Purpose and Recommendation

The purpose of this agenda item is to seek City Council approval of the contract with Environmental Science Associates (ESA) for the purpose of preparing a limited scope Environmental Impact Statement (EIS) for a proposal by Zenith Properties LLC (Applicant). Project costs will be paid by the Applicant through a phased contracting approach: Phase 1- Scoping, Phase 2 - Draft EIS and Phase 3 - Final EIS.

Suggested Motion

Motion 1: "I move to approve the agreement with Environmental Science Associates for the purpose of preparing an Environmental Impact Statement for a proposal by Zenith Properties LLC as required by the State Environmental Policy Act, and authorize the City Manager to sign the contract substantially in the form as submitted."

Background

Zenith Properties LLC (Zenith) is the applicant for a demolition permit of the structures located at 23660 Marine View Drive S. (aka Landmark on the Sound), being processed under City Application Number LUA2019-0032. Zenith has completed and submitted to the City a State Environmental Policy Act (SEPA) Checklist for the demolition of the existing structures along with supporting historical documentation.

To date, the City is reviewing the Proposal as the basis for making a SEPA threshold determination pursuant to chapter 16.05 Des Moines Municipal Code (DMMC) and WAC 197-11-360. The City anticipates the issuance of a Determination of Significance (DS) requiring a limited scope environmental impact statement for this project to focus on the following:

- 1. Analysis of potential adverse impacts to historic and cultural resources;
- 2. Evaluation of reasonable alternatives that would avoid or minimize adverse impacts resulting from the proposed demolition and potential mitigation;
- 3. Public Involvement; and
- 4. Preparation of a Draft and Final EIS.

Pursuant to DMMC 16.05.160, preparation and content of draft and final EISs are the responsibility of the Planning, Building and Public Works Department under the direction of the responsible official. The Department can contract with consultants as necessary with the cost to be paid by the applicant.

The City is required to review and process applications and to complete the environmental review (SEPA) process. In order to assure a rigorous analysis of the proposal and peer review of applicantsubmitted information, consultant assistance is needed. Although the costs are paid by the applicant, the contract is between the City and the consultant who will work at the direction of city staff. Contracting with ESA adds technical expertise and assures a robust public involvement process. The Phase 1 (Scoping) process is an opportunity for the public's voice to be heard related to the scope of the EIS and the alternatives to be evaluated.

Staff reviewed the qualifications of several firms and has selected ESA as the most qualified firm, with experience in EIS preparation, cultural resources, and public involvement.

Discussion

In order to develop a more refined scope and budget, the project contract is broken out into three phases:

- Phase 1 Scoping: kickoff meeting, alternatives development, scoping meeting, public involvement, comments and summary document. This will provide better information related to how many people are interested in the project and help refine the scope of the EIS.
- Phase 2 Draft EIS (based on level of interest in scoping)
- Phase 3 Final EIS

This approach will enable the Consultant team to tailor the scope and budget to address the required level of analysis to meet the City's obligations under SEPA and to address Agency and public comments on the project.

Alternatives

This work is required by state law and City Code. Preparation of an adequate EIS and a robust public involvement process requires consultant assistance.

Financial Impact

If the City Council approves the Contract there will be no fiscal impact to the City as the Applicant is responsible for covering the cost of the SEPA review associated with their application.

Recommendation

Staff recommends approval of this contract and scope of work as presented.

In that event, the parties will immediately make every effort to settle the disputed portion.

IV. INDEPENDENT CONTRACTOR. The parties intend that an Independent Contractor-Employer Relationship will be created by this Contract and that the Consultant has the ability to control and direct the performance and details of its work; however, the City shall have authority to ensure that the terms of the Contract are performed in the appropriate manner.

V. **CHANGES.** The City may issue a written change order for any change in the Contract work during the performance of this Contract. If the Consultant determines, for any reason, that a change order is necessary, Consultant must submit a written change order request to the person listed in the notice provision section of this Contract, section XVI(C), within fourteen (14) calendar days of the date Consultant knew or should have known of the facts and events giving rise to the requested change. If the City determines that the change increases or decreases the Consultant's costs or time for performance, the City will make an equitable adjustment. The City will attempt, in good faith, to reach agreement with the Consultant on all equitable adjustments. However, if the parties are unable to agree, the City will determine the equitable adjustment as it deems appropriate. The Consultant shall proceed with the change order work upon receiving either a written change order from the City or an oral order from the City before actually receiving the written change order. If the Consultant fails to require a change order within the time specified in this paragraph, the Consultant waives its right to make any claim or submit subsequent change order requests for that portion of the contract work. If the Consultant disagrees with the equitable adjustment, the Consultant must complete the change order work; however, the Consultant may elect to protest the adjustment as provided in subsections A through E of Section VI, Claims, below.

The Consultant accepts all requirements of a change order by: (1) endorsing it, (2) writing a separate acceptance, or (3) not protesting in the way this section provides. A change order that is accepted by Consultant as provided in this section shall constitute full payment and final settlement of all claims for contract time and for direct, indirect and consequential costs, including costs of delays related to any work, either covered or affected by the change.

VI. CLAIMS. If the Consultant disagrees with anything required by a change order, another written order, or an oral order from the City, including any direction, instruction, interpretation, or determination by the City, the Consultant may file a claim as provided in this section. The Consultant shall give written notice to the City of all claims within fourteen (14) calendar days of the occurrence of the events giving rise to the claims, or within fourteen (14) calendar days of the date the Consultant knew or should have known of the facts or events giving rise to the claim, whichever occurs first. Any claim for damages, additional payment for any reason, or extension of time, whether under this Contract or otherwise, shall be conclusively deemed to have been waived by the Consultant unless a

timely written claim is made in strict accordance with the applicable provisions of this Contract.

At a minimum, a Consultant's written claim shall include the information set forth in subsections A, items 1 through 5 below.

FAILURE TO PROVIDE A COMPLETE, WRITTEN NOTIFICATION OF CLAIM WITHIN THE TIME ALLOWED SHALL BE AN ABSOLUTE WAIVER OF ANY CLAIMS ARISING IN ANY WAY FROM THE FACTS OR EVENTS SURROUNDING THAT CLAIM OR CAUSED BY THAT DELAY.

- C. <u>Consultant's Duty to Complete Protested Work</u>. In spite of any claim, the Contractor shall proceed promptly to provide the goods, materials and services required by the City under this Contract.
- D. <u>Failure to Protest Constitutes Waiver</u>. By not protesting as this section provides, the Consultant also waives any additional entitlement and accepts from the City any written or oral order (including directions, instructions, interpretations, and determination).
- E. <u>Failure to Follow Procedures Constitutes Waiver</u>. By failing to follow the procedures of this section, the Consultant completely waives any claims for protested work and accepts from the City any written or oral order (including directions, instructions, interpretations, and determination).

VII. LIMITATION OF ACTIONS. CONSULTANT MUST, IN ANY EVENT, FILE ANY LAWSUIT ARISING FROM OR CONNECTED WITH THIS CONTRACT WITHIN 120 CALENDAR DAYS FROM THE DATE THE CONTRACT WORK IS COMPLETE OR CONSULTANT'S ABILITY

The City's inspection or acceptance of any of Consultant's work when completed shall not be grounds to avoid any of these covenants of indemnification.

Should a court of competent jurisdiction determine that this Contract is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Consultant and the City, its officers, officials, employees, and volunteers, the Consultant's liability, including the duty and cost to defend, hereunder shall be only to the extent of the Consultant's negligence.

IT IS FURTHER SPECIFICALLY AND EXPRESSLY UNDERSTOOD THAT THE INDEMNIFICATION PROVIDED HEREIN CONSTITUTES THE CONSULTANT'S WAIVER OF IMMUNITY UNDER <u>INDUSTRIAL INSURANCE</u>, TITLE 51 RCW, SOLELY FOR THE PURPOSES OF THIS INDEMNIFICATION. THIS WAIVER HAS BEEN MUTUALLY NEGOTIATED BY THE PARTIES.

- 2. Internal team coordination and meetings (up to two with 1 staff)
- 3. Communications coordination meetings (up to two with 2 staff)

We have not scoped for additional elements so this will need to be re-visited if other issues arise during scoping. Following the City's procedures, the determination of significance and scoping notice will be published and a scoping meeting will be held.

The Consultant team will plan, facilitate and report on one public scoping meeting to receive comments. For planning purposes, the public meeting will be online and last up to two hours and accommodate up to 300 attendees. This will include supporting preparation of notifications and a scoping meeting consistent with SEPA requirements.

The Consultant team will prepare a presentation and coordinate public notification. One (1) training/prep meeting will be provided before the event for presenters, including recording a pre-prepared video, if requested. Preparatory meetings and online presentation will take place remotely. Up to 300 participants can participate online. The Consultant team will facilitate the meeting and provide the link to the virtual meeting recording to the City. An online comment form will be available via the website and be connected to the Comment Tracker. An email and mailing address will also be made available. A court reporter is available and will take formal notes during the scoping meeting.

Assumptions:

- 1. The pre-prepared video recording will be no longer than 10 minutes in length.

Mailed comments or other comment methods would be forwarded to the Consultant team from the City. The Consultant team will organize comments for City and for administrative records. The Consultant team anticipates that all scoping comments will be directed through the City website, from the designated email address, and from the mailing

- 3. All work performed will be in accordance with City guidelines as applicable. Consultant will be primary contact. City will review materials prior to publication/release.
- 4. The Consultant team will provide a court reporter for the public scoping meeting. The City will be billed for actual cost of their services.
- 5. All content for presentations and hearings including presentations, graphics, photos etc. will be provided by the Consultant team. We understand that the City does not have staff capacity other than providing GIS data/shape files.

Task 2.5 Scoping Summary Document

Once the scoping comment period is complete, the Consultant team will summarize the scoping comments to form a record of the alternatives and issues that the EIS will focus on. This summary will describe the nature and volume of the comments, including major themes as well as substantive individual comments, and how they will (or will not) be addressed in the Draft EIS. The Scoping Summary will be sufficient for inclusion in the Draft EIS.

Task 3: EIS Alternatives

Task 3.1 SEPA Strategy Alternative Development Workshop with City Staff and Follow up with Applicant

The SEPA Strategy Alternative Development Workshop will be held prior to the start of scoping and will focus on the definition of the No Action Alternative and up to 2 other alternatives to submit as part of the DS and Notice of Scoping Meeting. Prior to the workshop, the Consultant team will compile outstanding questions or issues to be resolved and have them on the agenda.
