway Park Open Space Design project.

**Discussion**

The Midway Park Open Space Design project aligns with three of the Strategic Plan Priorities. Public Safety: the project includes lighting and security camera improvements at the park, as well as having the intended impact of activating the space to be better

utilized by the community. Engaged and Thriving Community: the project redesigns the only park in the most economically at-risk neighborhood in the city and would provide a space with multiple resources and amenities that the community have asked for. Natural and Built Environment: the project preserves and enhances the natural environment of the park, including mature trees and ample lawn space. The project also installs new recreational facilities like a bathroom facility, trails, and play structures that enhance the usability of the space without compromising the natural features.

### **Alternatives**

City Council could choose not to adopt this resolution. This would prevent staff from pursuing this RCO grant program and would need to identify alternative grant programs to fund the project.

### **Financial Impact**

There are no costs associated with this resolution.

### **Recommendation**

Staff recommends adoption of the resolution.

The above persons are considered an "authorized representative(s)/agent(s)" for the purposes of the documents indicated. Our organization shall comply with a request from the RCO to provide documentation of persons who may be authorized to execute documents related to the grant.

**Sec. 3.** Our organization has reviewed the sample RCO Grant Agreement on the Recreation and Conservation Office's WEB SITE at:  
<https://rco.wa.gov/wpcontent/uploads/2019/06/SampleProjAgreement.pdf>.

We understand and acknowledge that if offered an agreement to sign in the future, it will contain an indemnification and legal venue stipulation and other terms and conditions substantially in the form contained in the sample Agreement and that such terms and conditions of any signed Agreement shall be legally binding on the sponsor if our representative/agent enters into an Agreement on our behalf. The Office reserves the right to revise the Agreement prior to execution.

**Sec. 4.** Our organization acknowledges and warrants, after conferring with its legal counsel, that its authorized representative(s)/agent(s) have full legal authority to act and sign on behalf of the organization for their assigned role/document.

**Sec. 5.** Grant assistance is contingent on a signed Agreement. Entering into any Agreement with the Office is purely voluntary on our part.

**Sec. 6.** Our organization understands that grant policies and requirements vary depending on the grant program applied to, the grant program and source of funding in the project agreement, the characteristics of the project, and the characteristics of our organization.

**Sec. 7.** Our organization further understands that prior to our authorized representative(s)/agent(s) executing any of the documents listed above, the RCO may make revisions to its sample Agreement and that such revisions could include the indemnification and the legal venue stipulation. Our organization accepts the legal obligation that we shall, prior to execution of the Agreement(s), confer with our authorized representative(s)/agent(s) as to any revisions to the project Agreement from that of the sample Agreement. We also acknowledge and accept that if our authorized representative(s)/agent(s) executes the Agreement(s) with any such revisions, all terms and conditions of the executed Agreement shall be conclusively deemed to be executed with our authorization.

**Sec. 8.** Any grant assistance received will be used for only direct eligible and allowable costs that are reasonable and necessary to implement the project(s) referenced above.

**Sec. 9.** [for Recreation and Conservation Funding Board Grant Programs Only] If match is required for the grant, we understand our organization must certify the availability of match at least one month before funding approval. In addition, our organization understands it is responsible for supporting all non-cash matching share commitments to this project should they not materialize.

**Sec. 10.** Our organization acknowledges that if it receives grant funds managed by the Office, the Office will pay us on only a reimbursement basis. We understand reimbursement basis means that we will only request payment from the Office after we incur grant eligible and allowable costs and pay them. The Office may also determine an amount of retainage and hold that amount until

all project deliverables, grant reports, or other responsibilities are complete.

**Sec. 11.** [for Acquisition Projects Only] Our organization acknowledges that any property acquired with grant assistance must be dedicated for the purposes of the grant in perpetuity unless otherwise agreed to in writing by our organization and the Office. We agree to dedicate the property in a signed "Deed of Right" for fee acquisitions, or an "Assignment of Rights" for other than fee acquisitions (which documents will be based upon the Office's standard versions of those documents), to be recorded on the title of the property with the county auditor. Our organization acknowledges that any property acquired in fee title must be immediately made available to the public unless otherwise provided for in policy, the Agreement, or authorized in writing by the Office Director.

**Sec. 12.** [for Development, Renovation, Enhancement, and Restoration Projects Only - If our organization owns the project property] Our organization acknowledges that any property owned by our organization that is developed, renovated, enhanced, or restored with grant assistance must be dedicated for the purpose of the grant in perpetuity unless otherwise allowed by grant program policy, or Office in writing and per the project agreement or an amendment thereto.

**Sec. 13.** [for Development, Renovation, Enhancement, and Restoration Projects Only - If our organization DOES NOT own the project property] Our organization acknowledges that any property not owned by our organization that is developed, renovated, enhanced, or restored with grant assistance must be dedicated for the purpose of the grant as required by grant program policies unless otherwise provided for per the project agreement or an amendment thereto.

**Sec. 14.** [Only for Projects located in Water Resources Inventory Areas 1 - 19 that are applying for funds from the Critical Habitat, Natural Areas, State Lands Restoration and Enhancement, Riparian Protection, or Urban Wildlife Habitat grant categories; Aquatic Lands Enhancement Account; or the Puget Sound Acquisition and Restoration program, or a Salmon Recovery Funding Board approved grant] Our organization certifies the following:

**Purpose and Recommendation**

The purpose of this item is to request City Council approval of Task Order Assignment 2026-05 with Parametrix (Attachment 1) to provide support for the Stormwater Management Action Planning (SMAP) program, as required by the City's National Pollutant Discharge Elimination System (NPDES) Municipal Stormwater Permit. The following motion will appear on the Consent Calendar:

**Motion:** "I move to approve the 2026-2027 On-Call General Civil Engineering Services Task Order Assignment 2026-05 with Parametrix, that will provide engineering support of the Stormwater Management Action Planning (SMAP) program in the amount of \$93,826.40, and further authorize the City Manager to sign said Task Order Assignment substantially in the form as submitted."

**Strategic Plan Priority**

Natural and Built Environment

**Background**

The City of Des Moines is regulated under the Washington State Department of Ecology's 2024–2029 Western Washington Municipal Stormwater National Pollutant Discharge Elimination System (NPDES) Permit. The permit requires the City to implement programs that reduce stormwater pollution and protect local streams, wetlands, groundwater, and marine waters.

During the previous permit cycle (2019–2024), the City completed the required Phase 1 Stormwater Management Action Planning (SMAP) process, including a receiving water assessment, receiving water prioritization, and development of a Stormwater Management Action Plan for the Barnes and Lower Massey Creek basin. The completed SMAP identified both short- and long-term actions that can be implemented within the target basin to improve water quality.

The current 2024–2029 permit builds upon this work by requiring permittees to either develop a Stormwater Management Action Plan for an additional high-priority basin or develop and begin implementing additional stormwater management actions within an existing SMAP area. The completed SMAP must be submitted to the Washington State Department of Ecology no later than March 31, 2027.

To satisfy this permit requirement, the City proposes to develop a new Stormwater Management Action Plan that will identify watershed-specific strategies and projects intended to improve water quality and protect receiving waters. Completion of this work will ensure the City remains in compliance with its NPDES permit requirements.

### **Discussion**

To meet the March 31, 2027, submittal deadline required by the City's NPDES Permit, the City is seeking consultant support through its On-Call General Civil Engineering Services roster. Parametrix, Inc. has been selected to assist City staff with the development of the Phase 2 Stormwater Management Action Plan (SMAP), the proposed scope and fee are included in Attachment 1. Parametrix played a key role in developing the Phase 1 SMAP and possesses the background knowledge and technical information developed during that effort, allowing for a more efficient and streamlined planning process.

Under the proposed scope of work, the consultant will collaborate with City staff to complete the required technical analyses, assist with basin selection, evaluate potential stormwater management actions, and prepare the final SMAP in accordance with Washington State Department of Ecology requirements. Work is anticipated to begin immediately following contract execution, with completion of the SMAP scheduled prior to the March 31, 2027 permit deadline.

The SMAP will serve as a planning document to guide future capital improvement projects, grant applications, and long-range stormwater management decisions. While the plan will identify and prioritize potential actions, submittal of the SMAP does not obligate the City to immediately construct any of the recommended projects. Implementation of future projects will be subject to available funding, City Council direction, and future budget appropriations.

### **Alternatives**

The City Council could elect not to approve the proposed consultant agreement. If the agreement is not approved, City staff would be required to complete the Stormwater Management Action Plan (SMAP) using existing resources or procure consultant services through an alternative process. Either option could delay completion of the

SMAP and jeopardize the City's ability to meet the March 31, 2027, deadline established under the 2024–2029 Western Washington Phase II Municipal Stormwater Permit.

Failure to meet the permit requirements could result in the City being found out of compliance with its NPDES permit and may subject the City to enforcement actions or penalties by the Washington State Department of Ecology.

**Financial Impact**

The Surface Water Management Utility has sufficient appropriated funding within the Professional Services budget to fully fund this Task Order Assignment. This expenditure was anticipated and included in the 2026 and 2027 Surface Water Enterprise Fund budgets to support compliance with the Phase II Municipal Stormwater NPDES Permit requirements.

**Recommendation**

Staff recommends adoption of the motion.

## FORMAL TASK ASSIGNMENT DOCUMENT

Task Number TA 2026-05

The general provisions and clauses of Agreement 2026-2027 On-Call General Civil Engineering Services

Shall be in full force and effect for this Task Assignment.

Location of Project: Des Moines Creek Basin

Project Title: Stormwater Management Action Plan – Phase 2 Task Assignment

Maximum Amount Payable Per Task Assignment: \$93,826.40

Completion Date: March 31, 2027

Description of Work: The City of Des Moines (City) is contracting with Parametrix to develop the City's second-round Stormwater Management Action Plan (SMAP), based on requirements of the Washington State Department of Ecology (Ecology) National Pollutant Discharge Elimination System (NPDES) Phase II Municipal Stormwater 2024–2029 Permit (Permit) Section S5.C.1.d. The City has selected the Des Moines Creek Basin as the priority catchment for this SMAP. Parametrix will apply Ecology guidance to conditions unique to the City to prepare the Des Moines Creek SMAP based on Permit requirements. Previously, Parametrix supported the City in completing its first-round SMAP as part of the 2019-2024 Permit cycle (Barnes-Lower Massey Creek SMAP), and portions of this effort will build on that previous work.

## City of Des Moines (2026-2027 On-Call TA – 2026-05) Stormwater Management Action Planning - Round 2

### PROJECT UNDERSTANDING

The City of Des Moines (City) is contracting with Parametrix to develop the City's second-round Stormwater Management Action Plan (SMAP), based on requirements of the Washington State Department of Ecology (Ecology) National Pollutant Discharge Elimination System (NPDES) Phase II Municipal Stormwater 2024–2029 Permit (Permit) Section S5.C.1.d. The City has selected the Des Moines Creek Basin as the priority catchment for this SMAP. Parametrix will apply Ecology guidance to conditions unique to the City to prepare the Des Moines Creek SMAP based on Permit requirements. Previously, Parametrix supported the City in completing its first-round SMAP as part of the 2019-2024 Permit cycle (Barnes-Lower Massey Creek SMAP), and portions of this effort will build on that previous work.

### GENERAL ASSUMPTIONS

- Public outreach support materials will be largely associated with work completed in specific tasks described below and is therefore distributed throughout the project in those respective tasks.
- No language translation services are included. However, public outreach materials will be prepared in plain-language English with minimal technical terms to facilitate translation by readily available web-based applications.
- The City will provide all needed information in electronic format via email, FTP site transfer, or file share platform such as OneDrive/SharePoint or Project Wise.
- Draft review documents will generally be provided in MS Word, Excel, and/or PDF formats.
- City review comments on draft deliverables will be compiled into a single file, and conflicting comments will be resolved by the City prior to return to Parametrix.
- Final deliverables will be provided in PDF format and, where applicable, MS Word file.
- For any Ecology Permit submittals, Parametrix will submit documents to the City, and the City will submit the documents to Ecology.
- Unless otherwise noted, all meetings and presentations will be virtual.
- Parametrix bill rates shown in the budget reflect an increase of 3.5% for approximately 67% of the work to accommodate scheduled salary adjustments that occur in October of every year.

### TASK 01 – PROJECT MANAGEMENT

#### Measurable Objective

This effort is intended to track, manage, document, and report on the work effort throughout the life of the contract.

### Approach

- Parametrix will administer and track the contracted effort, including preparing monthly invoices.
- Parametrix’s project manager will coordinate with City’s project manager through bi-monthly (every two weeks) 30-minute virtual meetings and additional email contact regarding scope, schedule, budget, and work progress.

### Assumptions

- Project management will extend from June 30, 2026, through March 31, 2027 (9 months).
- The Parametrix project manager will coordinate with the City project manager approximately every two weeks by phone or video call. More frequent coordination may be conducted as needed.

### Deliverables

- Monthly invoices itemized by time spent within each task and progress reports identifying the related deliverables for the time spent and percent of work completed for each task.
- QA/QC review documentation (delivered upon request).

## TASK 02 – PROJECT INITIATION AND DATA COLLECTION

### Measurable Objective

The purpose of this task is to kick off the project, define the project objectives, define the public outreach plan, establish team member roles and communications, and collect data needed for identification of stormwater management actions (SMAs).

### Approach

#### The City will:

- Kickoff Meeting – Invite City staff to and attend a SMAP Interdisciplinary Team kick-off meeting.
- Data Collection – Provide, as available, NPDES annual reports and stormwater management program documents; water quality monitoring data; stormwater system modeling results; stormwater system needs assessments, maps of problem areas, and concept project sheets; GIS layers; and other relevant data regarding the Des Moines Creek Basin.
- Public Outreach
  - Work with Parametrix on updates to the web-based story map and public survey.
  - Communicate the availability of the story map and survey to the public (e.g. through social media broadcast, notices included with utility bills, etc.).

#### Parametrix will:

- Kickoff Meeting – Attend and facilitate the SMAP Interdisciplinary Team kick-off meeting. The meeting will introduce the project team; define the project objectives; summarize the previous Barnes-Lower Massey Creek SMAP development effort; review of the scope of work and schedule milestones; and discuss public outreach elements and milestones.

- Data Collection – Build on information from the Barnes-Lower Massey Creek SMAP and review new information from the City and available public data sources (Ecology, King County, etc.) to identify data that will be relevant to the Des Moines Creek SMAP.
- Public Outreach
  - Update the web-based GIS story map from the Barnes-Lower Massey Creek SMAP with information reflecting the new SMAP process.
  - Work with the City to identify public survey questions and will set up a web-based public survey interface to be included linked on the story map.

### Assumptions

- Up to five Parametrix staff members will participate in the kickoff meeting. One 2-hour meeting is assumed.
- Overburdened community information will be based on the Washington State Department of Health's Environmental Health Disparities Mapping Project, as referenced in the Permit.

### Deliverables

- Updated web-based GIS story map suitable for sharing with the public.
- Public survey interface to be included as a link in the story map.

## TASK 03 – SMA IDENTIFICATION AND DEVELOPMENT

### Measurable Objective

The goal of this task is to identify and begin concept-level development of stormwater management actions (SMAs) intended to improve the condition of the City-selected priority catchment, the Des Moines Creek Basin. Based on Permit Section S5.C.1.d, the following categories of SMAs must be identified:

- (a) Stormwater facility retrofits for both the short-term (within six years) and long-term (seven to 20 years).
- (b) Land management/development strategies for both the short-term and long-term.
- (c) Tailored (focused, enhanced, or customized) implementation of Permit-required Stormwater Management Program (SWMP) elements for both the short-term and long-term, including IDDE field screening; prioritization of source control inspections; O&M inspections or enhanced maintenance; or public education and outreach behavior change programs.
- (d) Changes needed to local long-range plans to address SMAP priorities (if applicable).
- (e) A proposed implementation schedule and budget sources.
- (f) Actions in the SMAP that may benefit overburdened communities.
- (g) A process and schedule to provide future assessment and feedback to improve the planning process and implementation of procedures or projects.

## Approach

- Survey Responses – To help inform identification of the SMAs in this task, Parametrix will summarize for the City staff the public responses to the survey questions published in Task 02.
- Stormwater Facility Retrofits
  - Parametrix will work with the City Surface Water staff to identify up to four (two short-term and two long-term) candidate stormwater retrofit sites in the Des Moines Creek Basin. Candidate retrofit sites will be identified based on land cover, stormwater management data, and overburdened community data mapped as part of the Barnes-Lower Massey Creek SMAP development; and City staff-identified risks and opportunities.
  - Parametrix will then develop concept-level stormwater facility retrofits for the four selected sites. The concept design documentation for each site will consist of:
    - A project one-sheet (one-page summary sheet) in PDF with project location, high-level concept design drawing, and narrative description including site constraints and opportunities.
    - Planning-level construction cost: AACE Class V cost estimates (order of magnitude) based on each one-sheet.
- Land Management, SWMP Elements, Long-Range Plans, and Overburdened Community Benefits
  - Parametrix will work with City Surface Water staff to identify land management/development strategies, tailored SWMP elements, potential changes needed to local long-range plans, and potential benefits to overburdened communities. Identification of these elements will be based on best professional judgement and City progress to-date with elements identified for the Barnes-Lower Massey Creek SMAP.
  - To inform this effort, Parametrix will calculate one additional FutureShed forecast scenario reflecting reduced forest cover (the Cut Forest Scenario) to be added to the existing citywide FutureShed analysis developed for the Barnes-Lower Massey Creek SMAP.
- Implementation Schedule and Budget Sources – These elements will be based on information provided by the City.
- Future Assessment and Feedback Process – This will be based on the same process identified for the Barnes-Lower Massey Creek SMAP.
- Interdisciplinary Team Check-In – Once the above elements have been identified, Parametrix will attend and facilitate a meeting with the City SMAP Interdisciplinary Team to review and confirm the candidate SMAs before beginning concept design and development of the SMAP Report.
- Public Outreach
  - After the Interdisciplinary Team meeting, Parametrix will prepare presentation slides and attend an in-person City Council meeting to summarize the selected elements in this task.
  - After the City Council presentation, Parametrix will update the web-based story map to summarize the selected stormwater facility retrofits, land management/development strategies, and tailored SWMP elements for the public.

### Assumptions

- Aside from the deliverables listed below, this task does not include formal documentation of the elements described above. That documentation will be provided in the SMAP Report developed in Task 04.
- Up to four Parametrix staff members will participate in the Interdisciplinary Team meeting. One 2-hour meeting is assumed. The City will identify and invite other City staff to participate.
- One Parametrix staff member will attend and present at the in-person City Council meeting.

### Deliverables

- A web-based summary of public survey responses.
- A draft and final MS PowerPoint presentation for the City Council meeting.
- An update to the web-based story map summarizing the selected stormwater facility retrofits, land management/development strategies, and tailored SWMP elements.
- Up to four project one-sheets (one-page summary sheet) in PDF with project location, high-level concept design drawing, and narrative description including site constraints and opportunities.
- Up to four planning-level construction costs: AACE Class V cost estimates (order of magnitude) based on each one-sheet.

## TASK 04 – SMAP REPORT

### Measurable Objective

The goal of this task is to document the City’s process and identified actions in a SMAP Report.

### Approach

- Parametrix will develop a draft and final SMAP Report that documents the City process and identified actions in a format based on the Permit Section S5.C.1.d requirements and the *Stormwater Management Action Planning Guidance* (Ecology Publication 24-10-027, July 2024).

### Assumptions

- The Des Moines Creek Basin SMAP Report will follow the Barnes-Lower Massey Creek SMAP Report format and level of detail.
- The watershed characterization developed by the City for the Barnes-Lower Massey Creek SMAP will be referenced but not included in the Des Moines Creek Basin SMAP Report.
- A summary of the basin prioritization developed by Parametrix for the Barnes-Lower Massey Creek SMAP will be included as a chapter in or appendix to the Des Moines Creek Basin SMAP Report.
- The project one-sheets and cost estimates developed in Task 03 will be included in an appendix to the Des Moines Creek Basin SMAP Report.

**Deliverables**

- A draft and final Des Moines Creek Basin SMAP Report in MS Word and PDF formats, approximately 25 pages, not including appendices.

**Purpose and Recommendation**

The purpose of this agenda item is to seek City Council approval of the Public Works Contract (Attachment 1), with AA Asphaltting, LLC for the Redondo Parking Lot Resurfacing and Striping Project. The following motion will appear on the consent calendar:

**Motion:** "I move to approve the Public Works Contract with AA Asphaltting, LLC, for the Redondo Parking Lot Resurfacing and Striping Project in the amount of \$105,560.06, authorize a project construction contingency in the amount of \$9,439.94, and further authorize the City Manager to sign said Contract substantially in the form as submitted."

**Strategic Plan Priority**

Natural and Built Environment

**Background**

The Redondo Parking Lot serves as the primary public parking facility for the Redondo Fishing Pier, Redondo Boardwalk, boat launch, and surrounding waterfront amenities. The lot experiences heavy year-round use by visitors and boaters. Over time, the asphalt pavement has deteriorated as a result of age, heavy use, and exposure to the saltwater environment, and is now in need of resurfacing.

Existing deficiencies include cracking, raveling, spalling, and general surface wear. These conditions create uneven walking surfaces and affect the operation of the parking lot. If allowed to deteriorate further, the pavement would ultimately require more extensive and costly rehabilitation.

The Redondo Parking Lot Resurfacing and Striping Project includes grinding and overlaying the existing asphalt pavement in areas with visible saltwater damage, applying asphalt sealcoating to the remainder of the lot, restriping parking stalls and thermoplastic markings, and adjusting utility lids as necessary.

At the September 14, 2023 City Council meeting, Council authorized acceptance of a Washington State Department of Commerce grant in the amount of \$1,852,000 for construction of the Redondo Restroom Replacement Project, which included resurfacing of the Redondo Parking Lot.

### **Discussion**

The Redondo Parking Lot resurfacing and striping was originally included in the Redondo Restroom Replacement Project. However, City staff deferred the work because the parking lot was needed as the primary staging area for construction of the Redondo Fishing Pier Replacement Project. With construction of the new fishing pier now complete and the staging area no longer required, rehabilitation of the Redondo Parking Lot can proceed.

Following completion of the Redondo Restroom Replacement Project, approximately \$104,000 remains from the original Department of Commerce grant, along with an additional \$11,000 in REET 2 funding. These remaining funds will be used for the Redondo Parking Lot restoration.

Staff has reviewed existing pavement conditions and determined that a combination of asphalt sealcoat and localized grind and overlay will provide the most cost-effective resurfacing strategy for the Redondo Parking Lot. Areas of pavement in fair condition will be resurfaced using an asphalt sealcoating treatment, while areas exhibiting significant raveling, spalling, and saltwater-related deterioration will be repaired through a grind and asphalt overlay.

Asphalt sealcoating is highly weather-dependent and can be applied only when air and pavement temperatures are above sixty degrees Fahrenheit, with no rain forecast for at least twenty-four hours following application. In the Pacific Northwest, these conditions are typically limited to the summer months. If the work cannot be completed during the summer of 2026, the project may need to be delayed until the summer of 2027.

The Redondo Parking Lot Resurfacing and Striping Project will require closure of the Redondo Parking Lot for four to five days during construction activities. Staff will review upcoming special events and fishing and crabbing seasons to select a closure period with the least impact to the public.

City staff solicited bids for the Redondo Parking Lot Resurfacing and Striping Project using the MRSC Small Works Roster. Staff contacted three qualified contractors and received one responsive bid, from AA Asphaltting, LLC, in the amount of \$100,000. Bidding documentation, contractor qualifications, and references have been reviewed by City staff. Staff finds that AA Asphaltting, LLC is the responsible low bidder and recommends award of the Public Works Construction Contract to AA Asphaltting, LLC (Attachment 1).

### **Alternatives**

The City Council could direct staff to re-submit for construction bids later. However, there is no reason to believe projects bids would be lower given the present busy bidding and economic climate. In addition, asphalt resurfacing is weather dependent and is generally limited to the summer construction season. Delaying the project would likely postpone construction until July 2027. This delay could also jeopardize the remaining Washington State Department of Commerce Grant funding.

### **Financial Impact**

The CIP Budget Worksheet includes revenues to achieve full project funding (Attachment 2).

### **Recommendation**

Staff recommends adoption of the motion.

## **PUBLIC WORKS CONTRACT between City of Des Moines and**

### **AA Asphaltting LLC**

THIS CONTRACT is made and entered into this [Enter Day] day of [Enter Month], [Year], by and between the City of Des Moines, a Washington municipal corporation (hereinafter the "City"), and AA Asphaltting LLC organized under the laws of the State of Washington, located and doing business at 14720 Puyallup St, Sumner WA 98390 (hereinafter the "Contractor").

#### **CONTRACT**

The parties agree as follows:

#### **I. DESCRIPTION OF WORK.**

Contractor shall perform the services for the City as specifically described in Exhibit "A" Scope and Schedule of Work, attached hereto and incorporated herein by reference.

See Exhibit "A" Scope of Work.

a. Contractor represents that the services furnished under this Contract will be performed in accordance with generally accepted professional practices within the Puget Sound region in effect at the time such services are performed.

b. The Contractor shall provide and furnish any and all labor, materials, tools, equipment and utility and transportation services along with all miscellaneous items necessary to perform this Contract except for those items mentioned therein to be furnished by the City.

c. All work shall be accomplished in a workmanlike manner in strict conformity with the attached plans and specifications including any and all Addenda issued by the City, City Regulations and Standards, other Contract Documents hereinafter enumerated.

In addition, the work shall be in conformance with the following documents which are by reference incorporated herein and made part hereof:

- (i) the Standard Specifications of the Washington State Department of Transportation (WSDOT) (current edition);
- (ii) the American Public Works Association (APWA) (current edition);
- (iii) the Manual on Uniform Traffic Control Devices (MUTCD) for Streets and Highways (current edition);
- (iv) the Standard Plans for Road, Bridge and Municipal Construction (as prepared by the WSDOT/APWA current edition);
- (v) the American Water Works Association Standard (AWWA) (current edition), and;
- (vi) shall perform any changes in the work in accord with the Contract Documents.

d. Any inconsistency in the parts of the Contract and the documents referenced in section I c above shall be resolved by following this order of precedence (e.g., 1 presiding over 2, 2 over 3, 3 over 4, and so forth):

- 1. Terms and provisions of the Contract
- 2. Addenda,
- 3. Proposal Form,
- 4. Special Provisions, including APWA General Special Provisions, if they are included,
- 5. Contract Plans,
- 6. Amendments to the Standard Specifications,
- 7. WSDOT Standard Specifications for Road, Bridge and Municipal Construction,
- 8. Contracting Agency's Standard Plans (if any), and
- 9. WSDOT Standard Plans for Road, Bridge, and Municipal Construction.

**II. TIME OF COMPLETION.** The parties agree that work on the tasks described in Section I above and more specifically detailed in Exhibit A attached hereto will begin immediately upon execution of this Contract. Upon the effective date of this Contract, the Contractor shall complete the work described in Section I within 5 business days. If said work is not completed within the time specified, the Contractor agrees to pay the City the sum specified in Section VI - Liquidated Damages of this contract.

**III. COMPENSATION.** The City shall pay the Contractor a total amount not to exceed \$95,616, plus any applicable Washington State Sales Tax, for the work and services contemplated in this Contract. If the work and services to be performed as specified in Exhibit A "Scope and Schedule of Work" is for street, place, road, highway, etc. as defined in WAC 458-20-171, then the applicable Washington State Retail Sales Tax on this contract

shall be governed by WAC 458-20-171 and its related rules for the work contemplated in this Contract. The Contractor shall invoice the City monthly. The City shall pay to the Contractor, as full consideration for the performance of the Contract, an amount equal to the unit and lump sum prices set forth in the bid. The Contractor will submit requests for Progress payments on a monthly basis and the City will make progress payment within 45 days after receipt of the Contractor's request until the work is complete and accepted by the City. The City's payment shall not constitute a waiver of the City's right to final inspection and acceptance of the project.

- A. Retainage. The City shall hold back a retainage in the amount of five percent (5%) of any and all payments made to contractor for a period of sixty (60) days after the date of final acceptance, or until receipt of all necessary releases from the State Department of Revenue and the State Department of Labor and Industries and until settlement of any liens filed under Chapter 60.28 RCW, whichever is later. If Contractor plans to submit a bond in lieu of the retainage specified above, the bond must be in a form acceptable to the City and submitted within 30 days upon entering into this Contract, through a bonding company meeting standards established by the City.
- B. Defective or Unauthorized Work. The City reserves its right to withhold payment from Contractor for any defective or unauthorized work. Defective or unauthorized work includes, without limitation: work and materials that do not conform to the requirements of this Contract; and extra work and materials furnished without the City's written approval. If Contractor is unable, for any reason, to satisfactorily complete any portion of the work, the City may complete the work by contract or otherwise, and Contractor shall be liable to the City for any additional costs incurred by the City. "Additional costs" shall mean all reasonable costs, including legal costs and attorney fees, incurred by the City beyond the maximum Contract price specified above. The City further reserves its right to deduct the cost to complete the Contract work, including any Additional Costs, from any and all amounts due or to become due the Contractor. Notwithstanding the terms of this section, the City's payment to contractor for work performed shall not be a waiver of any claims the City may have against Contractor for defective or unauthorized work.
- C. Final Payment: Waiver of Claims. THE CONTRACTOR'S ACCEPTANCE OF FINAL PAYMENT (EXCLUDING WITHHELD RETAINAGE) SHALL CONSTITUTE A WAIVER OF CONTRACTOR'S CLAIMS, EXCEPT THOSE PREVIOUSLY AND PROPERLY MADE AND IDENTIFIED BY CONTRACTOR AS UNSETTLED AT THE TIME FINAL PAYMENT IS MADE AND ACCEPTED.

**IV. INDEPENDENT CONTRACTOR.** The parties understand and agree that Contractor is a firm skilled in matters pertaining to construction and will perform independent functions and responsibilities in the area of its particular field of expertise. Contractor and its personnel, subcontractors, agents and assigns, shall act as independent contractors and not employees of the City. As such, they have no authority to bind the City or control employees of the City, contractors, or other entities. The City's Public Works Director or his or her designated representative shall have authority to ensure that the terms of the Contract are performed in the appropriate manner.

The Contractor acknowledges that all mandatory deductions, charges and taxes imposed by any and all federal, state, and local laws and regulations shall be the sole responsibility of the Contractor. The Contractor represents and warrants that all such deductions, charges and taxes imposed by law and/or regulations upon the Contractor are, and will remain, current. If the City is assessed, liable or responsible in any manner for those deductions, charges or taxes, the Contractor agrees to indemnify and hold the City harmless from those costs, including attorney's fees.

**V. TERMINATION.** The City may terminate this Contract for good cause. "Good cause" shall include, without limitation, any one or more of the following events:

- A. The Contractor's refusal or failure to supply a sufficient number of properly skilled workers or proper materials for completion of the Contract work.
- B. The Contractor's failure to complete the work within the time specified in this Contract.
- C. The Contractor's failure to make full and prompt payment to subcontractors or for material or labor.
- D. The Contractor's persistent disregard of federal, state or local laws, rules or regulations.
- E. The Contractor's filing for bankruptcy or becoming adjudged bankrupt.
- F. The Contractor's breach of any portion of this Contract.

If the City terminates this Contract for good cause, the Contractor shall not receive any further money due under this Contract until the Contract work is completed. After termination, the City may take possession of all records and data within the Contractor's possession pertaining to this project which may be used by the City without restriction.

**VI. Liquidated Damages.** This section of the Contract shall apply only in the event of a delay in the completion of the work within the timeframe specified in the Contract. This being a Public Works project performed for the benefit of the public, and there being a need for the completion of the project in the time specified in the Contract, City and Contractor agree that damages for delay in the performance or completion of the work are

extremely difficult to ascertain. However, City and Contractor agree that due to the expenditure of public funds for the work specified in this Contract, and the need to provide the work for the benefit of the health, safety and welfare of the public, the failure to complete the work within the time specified in the Contract will result in loss and damage to City. City and Contractor agree that a delay will result in, but not be limited to, expense to the City in the form of salaries to City employees, the extended use of City equipment, delays in other portions of the project on which Contractor is working, increased cost to the City for the project, delays in other projects planned by City, and loss of use and inconvenience to the public.

Although difficult to quantify and ascertain, City and Contractor agree that the sum listed as liquidated damages represents a fair and reasonable forecast of the actual damage caused by a delay in the performance or completion of the work specified in the Contract. In addition, City and Contractor agree that the liquidated damages set forth below are intended to compensate the City for its loss and damage caused by delay. The liquidated damages are not intended to induce the performance of Contractor.

Contractor declares that it is familiar with liquidated damages provisions, and understands their intent and purpose. By signing this Contract, Contractor further declares that it understands the liquidated damages provision of this contract, that it is a product of negotiation, and that it is a fair estimation of the damage and loss that City will suffer in the event of delay.

City and Contractor further agree that the contractor shall not be charged with liquidated damages because of any delays in the completion of the work due to unforeseeable causes beyond the control and without the fault or negligence of the contractor, including, but not restricted to, acts of God, or of the public enemy, acts of the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather or delays of subcontractors due to such causes.

City and Contractor agree that for each day beyond the completion date specified in the Contract that the project is not completed, the sum of **\$3,450** shall be deducted from the amount to be paid Contractor and shall be retained by City as damages.

In the event that the Contract is terminated by City for cause pursuant to the general conditions of the contract, this liquidated damages section shall apply, but only to the extent that the contract is delayed. In addition to liquidated damages, City shall be permitted to recover from Contractor the cost of completion of the work if the cost of completion exceeds the original sum of money agreed upon.

**VII. PREVAILING WAGES.** Contractor shall file a "Statement of Intent to Pay Prevailing Wages," with the State of Washington Department of Labor & Industries prior to commencing the Contract work and an Affidavit of prevailing wages paid after completion of the work. The Statement of Intent to Pay Prevailing Wages," shall include Contractor's registration certificate number and the prevailing rate of wage for each classification of workers entitled to prevailing wages under RCW 39.12.020, and the estimated number of workers in each classification. Contractor shall pay prevailing wages in effect on the date the bid is accepted or executed by Contractor, and comply with Chapter 39.12 of the Revised Code of Washington, as well as any other applicable prevailing wage rate provisions. The

latest prevailing wage rate revision issued by the Department of Labor and Industries must be submitted to the City by Contractor. It shall be the responsibility of Contractor to require all subcontractors to comply with Chapter 39.12 RCW and this section of the Contract.

**VIII. Hours of Labor.** Contractor shall comply with the "hours of labor" requirements and limitations as set forth in Chapter 49.28 RCW. It shall be the responsibility of Contractor to require all subcontractors to comply with the provisions of Chapter 49.28 RCW and this section of the Contract. The Contractor shall pay all reasonable costs (such as over-time of crews) incurred by the City as a result of work beyond eight (8) hours per day or forty (40) hours per week. Additional hours beyond a forty (40)-hour workweek will be pro-rated against contractual workdays.

**IX. Compliance with Wage, Hour, Safety, and Health Laws.** The Contractor shall comply with the rules and regulations of the Fair Labor Standards Act, 29 U.S.C. 201 et seq, the Occupational Safety and Health Act of 1970, 29 U.S.C. 651, et seq, the Washington Industrial Safety and Health Act, Chapter 49.17 RCW, and any other state or federal laws applicable to wage, hours, safety, or health standards.

**X. Days and Time of Work.** Unless otherwise approved by the City, the working hours for this project will be limited to the following hours:

Monday through Friday: 7:00 a.m. to 7:00 p.m.

Saturday, Sunday and Holidays: 8:00 a.m. to 5:00 p.m.

**XI. Workers' Compensation.** The Contractor shall maintain Workers' Compensation insurance in the amount and type required by law for all employees employed under this Contract who may come within the protection of Workers' Compensation Laws. In jurisdictions not providing complete Workers' Compensation protection, the Contractor shall maintain Employer's Liability Insurance in the amount, form and company satisfactory to the City for the benefit of all employees not protected by Workers' Compensation Laws.

The Contractor shall make all payments arising from the performance of this Contract due to the State of Washington pursuant to Titles 50 and 51 of the Revised Code of Washington.

Whenever any work by the Contractor under the authority of this Contract is on or about navigable waters of the United States, Workers' Compensation coverage shall be extended to include United States Longshoreman and harbor worker coverage. The Contractor shall provide the City with a copy of the necessary documentation prior to the start of any activity.

**XII. CHANGES.** The City may issue a written change order for any change in the Contract work during the performance of this Contract. If the Contractor determines, for any reason, that a change order is necessary, Contractor must submit a written change order request to the person listed in the notice provision section of this Contract, section XXII(C), within seven (7) calendar days of the date Contractor knew or should have known of the facts and events giving rise to the requested change. If the City determines that the change increases or decreases the Contractor's costs or time for performance, the City will make an equitable adjustment. The City will attempt, in good faith, to reach agreement with the Contractor on all equitable adjustments. However, if the parties are unable to agree, the City will determine the equitable adjustment as it deems appropriate. The

Contractor shall proceed with the change order work upon receiving either a written change order from the City or an oral order from the City before actually receiving the written change order. If the Contractor fails to require a change order within the time specified in this paragraph, the Contractor waives its right to make any claim or submit subsequent change order requests for that portion of the contract work. If the Contractor disagrees with the equitable adjustment, the Contractor must complete the change order work; however, the Contractor may elect to protest the adjustment as provided in subsections A through E of Section XIII, Claims, below.

The Contractor accepts all requirements of a change order by: (1) endorsing it, (2) writing a separate acceptance, or (3) not protesting in the way this section provides. A change order that is accepted by Contractor as provided in this section shall constitute full payment and final settlement of all claims for contract time and for direct, indirect and consequential costs, including costs of delays related to any work, either covered or affected by the change.

**XIII. CLAIMS.** If the Contractor disagrees with anything required by a change order, another written order, or an oral order from the City, including any direction, instruction, interpretation, or determination by the City, the Contractor may file a claim as provided in this section. The Contractor shall give written notice to the City of all claims within seven (7) calendar days of the occurrence of the events giving rise to the claims, or within seven (7) calendar days of the date the Contractor knew or should have known of the facts or events giving rise to the claim, whichever occurs first. Any claim for damages, additional payment for any reason, or extension of time, whether under this Contract or otherwise, shall be conclusively deemed to have been waived by the Contractor unless a timely written claim is made in strict accordance with the applicable provisions of this Contract.

At a minimum, a Contractor's written claim shall include the information set forth in subsections A, items 1 through 5 below.

**FAILURE TO PROVIDE A COMPLETE, WRITTEN NOTIFICATION OF CLAIM WITHIN THE TIME ALLOWED SHALL BE AN ABSOLUTE WAIVER OF ANY CLAIMS ARISING IN ANY WAY FROM THE FACTS OR EVENTS SURROUNDING THAT CLAIM OR CAUSED BY THAT DELAY.**

- A. Notice of Claim. Provide a signed written notice of claim that provides the following information:
1. The date of the Contractor's claim;
  2. The nature and circumstances that caused the claim;
  3. The provisions in this Contract that support the claim;
  4. The estimated dollar cost, if any, of the claimed work and how that estimate was determined; and
  5. An analysis of the progress schedule showing the schedule change or disruption if the Contractor is asserting a schedule change or disruption.

- B. Records. The Contractor shall keep complete records of extra costs and time incurred as a result of the asserted events giving rise to the claim. The City shall have access to any of the Contractor's records needed for evaluating the protest.

The City will evaluate all claims, provided the procedures in this section are followed. If the City determines that a claim is valid, the City will adjust payment for work or time by an equitable adjustment. No adjustment will be made for an invalid protest.

- C. Contractor's Duty to Complete Protested Work. In spite of any claim, the Contractor shall proceed promptly to provide the goods, materials and services required by the City under this Contract.
- D. Failure to Protest Constitutes Waiver. By not protesting as this section provides, the Contractor also waives any additional entitlement and accepts from the City any written or oral order (including directions, instructions, interpretations, and determination).
- E. Failure to Follow Procedures Constitutes Waiver. By failing to follow the procedures of this section, the Contractor completely waives any claims for protested work and accepts from the City any written or oral order (including directions, instructions, interpretations, and determination).

**XIV. LIMITATION OF ACTIONS.** CONTRACTOR MUST, IN ANY EVENT, FILE ANY LAWSUIT ARISING FROM OR CONNECTED WITH THIS CONTRACT WITHIN 120 CALENDAR DAYS FROM THE DATE THE CONTRACT WORK IS COMPLETE OR CONTRACTOR'S ABILITY TO FILE THAT CLAIM OR SUIT SHALL BE FOREVER BARRED. THIS SECTION FURTHER LIMITS ANY APPLICABLE STATUTORY LIMITATIONS PERIOD.

**XV. WARRANTY.** Upon acceptance of the contract work, Contractor must provide the City a warranty bond for one year in the amount of the contract value specified in Section III above and in a form acceptable to the City. In the event any defects are found within the first year, the warranty bond shall be extended for an additional year. The Contractor shall correct all defects in workmanship and materials within one (1) year from the date of the City's acceptance of the Contract work. In the event any parts are repaired or replaced, only original replacement parts shall be used—rebuilt or used parts will not be acceptable. When defects are corrected, the warranty for that portion of the work shall extend for one (1) year from the date such correction is completed and accepted by the City. The Contractor shall begin to correct any defects within seven (7) calendar days of its receipt of notice from the City of the defect. If the Contractor does not accomplish the corrections within a reasonable time as determined by the City, the City may complete the corrections and the Contractor shall pay all costs incurred by the City in order to accomplish the correction.

**XVI. DISCRIMINATION.** In the hiring of employees for the performance of work under this Contract or any sub-contract, the Contractor, its sub-contractors, or any person acting on behalf of the Contractor or sub-contractor shall not, by reason of race, religion,

color, sex, age, sexual orientation, national origin, or the presence of any sensory, mental, or physical disability, discriminate against any person who is qualified and available to perform the work to which the employment relates.

**XVII. INDEMNIFICATION.** Contractor shall defend, indemnify and hold the City, its officers, officials, employees, and volunteers harmless from any and all claims, injuries, damages, losses or suits, including attorney fees, arising out of or in connection with the performance of this Contract, except for injuries and damages caused by the sole negligence of the City.

The City's inspection or acceptance of any of Contractor's work when completed shall not be grounds to avoid any of these covenants of indemnification.

Should a court of competent jurisdiction determine that this Contract is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Contractor and the City, its officers, officials, employees, and volunteers, the Contractor's liability hereunder shall be only to the extent of the Contractor's negligence. It is further specifically and expressly understood that the indemnification provided herein constitutes the contractor's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties.

The provisions of this section shall survive the expiration or termination of this Contract.

**XVIII. INSURANCE.** The Contractor shall procure and maintain for the duration of the Agreement, insurance against claims for injuries to persons or damage to property which may arise from or in connection with the performance of the work hereunder by the Contractor, their agents, representatives, employees or subcontractors.

**No Limitation.** Contractor's maintenance of insurance, its scope of coverage and limits as required herein shall not be construed to limit the liability of the Contractor to the coverage provided by such insurance, or otherwise limit the City's recourse to any remedy available at law or in equity.

**A. Minimum Scope of Insurance**

Contractor shall obtain insurance of the types described below:

1. Automobile Liability insurance covering all owned non-owned, hired and leased vehicles. Coverage shall be written on Insurance Services Office (ISO) form CA 00 01 or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage.
2. Commercial General Liability insurance shall be written on ISO occurrence form CG 00 01 and shall cover liability arising from premises, operations, independent contractors, products-completed

operations, stop gap liability, personal injury and advertising injury, and liability assumed under an insured contract. The Commercial General Liability insurance shall be endorsed to provide the Aggregate Per Project Endorsement ISO form CG 25 03 11 85 or an equivalent endorsement. There shall be no endorsement or modification of the Commercial General Liability insurance for liability arising from explosion, collapse or underground property damage. The City shall be named as an insured under the Contractor's Commercial General Liability insurance policy with respect to the work performed for the City using ISO Additional Insured endorsement CG 20 10 10 01 and Additional Insured-Completed Operations endorsement CG 20 37 10 01 or substitute endorsements providing equivalent coverage.

3. Workers' Compensation coverage as required by the Industrial Insurance laws of the State of Washington.

#### **B. Minimum Amounts of Insurance**

Contractor shall maintain the following insurance limits:

1. Automobile Liability insurance with a minimum combined single limit for bodily injury and property damage of \$1,000,000 per accident.
2. Commercial General Liability insurance shall be written with limits no less than \$1,000,000 each occurrence, \$2,000,000 general aggregate and a \$2,000,000 products-completed operations aggregate limit.

#### **C. Other Insurance Provisions**

The Contractor's Automobile Liability and Commercial General Liability insurance policies are to contain, or be endorsed to contain, that they shall be primary insurance as respect to the City. Any insurance, self-insurance, or insurance pool coverage maintained by the City shall be excess of the Contractor's insurance and shall not contribute with it.

#### **D. Acceptability of Insurers**

Insurance is to be placed with insurers with a current A.M. Best rating of not less than A: VII.

#### **E. Verification of Coverage**

Contractor shall furnish the City with original certificates and a copy of the amendatory endorsements, including but not necessarily limited to the additional insured endorsement, evidencing insurance of the Contractor before commencement of the work.

#### **F. Subcontractors**

The Contractor shall have sole responsibility for determining the insurance coverage and limits required, if any, to be obtained by subcontractors, which determination shall be made in accordance with reasonable and prudent business practices.

**E. Notice of Cancellation**

The Contractor shall provide the City and all Additional Insureds for this work with written notice of any policy cancellation, within two business days of their receipt of such notice.

**F. Failure to Maintain Insurance**

Failure on the part of the Contractor to maintain the insurance as required shall constitute a material breach of contract, upon which the City may, after giving five business days notice to the Contractor to correct the breach, immediately terminate the contract or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, with any sums so expended to be repaid to the City on demand, or at the sole discretion of the City, offset against funds due the Contractor from the City.

**XIX. WORK PERFORMED AT CONTRACTOR'S RISK.** Contractor shall take all necessary precautions and shall be responsible for the safety of its employees, agents, and subcontractors in the performance of the contract work and shall utilize all protection necessary for that purpose. All work shall be done at Contractor's own risk, and Contractor shall be responsible for any loss of or damage to materials, tools, or other articles used or held for use in connection with the work.

**XX. Bond - Separate Payment and Performance Bond Required.** Pursuant to Chapter 39.08 RCW, the Contractor shall, prior to the execution of the Contract, furnish both a performance bond and a payment bond to the City, both in the full amount of the bid with a surety company as surety. The purpose of the bonds is to ensure that the Contractor shall faithfully perform all the provisions of this Contract and pay all laborers, mechanics, and subcontractors and materialmen, and all persons who supply such Contractor or subcontractors with provisions and supplies for the carrying on of such work. Such bonds shall provide that any person or persons performing such services or furnishing material to any subcontractor shall have the same right under the provisions of such bond as if such work, services or material was furnished to the original Contractor. In addition, the surety company providing such bond shall agree to be bound to the laws of the state of Washington, and subjected to the jurisdiction of the state of Washington and the King County Superior Court in any proceeding to enforce the bond. This Contract shall not become effective until said bonds are supplied and approved by the Engineer and filed with the City Clerk.

In the event that the Compensation called for in Section III of this Contract is less than \$35,000.00, which sum shall be determined after the addition of applicable Washington State sales tax, the Contractor may, prior to the execution to this contract and in lieu of the above mentioned bond, elect to have the City retain 50% of the contract amount for a period of either thirty (30) days after final acceptance, or until receipt of all necessary releases from the department of revenue and the department of labor and industries and settlement of any liens filed under Chapter 60.28 RCW, whichever is later.

**XXI. Debarment.** The Contractor must certify that it, and its subcontractors, have not been and are not currently on the Federal or the Washington State Debarment List and if the Contractor or its subcontractors become listed on the Federal or State Debarment List, the City will be notified immediately.

**XXII. MISCELLANEOUS PROVISIONS.**

A. Non-Waiver of Breach. The failure of the City to insist upon strict performance of any of the covenants and agreements contained in this Contract, or to exercise any option conferred by this Contract in one or more instances shall not be construed to be a waiver or relinquishment of those covenants, agreements or options, and the same shall be and remain in full force and effect.

B. Resolution of Disputes and Governing Law.

1. Alternative Dispute Resolution. If a dispute arises from or relates to this Contract or the breach thereof and if the dispute cannot be resolved through direct discussions, the parties agree to endeavor first to settle the dispute in an amicable manner by mediation administered by a mediator under JAMS Alternative Dispute Resolution service rules or policies before resorting to arbitration. The mediator may be selected by agreement of the parties or through JAMS. Following mediation, or upon written Contract of the parties to waive mediation, any unresolved controversy or claim arising from or relating to this Contract or breach thereof shall be settled through arbitration which shall be conducted under JAMS rules or policies. The arbitrator may be selected by agreement of the parties or through JAMS. All fees and expenses for mediation or arbitration shall be borne by the parties equally. However, each party shall bear the expense of its own counsel, experts, witnesses, and preparation and presentation of evidence.

2. Applicable Law and Jurisdiction. This Contract shall be governed by the laws of the State of Washington. Although the agreed to and designated primary dispute resolution method as set forth above, in the event any claim, dispute or action arising from or relating to this Contract cannot be submitted to arbitration, then it shall be commenced exclusively in the King County Superior Court or the United States District Court, Western District of Washington as appropriate. In any claim or lawsuit for damages arising from the parties' performance of this Agreement, each party shall pay all its legal costs and attorney's fees incurred in defending or bringing such claim or lawsuit, in addition to any other recovery or award provided by law; provided, however, nothing in this paragraph shall be construed to limit the City's right to indemnification under Section XVII of this Contract.

C. Written Notice. All communications regarding this Contract shall be sent to the parties at the addresses listed on the signature page of the Contract, unless notified to the contrary. Any written notice hereunder shall become effective three (3) business days after the date of mailing by registered or certified mail, and shall be deemed sufficiently given if sent to the addressee at the address stated in this Contract or such other address as may be hereafter specified in writing.

D. Assignment. Any assignment of this Contract by either party without the written consent of the non-assigning party shall be void. If the non-assigning party gives

its consent to any assignment, the terms of this Contract shall continue in full force and effect and no further assignment shall be made without additional written consent.

E. Modification. No waiver, alteration, or modification of any of the provisions of this Contract shall be binding unless in writing and signed by a duly authorized representative of the City and Contractor.

F. Compliance with Laws. The Contractor agrees to comply with all federal, state, and municipal laws, rules, and regulations that are now effective or in the future become applicable to Contractor's business, equipment, and personnel engaged in operations covered by this Contract or accruing out of the performance of those operations.

G. Counterparts. This Contract may be executed in any number of counterparts, each of which shall constitute an original, and all of which will together constitute this one Contract.

H. Business License. Contractor shall comply with the provisions of Title 5 Chapter 5.04 of the Des Moines Municipal Code.

I. Records Retention and Audit. During the progress of the Work and for a period not less than three (3) years from the date of completion of the Work or for the retention period required by law, whichever is greater, records and accounts pertaining to the Work and accounting therefore are to be kept available by the Parties for inspection and audit by representatives of the Parties and copies of all records, accounts, documents, or other data pertaining to the Work shall be furnished upon request. Records and accounts shall be maintained in accordance with applicable state law and regulations.

J. Entire Contract. The written provisions and terms of this Contract, together with any Exhibits attached hereto, shall supersede all prior verbal statements of any officer or other representative of the City, and such statements shall not be effective or be construed as entering into or forming a part of or altering in any manner this Contract. All of the above documents are hereby made a part of this Contract. However, should any language in any of the Exhibits to this Contract conflict with any language contained in this Contract, then the order of precedence shall be in accordance with Section I c of this Contract.

K. Severability. If any one or more sections, sub-sections, or sentences of this Contract are held to be unconstitutional or invalid, that decision shall not affect the validity of the remaining portion of this Contract and the remainder shall remain in full force and effect.

**IN WITNESS, the parties below execute this Contract, which shall become effective on the last date entered below.**

## Exhibit A – Scope of Work

### Redondo Parking Lot Resurfacing and Striping Project

**SCOPE OF WORK** contemplated to be performed under this contract is as follows:

#### DESCRIPTION & CONSTRUCTION REQUIREMENTS

The Redondo Parking Lot Resurfacing & Striping Project includes grinding and overlaying the existing asphalt pavement areas with visible saltwater damage, applying asphalt sealcoating layers to the rest of the parking lot, restriping parking stalls and install thermoplastic markings, adjusting utility lids as necessary, as illustrated in Exhibit B: Project Site Plan. The Contracting Agency will work with the Contractor to determine final grind and overlay area in the field.

All work shall conform to the most current edition of the Washington State Department of Transportation Standard Specifications and Plans.

Contractor shall saw cut, grind 2" below grade approximately 10,400 SF as shown on Exhibit B and/or as marked in the field, haul away debris, clean surface and apply tack coat, and install a 2" of HMA Class ½" PG 58-12, and tamp and seal edges as needed to complete the described project. The City Engineer will make the final determination of the grind and overlay area prior to the construction.

The contractor shall sawcut, excavate existing asphalt, concrete, and a portion of the landscaping island, and haul away debris for the construction of a concrete barrier curb and asphalt ramp paving, as shown on Exhibit B, to provide access to the existing shed for City maintenance purposes. Compact base, place 2" CSTC, set forms, place 20 LF of concrete curb and pave approximately 160 SF with 3" of HMA Class ½" PG 58-12.

Contractor shall install two coats of Asphalt seal coating throughout the remainder of the parking area and clean and fill 2,000 LF of cracks and install striping for the following:

1. Curb striping – Yellow and Red
2. NO PARKING FIRE LANE
3. Parking stall lines
4. Thermoplastic Pavement marking arrows
5. ADA stalls

The contractor shall conduct the excavation operations in a manner that will protect the pavement that is to remain. Any damages to the pavement areas not designated to be removed as a result of the Contractor's operations shall be repaired by the Contractor at no cost to the Contracting Agency.

Contractor shall provide all traffic control, if needed, per the Manual of Uniform Traffic Control Devices (MUTCD) and the City's Right-of-Way Permit requirements. The contractor shall erect and maintain all construction signs, warning signs, detour signs, and other traffic control devices necessary to warn and protect the public at all times from injury or damage as the result of the contractor's construction activities. No work shall be done on or adjacent to the roadway until all necessary signs and traffic control devices are in place.

### **MEASUREMENT**

“Concrete Barrier Curb and Asphalt Ramp Paving” will be measured by lump sum(LS).

“Grind and Overlay” will be measured by square foot (SF).

“Asphalt Seal Coat” will be measured by lump sum (LS).

### **PAYMENT**

“Grind and Overlay”, per square foot. Items to be included in the bid price shall include, but shall not necessarily be limited to: all costs of labor, tools, equipment, and materials necessary for saw cutting, grinding, excavating, hauling, compacting, paving, tamping, and sealing to complete the asphalt repairs to the roadway as directed by the City’s Engineering staff in accordance with the Standard Specifications.

“Concrete Barrier Curb and Asphalt ramp Paving”, per lump sum shall be paid in accordance with Section 3-02.3 of the WSDOT Standard Specifications.

“Asphalt Seal Coat and striping”, per lump sum shall be full compensation for costs of all labor (including traffic control supervisors, flaggers and spotters), tools, materials, equipment and incidentals necessary to perform all of the work described in Section 5-02.1 and 8-22.3 of the WSDOT Standard Specifications.

**Purpose and Recommendation**

The purpose of this agenda item is for City Council approval with PSE (Puget Sound Energy) for a Schedule 74 Construction Agreement related to the Barnes Creek Trail South 240th Street – 16th Ave S to 20th Ave S Project.

**Motion:** “I move to approve the Schedule 74 Construction Agreement with PSE for the Barnes Creek Trail Project and further authorize the City Manager to sign said Agreement Substantially in the form as submitted.”

**Strategic Plan Priority**

Natural and Built Environment

**Background**

On July 11, 2024, the City and PSE entered into a Schedule 74 Utility Undergrounding Agreement (Schedule 74) for the South 240th Street Barnes Creek Trail Project to address related power infrastructure. The agreement provides for complete franchise utility undergrounding on South 240th Street between 16th Avenue South and 20th Avenue South. Under the terms of the agreement, both the City and PSE are responsible for proportional shares of the undergrounding costs.

On August 7, 2025, the City Council awarded a Public Works Construction Contract

to Ceccanti, Inc. Work began on February 9, 2026, and is currently underway.

### **Discussion**

Undergrounding aerial utilities and placing them within a joint utility trench is a complex undertaking and has been incorporated into the design and construction of the South 240th Street Barnes Creek Trail Project. PSE is one franchise utility partner on the project and is responsible for a proportional share of design, construction, installation of new facilities, and wreck-out of obsolete facilities. PSE is also obligated to adhere to the City's proposed construction schedule in order to ensure efficient completion of the City's project. Generally, PSE's cost share for this undergrounding conversion is sixty percent, while the City's share is forty percent.

Upon completion of a project, Schedule 74 reconciliation is required to finalize cost obligations. PSE has provided City staff with an estimated billing for the City's share of approximately \$716,734.82, which would be due at project closeout in 2027.\*

\*The estimated billing of \$716,734.82 is expected to decrease pending reconciliation with PSE.

### **Alternatives**

None. The proposed project expenditure to pay the PSE invoice satisfies the terms of the previously agreed upon Sch 74 Design Agreement.

### **Financial Impact**

The City's adopted CIP Budget Worksheet (Attachment 3) assumes a payment to PSE, however, the estimated amount exceeds the original budgeted amount and CIP Budget amendment to the project will need to be made in the 2027-2032 CIP Budget to account for the anticipated amount in 2027.

### **Recommendation**

Staff recommends adoption of the motion.

## **SCHEDULE 74 UNDERGROUND CONVERSION**

### **Project Construction Agreement**

---

Project Name: Barnes Creek Trail - S 240th Street

Project Number: 1 0 1 1 7 5 5 2

---

THIS Agreement, dated as of this 13<sup>th</sup> day of August, 2026, is made by and between the City of Des Moines (the "Government Entity"), and PUGET SOUND ENERGY, Inc., a Washington Corporation (the "Company").

### **RECITALS**

A. The Company is a public service company engaged in the sale and distribution of electric energy, and pursuant to its franchise or other rights from the Government Entity, currently locates its electric distribution facilities within the jurisdictional boundaries of the Government Entity.

B. The Government Entity has determined that it is necessary to replace the existing overhead electric distribution system within the area specified in the Project Plan (as defined below) (the "Conversion Area") with a comparable underground electric distribution system, all as more specifically described in the Project Plan (the "Conversion Project").

C. The Government Entity and the Company have previously entered into a Project Design Agreement dated as of July 11<sup>th</sup>, 2024 (the "Design Agreement"), pursuant to which the parties completed certain engineering design, cost assessment, operating rights planning and other preliminary work relating to the Conversion Project and, in connection with that effort, developed the Project Plan.

D. The Government Entity and the Company wish to execute this written contract in accordance with Schedule 74 of the Company's Electric Tariff G ("Schedule 74") to govern the completion of the Conversion Project, which both parties intend shall qualify as an underground conversion under the terms of Schedule 74.

### **AGREEMENT**

The Government Entity and the Company therefore agree as follows:

1. Definitions.

(a) Unless specifically defined otherwise herein, all terms defined in Schedule 74 shall have the same meanings when used in this Agreement, including, without limitation, the following:

- i) Cost of Conversion;
- ii) Public Thoroughfare;
- iii) Temporary Service;
- iv) Trenching and Restoration;
- v) Underground Distribution System; and
- vi) Underground Service Lines.

(b) "Company-Initiated Upgrade" shall mean any feature of the Underground Distribution System which is required by the Company and is not reasonably required to make the Underground Distribution System comparable to the overhead distribution system being replaced. For purposes of the foregoing, a "comparable" system shall include, unless the Parties otherwise agree, the number of empty ducts (not to exceed two (2), typically having a diameter of 6" or less)

of such diameter and number as may be specified and agreed upon in the Project Plan necessary to replicate the load-carrying capacity (system amperage class) of the overhead system being replaced.

- (c) "Estimated Reimbursable Private Conversion Costs" shall mean the Company's good faith estimate of the Reimbursable Private Conversion Costs, as specified in the Project Plan and as changed and adjusted from time to time in accordance with Section 6, below.
- (d) "Estimated Reimbursable Temporary Service Costs" shall mean the Company's good faith estimate of the Reimbursable Temporary Service Costs, as specified in the Project Plan and as changed and adjusted from time to time in accordance with Section 6, below.
- (e) "Estimated Reimbursable Upgrade Costs" shall mean the Company's good faith estimate of the Reimbursable Upgrade Costs, as specified in the Project Plan and as changed and adjusted from time to time in accordance with Section 6, below.
- (f) "Estimated Shared Company Costs" shall mean the Company's good faith estimate of the Shared Company Costs, as specified in the Project Plan and as changed and adjusted from time to time in accordance with Section 6, below.
- (g) "Estimated Shared Government Costs" shall mean the Government Entity's good faith estimate of the Shared Government Costs, as specified in the Project Plan and as changed and adjusted from time to time in accordance with Section 6, below.
- (h) "Government-Requested Upgrade" shall mean any feature of the Underground Distribution System which is requested by the Government Entity and is not reasonably required to make the Underground Distribution System comparable to the overhead distribution system being replaced. For purposes of the foregoing, any empty ducts installed at the request of the Government Entity shall be a Government-Requested Upgrade.
- (i) "Party" shall mean either the Company, the Government Entity, or both.
- (j) "Private Property Conversion" shall mean that portion, if any, of the Conversion Project for which the existing overhead electric distribution system is located, as of the date determined in accordance with Schedule 74, (i) outside of the Public Thoroughfare, or (ii) pursuant to rights not derived from a franchise previously granted by the Government Entity or pursuant to rights not otherwise previously granted by the Government Entity.
- (k) "Project Plan" shall mean the project plan developed by the Parties under the Design Agreement and attached hereto as Exhibit A, as the same may be changed and amended from time to time in accordance with Section 6, below. The Project Plan includes, among other things, (i) a detailed description of the Work that is required to be performed by each Party and any third party, (ii) the applicable requirements and specifications for the Work, (iii) a description of the Operating Rights that are required to be obtained by each Party for the Conversion Project (and the requirements and specifications with respect thereto), (iv) an itemization and summary of the Estimated Shared Company Costs, Estimated Shared Government Costs, Estimated Reimbursable Private Conversion Costs (if any), Estimated Reimbursable Temporary Service Costs (if any) and Estimated Reimbursable Upgrade Costs (if any), and (v) the Work Schedule.
- (l) "Operating Rights" shall mean sufficient space and legal rights for the construction, operation, repair, and maintenance of the Underground Distribution System.
- (m) "Reimbursable Private Conversion Costs" shall mean (i) all Costs of Conversion, if any, incurred by the Company which are attributable to a Private Property Conversion, less (ii) the distribution pole replacement costs (if any) that would be avoided by the Company on account of such Private Property Conversion, as determined consistent with the applicable Company distribution facilities

replacement program, plus (iii) just compensation as provided by law for the Company's interests in real property on which such existing overhead distribution system was located prior to conversion; provided that the portion of the Reimbursable Private Conversion Costs attributable to the Costs of Conversion under subparagraph (i) of this paragraph shall not exceed the Estimated Reimbursable Private Conversion Costs without the prior written authorization of the Government Entity.

- (n) "Reimbursable Temporary Service Costs" shall mean all costs incurred by the Company which are attributable to (i) any facilities installed as part of the Conversion Project to provide Temporary Service, as provided for in Schedule 74, and (ii) the removal of any facilities installed to provide Temporary Service (less salvage value of removed equipment); provided that the Reimbursable Temporary Service Costs shall not exceed the Estimated Reimbursable Temporary Service Costs without the prior written authorization of the Government Entity.
- (o) "Reimbursable Upgrade Costs" shall mean all Costs of Conversion incurred by the Company which are attributable to any Government-Requested Upgrade; provided that the Reimbursable Upgrade Costs shall not exceed the Estimated Reimbursable Upgrade Costs without the prior written authorization of the Government Entity.
- (p) "Shared Company Costs" shall mean all Costs of Conversion (other than Reimbursable Upgrade Costs, Reimbursable Private Conversion Costs and Reimbursable Temporary Service Costs) incurred by the Company in connection with the Conversion Project; provided, however, that the Shared Company Costs shall not exceed the Estimated Shared Company Costs without the prior written authorization of the Government Entity. For the avoidance of doubt, the "Shared Company Costs" shall, as and to the extent specified in the Design Agreement, include the actual, reasonable costs to the Company for the "Design Work" performed by the Company under the Design Agreement.
- (q) "Shared Government Costs" shall mean all Costs of Conversion incurred by the Government Entity in connection with (i) any duct and vault installation Work which the Parties have specified in the Project Plan is to be performed by the Government Entity as part of the Government Work, and (ii) the acquisition of any Operating Rights which the Parties have, by mutual agreement, specified in the Project Plan are to be obtained by the Government Entity for the Conversion Project, but only to the extent attributable to that portion of such Operating Rights which is necessary to accommodate the facilities of the Company; provided, however, that the Shared Government Costs shall not exceed the Estimated Shared Government Costs without the prior written authorization of the Company.
- (r) "Total Shared Costs" shall mean the sum of the Shared Company Costs and the Shared Government Costs. For the avoidance of doubt, the Total Shared Costs shall not include, without limitation, (i) costs to the Government Entity for Trenching and Restoration, or (ii) costs associated with any joint use of trenches by other utilities as permitted under Section 3(b).
- (s) "Work" shall mean all work to be performed in connection with the Conversion Project, as more specifically described in the Project Plan, including, without limitation, the Company Work (as defined in Section 2(a), below) and the Government Work (as defined in Section 3(a), below).
- (t) "Work Schedule" shall mean the schedule specified in the Project Plan which sets forth the milestones for completing the Work, as the same may be changed and amended from time to time in accordance with Section 6, below.

## 2. Obligations of the Company.

- (a) Subject to the terms and conditions of this Agreement, the Company shall do the following as specified in, and in accordance with the design and construction specifications and other requirements set forth in, the Project Plan (the "Company Work"):

- i) furnish and install an Underground Distribution System within the Conversion Area (excluding any duct and vault installation or other Work which the Parties have specified in the Project Plan is to be performed by the Government Entity);
  - ii) provide a Company inspector on-site at the times specified in the Work Schedule to inspect the performance of any duct and vault installation Work which the Parties have specified in the Project Plan is to be performed by the Government Entity; and
  - iii) upon connection of those persons or entities to be served by the Underground Distribution System and removal of facilities of any other utilities that are connected to the poles of the overhead system, remove the existing overhead system (including associated wires and Company-owned poles) of 15,000 volts or less within the Conversion Area except for Temporary Services.
- (b) Upon request of the Government Entity, the Company shall provide periodic reports of the progress of the Company Work identifying (i) the Company Work completed to date, (ii) the Company Work yet to be completed, and (iii) an estimate regarding whether the Conversion Project is on target with respect to the Estimated Shared Company Costs, the Estimated Reimbursable Private Conversion Costs (if any), the Estimated Reimbursable Temporary Service Costs (if any), the Estimated Reimbursable Upgrade Costs (if any) and the Work Schedule.
- (c) Except as otherwise provided in the Company's Electric Tariff G, the Company shall own, operate and maintain all electrical facilities installed pursuant to this Agreement including, but not limited to, the Underground Distribution System and Underground Service Lines.
- (d) Subject to the terms and conditions of this Agreement, the Company shall perform all Company Work in accordance with the Project Plan, the Work Schedule and this Agreement.

3. Obligations of the Government Entity.

- (a) Subject to the terms and conditions of this Agreement, the Government Entity shall do the following as specified in, and in accordance with the design and construction specifications and other requirements set forth in, the Project Plan (the "Government Work"):
  - i) provide the Trenching and Restoration;
  - ii) perform the surveying for alignment and grades for ducts and vaults; and
  - iii) perform any duct and vault installation and other Work which the Parties have specified in the Project Plan is to be performed by the Government Entity.
- (b) Other utilities may be permitted by the Government Entity to use the trenches provided by the Government Entity for the installation of their facilities so long as such facilities or the installation thereof do not interfere (as determined pursuant to the Company's electrical standards) with the Underground Distribution System or the installation or maintenance thereof. Any such use of the trenches by other utilities shall be done subject to and in accordance with the joint trench design specifications and installation drawings set forth or otherwise identified in the Project Plan, and the Government Entity shall be responsible for the coordination of the design and installation of the facilities of the other utilities to ensure compliance with such specifications and drawings.
- (c) Upon request of the Company, the Government Entity shall provide periodic reports of the progress of the Government Work identifying (i) the Government Work completed to date, (ii) the Government Work yet to be completed, and (iii) an estimate regarding whether the Conversion Project is on target with respect to the Estimated Shared Government Costs and the Work Schedule.
- (d) The Government Entity shall be responsible for coordinating all work to be performed in connection with the street improvement program within the Conversion Area.

- (e) Subject to the terms and conditions of this Agreement, the Government Entity shall perform all Government Work in accordance with the Project Plan, the Work Schedule and this Agreement.

4. Work Schedule.

- (a) The Government Entity and the Company have agreed upon the Work Schedule as set forth in the Project Plan. Changes to the Work Schedule shall be made only in accordance with Section 6, below.
- (b) Promptly following the execution of this Agreement, and upon completion by the Government Entity of any necessary preliminary work, the Government Entity shall hold a pre-construction meeting involving all participants in the Conversion Project to review project design, coordination requirements, work sequencing and related pre-mobilization requirements. Following the pre-construction meeting, the Government Entity shall give the Company written notice to proceed with the Work at least ten (10) business days prior to the commencement date specified in the Work Schedule.
- (c) Subject to the terms and conditions of this Agreement, each Party shall perform the Work assigned to it under this Agreement in accordance with the Work Schedule. So long as the Company performs the Company Work in accordance with the Work Schedule, the Company shall not be liable to the Government Entity (or its agents, servants, employees, contractors, subcontractors, or representatives) for any claims, actions, damages, or liability asserted or arising out of delays in the Work Schedule.

5. Location of Facilities.

All facilities of the Company installed within the Conversion Area pursuant to this Agreement shall be located, and all related Operating Rights shall be obtained, in the manner set forth in the applicable provisions of Schedule 74, as specified by the Parties in the Project Plan.

6. Changes.

- (a) Either Party may, at any time, by written notice thereof to the other Party, request changes in the Work within the general scope of this Agreement (a "Request for Change"), including, but not limited to: (i) changes in, substitutions for, additions to or deletions of any Work; (ii) changes in the specifications, drawings and other requirements in the Project Plan, (iii) changes in the Work Schedule, and (iv) changes in the location, alignment, dimensions or design of items included in the Work. No Request for Change shall be effective and binding upon the Parties unless signed by an authorized representative of each Party.
- (b) If any change included in an approved Request for Change would cause a change in the cost of, or the time required for, the performance of any part of the Work, an equitable adjustment shall be made in the Estimated Shared Company Costs, the Estimated Shared Government Costs, the Estimated Reimbursable Private Conversion Costs (if any), the Estimated Reimbursable Temporary Service Costs (if any), the Estimated Reimbursable Upgrade Costs (if any) and/or the Work Schedule to reflect such change. The Parties shall negotiate in good faith with the objective of agreeing in writing on a mutually acceptable equitable adjustment. If the Parties are unable to agree upon the terms of the equitable adjustment, either Party may submit the matter for resolution pursuant to the dispute resolution provisions in Section 10, below.
- (c) The Work Schedule, the Estimated Shared Company Costs, the Estimated Shared Government Costs, the Estimated Reimbursable Private Conversion Costs, the Estimated Reimbursable Temporary Service Costs and/or the Estimated Reimbursable Upgrade Costs shall be further equitably adjusted from time to time to reflect any change in the costs or time required to perform the Work to the extent such change is caused by: (i) any Force Majeure Event under Section 11, below, (ii) the discovery of any condition within the Conversion Area which affects the scope, cost,

schedule or other aspect of the Work and was not known by or disclosed to the affected Party prior to the date of this Agreement, or (iii) any change or inaccuracy in any assumptions regarding the scope, cost, schedule or other aspect of the Work which are expressly identified by the Parties in the Project Plan. Upon the request of either Party, the Parties will negotiate in good faith with the objective of agreeing in writing on a mutually acceptable equitable adjustment. If, at any time thereafter, the Parties are unable to agree upon the terms of the equitable adjustment, either Party may submit the matter for resolution pursuant to the dispute resolution provisions in Section 10, below.

- (d) Notwithstanding any dispute or delay in reaching agreement or arriving at a mutually acceptable equitable adjustment, each Party shall, if requested by the other Party, proceed with the Work in accordance with any approved Request for Change. Any request to proceed hereunder must be accompanied by a written statement setting forth the requesting Party's reasons for rejecting the proposed equitable adjustment of the other Party.

## 7. Compensation and Payment.

- (a) Subject to and in accordance with the terms and conditions of this Agreement (including, without limitation, the payment procedures set forth in this Section 7), payment in connection with the Conversion Project and this Agreement shall be as follows:
  - i) The Total Shared Costs shall be allocated to the Parties in the following percentages: (A) sixty percent (60%) to the Company, and (B) forty percent (40%) to the Government Entity.
  - ii) The Government Entity shall pay one hundred percent (100%) of all Reimbursable Private Conversion Costs, if any.
  - iii) The Government Entity shall pay one hundred percent (100%) of all Reimbursable Upgrade Costs, if any.
  - iv) The Government Entity shall pay one hundred percent (100%) of all Reimbursable Temporary Service Costs, if any.
  - v) The Government Entity shall pay one hundred percent (100%) of the costs it incurs to perform that portion of the Government Work specified in Section 3(a)(i) and (ii) (i.e., Trenching and Restoration and surveying).
  - vi) The Company shall pay one hundred percent (100%) of the costs it incurs to design, provide and construct any Company-Initiated Upgrade.
  - vii) The Company shall pay one hundred percent (100%) of the costs it incurs to obtain Operating Rights outside the Public Thoroughfare.
- (b) Based on the allocation of responsibilities set forth in Section 7(a), above, the Parties shall determine the net amount payable by the Government Entity or the Company, as applicable, to the other Party under this Agreement (the "Net Amount"). The Net Amount shall be determined by using the amount of the Total Shared Costs allocated to the Government Entity under Section 7(a)(i), and adjusting such amount as follows:
  - i) Subtracting (as a credit to the Government Entity) the amount of the Shared Government Costs.
  - ii) Adding (as a credit to the Company) the amount of all Reimbursable Private Conversion Costs, Reimbursable Upgrade Costs and Reimbursable Temporary Service Costs.
  - iii) Subtracting (as a credit to the Government Entity) any payments previously made to the Company by the Government Entity under the Design Agreement which, under the terms of the Design Agreement, are to be credited to the Government Entity under this Agreement.

The Net Amount, as so calculated, (A) will be an amount payable to the Company if it is a positive number, and (B) shall be an amount payable to the Government Entity if it is a negative number.

- (c) Within sixty (60) business days of completion of the Conversion Project, the Government Entity shall provide the Company with an itemization of the Shared Government Costs (the "Government Itemization"), together with such documentation and information as the Company may reasonably request to verify the Government Itemization. The Government Itemization shall, at a minimum, break down the Shared Government Costs by the following categories, as applicable: (i) property and related costs incurred and/or paid by the Government Entity, including any costs of obtaining Operating Rights, and (ii) construction costs incurred and/or paid by the Government Entity, including and listing separately inspection, labor, materials and equipment, overhead and all costs charged by any agent, contractor or subcontractor of the Government Entity.
- (d) Within thirty (30) business days after the Company's receipt of the Government Itemization and requested documentation and information, the Company shall provide the Government Entity a written statement (the "Company Statement") showing (i) an itemization of the Shared Company Costs, (ii) the Parties' relative share of the Total Shared Costs based on the Company's itemization of the Shared Company Costs and the Government Entity's itemization of the Shared Government Costs set forth in the Government Itemization, (iii) any Reimbursable Private Conversion Costs, (iv) any Reimbursable Upgrade Costs, (v) any Reimbursable Temporary Service Costs, (vi) any credits to the Government Entity for payments previously made to the Company by the Government Entity under the Design Agreement which, under the terms of the Design Agreement, are to be credited to the Government Entity under this Agreement, and (vii) the Net Amount, as determined in accordance with Section 7(b), above, together with such documentation and information as the Government Entity may reasonably request to verify the Company Statement. The itemization of the Shared Company Costs included in the Company Statement shall, at a minimum, break down the Shared Company Costs by the following categories, as applicable: (i) design and engineering costs, and (ii) construction costs, including and listing separately inspection, labor, materials and equipment, overhead and all costs charged by any agent, contractor or subcontractor of the Company.
- (e) Within thirty (30) business days after the Government Entity's receipt of the Company Statement and requested documentation and information, the Net Amount shall be paid by the owing Party to the other Party, as specified in the Company Statement.

#### 8. Indemnification.

- (a) The Government Entity releases and shall defend, indemnify and hold the Company harmless from all claims, losses, harm, liabilities, damages, costs and expenses (including, but not limited to, reasonable attorneys' fees) caused by or arising out of any negligent act or omission or willful misconduct of the Government Entity in its performance under this Agreement. During the performance of such activities the Government Entity's employees or contractors shall at all times remain employees or contractors, respectively, of the Government Entity.
- (b) The Company releases and shall defend, indemnify and hold the Government Entity harmless from all claims, losses, harm, liabilities, damages, costs and expenses (including, but not limited to, reasonable attorneys' fees) caused by or arising out of any negligent act or omission or willful misconduct of the Company in its performance under this Agreement. During the performance of such activities the Company's employees or contractors shall at all times remain employees or contractors, respectively, of the Company.
- (c) Solely for purposes of enforcing the indemnification obligations of a Party under this Section 8, each Party expressly waives its immunity under Title 51 of the Revised Code of Washington, the Industrial Insurance Act, and agrees that the obligation to indemnify, defend and hold harmless provided for in this Section 8 extends to any such claim brought against the indemnified Party by or on behalf of any employee of the indemnifying Party. The foregoing waiver shall not in any way preclude the indemnifying Party from raising such immunity as a defense against any claim brought against the indemnifying Party by any of its employees.

9. Conversion of Service to Customers within Conversion Area.

- (a) Upon commencement of the Work, the Government Entity shall notify all persons and entities within the Conversion Area that service lines to such customers must be converted from overhead to underground service within the applicable statutory period following written notice from the Government Entity that service from underground facilities are available in accordance with RCW 35.96.050. Upon the request of any customer, other than a single family residential customer, within the Conversion Area, the Company shall remove the overhead system and connect such persons' and entities' Underground Service Lines to the Underground Distribution System.
- (b) The Parties acknowledge that single family residences within the Conversion Area must (i) provide a service trench and conduit, in accordance with the Company's specifications, from the underground meter base to the point of service provided during the conversion, and (ii) pay for the secondary service conductors as defined in Schedule 85 of the Company's Electric Tariff G. The Government Entity shall exercise its authority to order disconnection and removal of overhead facilities with respect to owners failing to convert service lines from overhead to underground within the timelines provided in RCW 35.96.050.

10. Dispute Resolution.

- (a) Any dispute, disagreement or claim arising out of or concerning this Agreement must first be presented to and considered by the Parties. A Party who wishes dispute resolution shall notify the other Party in writing as to the nature of the dispute. Each Party shall appoint a representative who shall be responsible for representing the Party's interests. The representatives shall exercise good faith efforts to resolve the dispute. Any dispute that is not resolved within ten (10) business days of the date the disagreement was first raised by written notice shall be referred by the Parties' representatives in writing to the senior management of the Parties for resolution. In the event the senior management are unable to resolve the dispute within twenty (20) business days (or such other period as the Parties may agree upon), each Party may pursue resolution of the dispute through other legal means consistent with the terms of this Agreement. All negotiations pursuant to these procedures for the resolution of disputes shall be confidential and shall be treated as compromise and settlement negotiations for purposes of the state and federal rules of evidence.
- (b) Any claim or dispute arising hereunder which relates to any Request for Change or any equitable adjustment under Section 6, above, or the compensation payable by or to either Party under Section 7, above, and which is not resolved by senior management within the time permitted under Section 10(a), above, shall be resolved by arbitration in Seattle, Washington, under the Construction Industry Arbitration Rules of the American Arbitration Association then in effect. The decision(s) of the arbitrator(s) shall be final, conclusive and binding upon the Parties. All other disputes shall be resolved by litigation in any court or governmental agency, as applicable, having jurisdiction over the Parties and the dispute.
- (c) In connection with any arbitration under this Section 10, costs of the arbitrator(s), hearing rooms and other common costs shall be divided equally among the Parties. Each Party shall bear the cost and expense of preparing and presenting its own case (including, but not limited to, its own attorneys' fees); provided, that, in any arbitration, the arbitrator(s) may require, as part of his or her decision, reimbursement of all or a portion of the prevailing Party's costs and expenses (including, but not limited to, reasonable attorneys' fees) by the other Party.
- (d) Unless otherwise agreed by the Parties in writing, the Parties shall continue to perform their respective obligations under this Agreement during the pendency of any dispute.

11. Uncontrollable Forces.

In the event that either Party is prevented or delayed in the performance of any of its obligations under this Agreement by reason beyond its reasonable control (a "Force Majeure Event"), then that Party's performance shall be excused during the Force Majeure Event. Force Majeure Events shall include, without limitation, war; civil disturbance; flood, earthquake or other Act of God; storm, earthquake or other condition which necessitates the mobilization of the personnel of a Party or its contractors to restore utility service to customers; laws, regulations, rules or orders of any governmental agency; sabotage; strikes or similar labor disputes involving personnel of a Party, its contractors or a third party; or any failure or delay in the performance by the other Party, or a third party who is not an employee, agent or contractor of the Party claiming a Force Majeure Event, in connection with the Work or this Agreement. Upon removal or termination of the Force Majeure Event, the Party claiming a Force Majeure Event shall promptly perform the affected obligations in an orderly and expedited manner under this Agreement or procure a substitute for such obligation. The Parties shall use all commercially reasonable efforts to eliminate or minimize any delay caused by a Force Majeure Event.

12. Insurance.

- (a) PSE shall, and shall require each of its contractors to, secure and maintain in force throughout the duration of the Conversion Project (or, if sooner, until termination of this Agreement) comprehensive general liability insurances, with a minimum coverage of \$ 1,000,000 per occurrence and \$ 2,000,000 aggregate for personal injury; and \$ 2,000,000 per occurrence/aggregate for property damages, and professional liability insurance in the amount of \$2,000,000.
- (b) The Government Entity shall ensure that each of its contractors performing any Government Work secures and maintains in force throughout the duration of the Conversion Project (or, if sooner, until termination of this Agreement) insurance policies having the same coverage, amounts and limits as specified Section 12(a), above.
- (c) In lieu of the insurance requirements set forth in Section 12(a), above, the Company may self-insure against such risks in such amounts as are consistent with good utility practice. Upon the Government Entity's request, the Company shall provide the Government Entity with reasonable written evidence that the Company is maintaining such self-insurance.

13. Other.

- (a) Agreement Subject To Tariff. This Agreement is subject to the General Rules and Provisions set forth in Tariff Schedule 80 of the Company's electrical Tariff G and to Schedule 74 of such Tariff as approved by the Washington Utilities and Transportation Commission and in effect as of the date of this Agreement.
- (b) Termination. The Government Entity reserves the right to terminate the Conversion Project and this Agreement upon written notice to the Company. In the event that the Government Entity terminates the Conversion Project and this Agreement, the Government Entity shall reimburse the Company for all costs reasonably incurred by the Company in connection with the Work performed prior to the effective date of termination. In such event, the costs reimbursable to the Company (i) shall not be reduced by any Shared Government Costs or other costs incurred by the Government Entity, and (ii) shall be paid within thirty (30) days after the receipt of the Company's invoice therefor. Sections 1, 5, 7, 8, 9, 10, 11 and 13 shall survive any termination of the Conversion Project and/or this Agreement.
- (c) Facilities Greater Than 15,000 Volts. Nothing in this Agreement shall in any way affect the rights or obligations of the Company under any previous agreements pertaining to the existing or future facilities of greater than 15,000 Volts within the Conversion Area.

- (d) Compliance With Law. The Parties shall, in performing the Work under this Agreement, comply with all applicable federal, state, and local laws, ordinances, and regulations.
- (e) No Discrimination. The Company, with regard to the Work performed by the Company under this Agreement, shall comply with all applicable laws relating to discrimination on the basis race, color, national origin, religion, creed, age, sex, or the presence of any physical or sensory handicap in the selection and retention of employees or procurement of materials or supplies.
- (f) Independent Contractor. The Company and the Government Entity agree that the Company is an independent contractor with respect to the Work and this Agreement. The Company is acting to preserve and protect its facilities and is not acting for the Government Entity in performing the Work. Nothing in this Agreement shall be considered to create the relationship of employer and employee between the Parties. Neither the Company nor any employee of the Company shall be entitled to any benefits accorded employees of the Government Entity by virtue of the Work or this Agreement. The Government Entity shall not be responsible for withholding or otherwise deducting federal income tax or social security or contributing to the State Industrial Insurance Program, or otherwise assuming the duties of an employer with respect to the Company, or any employee of the Company.
- (g) Nonwaiver of Rights or Remedies. No failure or delay of either Party to insist upon or enforce strict performance by the other Party of any provision of this Agreement or to exercise any other right under this Agreement, and no course of dealing or performance with respect thereto, shall, except to the extent provided in this Agreement, be construed as a waiver or, or choice of, or relinquishment of any right under any provision of this Agreement or any right at law or equity not otherwise provided for herein. The express waiver by either Party of any right or remedy under this Agreement or at law or equity in a particular instance or circumstance shall not constitute a waiver thereof in any other instance or circumstance.
- (h) No Third Party Beneficiaries. There are no third-party beneficiaries of this Agreement. Nothing contained in this Agreement is intended to confer any right or interest on anyone other than the Parties, their respective successors, assigns and legal representatives.
- (i) Governmental Authority. This Agreement is subject to the rules, regulations, orders and other requirements, now or hereafter in effect, of all governmental regulatory authorities and courts having jurisdiction over this Agreement, the Parties or either of them. All laws, ordinances, rules, regulations, orders and other requirements, now or hereafter in effect, of governmental regulatory authorities and courts that are required to be incorporated into agreements of this character are by this reference incorporated in this Agreement.
- (j) No Partnership. This Agreement shall not be interpreted or construed to create an association, joint venture or partnership between the Parties or to impose any partnership obligations or liability upon either Party. Further, neither Party shall have any right, power or authority to enter into any agreement or undertaking for or on behalf of, to act as or be an agent or representative of, or to otherwise bind the other Party.
- (k) Severability. In the event that any provision of this Agreement or the application of any such provision shall be held invalid as to either Party or any circumstance by any court having jurisdiction, such provision shall remain in force and effect to the maximum extent provided by law, and all other provisions of this Agreement and their application shall not be affected thereby but shall remain in force and effect unless a court or arbitrator holds they are not severable from the invalid provisions.

- (l) Notice. Any notice under this Agreement shall be in writing and shall be faxed (with a copy followed by mail or hand delivery), delivered in person, or mailed, properly addressed and stamped with the required postage, to the intended recipient as follows:

Any Party may change its address specified in this Section 13(l) by giving the other Party notice of such change in accordance with this Section 13(l).

- (m) Applicable Law. This Agreement shall in all respects be interpreted, construed and enforced in accordance with the laws of the State of Washington (without reference to rules governing conflict of laws), except to the extent such laws may be preempted by the laws of the United States of America.
- (n) Entire Agreement. This Agreement constitutes the entire agreement of the Parties with respect to the subject matter hereof and all other agreements and understandings of the Parties, whether written or oral, with respect to the subject matter of this Agreement are hereby superseded in their entirety; provided, however, that except as expressly set forth in this Agreement, nothing herein is intended to or shall alter, amend or supersede the Design Agreement and the same shall remain in full force and effect in accordance with its terms.
- (o) Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the respective successors, assigns, purchasers, and transferees of the Parties, including but not limited to, any entity to which the rights or obligations of a Party are assigned, delegated, or transferred in any corporate reorganization, change of organization, or purchase or transfer of assets by or to another corporation, partnership, association, or other business organization or division thereof.

*Summary Project Description:*

Widen S. 240th Street roadway to three lanes at the intersections of 16th Ave and 20th Ave S. and provide a multi-use trail on the north side (Barnes Creek Trail), bike lane on the south side, transit stops, curb, gutter, and planter strips where feasible. Trail will provide connectivity between the Barnes Creek Trail on 16th Ave S. and Highline College.

**Justification/Benefits:** The need for pedestrian and bicycle facilities along S. 240th St. and continuation of the Barnes Creek Trail is identified in the City's Comprehensive Transportation Plan and the Six Year Transportation Improvement Plan. S. 240th St. has residential properties and Highline College that generate pedestrian and bicycle traffic along the shoulder of the road. Pedestrians use this route to access bus stops, Highline College, and the Pacific Highway corridor. The Barnes Creek Trail multi-use path will ultimately connect Highline College to South 216th St. via S. 240th St, 16th Ave S., and adjacent historic SR509 right-of-way between Kent Des Moines Rd., and S. 216th St.

---

**Purpose and Recommendation**

The purpose of this agenda item is to hold a public hearing to consider the Carters Dock LLC Development Agreement for a mixed-use project at 28210 and 28212 Redondo Way for 14 residential units with 1,600 square feet of commercial space on 0.675 acres.

**Motion:** "I move to adopt Draft Resolution 26-096 approving the Carters Dock LLC Development Agreement and authorize the City Manager to sign the Development Agreement substantially in the form as submitted."

**Strategic Plan Priority**

Economic Vitality

**Background**

A development agreement is authorized by RCW 36.70B.170 through .210 and by section 18.35.020 of the Des Moines Municipal Code (DMMC). These provisions allow a property owner to enter into an agreement with the City to address project development standards, including design standards, project phasing, review procedures, vesting, and other appropriate development requirements. A development agreement provides assurances to the property owner that the development regulations that apply to the project will not change during the term of the agreement.

In late 2024, the City was approached by Carters Dock LLC regarding their interest in an approximately 0.675 acre parcel located generally at 28210 and 28212 Redondo

Way. Since that time, Saltys Properties, LLC has authorized Carters Dock LLC to submit an application for a development agreement to govern certain aspects of a mixed use development on the site.

Carters Dock LLC has proposed the construction of three multifamily buildings (with one existing building remaining) including approximately 14 residential units and approximately 1,600 square feet of commercial space. The project would also include between 33 and 50 parking spaces.

Although these parcels and the Salty's Restaurant parcels are under the same ownership, they are separate parcels and will be processed and reviewed under their own requirements.

### **Discussion**

The Development Agreement included as an Attachment, contains a couple provisions that modify existing development regulations including using off-site street parking on Redondo Way, including five existing angled spaces and five additional angled spaces to be constructed as part of the street improvements for the required retail and food service parking.

The Development Agreement also defines the future project approvals and review procedures for the project. The project approvals will be consolidated into a single public hearing held by the Hearing Examiner.

The project approval fees are consolidated within the development agreement for review of the Unclassified Use Permit (UUP), Design Review, and Environmental Processing (SEPA) in the amount of \$60,000. This is based on the concurrent review, current fee schedule, and estimated staff time.

The applicant will be at the meeting and have a presentation on their proposed project.

### **Alternatives**

Council has the option to decline to approve the Development Agreement.

### **Financial Impact**

The City will receive one-time revenue from permit fees and sales tax on construction. Additionally, the City will receive increased property taxes as a result of the improvements.

### **Recommendation**

Staff recommends that the City Council approve the Development Agreement (DA) and authorize the City Manager to sign the DA, substantially in the form as submitted.

**CITY ATTORNEY FIRST DRAFT 7/28/2026**

## DEVELOPMENT AGREEMENT

THIS AGREEMENT is entered into this \_\_\_\_ day of \_\_\_\_, 2026 (the “Effective Date”) by and between Saltys Properties LLC, a Washington State limited liability company (“Developer”) and the CITY OF DES MOINES, a Washington municipal corporation (“City”). Developer and the City are each a “Party” and collectively the “Parties” to this Agreement.

### RECITALS

- A. The Washington State Legislature has authorized the execution of development agreements between a local government and an entity having ownership or control of real property within its jurisdiction, pursuant to RCW 36.70B.170 through 36.70B.210 (“Development Agreement Statute”). This Agreement is authorized pursuant to the Development Agreement Statute and the Des Moines Municipal Code (“DMMC” or “Code”) Chapters 18.52 and 18.30 established by Ordinances 1601 and 1591.
- B. Developer owns a total of 29,390 square feet (approximately 0.675 acres) of real property in the City, located generally at 28210 and 28212 Redondo way (“Property”). The Property is legally described in Exhibit A. The Property includes two lots, assigned King County parcel numbers 7203601765-11,213 SF lot (“East Lot”) and 720361766- 18,177 SF lot (“West Lot”).
- C. Both Lots (Site Plan Exhibit B) are designated Commercial (COM) in the City’s Comprehensive Plan, adopted pursuant to Ordinance 1828.
- D. The City and Developer find it desirable to enter into this Agreement for orderly development of the Property consistent with the City’s Comprehensive Plan, and which provides public benefits as defined in Section 4.
- E. Developer proposes construction of a mixed-use project consisting of three new buildings: Building A, containing approximately 1,600 square feet of commercial/retail and food-service space; and Buildings B and C, containing approximately 14 residential townhouse units. The Project will include at least 33 and no more than 50 parking spaces. The Project is depicted on the Conceptual Site Plan in Exhibit C.
- F. Redevelopment of the Properties consistent with the Conceptual Site Plan will benefit the City by, among other reasons, implementing the Comprehensive Plan’s vision of providing new market-rate housing opportunities for City residents and new commercial development.
- G. The Parties intend that this Agreement specify the development standards applicable to the Property, including Project elements, including commercial requirements, the amount of development application fees, review procedures, vesting, and other appropriate requirements.
- H. All Recitals and Exhibits (A - C) referenced in this Agreement are hereby incorporated by reference and shall be considered as material terms of this Agreement.
- I. By this Agreement, the Parties intend to set forth their mutual agreement and understandings as they relate to the development of the Properties.

NOW THEREFORE, in consideration of the mutual benefits and agreements contained herein, as well as other valuable consideration, the receipt and sufficiency of which are now acknowledged, the Parties agree as follows:

## AGREEMENT

1. Definitions.
  - 1.1. “City Council” is the City Council of the City of Des Moines.
  - 1.2. “Comprehensive Plan” is the City of Des Moines 2044 Comprehensive Plan.
  - 1.3. “Developer” means Saltys Properties LLC, a Washington State limited liability company and/or its successors and permitted assigns pursuant to Section 13.
  - 1.4. “Development Director” is the Director of the Department of Community Development.
  - 1.5. “Development Regulations” means those sections of the Des Moines Municipal Code, Des Moines Zoning Code, Des Moines Subdivision Code, Des Moines Comprehensive Plan, Des Moines Zoning Map, and any implementing policies, regulations, procedures, or guidelines addressing the zoning, building and site design, utilities, environmental review (including SEPA procedures and substantive authority), transportation concurrency, and any other elements that govern the development of real property within the City. Unless otherwise defined herein, a term defined in the Development Regulations shall have the meaning assigned to it within the Development Regulations.
  - 1.6. “DMMC” is the Des Moines Municipal Code adopted as of the Effective Date.
  - 1.7. “Effective Date” shall mean the date when the last representative of the City and/or Developer executes and transmits a copy of the signed Agreement.
  - 1.8. “Project” shall mean the Project described in Section 2 and shown on Exhibit C.
  - 1.9. “Property” shall mean the Property legally described on Exhibit A and depicted on Exhibit B.
  - 1.10. Each term defined within the Agreement shall have the meaning assigned to it within the Agreement.
2. Project. The Developer shall develop the Property generally consistent with the Conceptual Site Plan and including the following components:
  - 2.1. Residential. Two multifamily residential townhouse buildings, Buildings B and C, containing approximately 14 market-rate units, with a mix of two-bedroom and three-bedroom units.
  - 2.2. Retail. Approximately 1,600 SF of retail and food-service space will be provided in Building A along the Redondo Beach Drive frontage, as shown on the Conceptual Site Plan.
  - 2.3. Parking. The Project shall include a minimum of 33 parking spaces and no more than 50 parking spaces. The final number, location, and configuration of parking spaces shall be determined through project-level review and approval as provided in Sections 3.1 and 5.
  - 2.4. Uses. Building A shall contain retail and food-service uses in up to four tenant spaces, and Buildings B and C shall be limited to multifamily townhouse use, as shown on the Conceptual Site Plan.

- 2.5. Ground-floor Uses. Building A shall contain the Project non-residential retail and food-service uses.
- a. Retail General Building Design Requirements, DMMC 18.110.080. A minimum of 1,600 SF of retail and food-service space will be provided along the street-facing of Building A located on the Redondo Beach Drive frontage.
- 2.6. Dimensional Standards. The dimensional requirements for new Townhouse structures shall be Attached Townhomes DMMC 18.60.060
- a. Maximum Height. The maximum height of Buildings A through C shall be 35 feet.
- b. Rear and Side Setbacks. Minimum required rear and side setbacks shall be consistent DMMC 18.60.060.
3. Development Regulation Modifications. The Parties agree the development of the Property shall be governed by the City of Des Moines Community Commercial zoning regulations subject to the following modification of the Development Regulations as they apply to the Project:
- 3.1. Parking, DMMC 18.210. The Project shall include at least 33 parking spaces and shall in no event exceed 50 parking spaces. Parking will be provided through a combination of onsite parking and off-site street parking. Onsite parking will include parking serving the townhouse units, including at least one garage parking space for each dwelling unit and two onsite guest parking spaces. Off-site parking will include five existing angled spaces and five additional angled spaces to be constructed as part of the street improvements along Redondo Way S. The final parking ratio, number, location, and configuration shall be determined during review of the Project Approvals and approved by the Director based on a parking study consistent with DMMC 18.210.070(1).
4. Public Benefit. The Project will provide the following public benefits:
- 4.1. Redevelopment. The West Lot has been used for Saltys Restaurant parking, and the East Lot contains an existing unoccupied office building that is not usable and will be demolished and removed before construction of the Project, as shown on the Conceptual Site Plan in Exhibit B. The Project will provide 14 new homes, including two- and three-bedroom units that can accommodate families in advancement of the City Housing Action Plan.
- 4.2. Activation. 14 new homes on this underutilized property will result in activation of the area with increased pedestrian presence and consumers for existing nearby businesses.
- 4.3. Institutional Investment. Institutional-grade investment in the Project establishes precedent for attracting future investment for mixed-use development in the City
- 4.4. Retail and Food Service Space. The project will include up to four retail or food establishment spaces that will help create a more walkable and convenient commercial environment by placing retail uses closer to nearby residents and visitors, which can reduce the need for longer trips for everyday goods and services. It can also support small businesses and service-oriented tenants that serve daily community needs, helping keep spending within Redondo Beach. A new mixed-use building can generate construction jobs during buildout and permanent jobs after opening. It also contributes to sales tax and property tax revenue, which can help support city services and public infrastructure over time.

- 4.5 General Site Development DMMC 18.60.070 Townhouses
- 4.5.1 Walkways. Walkways will be provided onsite. Lighting shall be provided where stairs, curbs, ramps, or abrupt changes in walkway direction occur.
- 4.5.2 Parking DMMC 18.60.070.3 within the townhouse development, at least one of the parking spaces required for each dwelling unit will be provided within the garage. Two guest parking spaces will be provided onsite.
- 4.5.3 Solid Waste area will be provided and accessed near the entrance and screened.
5. Project Approvals. The Parties agree that apart from this Agreement, the following additional land use entitlements are required for the Project: The project would be for a mixed-use development requiring a UUP (Unclassified use permit), with Hearing Examiner approval. State Environmental Policy Act (“SEPA”) review, and Design Review including zoning compliance (collectively, the “Project Approvals”).
- 5.1. Review Procedure. The Parties agree that the review of the Project Approvals will be consolidated under a Type II land use action as defined by DMMC 18.20.180, subject to modifications contained in this Agreement. For the avoidance of doubt, the consolidated Type II procedure will include: 1) public notice of the Project Approval applications; 2) Publication of the SEPA determination and staff recommendation on the UUP and Design Review with notice of a single appeal period; 3) a single public hearing held by the Hearing Examiner. The Hearing Examiner decision on the Project Approvals shall be the final City decision on the Project Approvals.
- 5.2. Project Approval Fees. The Parties agree to the City of Des Moines 2026 Development and Engineering Services Fee Schedule approved by Ordinance 1591 (“Fee Schedule”). However, since the project approvals consist of a single project with concurrent review, the Parties agree that the review fee for the UUP and Design Reviews including SEPA (60 hours) shall be \$60,000. Other development fees, including but not limited to any appeals, building permit, engineering services not covered under review of the UUP, SEPA time over 60 hours, SEPA consultants (if needed), critical areas review, land clearing, technology fee, or processing fees are not included in the \$60,000, and shall be paid at the rate required by the City of Des Moines Development and Engineering Services Fee Schedule applicable at the time of fee payment.
6. Phasing. The first phase of the Project construction shall include construction of commercial space (Building A). Building A must be complete with an issued Temporary Certificate of Occupancy before the Certificates of Occupancy for any other building will be issued.
7. Vesting. Except as provided in Sections 7.1 and 7.2, and as may otherwise be prohibited by law, the Developer shall be entitled to develop the Project under the Development Regulations and land use controls in effect as of the Effective Date of this Agreement (“Vested Code Provisions”), which shall apply for the Term of this Agreement.
- 7.1. Exemptions: The following are exempt from vesting under this Agreement:
- a. Development review fees, except as defined in Section 5.2;

- b. Connection charges, general facilities charges, and monthly service charges;
  - c. Amendments to building, plumbing, fire, and other construction codes adopted pursuant to RCW Ch. 19.27 or 19.27A;
  - d. City enactments that are adopted pursuant to state or federal mandates (such as the City's NPDES Municipal Stormwater Permits) that preempt the City's authority to vest regulations.
- 7.2. Reserved Rights. Notwithstanding any provision in this Agreement, the City reserves authority pursuant to RCW 36.70B.170(4) to impose new or different Development Regulations to the extent required by a serious threat to public health or safety, as determined by the City Council after written notice and an opportunity to be heard by the Developer.
- 7.3. Future Modifications. Due to the length of the vesting term, the Parties understand that allowing some future amendments to Vested Code Provisions to apply to the Project ("Code Amendment") may provide public and Developer benefit. The City may approve the use of amended Code provisions administratively if:
  - a. The Code Amendment does not permit new uses prohibited under the Vested Code Regulations.
  - b. The Code Amendment does not authorize an increase in residential units beyond that permitted by Section 11.1.
- 8. Agreement to Run with the Land. The benefits and obligations of this Agreement shall run with the land and, shall continue following approval of the Development Agreement, including during construction, leasing, and any transfer of ownership to the Developer successors and assigns in accordance with Section 13.
- 9. Term. The term of this Agreement shall be twenty (20) years from the Effective Date of this Agreement ("Expiration Date").
- 10. SEPA. Pursuant to the State Environmental Policy Act ("SEPA"), piecemeal environmental review is discouraged. The Developer has not completed the Unclassified Use Permit process under DMMC Chapter 18.230, and therefore, SEPA review will not be conducted as part of this Agreement. The SEPA review will be conducted with the UUP application.
- 11. Amendment of Agreement. Amendment of this Agreement is subject to the provisions of Section 28. Amendments to the Agreement shall be designated as either minor or major amendment by the Director of Planning and Community Development, in consultation with affected City Departments.
  - 11.1 Minor Amendments. A minor amendment is an amendment that is not defined below as a major amendment, and:
    - a. Does not increase the number of residential units by more than five (5) percent of the Project as approved in Section 2;
    - b. Amendments to the phasing requirement in Section 6.
  - 11.2 Major Amendments. A major amendment shall require an amendment to the Agreement and expressly includes:

- a. Changing the term of the Agreement as set forth in Section 9;
- b. Proposing a land use that is not allowed in the Community Commercial zone;
- c. An amendment to any of the modifications set forth in Section 3.

11.3 Processing of amendments.

- a. Major Amendments shall be processed as a Type V decision requiring notice, a public hearing and City Council approval.
- b. Minor Amendments shall be administratively reviewed and approved by the Development Director following the procedures for a Type I decision as set forth in DMMC 18.20.150 without notice, public hearing, or City Council approval.
  - i. The Development Director's decision classifying an amendment as major or minor is final and not subject to reconsideration or administrative appeal.
  - ii. The City's decision to approve a minor or major amendment is discretionary. The City may impose reasonable conditions of approval on any amendment.
  - iii. The fee for processing of a minor or major amendment shall be the hourly rate set forth in the City of Des Moines Development and Engineering Services Fee Schedule as approved by City Council pursuant DMMC 18.20.090 for design review at the time of the amendment unless a separate fee is set by a subsequently adopted fee schedule.
  - iv. If approved, the Developer shall record the executed amendment.

12. Recording. The Developer shall record this Agreement with the King County Recorder's Office.

13. Binding Effect; Assignability. This Agreement shall bind and inure to the benefit of the Parties and the Parties' respective successors, heirs, legatees, representatives, receivers, trustees, successors, transferees, and assigns. The Developer shall have the right, in its sole discretion, to assign or transfer its rights, in whole or in part, under this Agreement.

14. Interpretation. This Agreement has been reviewed and revised by legal counsel for both Parties, and no presumption or rule construing ambiguity against the drafter of the document shall apply to the interpretation or enforcement of this Agreement. Nothing herein shall be construed as a waiver of the City's constitutional and statutory powers. Nothing herein shall be construed or implied that the City is contracting away its constitutional and statutory powers except as otherwise authorized by law.

15. Authority. Each signatory to this Agreement represents and warrants that they have full power and authority to execute and deliver this Agreement on behalf of the Party for which they are signing and that they will defend and hold harmless the other Parties and signatories from any claim that they were not fully authorized to execute this Agreement on behalf of the person or entity for whom they signed. Upon proper execution and delivery, this Agreement will have been duly entered into by the Parties, will constitute as against each Party a valid, legal, and binding obligation that shall run with the land and will be enforceable against each Party in accordance with the terms herein.

16. Delays. If either Party is delayed in performing its obligations in this Agreement due to Force Majeure, then the performance of such obligation shall be excused for the period of delay. Force Majeure means extraordinary natural events or conditions such as war, riot, labor disputes, pandemic (including but not limited to COVID-19 or its variants), or other similar causes beyond the reasonable control of the obligated party.

17. Termination.

17.1 This Agreement shall expire and be of no further force and effect if:

- a. This Agreement shall terminate upon Developer's abandonment of development of the Property. Developers shall be deemed to have abandoned development of the Property if:
  - i. A complete application for a UUP has not been received by the City within one year of the Effective Date of this Agreement consistent with DMMC 18.20.120 except in the case of Force Majeure as provided in Section 16; or
  - ii. A submitted UUP application is terminated consistent with DMMC 18.20.095; or
- b. This Agreement shall terminate either (1) upon the expiration of the term identified in Section 9 above, or (2) when the Property has been fully developed and all of Developer's obligations in connection therewith are satisfied as determined by the City, whichever first occurs. Upon termination of this Agreement, the City shall record a notice of such termination in a form satisfactory to the City Attorney.
- c. Notwithstanding anything in this Agreement to the contrary, Developer may, at any time before any development occurs, terminate this Agreement at any time, with or without cause, by providing not less than seven (7) days' prior written notice to the City. Termination shall be effective upon expiration of the seven (7) day notice period.

Upon termination, this Agreement shall be of no further force or effect. Developer, Saltys Properties LLC, Saltys Properties II LLC, Gerald Kingen, Kathryn Kingen, and their respective members, managers, affiliates, agents, representatives, successors, and assigns shall have no further liability, obligation, duty, cost, expense, penalty, damages, or responsibility arising under this Agreement after the effective date of termination. The City shall have no right to seek damages, specific performance, injunctive relief, penalties, attorneys' fees, costs, or any other legal or equitable remedy against Developer or any Seller Released Party based upon Developer's exercise of the termination right provided herein.

Termination under this Section shall be without prejudice to, and shall not impair, limit, waive, restrict, or adversely affect, any present or future right of Developer, any successor owner, or any future applicant to submit, pursue, modify, renew, or obtain any development agreement, permit application, entitlement, zoning approval, SEPA review, design review, subdivision, variance, code interpretation, or other land use approval relating to the Property. Such termination shall not constitute an abandonment of development rights or be used as evidence against any future application affecting the Property.

Upon any conveyance of the Property, Developer may assign this Agreement to the transferee of the Property. Following such assignment, the assigning owner shall be automatically released from all obligations and liabilities arising after the effective date of assignment, and the assignee shall thereafter be solely responsible for performance under the Agreement.

18. Notices. All notices, requests, demands, and other communications called for or contemplated by this Agreement shall be (a) in writing and (b) duly given by mailing the same by certified mail, return receipt requested, or by delivering the same by hand to the following addresses, or to such other addresses as the Parties may designate by written notice in the manner aforesaid:

19. Dispute Resolution. The Parties intend to work cooperatively and resolve disputes efficiently and cost-effectively. The Parties shall resolve all disputes arising out of or relating to this Agreement as follows:

19.1. Settlement Meeting. If any dispute arises between the Parties relating to this Agreement, the Parties shall meet and seek to resolve the dispute, in good faith, within ten (10) days after a Party request such a meeting. The City shall send the Community Development Director or a designee with information relating to the dispute, and the Developer shall send a developer's representative or person with technical information or expertise related to the dispute.

19.2. Mediation. If the Parties cannot resolve the issue within ten (10) days, then they shall mediate the matter using a mediator from Judicial Dispute Resolution, LLC, or if that entity

fails or declines to serve such other similar service or organization as agreed by the parties, or as appointed by the court if the parties cannot agree (collectively “JDR”), within seven (7) days of their failure to agree pursuant to Section 19.1. The Parties shall evenly split any fees charged by JDR, regardless of the outcome of the mediation. Each party shall bear its own attorneys’ fees in connection with the mediation. If the Parties have still not resolved the matter following the mediation, then and only then shall judicial action be permitted.

20. Governing Law and Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Washington. To the extent permitted, the venue for any judicial action arising out of or relating to this Agreement shall lie in King County Superior Court.
21. Specific Performance. The Parties specifically agree that damages are not an adequate remedy for breach of this Agreement and that the Parties are entitled to compel specific performance of all material terms of this Agreement by any Party in default hereof. All terms and provisions of this Agreement are material.
22. Attorneys’ Fees. In any judicial action to enforce or determine a party’s rights under this Agreement, the prevailing party (or the substantially prevailing party, if no one party prevails entirely) shall be entitled to reasonable attorneys’ fees, expert witness fees, and costs, including fees and costs incurred in the appeal of any ruling of a lower court.
23. No Third-Party Beneficiary. This Agreement is made and entered into for the sole protection and benefit of the parties hereto and their successors and assigns. No other person shall have any right of action based upon any provision of this Agreement.
24. Severability. This Agreement does not violate any known federal or state statute, rule, regulation, or common law. Any provision found invalid or in violation of any statute, rule, regulation, or common law shall be considered null and void, with the remaining provisions remaining viable and in effect.
25. Cooperation in Execution of Documents. The Parties agree to properly and promptly execute and deliver any and all additional documents that may be necessary to render this Agreement practically effective. This paragraph shall not require the execution of any document that expands, alters, or in any way changes the terms of this Agreement.
26. Exhibits. This Agreement includes the following exhibits, which are incorporated by reference herein:
  - Exhibit A – Legal Description
  - Exhibit B – Conceptual Site Plan
  - Exhibit C – Conceptual Elevations
27. Full Understanding. The Parties each acknowledge, represent, and agree that they: (a) have read this Agreement; (b) fully understand the terms thereof; (c) have had the opportunity to be fully advised by their legal counsel and any other advisors with respect thereto; and (d) are executing this Agreement after sufficient review and understanding of its contents.

28. Final and Complete Agreement. This Agreement is integrated and constitutes the final and complete expression of the Parties on all subjects relating to the development of the Property. This Agreement may not be modified, interpreted, amended, waived or revoked orally, but only by a writing signed by all Parties. This Agreement supersedes and replaces all prior agreements, discussions, and representations on all subjects discussed herein, without limitation. No Party is entering into this Agreement in reliance on any oral or written promises, inducements, representations, understandings, interpretations, or agreements other than those contained in this Agreement and the Exhibits hereto.

# Carter's Dock LLC Development Agreement

Rebecca Deming  
City Council August 13, 2026

# Purpose and Recommendation

The purpose of this agenda item is to hold a public hearing to consider the Carters Dock LLC Development Agreement for a mixed-use project at 28210 and 28212 Redondo Way for 14 residential units with 1,600 square feet of commercial space on 0.675 acres.

## **Suggested Motion**

“I move to adopt Draft Resolution 26-096 approving the Carters Dock LLC Development Agreement and authorize the City Manager to sign the Development Agreement substantially in the form as submitted.”

# Development Agreement (DA)

- Authorized by RCW 36.70B.170 through .210 and DMMC 18.35.020
  - Provisions allow City to address project development standards including:
    - Design standards
    - Project phasing
    - Review procedures
    - Vesting
    - Fees
    - Other appropriate development requirements
  - A DA provides assurances to property owner that development regulations that apply to the project will not change during the term of the agreement.

# Project

- 28210 and 28212 Redondo way
- 0.675 acres
- 14 market rate townhomes
- 1,600 retail and food service space

# Development Regulations/Terms:

- **Dimensional Standards**

- Maximum Height: 35 ft

- **Parking**

- 33 – 50 parking spaces
- The required retail and food service parking will be met using off-site street parking on Redondo Way, including five existing angled spaces and five additional angled spaces to be constructed as part of the street improvements.

- **Future Approvals**

- The project approvals will be consolidated to a single public hearing held by the Hearing Examiner.

- **Fees**

- Unclassified Use Permit(UUP), Design Review, and Environmental Processing (SEPA) in the amount of \$60,000.

# Public Hearing Noticing

- Published in Seattle Times July 29th
- Mailed to Property Owners & Residents within 300'
- Posted at City Hall and City's website
- Emailed to surrounding jurisdictions, special purpose districts, state agencies, utilities, Tribes, and other interested parties on City's distribution list.

## If Development Agreement Approved:

- Applicant Submittal of Unclassified Use Permit (UUP), Design Review, and SEPA for City Review
  - **Review for City Standards (including Design Review) and Development Agreement requirements** by City Departments
  - **Public Hearing for Project held** by Hearing Examiner
  - Noticing for Public Hearing in Paper, 300' surrounding properties, and at Site.

# What's Next

- Applicant is required to submit an Unclassified Use Permit (UUP), Design Review, and SEPA for City Review within one year.
- City Staff begins review of development application for consistency with:
  - State Environmental Policy Act (SEPA)
  - Shoreline Master Program (SMP)
  - Municipal Code/Zoning
    - Design Review
    - Landscaping
    - Public Improvements
  - Development Agreement

# Questions We Have Received

Why isn't the restaurant included in the Agreement?

The previous Salty's Restaurant is a separate parcel and was not part of is application.

Does that mean the restaurant is not happening?

No, we have been informed by the applicants that they still plan on moving forward with remodeling the restaurant, it is just a separate project.

Where will the restaurant customers park if this is developed?

The applicants will need to work with the city to comply with any parking requirements offsite as part of their restaurant project.

I'm concerned about construction impacts. How am I protected?

The development project will still go through project review and noticing, including a hearing with the Hearing Examiner. They will be required to pull permits and meet required construction codes.

# Suggested Motion

“I move to adopt Draft Resolution 26-096 approving the Carters Dock LLC Development Agreement and authorize the City Manager to sign the Development Agreement substantially in the form as submitted.”

# Parking Calculations

## City Code:

Townhouses: 1 per unit plus one visitor per 5 units (minimum 1 visitor)

Retail C-C: 1 per 300 sf

Restaurants: 1 per 125 sf

18.210.050

Preexisting Parking Spaces. A development in existence prior to May 8, 1987, or at the time of its annexation to the City if later, which does not have sufficient parking space on the basis of this section, may continue to operate with the parking deficiency as long as no enlargement or other change is made which would require additional parking spaces.

## New Parking Laws SB 5184 (6.2028):

Townhomes: 1 per unit

Commercial: 2 per 1,000 sf

No parking for Commercial buildings under 3,000 square feet

# Parking Calculations

## Project Under Current City Code:

1,600 Sq ft commercial/retail -between 6 and 13 spaces

14 Townhouses – 17 spaces

**23 – 30 spaces**

*Restaurant (Salty's)*

5,100 (based on County records)

**41 spaces**

## Project under SB 5184 (6.2028):

1,600 Sq ft commercial/retail – 0 spaces

14 Townhouses – 14 spaces

**14 spaces**

*Restaurant (Salty's)*

- Representative work includes Wilkeson Elementary, the Nordic Heritage Museum, land-use and utility work for a Buddhist temple, a Seattle residential ADU, and a City of Issaquah three-lot short plat

# What We Are Asking the City to Approve

---

- Approval to continue advancing a mixed-use development at 28210 and 28212 Redondo Way
- A framework for subsequent environmental, land-use, design, and engineering review
- Not approval of the final architecture and not issuance of a construction permit
- Final plans remain subject to City codes, public notice, and Hearing Examiner review

# Project Overview

---

- Redevelop approximately two-thirds of an acre of underused property
- Approximately 14 two- and three-bedroom townhomes
- Approximately 1,600 square feet of retail and food-service space
- Between 33 and 50 parking spaces
- Commercial building completed before residential occupancy approvals

# Restaurant / Food-Service Opening

---

- Building A: approximately 1,600 square feet of retail and food-service space
- Up to four tenant spaces are contemplated
- Commercial building must receive a Temporary Certificate of Occupancy before residential occupancy approvals
- The Development Agreement does not select an operator or set an exact opening date
- Opening follows final approvals, tenant selection, build-out, and operating permits
- Confirmed milestones will be posted on the community board and project website

# Project Parking: What Is Committed

---

- 33–50 total project parking spaces
- At least one garage space per townhouse plus two on-site guest spaces
- Five existing and five new angled spaces along Redondo Way South
- No fixed restaurant-only parking allocation is established in the Development Agreement
- Final ratio, number, location, and configuration will be based on a parking study and City review
- Review will address restaurant customers and employees as well as residential and guest demand

# Project Site and Surrounding Parcels

- Proposed project site: 28210 and 28212 Redondo Way.
- The parcel map shows the project's relationship to surrounding homes, streets, parks, and shoreline.
- Site planning, access, and construction management will be reviewed in this neighborhood context.

Parcel map — project site and surrounding neighborhood

# Building Design and Compatibility

---

- Current elevation drawings are conceptual not the final design
- Architecture, materials, landscaping, setbacks, screening, and lighting will be refined
- Final design must comply with applicable City zoning, design, building, fire, and safety codes
- Transitions and buffering will be evaluated for compatibility with nearby homes

# Access, Traffic, and Worker Parking

---

- Keep neighboring driveways, walkways, and private-property access open
- Maintain emergency vehicle access throughout construction
- Use an approved traffic-control plan for right-of-way work
- Use designated on-site or off-site worker parking
- Arrange worker transportation if site parking is insufficient

# Community Communication and Noise

---

- Post a community information board prominently at the project site
- Provide a website address and QR code with construction schedules
- Post advance information about right-of-way work, major deliveries, utilities, and traffic impacts
- Provide a project contact for questions and concerns
- Use practical noise controls and comply with authorized construction hours

# Shoreline and Environmental Review

- The site is in the High-Intensity shoreline environment.
- Water-dependent uses are first priority; water-related and water-enjoyment uses are second.
- The proposed water-facing retail and food-service frontage responds to this hierarchy.
- Mixed-use, stormwater, mitigation, and no-net-loss standards still apply.
- Full SEPA, shoreline, design, drainage, engineering, and permit review continues.

Figure 5-1 — Shoreline Environment Designations

# Conclusion: Restaurant, Parking, and Next Steps

---

- Deliver the commercial food-service building before residential occupancy approvals
- Complete the parking study and final City review before project approval
- Protect access, communication, neighborhood compatibility, and shoreline functions
- Continue working with surrounding residents as design and operating details are confirmed
- Move the project forward through the required review process

**Purpose and Recommendation**

The purpose of this agenda item is to present alternatives for the South 223rd Street Project, which was last brought before Council on April 9, 2026. Staff will return on August 27, 2026, to seek direction on the alternatives presented this evening, as well as direction on grant negotiations with the Washington State Department of Ecology.

**Strategic Plan Priority**

Public Safety, Natural and Built Environment

**Background**

This project was initiated in December 2022, when Council approved a contract with KPG (now Psomas) to conduct a planning study. The study report was finalized in April 2024 and advanced the project to the ten percent preliminary design level. In September 2025, staff applied for a water quality grant from the Washington State Department of Ecology and were notified of selection in March 2026. On April 2, 2026, staff presented several capital improvement projects, including South 223rd Street and the Ecology grant. Council provided direction to decline the grant and indicated that there was no interest in pursuing the project at that time. On April 9, 2026, Council requested reconsideration of the grant and the project, and directed staff to present alternatives at a future meeting.

**Discussion**

Staff will present three alternatives for the South 223rd Street Project, along with a preliminary cost estimate for the water quality features outlined in the Department of Ecology grant. Staff requests that at the August 27, 2026 Council meeting, Council

provide direction on both the preferred alternative for South 223rd Street and whether to accept or decline the Ecology grant. Staff is presenting this information initially on August 13 so Council has time to consider the options before direction is needed.

# S 223<sup>rd</sup> Street Options

- Option #1 – Keep the Status Quo – no project
- Option #2 – Sidewalk improvements
- Option #3 – Full corridor improvement project

# Option #1 –Status Quo

- Existing partial sidewalk connections
- Maintain existing utility infrastructure and parking
- Untreated stormwater runoff flows directly into Puget Sound

# Option #1 –Status Quo

Existing Conditions:  
6th Ave S to Cliff

Existing Conditions:  
6<sup>th</sup> Ave S to Marine View Drive

# Option #2 –Sidewalk improvements

- Completed **ADA sidewalk** connections from Cliff Ave to 7<sup>th</sup> Ave S
- No additional improvements (overhead utility lines remain, no landscaping or placemaking)
- *Water quality can be integrated*

# Option #2 –Sidewalk improvements

- Estimated cost: ~\$500,000\*
- Possible funding sources: City General Fund, Transportation Benefit District (TBD), WSDOT grants

Option #2:  
6th Ave S to Cliff

Option #2:  
6th Ave S to 7th Ave S

\*cost estimate includes design, construction, and construction management

# Option #3 – Full Corridor Improvement Project

- Enhanced streetscape with completed **ADA sidewalk** connections and a **landscaped pedestrian buffer**, **undergrounding** of overhead power lines, **lighting improvements**, and **placemaking**
- Water quality can be integrated*

# Option #3 – Full Corridor Improvement Project

# Preferred Alternative Discussion

- **Option 1** – No project
  - No associated costs: sidewalks remain disconnected and not ADA compliant
- **Option 2** – Improvements to sidewalk connections
  - *~\$500k: brings 223<sup>rd</sup> into ADA compliance (from 5<sup>th</sup> to 7<sup>th</sup>)*
  - *Limited grant applicability*
  - *Quicker to implement due to lower cost and less scope*
- **Option 3** – Full corridor improvements
  - *~\$4.2 mil: Enhanced streetscape with completed ADA sidewalk connections (from MVD to 5<sup>th</sup>), a landscaped pedestrian buffer, etc.*
  - *Highly grant competitive*
- **Staff request for direction on preferred alternative at the 8/27/26 Council Meeting**

**Purpose and Recommendation**

The purpose of this item is to discuss the potential relocation of the Des Moines Area Food Bank to a City-owned parcel and to consider and approve a Memorandum of Understanding (MOU) granting the Food Bank access to the property to allow for preliminary planning and review to be done.

**Motion:** "I move to approve the MOU with the Des Moines Area Food Bank to grant access to City property to allow for preliminary planning and review for the potential relocation of the Food Bank, and authorize the City Manager to sign the MOU substantially in the form as attached."

**Strategic Plan Priority**

Engaged and Thriving Community

**Background**

For 60 years, the Des Moines Area Food Bank has been in the lower level of the Des Moines United Methodist Church serving a diverse community with high need. The food bank's current space is about 5,100 square feet, using multiple classrooms as office, food storage and food market space. The church worked well when two staff people, a part-time custodian, and 60 volunteers handed out bags of food to 500 families per month with no additional programming. But today, the food bank serves twice as much food to twice as many families (almost three times as many individuals). One classroom serves as an office for four staff people. Pallets of food need to be unloaded into classroom storage by hand. Volunteers are working to sort food, assemble home

delivery boxes and prepare weekend backpacks for kids in the hallway while clients are waiting outside in the rain or hot sun.

In December of 2025, the church notified the food bank that they were reducing the length of the food bank's contract to only one year. In further discussions, the food bank learned that the church was facing financial difficulties in maintaining its building and programming. Accordingly, the food bank board of directors made the decision to relocate.

### **Discussion**

As food bank executives began looking for property this past spring, it quickly became clear that there were limited buildings available for a move and none within the food bank's budget. The food bank turned to the City of Des Moines to explore the possibilities of buying or building on City property. Recognizing the vital services the food bank provides, the City reviewed available options and proposed a parcel of land (#0922049405) located next to Steven J. Underwood Park and the Post Office. Unlike the existing food bank location, this proposed new location would not be in a residential area, and would be much closer to Pacific Hwy where many families in need live. The location is also near two large arterials, a main bus line and the Sound Transit light rail.

In addition to being a better location, the size of the property would allow greater efficiency with warehouse space that can handle movement of food by pallet with vertical storage. A walk-in refrigerator and freezer will allow for greater storage capacity and energy efficiency. A larger and more open layout would create a bigger and better market space for customers and allow for more customers at once, reducing waiting times. The separation of warehousing and delivery from the client entry and waiting areas will enhance safety and allow for more flexible client hours. Finally, a larger space would allow the food bank to offer additional services, where a "classroom" is for classes like nutrition education or financial literacy instead of food storage. Above all of these improvements stands the assurance that there will continue to be a food bank serving our community.

The terms of a lease agreement still need to be negotiated but the proposed MOU grants the Food Bank access to the property to allow for preliminary planning and review to be done. Additionally, it demonstrates the City's commitment and investment in this important asset to our community.

### **Alternatives**

1. Approve the MOU as written.
2. Approve the MOU with amendments.
3. Do not approve the MOU.

### **Financial Impact**

The lease being prepared would provide a long-term lease of the land at a nominal annual fee. The food bank will be responsible for all development costs, but the City will assist in rezoning and with the planning and permitting process.

**Recommendation**

Approve the MOU as submitted.

## Memorandum of Understanding

**THIS MEMORANDUM OF UNDERSTANDING (“Agreement”)** is made and entered into this \_\_\_\_ day of August, 2026 (“**Effective Date**”), by and between the City of Des Moines, a municipal corporation (“**City**”) and the Des Moines Food Bank, a not for profit entity (“**Food Bank**”). City and Food Bank are sometimes referred to herein as a “Party” or collectively as the “Parties.”

### RECITALS:

A. City owns real property parcel #0922049405 in Des Moines, Washington, which is more particularly described in **Exhibit A**, attached hereto and incorporated herein by this reference (“**Property**”).

B. City desires to allow Food Bank to develop a portion of the Property, which consists of the northern portion of the Property described in Exhibit A for the purpose of designing and constructing a new Food Bank collection and distribution center (“**Project**”).

C. The City now desires to offer Food Bank the commitment to securing a long-term lease of the property subject to the Food Bank meeting specific objectives.

**NOW, THEREFORE**, in consideration of the mutual covenants and promises hereinafter set forth, the parties hereby agree as follows:

1. **Good Faith Negotiations.** Subject to all terms and conditions of this Agreement, the City and Food Bank agree for the time period set forth below to negotiate diligently and in good faith a long term lease of the Property for the development and construction of the Project by the Food Bank.
  - a. It is expressly understood and agreed by the Parties that this is a contract regarding negotiations only and does not convey any interest in the Property.
  - b. City agrees, for the term of this MOU, to not negotiate with, solicit offers or seek proposals regarding the use or lease of this Property with any other person or entity.
2. **Term of Agreement.**

A. Initial Term. The term of this Agreement shall be for a period of six (6) calendar months from the Effective Date (“**Initial Term**”) unless earlier terminated or extended as provided in this Section 2C or Section 9.

B. Extended Term. The City Manager (“**Manager**”) or his designee acting on behalf of the City, shall have the right to extend the Initial Term of this Agreement for up to twelve (12) additional months (“**Extended Term**”). The decision to extend the Initial Term shall be at the sole and absolute discretion of the Manager. If the Manager elects to extend the Initial Term, the Manager shall notify Food Bank in writing not less than thirty (30) days prior to expiration of the Initial Term (“**Notice of Extension**”).

C. Termination Following Execution of Lease Agreement. If a Lease Agreement is executed by the Parties relating to all or part of the Property during the Initial Term or any Extended Term, then this Agreement shall terminate upon execution of said Project Agreement with regard to the portion of the Property subject to said Project Agreement.

3. **Lease Agreement.** The City is committed to offering a long term lease agreement at a nominal rate to allow the Food Bank to continue to provide vital services to residents of Des Moines and surrounding jurisdictions. Accordingly, the City will work diligently with the Food Bank to promptly finalize the agreement subject to the Food Bank meeting certain criteria, such as securing funding and development of the site. The agreement shall set certain benchmarks to ensure timely development of the site in exchange for continued use. Once a satisfactory draft lease agreement is completed, it will be returned to both the Food Bank board and the City Council for approval.

4. **Right of Entry.** During the Initial Term or any extension thereof, the Food Bank, its representatives, consultants, contractors, agents and employees shall have the right to enter the Property at all reasonable times for the purpose of conducting any tests, studies, analysis or other work necessary to perform the milestones set forth above. The Food Bank shall provide the City with written notice prior to entry on the Property. The Food Bank shall have access to all data and information on the Property available to the City, but without warranty or representation by the City as to the completeness, correctness or validity of such data and information.

5. **Food Bank Responsibilities.**

A. Development Costs. Food Bank expressly acknowledges that all expenses and costs it may incur during the Term of this MOU or as a result of this MOU are its sole obligation and responsibility and done at its sole risk, including, but not limited to, any costs associated with any proposed project and any costs incurred to prepare the necessary studies and analysis required for any proposed project. All City fees for processing a development application or any review are due upon submittal of each and every development application to the City.

B. Entitlement Applications. Food Bank shall cooperate with City in the preparation, processing and submittal of the Project planning and zoning approvals and related environmental documents by supplying necessary information and/or development plans concerning the Project. Food Bank will be responsible for necessary application and permit fees for the Project.

C. Progress Reports. Food Bank shall keep City apprised as to the status of all work to be undertaken by or on behalf of the Food Bank and shall submit to City within twenty (20) days following City's request, via email or other reasonable method, a progress update advising City of the status of all work being undertaken by or on behalf of the Food Bank.

D. Food Bank Representative. The Food Bank appoints Barb Vassey to act as its representative.

6. **City Responsibilities.**

A. City Assistance and Cooperation. City shall cooperate with the Food Bank by providing information regarding the development potential of the Property.

B. Entitlement Processing. City shall cooperate with the Food Bank in the preparation, processing and submittal of the Project planning and zoning approvals and related environmental documents by supplying necessary technical data and other related information and/or development plans concerning the Project.

C. Progress Reports. City shall keep the Food Bank apprised as to the status of all work to be undertaken by or on behalf of City.

D. City Representative. City appoints City Attorney Tim George as its representative.

7. **Distinction from Regulatory Authority of the City**. Food Bank understands and agrees that this Agreement does not and shall not be construed to indicate or imply that the City, acting as a regulatory or permitting authority, has hereby granted or is obligated to grant any approval or permit required by law for the development of the Project on the Property as contemplated by this Agreement.

8. **Non-discrimination**. The Food Bank shall not discriminate, in any way, against any person on the basis of age, sex, race, color, religion, sexual orientation, actual or perceived gender identity, disability, ethnicity or national origin in connection with or related to the performance of this Agreement.

9. **Termination**. Subject to the cure right provided below, if the Food Bank does not comply in a timely and diligent manner with any material obligation under this Agreement, the City, at its option, may terminate this Agreement at any time by written notice to the Food Bank. The Manager may terminate this Agreement on behalf of the City. The termination shall be effective upon Food Bank's receipt of City's written notice. If, during the Initial Term or any Extended Term, the Food Bank determines that it is not commercially feasible to develop the Project, the Food Bank shall have the right to terminate this Agreement upon providing written notice to City.

Notwithstanding anything to the contrary contained herein, in the event of a default of this Agreement by either Party, the other Party shall have all rights and remedies available under applicable law. Neither Party shall be deemed to be in default unless and until the other Party has provided the defaulting Party with written notice of such default and such defaulting Party shall have failed to cure such default within the period of thirty (30) days following the giving of such notice from the other Party.

10. **Indemnification**. The Food Bank shall defend, indemnify and hold harmless the City, and its officers, employees and agents against any claim, loss or liability arising out of this Agreement or resulting in any way from work performed under this Agreement, including any work performed on the Property pursuant to the provisions of Section 4 above. This indemnification shall survive the expiration or other termination of this Agreement.

11. **Assignment.** The Food Bank may not transfer or assign any or all of its rights or obligations hereunder except with the prior written consent of City which may be granted or withheld in City's sole and absolute discretion, and any such attempted assignment without the prior written consent of City shall be wholly void and of no effect.

WITNESS THE EXECUTION HEREOF on the day and year first hereinabove written.

# Food Bank Relocation

## Memorandum of Understanding (MOU)

# Background

- Des Moines Area Food Bank - located at United Methodist Church for the last 60 years.
- Have outgrown existing space.
- Future plans for the Church are uncertain.
- Food Bank has been actively searching for a new location.
- The market rate of available land/buildings greatly exceeds available budget.

# Food Bank Relocation Efforts

- ❑ City has identified parcel that may be suitable for Food Bank
- ❑ Parcel is vacant, would need to be cleared and developed.
- ❑ Excluding SJU parking lot and UW air monitor leaves a little under 1 acre of land.
- ❑ Assessed value = \$205,000 but nearby parcel recently sold for \$1.2 mil/acre.
- ❑ Rezone required

# Food Bank Relocation Efforts

- ❑ From the Food Bank:
- ❑ **Site control is critical:** A secured site or long-term lease strengthens grant competitiveness, signals project readiness, and demonstrates community support.
- ❑ **Funding strategy ready to launch:** Upon site agreement, DMAFB will immediately pursue grants (county/state/federal), leverage ~\$500K in existing funds, and engage legislative partners.
- ❑ **Layered funding approach:** Combine public grants, private/corporate contributions, and a future community capital campaign to fully fund the project.

# Next steps

Once MOU is approved, City will prepare long-term lease agreement for future Council consideration.

Rezone process will begin.

Food Bank continues to raise funds.

Food Bank initiates feasibility and plan preparation.

# Suggested Motion

"I move to approve the MOU with the Des Moines Area Food Bank to grant access to City property to allow for preliminary planning and review for the potential relocation of the Food Bank, and authorize the City Manager to sign the MOU substantially in the form as attached."
