APPROVED BY CITY MANAGER FOR SUBMITTAL:

Purpose and Recommendation:

The purpose of this agenda item is for the Council to approve the Goods and Services Contract with Northwest Landscape Services (Attachment 1) for Parks and Right-of-Way Landscape Maintenance Services. The term of the Contract is for thirty six (36) months from January 1, 2016 through December 31, 2018 with the potential for a satisfactory performance extension (at no additional bid price increase to the City) of an additional thirty six (36) months. The Contract provides for landscape services at specific locations, including 16 parks and City facilities, and 8 streetscapes and planter strips. Staff is also recommending approval for 5 of the bid alternates. The following motion will appear on the consent calendar:

Suggested Motion

Motion 1: "I move to approve the Goods and Services Contract for Landscape Maintenance Services with Northwest Landscape Services for a maximum annual contract amount of \$134,062.31, which includes \$112,272.52 for the base bid, and \$865.68 for bid alternate 2, \$4,328.40 for bid alternate 3, \$865.68 for bid alternate 4, \$8,568.99 for bid alternate 6, and \$7,161.04 for bid alternate 7, and authorize the City Manager to sign said Contract substantially in the form as submitted."

Over the past few years there have been grounds and landscape maintenance improvements that have added to the general scope of work for the City's Parks operations and maintenance staff such as; 16th Avenue South sidewalk improvements, Pacific Highway South median and sidewalk landscaping, Steven J. Underwood Park, the Field House project and the recently completed projects on South 216th Street, 24th Ave South and the Gateway Detention Pond. Each of these improvements bring additional landscape maintenance requirements. With recent increases in landscape maintenance needs and budget-driven decreases in parks maintenance staffing and resource levels, a deficit has been created in terms of in-house capacity to maintain all of the City's landscaping to acceptable and safe levels.

In an effort to reduce ongoing maintenance costs, in 2011 the City requested bids for contracted landscape maintenance services. Northwest Landscape Services (NLS) was the successful low bidder at that time. On June 23, 2011, the Council approved the Contract for a period of 6 months in order to evaluate the overall impact and effectiveness providing these services through private contract resources. As part of the 2012 budget process, the Contract was extended for an additional 12 months (through 2012), and other on-going parks maintenance resources were reduced and/or eliminated due to General Fund budget limitations.

Regardless of the staffing reductions, landscaping at City parks and streetscapes must be maintained to acceptable community and safety standards. Based on the experience with NLS, staff believes that landscape maintenance needs at City parks and Right-of-Ways can continue to be met in an efficient and economical manner through the joint efforts of both in-house maintenance staff and contracted services.

Discussion:

The original contract was awarded to Northwest Landscape Services in 2011. Since the original contract award, the City Council has approved 3 extensions, one in 2012, again for 2013-2014 and the final one for 2015. At this time, staff felt it was in the best interest of the City to once again open up the contract to the competitive bid process. The bid for the proposed contract was advertised on October 6th and the bid opening held on October 22nd. Three bids were received and Northwest Landscape Services was the apparent low bidder, with a base bid of \$112,272.52.

The base bid include 16 park locations, 8 streetscape and planter strip locations, and includes up to 200 hours of additional services as needed. The bid also included 7 other locations as bid alternates, which the City can consider including into the contract. Based on the favorable bid prices, staff is recommending that five of the seven Bid Alternates be included in the contract. Those locations include:

- Location #2) 253rd Street Detention Pond
- · Location #3) Gateway Detention Pond
- Location #4) The Arbors Detention Pond
- Location #6) Dr. Shirley Gordon Park and Location
- · Location #7) Redondo Parking Lot

All of the specific locations and bid alternates are included in Attachment 1.

Financial Impact:

The proposed 2016 Parks Operations Budget includes \$122,000.00 for contracted landscape maintenance services. Therefore, there are sufficient funds to cover the base bid price (\$112,272.52), and bid alternate location #6 – Dr. Shirley Gordon Park for an additional amount of \$8,568.99, bringing the total to \$120,841.51.

Staff is also recommending including bid alternate locations 2, 3, and 4 which are all storm water detention facilities. The total for these three locations is \$6,059.76. The costs for these services would be billed to the SWM Maintenance Professional Services line item 450.200.040.531.20.41.00.

Staff is also recommending including bid alternate location 7 for \$7,161.04, which would be funded from the Redondo Marina area fund.

Alternatives:

Council could choose to contract only the base bid without adding the recommended bid alternates. This is not recommended by staff. New projects, work programs, inspections and staffing levels are requiring more time for existing staff resources.

Council could select a different set of bid alternate locations to include in the contract.

Council could choose not to approve the contract. There would be several impacts with such a decision. First, the City's parks maintenance division would be required to perform all of this work with a limited number of staff which would not only negatively affect the appearance of the City's landscaped assets but would also reduce the time available for other necessary maintenance operations, and support to the City's recreational programs and tasks that need to be completed. Second, in order to provide the services to minimally acceptable standards, the Parks staffing levels would need to be increased at a minimum of 1 FTE position and adding additional seasonal positions.

Recommendation:

Staff recommends that the City Council approve the proposed motion.

Concurrence

The Legal, Finance, Parks, and Planning, Building and Public Works Departments concur.

THIS PAGE LEFT INTENTIONALLY BLANK

GOODS & SERVICES CONTRACT between the City of Des Moines and

Northwest Landscape Services

THIS CONTRACT is made by and between the City of Des Moines, a Washington municipal corporation (hereinafter the "City"), and Northwest Landscape Services organized under the laws of the State of Washington, King County, located and doing business at Northwest Landscape Services, PO Box 864, Woodinville WA 98072, 425.481.0919, Contact: Jared Moody (hereinafter the "Vendor").

CONTRACT

L DESCRIPTION OF WORK.

Vendor shall provide the following goods and materials and/or perform the following services for the City:

"2016 – 2018 Parks & Right-of-Way Landscape Maintenance" as described in Exhibits "A" and "B" and the NLS bid proposal submitted October 22, 2015 (incorporated into, and attached). The duration of this contract shall be thirty-six (36) months, commencing on January 1, 2016, and ending on December 31, 2018.

Vendor acknowledges and understands that it is not the City's exclusive provider of these goods, materials, or services and that the City maintains its unqualified right to obtain these goods, materials, and services through other sources.

All work shall be accomplished in a workmanlike manner and shall be in conformance with the following documents which are by reference incorporated herein and made part thereof:

- (i) The Standard Specifications of the Washington State Department of Transportation (WSDOT) (current edition);
- (ii) Shall perform any change in the work in accord with the Contract Documents.
- II. TIME OF COMPLETION. Upon the effective date of this Contract, Vendor shall commence work on January 1, 2016, and complete the work and provide all goods, materials, and services by December 31, 2018. This Contract shall include a satisfactory performance extension (at no additional bid pricing increase to the City) of thirty-six (36) months. The City will notify the Vendor in writing a minimum of thirty (30) days in advance of the contract termination date of the intent to extend the contract thirty-six (36) months based upon satisfactory performance.

III. COMPENSATION. The City shall pay the Vendor an annual amount not to exceed \$134,062.31, which includes all applicable Washington State Sales Tax, for the goods, materials, and services contemplated in this Contract. The City shall pay the Vendor the following amounts according to the following schedule:

The Vendor shall invoice the City monthly for the services rendered at all locations per requirements contained in Exhibits "A" and "B" and the NLS bid proposal submitted October 22, 2015. The Scope of Work for this contract includes bid items 1,2,3 (all locations) and bid item 4 locations 2,3,4,6 & 7.

If the City objects to all or any portion of an invoice, it shall notify Vendor and reserves the option to only pay that portion of the invoice not in dispute. In that event, the parties will immediately make every effort to settle the disputed portion.

- A. Defective or Unauthorized Work. The City reserves its right to withhold payment from Vendor for any defective or unauthorized goods, materials or services. If Vendor is unable, for any reason, to complete any part of this Contract, the City may obtain the goods, materials or services from other sources, and Vendor shall be liable to the City for any additional costs incurred by the City. "Additional costs" shall mean all reasonable costs, including legal costs and attorney fees, incurred by the City beyond the maximum Contract price specified above. The City further reserves its right to deduct these additional costs incurred to complete this Contract with other sources, from any and all amounts due or to become due the Vendor.
- B. Final Payment: Waiver of Claims. VENDOR'S ACCEPTANCE OF FINAL PAYMENT SHALL CONSTITUTE A WAIVER OF CLAIMS, EXCEPT THOSE PREVIOUSLY AND PROPERLY MADE AND IDENTIFIED BY VENDOR AS UNSETTLED AT THE TIME REQUEST FOR FINAL PAYMENT IS MADE.
- IV. PREVAILING WAGES. Vendor shall file a "Statement of Intent to Pay Prevailing Wages," with the State of Washington Department of Labor & Industries prior to commencing the Contract work and an Affidavit of prevailing wages paid after completion of the work. The Statement of Intent to Pay Prevailing Wages," shall include Vendor's registration certificate number and the prevailing rate of wage for each classification of workers entitled to prevailing wages under RCW 39.12.020, and the estimated number of workers in each classification. Vendor shall pay prevailing wages in effect on the date the bid is accepted or executed by Vendor, and comply with Chapter 39.12 of the Revised Code of Washington, as well as any other applicable prevailing wage rate provisions. The latest prevailing wage rate revision issued by the Department of Labor and Industries must be submitted to the City by Vendor. It shall be the responsibility of Vendor to require all subcontractors to comply with Chapter 39.12 RCW and this section of the Contract.

The State of Washington prevailing wage rates applicable for this goods and services project, which is located in King County, may be found at the following website address of the Department of Labor and Industries: https://fortress.wa.gov/lni/wagelookup/prvWagelookup.aspx. Based on the bid submittal deadline for this project, the applicable effective date for prevailing wages for this project is 10/22/2015. A copy of the applicable prevailing wage rates are also available at the office of the Owner, located at 2255 South 223rd Street, Des Moines, WA, 98198.

- V. INDEPENDENT CONTRACTOR. The parties intend that an Independent Contractor-Employer Relationship will be created by this Contract and that the Vendor has the ability to control and direct the performance and details of its work; however, the City shall have authority to ensure that the terms of the Contract are performed in the appropriate manner.
- VI. TERMINATION. Either party may terminate this Contract, with or without cause, upon providing the other party thirty (30) days written notice at its address set forth on the signature block of this Contract.
- VII. CHANGES. The City may issue a written amendment for any change in the goods, materials or services to be provided during the performance of this Contract. If the Vendor determines, for any reason, that an amendment is necessary, Vendor must submit a written amendment request to the person listed in the notice provision section of this Contract, section XVI(C), within fourteen (14) calendar days of the date Vendor knew or should have known of the facts and events giving rise to the requested change. If the City determines that the change increases or decreases the Vendor's costs or time for performance, the City will make an equitable adjustment. The City will attempt, in good faith, to reach agreement with the Vendor on all equitable adjustments. However, if the parties are unable to agree, the City will determine the equitable adjustment as it deems appropriate. The Vendor shall proceed with the amended work upon receiving either a written amendment from the City or an oral order from the City before actually receiving the written amendment. If the Vendor fails to require an amendment within the time allowed, the Vendor waives its right to make any claim or submit subsequent amendment requests for that portion of the contract work. If the Vendor disagrees with the equitable adjustment, the Vendor must complete the amended work; however, the Vendor may elect to protest the adjustment as provided in subsections A through E of Section VIII, Claims, below.

The Vendor accepts all requirements of an amendment by: (1) endorsing it, (2) writing a separate acceptance, or (3) not protesting in the way this section provides. An amendment that is accepted by Vendor as provided in this section shall constitute full payment and final settlement of all claims for contract time and for direct, indirect and consequential costs, including costs of delays related to any work, either covered or affected by the change.

VIII. CLAIMS. If the Vendor disagrees with anything required by an amendment, another written order, or an oral order from the City, including any direction, instruction, interpretation, or determination by the City, the Vendor may file a claim as provided in this section. The Vendor shall give written notice to the City of all claims within fourteen (14) calendar days of the occurrence of the events giving rise to the claims, or within fourteen (14) calendar days of the date the Vendor knew or should have known of the facts or events giving

rise to the claim, whichever occurs first. Any claim for damages, additional payment for any reason, or extension of time, whether under this Contract or otherwise, shall be conclusively deemed to have been waived by the Vendor unless a timely written claim is made in strict accordance with the applicable provisions of this Contract.

At a minimum, a Vendor's written claim shall include the information set forth in subsections A, items 1 through 5 below.

FAILURE TO PROVIDE A COMPLETE, WRITTEN NOTIFICATION OF CLAIM WITHIN THE TIME ALLOWED SHALL BE AN ABSOLUTE WAIVER OF ANY CLAIMS ARISING IN ANY WAY FROM THE FACTS OR EVENTS SURROUNDING THAT CLAIM OR CAUSED BY THAT DELAY.

- A. <u>Notice of Claim.</u> Provide a signed written notice of claim that provides the following information:
 - 1. The date of the Vendor's claim;
 - 2. The nature and circumstances that caused the claim;
 - The provisions in this Contract that support the claim;
 - The estimated dollar cost, if any, of the claimed work and how that estimate was determined; and
 - An analysis of the progress schedule showing the schedule change or disruption if the Vendor is asserting a schedule change or disruption.
- Records. The Vendor shall keep complete records of extra costs and time incurred as a result of the asserted events giving rise to the claim. The City shall have access to any of the Vendor's records needed for evaluating the protest. The City will evaluate all claims, provided the procedures in this section are followed. If the City determines that a claim is valid, the City will adjust payment for work or time by an equitable adjustment. No adjustment will be made for an invalid protest.
- C. <u>Vendor's Duty to Complete Protested Work.</u> In spite of any claim, the Vendor shall proceed promptly to provide the goods, materials and services required by the City under this Contract.
- D. <u>Failure to Protest Constitutes Waiver</u>. By not protesting as this section provides, the Vendor also waives any additional entitlement and accepts from the City any written or oral order (including directions, instructions, interpretations, and determination).
- E. <u>Failure to Follow Procedures Constitutes Waiver</u>. By failing to follow the procedures of this section, the Vendor completely waives any claims for protested work and accepts from the City any written or oral order (including directions, instructions, interpretations, and determination).
- IX. LIMITATION OF ACTIONS. VENDOR MUST, IN ANY EVENT, FILE ANY LAWSUIT ARISING FROM OR CONNECTED WITH THIS CONTRACT WITHIN 120 CALENDAR DAYS FROM THE DATE THE CONTRACT WORK IS COMPLETE OR VENDOR'S ABILITY TO FILE THAT SUIT

SHALL BE FOREVER BARRED. THIS SECTION FURTHER LIMITS ANY APPLICABLE STATUTORY LIMITATIONS PERIOD.

X WARRANTY. This Contract is subject to all warranty provisions established under the Uniform Commercial Code, Title 62A, Revised Code of Washington. Vendor warrants goods are merchantable, are fit for the particular purpose for which they were obtained, and will perform in accordance with their specifications and Vendor's representations to City. The Vendor shall correct all defects in workmanship and materials within one (1) year from the date of the City's acceptance of the Contract work. In the event any part of the goods are repaired, only original replacement parts shall be used—rebuilt or used parts will not be acceptable. When defects are corrected, the warranty for that portion of the work shall extend for one (1) year from the date such correction is completed and accepted by the City. The Vendor shall begin to correct any defects within seven (7) calendar days of its receipt of notice from the City of the defect. If the Vendor does not accomplish the corrections within a reasonable time as determined by the City, the City may complete the corrections and the Vendor shall pay all costs incurred by the City in order to accomplish the correction.

XI. DISCRIMINATION. In the hiring of employees for the performance of work under this Contract or any sub-contract, the Vendor, its sub-contractors, or any person acting on behalf of the Vendor or sub-contractor shall not, by reason of race, religion, color, sex, age, sexual orientation, national origin, or the presence of any sensory, mental, or physical disability, discriminate against any person who is qualified and available to perform the work to which the employment relates.

XII. INDEMNIFICATION. The Vendor shall defend, indemnify and hold the City, its officers, officials, employees and volunteers harmless from any and all claims, injuries, damages, losses or suits including attorney fees, arising out of or in connection with the performance of this Agreement, except for injuries and damages caused by the sole negligence of the City.

XIII. INSURANCE. The Vendor shall procure and maintain for the duration of the Contract, insurance against claims for injuries to persons or damage to property which may arise from or in connection with products and materials supplied to the City. Vendor shall obtain insurance of the type described below:

No Limitation. Vendor's maintenance of insurance as required by the agreement shall not be construed to limit the liability of the Vendor to the coverage provided by such insurance, or otherwise limit the City's recourse to any remedy available at law or in equity.

A. Minimum Scope of Insurance

Vendor shall obtain insurance of the type described below:

Commercial General Liability insurance shall be written on Insurance Services Office (ISO) occurrence form CG 00 01 and shall cover products liability. The City shall be named as an insured under the Vendor's Commercial General Liability insurance policy using ISO Additional Insured-Vendors Endorsement CG 20 15 or a substitute endorsement providing equivalent coverage.

B. Minimum Amounts of Insurance

Vendor shall maintain the following insurance limits:

Commercial General Liability insurance shall be written with limits no less than \$1,000,000 each occurrence, \$1,000,000 general aggregate and a \$2,000,000 products liability aggregate limit.

C. Other Insurance Provisions. The Vendor's Commercial General Liability insurance policy or policies are to contain, or be endorsed to contain that they shall be primary insurance as respect the City. Any Insurance, self-insurance, or insurance pool coverage maintained by the City shall be excess of the Vendor's insurance and shall not contribute with it.

D. Acceptability of Insurers

Insurance is to be placed with insurers with a current A.M. Best rating of not less than A:VII.

E. Verification of Coverage

Vendor shall furnish the City with original certificates and a copy of the amendatory endorsements, including but not necessarily limited to the additional insured endorsement, evidencing the insurance requirements of the Vendor before goods, materials or supplies will be accepted by the City.

- **F. Notice of Cancellation**. The Vendor shall provide the city with written notice of any policy cancellation, within two business days of their receipt of such notice.
 - **G. Failure to Maintain Insurance**. Failure on the part of the Vendor to maintain the insurance as required shall constitute a material breach of contract, upon which the City may, after giving five business days notice to the Vendor to correct the breach, immediately terminate the contract or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, with any sums so expended to be repaid to the City on demand, or at the sole discretion of the City, offset against funds due the Vendor from the City.
- XIV. WORK PERFORMED AT VENDOR'S RISK. Vendor shall take all necessary precautions and shall be responsible for the safety of its employees, agents, and subcontractors in the performance of the contract work and shall utilize all protection necessary for that purpose. All work shall be done at Vendor's own risk, and Vendor shall be responsible for any loss of or damage to materials, tools, or other articles used or held for use in connection with the work.
- XV. CITY'S RIGHT OF INSPECTION. Even though Consultant is an independent contractor with the authority to control and direct the performance and details of the work authorized under this Contract, the work must meet the approval of the City and shall be subject to the City's general right of inspection to secure satisfactory completion.

XVI. MISCELLANEOUS PROVISIONS.

- A. <u>Non-Waiver of Breach</u>. The failure of the City to insist upon strict performance of any of the covenants and agreements contained in this Contract, or to exercise any option conferred by this Contract in one or more instances shall not be construed to be a waiver or relinquishment of those covenants, agreements or options, and the same shall be and remain in full force and effect.
- B. Resolution of Disputes and Governing Law. This Contract shall be governed by and construed in accordance with the laws of the State of Washington, If the parties are unable to settle any dispute, difference or claim arising from the parties' performance of this Contract, then the following shall be the means for resolving the dispute:
 - Alternative Dispute Resolution. If a dispute arises from or relates to 1. this Contract or the breach thereof and if the dispute cannot be resolved through direct discussions, the parties agree to endeavor first to settle the dispute in an amicable manner by mediation administered by a mediator under JAMS Alternative Dispute Resolution service rules or policies before resorting to arbitration. The mediator may be selected by agreement of the parties or through JAMS. Following mediation, or upon written Contract of the parties to waive mediation, any unresolved controversy or claim arising from or relating to this Contract or breach thereof shall be settled through arbitration which shall be conducted under JAMS rules or policies. The arbitrator may be selected by agreement of the parties or through JAMS. All fees and expenses for mediation or arbitration shall be borne by the parties equally. However, each party shall bear the expense of its own counsel, experts, witnesses, and preparation and presentation of evidence.
 - 2. Applicable Law and Jurisdiction. This Contract shall be governed by the laws of the State of Washington. Although the agreed to and designated primary dispute resolution method as set forth above, in the event any claim, dispute or action arising from or relating to this Contract cannot be submitted to arbitration, then it shall be commenced exclusively in the King County Superior Court or the United States District Court, Western District of Washington as appropriate. In any claim or lawsuit for damages arising from the parties' performance of this Agreement, each party shall pay all its legal costs and attorney's fees incurred in defending or bringing such claim or lawsuit, in addition to any other recovery or award provided by law; provided, however, nothing in this paragraph shall be construed to limit the City's right to indemnification under Section XII of this Contract.
- C. Written Notice. All communications regarding this Contract shall be sent to the parties at the addresses listed on the signature page of the Contract, unless notified to the contrary. Any written notice hereunder shall become effective three (3) business days after the date of mailing by registered or certified mail, and shall be deemed sufficiently given if sent to the addressee at the address stated in this Contract or such other address as may be

hereafter specified in writing.

- D. <u>Assignment</u>, Any assignment of this Contract by either party without the written consent of the non-assigning party shall be void. If the non-assigning party gives its consent to any assignment, the terms of this Contract shall continue in full force and effect and no further assignment shall be made without additional written consent.
- E. <u>Modification</u>. No waiver, alteration, or modification of any of the provisions of this Contract shall be binding unless in writing and signed by a duly authorized representative of the City and Vendor.
- F. Entire Contract. The written provisions and terms of this Contract, together with any Exhibits attached hereto, shall supersede all prior verbal statements of any officer or other representative of the City, and such statements shall not be effective or be construed as entering into or forming a part of or altering in any manner this Contract. All of the above documents are hereby made a part of this Contract. However, should any language in any of the Exhibits to this Contract conflict with any language contained in this Contract, the terms of this Contract shall prevail.
- G. <u>Compliance with Laws</u>. The Vendor agrees to comply with all federal, state, and municipal laws, rules, and regulations that are now effective or in the future become applicable to Vendor's business, equipment, and personnel engaged in operations covered by this Contract or accruing out of the performance of those operations.
- H. <u>Business License</u>. Contractor shall comply with the provisions of Title 5 Chapter 5.04 of the Des Moines Municipal Code.
- Counterparts. This Contract may be executed in any number of counterparts, each of which shall constitute an original, and all of which will together constitute this one Contract.
- J. Records Retention and Audit. During the progress of the Work and for a period not less than three (3) years from the date of completion of the Work or for the retention period required by law, whichever is greater, records and accounts pertaining to the Work and accounting therefore are to be kept available by the Parties for inspection and audit by representatives of the Parties and copies of all records, accounts, documents, or other data pertaining to the Work shall be furnished upon request. Records and accounts shall be maintained in accordance with applicable state law and regulations.

IN WITNESS, the parties below execute this Contract, which shall become effective on the last date entered below.

EXHIBIT "B" - Technical Requirements

Exhibit "B" - Technical Requirements

A. Definitions

- 1. Owners, Public Works Department, City and/or City of Des Moines and their authorized representatives shall be understood to mean one and the same.
- Contract Administrator shall be the City of Des Moines Parks Maintenance Division's duly authorized representative.
- 3. Approved means approved by the Owner or the Contract Administrator.
- Approved equal or equivalent, as hereinafter used, shall mean a material or method of equal to, or better than the required materials or methods as approved by the City.
- 5. As shown shall mean as shown on the Contract drawings, maps or details.
- Specifications shall mean these specifications, the "Maintenance Specifications" and all addenda thereto.
- Grounds maintenance and landscape maintenance means the work and provisions described by the Maintenance/Labor Agreement and all addenda thereto.
- 8. Native Trees shall mean those trees which are indigenous or natural to the site.
- 9. <u>Ornamental Trees</u> shall mean those trees which are not indigenous or natural to the site, and are located as part of the designed landscape.

B. Maintenance Specifications

- The Contractor will furnish all labor, tools, specialized equipment, materials, supervision, transportation, and disposal of waste material generated by the work to perform landscape maintenance services as described within this "Exhibit A" with frequencies specified within the Monthly Maintenance Schedules of "Exhibit A."
- All field work shall be performed under the supervision of a qualified horticulturist. Operators will be licensed for all functions, including pesticide, fertilizer, and herbicide application, and flagging card when required.
- The Contractor will ensure that employees comply with all applicable City of Des Moines and Washington State regulations and practices with respect to work performed for the City.
- 4. Any Contractor having employees working on or near a street shall comply with the City of Des Moines, Washington State regulations and the current Manual on Uniform Traffic Control Devices pertaining to safety equipment, warning signs and traffic control. The following regulations must be observed:
 - a. Workers must wear reflective safety vests at all times.

- b. Trucks, trailers and work areas must be coned at all times. Minimum cone height is 28-inch cones with reflective tape.
- c. Traffic warning signs must be positioned on the Right-of-Way to forewarn traffic of workers in the area. Minimum sign size is 36-inches square with 5-inch (5") black letters on an orange background. A "WORKERS AHEAD" sign is sufficient if landscape work can be confined to one side of the street behind the curb. "WORKERS AHEAD" signs should be displayed from both directions if operations encroach on the center median or center median and both sides of the street.

If the landscape operation dictates that a lane be closed of multi-laned streets, the signing should be as follows and per the current Manual on Uniform Traffic Control Devices:

- a. "WORKERS AHEAD"
- b. "RIGHT/LEFT LANE CLOSED AHEAD"
- c. Lane reduction symbol
- d. Sequential arrow signs
- e. Cones/barricades as required

These safety regulations are mandated by the State Department of Labor and Industries and are subject to change. Failure to comply with proper safety procedures may result in contract cancellation.

No lanes shall be closed without first providing notice to and receiving the approval of the City's Public Works Department.

- The Contractor personnel will conduct themselves on site in a professional manner at all times.
- 6. The Contract Administrator will inspect work performed by the Contractor on a regular basis. In the event of work performance deficiencies, the Contract Administrator will notify the Contractor. Notification may be verbal or written.

The City may choose to:

- Collect liquidated damages as described in paragraph 1.4 of the Maintenance/Labor agreement (Attachment 1);
- b. Withhold payment;
- c. Require the Contractor to rectify the deficiency within 48 hours.
- 7. The Contractor shall submit, on the Friday before the next scheduled work week, a completed weekly work schedule showing the work that is to be done the following week as set forth in the Annual Maintenance Scheduled (Work/Inspection Schedule attached).
- Equipment work such as mowing, edging and blowing are done at this site shall not commence before 7:00 am on weekdays and shall not continue after 7:00

- pm (weekend work not allowed without prior approval) and it is advisable that work being performed on or adjacent to primary or major arterial roads be performed during non-peak traffic times.
- Report any damage to, or potential hazards, involving City property immediately to the City of Des Moines Public Works Department, telephone 206.870.6559.
 After hours emergencies should be reported to the Police/Fire Communications Center, telephone 911.
- 10. Hazardous conditions shall be immediately remedied or secured to prevent further damage and/or protect public from injury. It is the Contractor's responsibility to provide close supervision of maintenance operations and management of the site.
- 11. Incidents, altercations or accidents involving the public, Contractor employees or City employees shall be reported to the Contract Administrator in a timely manner. The Contract Administrator, at his or her discretion, may require a written report from the Contractor describing the incident or accident.
- 12. Any damage to City structures or plant material due to Contractor negligence will be remedied by the Contractor, at his or her expense, in a timely manner,

C. Turf

- Turf areas to be mowed include all park lawns, medians, utility strips from curb
 to sidewalk, and outside edge of sidewalk equal to 24" width unless otherwise
 specified. All turf shall be mowed to a height of 2 inches. Collection of grass
 clippings is required only to prevent grass clumps from being left on the turf.
- All turf around posts, poles, fences, trees, and other obstructions shall be sprayed (4" width maximum) with a vegetation eliminator (to be approved by Contract Administrator) and as specified in the Annual Maintenance Schedules. Vegetation elimination includes any vegetation encroaching on sidewalks, curbs, walkways, or into the street.
- Turf around shrubs shall be trimmed as specified in the Annual Maintenance Schedules. Trimming shall include any vegetations encroaching on sidewalks, walkways, or curbs.
- 4. All turf areas shall be edged at all parks, sidewalks, walkways, planter beds, curbs and medians on a scheduled specified in the Annual Maintenance Schedules. Edging also include tree pits. Extreme caution should be used to prevent chipping of concrete structures by edging equipment.
- 5. All turf areas shall be fertilized with an approved fertilizer on a schedule specified in the Annual Maintenance Schedules. Total application of turf fertilizer shall be applied at the rate of four pounds of nitrogen per 1,000 square feet of turf per year. The spring fertilizer shall be "25-3-10" with 70% slow release (polyon coating) plus 5% non-staining iron or approved equal. The fall

- fertilizer shall be a 22-2-22 with 70% slow release (polyon coating) or approved equal. Contractor is responsible to ensure 100% coverage.
- All turf areas shall receive an approved broadleaf herbicide (approved by Contract Administrator) on a schedule specified in the Annual Maintenance Schedules, Contractor is responsible to ensure 100% coverage.
- All clippings and debris shall be removed and disposed of at Contractor's expense.

D. Trees, Shrubs and Ground Cover Beds

- Beds and median areas shall be kept in weed free condition. All beds shall be weeded by mechanical and/or chemical means. The City reserves the right to limit the use of specific herbicides and/or applications of said herbicides. Herbicide shall be used only with the approval of the Contract Administrator.
- Any damage done to desirable plant material due to Contractor negligence or misuse of pesticides will be remedied by the Contractor, at his or her expense, in a timely manner.
- 3. Ground cover shall be edged at all sidewalks, curbs and medians.
- Vegetations/ground covers shall be trimmed to prevent encroachment into streets, sidewalks, trails, walkways, maintained areas, shrubs and trees.
- 5. Vegetation shall be trimmed to prevent the limitation of sightlines along trails and/or streets. Vertical pedestrian and trail clearance is eight to 12 feet (8' 12') and horizontal clearance is approximately one foot beyond the outside sidewalk edge. Horizontal clearance may vary depending on style of construction, obstructions and property boundaries.
- Shrubs shall be trimmed or sheared on all sides to maintain desired shape and function as needed to provide a neat, trim appearance. This includes all shrubs in the median islands.
- 7. Trees shall be pruned to remove singular broken branches or perform minor clearance pruning. Minimum clearance height for tree branches is fourteen (14') feet above the paved surface of the street and seven (7') feet over the surface of the public sidewalk or pedestrian way.
- 8. The City will perform all annual tree pruning.
- Singular branches which are hanging below the overall tree canopy and are in impediment to pedestrian traffic or maintenance activities may be pruned back to the first lateral.
- Trees which require minor clearance pruning shall be pruned to the closest lateral or, if such pruning will result in stubbing the branch, prune branch flush with tree trunk.

- 11. The Contractor shall be responsible for notifying the Contract Administrator of any significant tree hazards including, but not limited to: dead native and ornamental trees, broken limbs, disease and insect infestations.
- 12. Ornamental trees without tree wells are to be vegetation free 6 to 12 inches from tree base. All tree grates to be inspected and damage reported to the City of Des Moines Public Works Department, telephone number 206.870.6559.
- 13. Beds/medians may receive an approved pre-emergent herbicide on a schedule specified in the Annual Maintenance Schedule and in accordance with the manufacturer's recommendations.
- 14. Any damage to desirable plant material due to Contractor negligence or misuse of pesticides will be remedied by Contractor, at his or her expense, in a timely manner.
- All vegetation and debris shall be removed and disposed of at Contractor's expense.

E. Hard Surfaces

- Sidewalks, curbs and other hard surfaces shall be kept free of leaves, litter and debris on an as-needed basis. The use of power blowers is acceptable, however, accumulations of debris must be removed from the site and legally disposed of and not blown onto adjacent property or onto adjacent street surfaces. This work shall be considered incidental to other work items.
- All vegetation in sidewalks, curbs and other hard surfaces shall receive an approved (by Contract Administrator) vegetation eliminator application and be removed.

F. Other Surfaces

- Al litter, leaves and debris shall be removed from turf, beds and hard surface areas. Litter shall be removed from the site for disposal by the Contractor.
- Windfall branches, leaves and debris shall be removed from all right-of-way areas for disposal by the Contractor. Wind fallen trees are not included in this contract.

G. Additional Maintenance Labor

 Additional work may be requested in writing from the City, limited to a total of two hundred (200) hours per contract year reimbursed on an hourly basis.
 Hourly work rates includes all cost for materials, labor and equipment for work described in Sections C ("Turf"), D ("Trees, Shrubs and Ground Cover Beds"), E ("Hard Surfaces") and F ("other Surfaces"). Hours will be reimbursed beginning from the time arrived at the worksite.

AGENDA ITEM

BUSINESS OF THE CITY COUNCIL City of Des Moines, WA

SUBJECT: Jury Pool Services MOU	FOR AGENDA OF: November 12, 2015		
ATTACHMENTS: 1. MOU between King County Superior	DEPT. OF ORIGIN: Municipal Court		
Court and the City of Des Moines for Jury Pool Services	DATE SUBMITTED: October 30, 2015		
	CLEARANCES:		
	[X] Legal VO		
	[] Economic Development N/A		
	[] Finance N/A		
	Marina N/A		
	Parks, Recreation & Senior Services N/A		
	Planning, Building & Public Works N/A		
	Police N/A		
	[X] Court		
	APPROVED BY CITY MANAGER		
	FOR SUBMITTAL		

Purpose and Recommendation

The purpose of this agenda item is to request approval of the Memorandum of Understanding (MOU) with King County Superior Court to provide jury pool services for the Des Moines Municipal Court.

Suggested Motion

Motion: "I move to approve the MOU between King County Superior Court and the City of Des Moines for jury pool services and to authorize the City Manager to sign the agreement substantially in the form submitted."

Background

The Municipal Court has used software called Jury Master for the last ten years to arrange for the selection of a jury pool for jury trials. This software cost the City \$350 per year to get files converted from King County and an additional \$50 to change the mileage rate every year on the software program.

Discussion

Utilizing King County Superior Court jury pool directly will streamline the jury pool process at a reduced cost. King County recently started offering this service and the cities of Tukwila, SeaTac, and Kent have also entered into agreements with the County for this service.

Alternatives

Continue to use the current system the court has in place now.

Financial Impact

The current cost for the court to receive a juror pool is about \$400 a year, with this MOU Agreement the cost would only be \$100 a year.

Recommendation or Conclusion

Authorize the City Manager to sign the MOU Agreement substantially in the form submitted.

Superior Court of the State of Washington for the County of King

Memorandum of Understanding between King County Superior Court and the City of Des Moines Municipal Court

Relating to Trial Court Coordination of Jury Services

THIS MEMORANDUM OF UNDERSTANDING is made and entered into this day by and between KING COUNTY SUPERIOR COURT ("Superior Court") and the CITY OF DES MOINES MUNICIPAL COURT ("Municipal Court").

Whereas, the Superior Court and Municipal Court wish to coordinate their respective resources to provide a cost efficient process for summoning prospective jurors at Des Moines Municipal Court; and

Whereas, RCW 2.36.052 authorizes agreements between superior courts and courts of limited jurisdictions for the provision of jury management activities.

NOW, THEREFORE, it is agreed by and between the parties as follows:

- Purpose. The purpose of this agreement is to promote the delivery of justice by providing for coordinated jury processing between King County Superior Court and Des Moines Municipal Court.
- 2. Term. The term of this agreement shall be eight (8) months, unless terminated early. It shall be effective from January 1, 2016 through August 31, 2016.
- 3. Superior Court Responsibilities. Superior Court shall create eight (8) jury pools of the requested size and send them to Des Moines Municipal Court as separate electronic files. Each prospective juror in a jury pool shall be randomly selected from the population of the area served by Des Moines Municipal Court. The number and size of the jury pools created by Superior Court may be amended upon mutual agreement of the parties.
- 4. Des Moines Municipal Court Responsibilities. Municipal Court shall communicate directly with the Superior Court's jury data processing vendor, or other selected vendor, and forward each jury pool file for printing and mailing when needed. The vendor shall invoice Municipal Court directly for these services and Municipal Court shall be solely responsible for payment. Municipal Court shall be responsible for all inquiries from jurors prior to their service dates, manage jurors while serving on jury duty, and process juror payments. The summons shall reflect the return address and court contact information for Des Moines Municipal Court.
- Property. This agreement does not provide for the acquisition, holding, or disposing of real or personal property.
- 6. Joint Board. No joint board will be created to administer this agreement.

 Reimbursement. Municipal Court shall pay the Superior Court sixty five dollars (\$65) for the services provided in Section 3. The Superior Court shall invoice Des Moines Municipal Court upon annual transmittal of the jury pool files.

Des Moines Municipal Court will make payment to King County Superior Court within thirty (30) days of the invoice date.

- Amendments. This agreement may be changed only by written amendment between the Superior Court and Municipal Court. Both parties will cooperate in preparing any documentation necessary to seek approval or to amend this agreement.
- Correspondence and Notices. All correspondence and notices related to this agreement shall be delivered or mailed to the following addresses

[] Parks, Recreation & Senior Services N/A [X] Planning, Building & Public Works

Police N/A

[] Courts N/A

APPROVED BY CITY MANAGER FOR SUBMITTAL:

Purpose and Recommendation:

The purpose of this agenda item is to seek Council authorization to surplus the existing 2004 flush truck (Attachment 1), and replace it with a new one. The Planning, Building & Public Works Department recommends the purchase of the vehicle identified in Attachment 2.

Suggested Motions

Motion 1: "I move to adopt Draft Resolution No. 15-181 declaring the vehicle and equipment identified in Exhibit A as surplus and authorize disposal of said surplus vehicle and equipment by auction or trade-in."

Motion 2: "I move to authorize the City Manager or his designee to sign the purchase order for the purchase of the new flush truck from Enviro-Clean in the amount of \$351,360.00, after trade in of our existing flush truck."

Motion 3: "I move to direct administration to include an increase of \$66,000 in the 2015 vehicle assessment to cover the additional cost for the replacement of the flush truck as part of a 2015 budget amendment."

Background:

The flush truck is one of the main workhorses of the Surface Water Management Maintenance Division and it is used very frequently. From March through November, the truck is used around 20 days per month. Usage is also expected to increase as the drainage system expands from new development and added public facilities and increased maintenance requirements from our NPDES permit. It is also important to own a flush truck for emergency situations such as major storm events where a system pipe is clogged. Nearly every large storm event, we use the flush truck in response to local flooding.

Discussion:

Over the last couple of years there have been several major repair expenses on our flush truck to the extent that for 2015, we increased the maintenance budget by an additional \$12,000 just to cover additional repairs. Since 2012 we have spent over \$63,500 on repairs to our flush truck with a new pump in 2012 and another in 2014 for a total of \$33,400. Purchased in 2004, the truck had been scheduled for replacement in 2014, but because of the higher than anticipated replacement cost, the replacement year was rescheduled to 2017 to allow the assessment fund to accrue to the replacement cost (\$425,000). By the end of 2015, the funds for the replacement of this vehicle will have accrued to \$285,408.

Staff has reviewed vehicles from a number of vendors and after thoroughly evaluating the truck's specifications, are recommending the purchase of an 11-yard Vac-Con Vactor sold from Enviro-Clean Equipment, Model 311E/1300 (details are shown in Attachment 2). The quote for this vehicle is good through the end of the year at a demonstration price of \$385,000 and includes a trade-in value of \$65,000 for our existing truck. The flush truck will be purchased from the state contract #01912 and will be delivered in February or March 2016.

Rather than risking another major repair expense that would also reduce its trade-in value, staff is recommending to accelerate the replacement schedule by one year by purchasing the vehicle upon delivery early next year rather than in 2017. To take advantage of the vendor's quoted 2015 price, staff is also recommending to increase the 2015 assessment for the flush truck by an estimated \$66,000 to cover the purchase. The assessment for the new flush truck would start again in 2017.

Alternatives:

Council could decide to revisit the replacement schedule in the 2016 Budget. However, if an order is made after end of the year, the vehicle will cost 3% more than the quote given and the trade-in value of our current truck will be reduced to reflect depreciation.

Financial Impact:

The adopted 2015 Budget will need to be amended to increase the vehicle assessment by an estimated \$66,000. With tax, the purchase price of \$351,360.00 is approximately \$75,000 less than the replacement budget for this vehicle.

Recommendation/Conclusion:

Staff recommends purchase of the flush truck from Enviro-Clean Equipment and asks Council to approve the suggested motions.

Concurrence:

The Finance, Legal, and Planning, Building and Public Works Departments concur.

CITY ATTORNEY'S FIRST DRAFT 10/20/2015

DRAFT RESOLUTION NO. 15-181

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DES MOINES, WASHINGTON, declaring certain City vehicle and equipment surplus, and authorizing disposal of a surplus vehicle and equipment by auction or trade-in.

WHEREAS, during regular business the City accumulates vehicles and equipment, and

WHEREAS, the City intends to dispose of unneeded vehicles and equipment as allowed by law as surplus, and

WHEREAS, the City of Des Moines typically sells surplus vehicles and equipment at public auction to the highest bidder or trades-in surplus vehicles and equipment at reputable dealerships, and

WHEREAS, chapter 35.94.040 RCW specifies that, following a public hearing, property acquired for public utility purposes may be leased, sold, or conveyed as the Council deems is in the best public interest, and

WHEREAS, the City desires to surplus the vehicle and equipment identified in Exhibit "A" attached to this Resolution acquired for Surface Water Management utility purposes, and

WHEREAS, further, as required by RCW 35.94.040, a public hearing was scheduled for November 12, 2015, to consider the sale of the surplus vehicle identified on Exhibit "A", and all persons wishing to be heard were heard; now therefore

THE CITY COUNCIL OF THE CITY OF DES MOINES RESOLVES AS FOLLOWS:

- Sec. 1. The vehicle and equipment identified by Exhibit "A" is hereby declared by this Resolution to be surplus vehicle and equipment.
- Sec. 2. The City Manager is authorized to dispose of the items identified by Exhibit "A" by auction, or trade-in.

Resolution No Page 2 of 2	
Sec. 3. The City Manager minimum bid/sale amount for the proas deemed to protect the City's in

EQUIPMENT & SUPPLIES FOR INDUSTRY & PUBLIC

City of Des Moines Don Leadbetter 21650 11th Avenue South Des Moines, WA 98198 September 8, 2015

Dear Don,

This is a preliminary NJPA quote on the Vac-Con demonstrator that will be shown to the City of Des Moines . We have also included preliminary NJPA pricing for a new unit equipped the same, also pricing for the different auxiliary engine available on new built units. Pricing is good on the demonstrator until sold. New machine pricing is good till December 31, 2015.

Model Number - V 311E/1300 L H A -O

Main Information

Model 311E/1300

Blower High Volume Hydrostatic Drive Upgrade

Boom 10' Aluminum Telescoping Boom with Pendant Control Station

Hose Reel Front Mounted, Articulating to Driver Side (Std Pivot)

Jet Rodder Hose 600' x 3/4" 3000 psi/7500 psi - 200' extra

Water System 50 gpm/3000 psi Pump - 10-Cylinder WSG-1068 Gas

Water Pump GIANT

Auxiliary Engine Ford Gas WSG-1068 225HP

Debris Body Options

Qty Description

- 1 6" Knife Valve with Center Post and Handle, in Lieu of the 5" Butterfly Valve (662-0125)
- 1 Built in Body Prop Rear Boom Support Mounted
- 1 Debris Body "Power Flush" System, 8 jets
- 1 Rubber pad on standard deflector

Water System Options

Qty Description

- 1 1/4 turn ball valve water drain (cannot choose both 2-1/2" gate valve and 1/4 turn ball valve, only choose one)
- 1 50' Capacity Retractable Hand Gun Hose Reel
- 1 Air Purge System
- 1 Auxiliary Engine Driven Hydraulics
- 1 Front Bumper Hand Gun Connection
 - Hydroexcavation package includes: 50' retractable handgun hose reel wtih 50' of 1/2" high pressure hose, HP/Quick
- disconnect, heavy duty HP unloader valve, main control ball valve, 72" x1/2" Sch. 80 Lance w/Quick Dcn., Sngl. Fwd. Spray Nozzle, Horiz. Hand.
- 1 Pre-Tank Water Filter (Y-type)

- 1 Rear Hand Gun Connection
- 1 Variable Flow Valve (Valve Only) nozzles required
- 1 Water Pump Remote Oil Drain
- 1 Winter Recirculating connection for high pressure circuit.
- 1 Winter Recirculating connection for low pressure circuit.
- 1 Winter Recirculating System for Rodder Hose

Misc Machine Options

Qty Description

- 1 Auxiliary Engine Remote Oil Drain
- 1 Dual Roller Level Wind Guide, plastic (in lieu of single)
- 1 Remote Boom Grease Zerk Assembly (Ground Level includes water pump drive)
- 1 Remote Debris Tank Grease Assembly (Ground Level)

Lighting Options

Qty Description

- 1 ICC LED Lighting Package
- 1 LED 4 Strobes (2) front bumper / (2) rear bumper
- 1 LED Flood Light Level Wind Guide
- 1 LED strobe with Limb Guard, Rear Debris Tank Mounted

Electrical Options

Qty Description

- 1 Low Water Alarm with Light
- 1 Omnibus-2 Electronic Controller System-Color Monitor-Omnibus footage counter standard.
- Remote Control (Wireless): Boom, Vacuum Breaker, Throttle & Debris Body (includes Hi-Dump, if applicable). Does not include remote cable pendant controls for boom or hi dump.

Water System Accessories

Qty Description

1 Cam-locks for Water Fill Hose

Leader Hose

Qty Description

1 3/4" x 10' Length Leader Hose

Extended Warranties

Qty Description

1 Gas Engine Extended Warranty - 5YRS/5000HRS

Pipe Storage Racks

Qty Description

- 2 Additional Side Steps (4 are Standard)
- 1 Lazy Susan Pipe Rack (Holds 5 Pipes)

Tool/Storage Boxes

Qty Description

1 (2) Roll out shelves for storage box behind cab

Paint

Qty Description

- 1 Paint Module: DuPont Elite White N0006EX
- 1 Standard Striping Package Blue 692-5204-02

Truck Chassis Information

Pool Truck Chassis Model Freightliner 114SD 6x4 60000GVWR ISL370 3000RDS Pool Trucks are subject to availability.

Qty Description

- 1 Air seat, passenger
- 1 Block Heater
- 1 Heated motorized mirrors
- 1 Remote Chassis Engine Start Switch

Preliminary NJPA Pricing:

Demonstrator Price: \$385,000.00
City of Des Moines Trade-In: \$65,000.00
Final Sales Price after trade (Sales Tax and fee's not included) \$320,000.00

New Price unit Price: \$412,764.00
City of Des Moines Trade-In: \$65,000.00
Final Sales Price after trade (Sales Tax and fee's not included) \$347,764.00

2016 Tier 3 John Deere 140 HP auxiliary engine, has very limited availability (while they last) Upcharge \$2,600.00

Tier 4 John Deere 140 HP Auxiliary engine Upcharge \$28,978.00 JCB interim tier 4 145 HP auxiliary engine Upcharge \$18,113.00

APPROVED BY CITY MANAGER

Purpose:

The purpose of this agenda item is to seek City Council approval to assume the Des Moines Transportation Benefit District (TBD).

Suggested Motion

Motion 1: "I move to suspend Council Rule 26(a) in order to enact Draft Ordinance No. 15-179 on first reading."

Motion 2: "I move to enact Draft Ordinance No. 15-179 to assume the Des Moines Transportation Benefit District by the Des Moines City Council."

Background:

The Des Moines TBD was established in late 2008 and began collecting a vehicle license fee in 2009 in accordance with chapter 36.73 RCW which gave local jurisdictions the legislative authority to create Transportation Benefit Districts for the purpose of acquiring, constructing, improving, providing, and funding transportation improvements within the district, that are consistent with any existing state, regional, and local transportation plans and necessitated by existing or reasonable foreseeable congestion levels. The current fee has been and continues to be collected and transferred to the City of

Des Moines in order to cover expenditures in the Street Fund related to the preservation of transportation needs on the City's arterial roadways. These include but are not limited to such expenditures as: pavement repairs, annual striping, traffic signal maintenance, snow plowing activities and the administration and labor to execute these activities.

Effective July 2015, the Washington State Legislature amended RCW 82.80.140 via Second Engrossed Substitute Senate Bill (2ESSB) 5987 (Attachment 2) which in part authorized any city in which a transportation benefit district had been properly established pursuant to RCW 36.73 with boundaries coterminous with the boundaries of the city to assume the rights, powers, functions, and obligations of the TBD, by adoption of an ordinance (Attachment 1) or resolution of the city legislative authority.

On October 29, 2015 the City Council set the public hearing date of November 12, 2015 by Resolution No. 1310 (Attachment 3) in accordance with 2ESSB 5987.

Discussion:

Assuming the Des Moines TBD will reduce the redundancy of District/Council discussions and meetings regarding use of the annual vehicle license fee as well as eliminate the liability premium currently paid to WCIA by the district. TBD functions and special fund administration would be covered under the existing City liability premium with WCIA. The City would still produce a TBD annual report as required by the Legislature each year.

Alternatives:

The City Council could decide not to assume the TBD, effectively leaving the current Des Moines TBD in place.

Financial Impact:

\$2,500 savings in liability premium can be re-allocated to the Arterial Street Pavement Fund. There will also be some significant intangible savings due to increased efficiency by administration.

Recommendation/Conclusion:

Staff recommends that Council approve the suggested motion.

Concurrence:

The Planning, Building and Public Works, Finance, and Legal Departments concur.

CITY ATTORNEY'S FIRST DRAFT 11/04/2015

DRAFT ORDINANCE NO. 15-179

AN ORDINANCE OF THE CITY OF DES MOINES, WASHINGTON assuming the rights, powers, functions and obligations of the Des Moines Transportation Benefit District ("TBD"); amending chapter 12.30 DMMC; codifying a new section in chapter 12.30 DMMC; and providing for severability and an effective date.

WHEREAS, in Ordinance No. 1578, the City Council of the of Des Moines established a Transportation Benefit District as authorized by RCW 35.21.225 and subject to the provisions of chapter 36.73 RCW, and

WHEREAS, the Transportation Benefit District includes the entire City of Des Moines as the boundaries currently exist, and

WHEREAS, the 2015 Legislature adopted Second Engrossed Substitute Bill ("2ESSB") 5987, the majority of which became effective on July 15, 2015, and

WHEREAS, Section 301 of 2ESSB 5987 authorizes any City in which a transportation benefit district ("TBD") has been established pursuant to chapter 36.73 RCW with boundaries coterminous with the boundaries of the City to assume the rights, powers, functions, and obligations of the TBD, by adoption of an ordinance or resolution of the City legislative authority, and

WHEREAS, Section 302 of 2ESSB 5987 provides that the assumption of the rights, powers, functions, and obligations of a transportation benefit district may be initiated by the adoption of an ordinance or resolution by the city legislative authority, indicating its intention to consider the assumption of such rights, powers, functions, and obligations and setting a public hearing at which all interested parties may appear and be heard and at which the city does then consider the proposed assumption of the rights, powers, functions, and obligations of the transportation benefit district, and

WHEREAS, on October 29, 2015 the Des Moines City Council adopted Resolution No. 1310 which declared the City Council's intention to consider the assumption of the rights, powers,

Ordinance No. ____ Page 2 of 4

functions and obligations of the District, and set a public hearing for November 12, 2015, and

WHEREAS, on November 12, 2015 the City Council held a public hearing at which all parties were invited to appear and be heard, and

WHEREAS, following the conclusion of the public hearing, the City Council determined that the public interest and welfare would be satisfied by the City's assumption of the rights, powers, functions and obligations of the District, because such assumption would provide for more efficient administration of transportation maintenance and improvement funds previously authorized to be collected and expended by the District; now therefore,

THE CITY COUNCIL OF THE CITY OF DES MOINES ORDAINS AS FOLLOWS:

NEW SECTION. Sec. 1. A new section is added to chapter 12.30 DMMC to read as follows:

transportation Assumption of the district. From and after the effective date of this Ordinance, the City of Des Moines assumes all of the rights, powers, immunities, functions, and obligations of the Des Moines Transportation Benefit District previously established in this chapter, and the City of Des Moines is hereby vested with each and every right, power, immunity, function, and obligations granted to or possessed by the Des Moines Transportation Benefit District under chapter 36.73 RCW, this chapter, and/or any other applicable law as of the effective date of this Ordinance. References to the rights, powers, functions and obligations previously exercised and/or performed by the governing body of the Des Moines Transportation Benefit District pursuant to chapter 12.30 DMMC are hereby assumed by and transferred to the City of Des Moines City Council.

- Sec. 2. DMMC 12.30.060 and section 97 of Ordinance No. 1578 are amended to read as follows:
 - (1) The governing board of the Transportation Benefit District shall be the Des Moines City Council acting in an ex officio and independent capacity,

Ordinance No. ____ Page 3 of 4

which and it shall have the authority to exercise the statutory powers set forth in chapter 36.73 RCW and in this chapter.

- (2) The treasurer of the Transportation Benefit District shall be the City Finance Director.
- (3) The board shall develop a material change policy to address major plan changes that affect project delivery or the ability to finance the plan, City shall implement the material change policy previously adopted by the Des Moines Transportation Benefit District to address major plan changes that affect project delivery or the ability to finance the plan, pursuant to the requirements set forth in RCW 36.73.160(1).
- (4) The board City Council shall issue an annual report, pursuant to the requirements of RCW 36.73.160(2). The City Clerk shall file, maintain and make available for public inspection the board's annual reports.
- Sec. 3. DMMC 12.30.080 and section 99 of Ordinance No. 1578 are amended to read as follows:

Establishment of vehicle license fee revenue source.

The board <u>City Council</u> shall have the authority to establish an annual vehicle license fee in the amount of \$20.0040.00, consistent with RCW 36.73.065, to be collected by the Washington Department of Licensing on qualifying vehicles, set forth in RCW 82.80.140 and chapters 36.73 and 46.16 RCW.

<u>NEW SECTION</u>. Sec. 4. Codification. Section 1 of this Ordinance shall be codified as a new section to chapter 12.30 DMMC, entitled "Assumption of the transportation benefit district."

NEW SECTION. Sec. 5. Severability - Construction.

(1) If a section, subsection, paragraph, sentence, clause, or phrase of this Ordinance is declared unconstitutional or invalid for any reason by any court of competent jurisdiction, such

Ordinance No Page 4 of 4
decision shall not affect the validity of the remaining portions of this Ordinance.
(2) If the provisions of this Ordinance are found to be inconsistent with other provisions of the Des Moines Municipal Code, this Ordinance is deemed to control.
<u>NEW SECTION</u> . Sec. 6. Effective date. This Ordinance shall take effect and be in full force five (5) days after its final passage by the Des Moines City Council.
PASSED BY the City Council of the City of Des Moines this day of, 2015 and signed in authentication thereof this day of, 2015.

PART III

LOCAL TRANSPORTATION REVENUE

Transportation Benefit Districts

NEW SECTION. Sec. 301. Any city or county in which a transportation benefit district has been established pursuant to chapter 36.73 RCW with boundaries coterminous with the boundaries of

- the city or county may by ordinance or resolution of the city or county legislative authority assume the rights, powers, functions, and obligations of the transportation benefit district in accordance
- 4 with this chapter.

21

22

24

25

26

- 5 NEW SECTION. Sec. 302. (1) The assumption of the rights, 6 powers, functions, and obligations of a transportation benefit district may be initiated by the adoption of an ordinance or a 7 resolution by the city or county legislative authority indicating its 8 9 intention to conduct a hearing concerning the assumption of such rights, powers, functions, and obligations. If the city or county 10 11 legislative authority adopts such an ordinance or a resolution of 12 intention, the ordinance or resolution must set a time and place at which the city or county legislative authority will consider the 13 14 proposed assumption of the rights, powers, functions, and obligations 15 of the transportation benefit district, and must state that all interested may appear and be heard. The ordinance or 16 resolution of intention must be published at least two times during 17 18 the two weeks preceding the scheduled hearing in newspapers of daily general circulation printed or published in the city or county in 19 20 which the transportation benefit district is to be located.
 - (2) At the time scheduled for the hearing in the ordinance or resolution of intention, the city or county legislative authority must consider the assumption of the rights, powers, functions, and obligations of the transportation benefit district and hear those appearing and all protests and objections to it. The city or county legislative authority may continue the hearing from time to time, not exceeding sixty days in all.
- NEW SECTION. Sec. 303. (1) If, after receiving testimony, the 28 29 city or county legislative authority determines that the public 30 interest or welfare would be satisfied by the city or county assuming the rights, powers, immunities, functions, and obligations of the 31 32 transportation benefit district, the city or county legislative authority may declare that to be its intent and assume such rights, 33 34 immunities, functions, and obligations by ordinance or resolution, providing that the city or county is vested with every 35 right, power, immunity, function, and obligation currently granted to 36 or possessed by the transportation benefit district. 37

1 (2) Upon assumption of the rights, powers, immunities, functions, 2 and obligations of the transportation benefit district by the city or 3 county, the governing body established pursuant to RCW 36.73.020 must 4 be abolished and the city or county legislative authority is vested 5 with all rights, powers, immunities, functions, and obligations otherwise vested by law in the governing board of the transportation 5 benefit district.

NEW SECTION. Sec. 304. No transfer of any function made 8 9 pursuant to this chapter may be construed to impair or alter any existing rights acquired under chapter 36.73 RCW or any other 10 11 provision of law relating to transportation benefit districts, nor as 12 impairing or altering any actions, activities, or proceedings validated thereunder, nor as impairing or altering any civil or 13 criminal proceedings instituted thereunder, nor any rule, regulation, 14 15 or order promulgated thereunder, nor any administrative action taken thereunder; and neither the assumption of control of any 16 transportation benefit district function by a city or county, nor any 17 18 transfer of rights, powers, functions, and obligations as provided in this chapter, may impair or alter the validity of any act performed 19 20 by such transportation benefit district or division thereof or any officer thereof prior to the assumption of such rights, powers, 21 functions, and obligations by any city or county as authorized under 22 23 this chapter.

- NEW SECTION. Sec. 305. (1) All rules and regulations and all pending business before the board of any transportation benefit district transferred pursuant to this chapter must be continued and acted upon by the city or county.
- 28 (2) All existing contracts and obligations of the transferred 29 transportation benefit district remain in full force and effect and 30 must be performed by the city or county. A transfer authorized in 31 this chapter does not affect the validity of any official act 32 performed by any official or employee prior to the transfer 33 authorized pursuant to this chapter.
- NEW SECTION. Sec. 306. (1) All reports, documents, surveys, books, records, files, papers, or other writings relating to the administration of the powers, duties, and functions transferred

pursuant to this chapter and available to the transportation benefit 1 district must be made available to the city or county. 2

3

4 . 5

22 23

24

25 26

27

28

29

- (2) All funds, credits, or other assets held in connection with powers, duties, and functions transferred under this chapter must be assigned to the city or county.
- Any appropriations or federal grant made 6 to the 7 transportation benefit district for the purpose of carrying out the rights, powers, functions, and obligations authorized to be assumed 8 9 by a city or county pursuant to this chapter, on the effective date of such transfer, must be credited to the city or county for the 10 purpose of carrying out such transferred rights, powers, functions, 11 12 and obligations.
 - NEW SECTION. Sec. 307. The city or county must assume and agree 13 to provide for the payment of all of the indebtedness of the 14 15 transportation benefit district, including the payment and retirement of outstanding general obligation and revenue bonds issued by the 16 transportation benefit district. 17
 - NEW SECTION. Sec. 308. Sections 301 through 307 of this act 18 constitute a new chapter in Title 36 RCW. 19
 - Sec. 309. RCW 36.73.065 and 2012 c 152 s 3 are each amended to 20 21 read as follows:
 - (1) Except as provided in subsection (4) of this section, taxes, fees, charges, and tolls may not be imposed by a district without approval of a majority of the voters in the district voting on a proposition at a general or special election. The proposition must include a specific description of: (a) The transportation improvement or improvements proposed by the district; (b) any rebate program proposed to be established under RCW 36.73.067; and (c) the proposed taxes, fees, charges, and the range of tolls imposed by the district to raise revenue to fund the improvement or improvements or rebate program, as applicable.
 - 32 (2) Voter approval under this section must be substantial weight regarding the validity of a transportation 33 improvement as defined in RCW 36.73.015. 34
 - (3) A district may not increase any taxes, fees, charges, or 35 range of tolls imposed or change a rebate program under this chapter 36

- once the taxes, fees, charges, tolls, or rebate program takes effect, ((unless)) except:
- 3 (a) If authorized by the district voters pursuant to RCW 4 36.73.160;

- (b) With respect to a change in a rebate program, a material change policy adopted pursuant to RCW 36.73.160 is followed and the change does not reduce the percentage level or rebate amount;
- (c) For up to forty dollars of the vehicle fee authorized in RCW 82.80.140 by the governing board of the district if a vehicle fee of twenty dollars has been imposed for at least twenty-four months; or
- 11 (d) For up to fifty dollars of the vehicle fee authorized in RCW
 12 82.80.140 by the governing board of the district if a vehicle fee of
 13 forty dollars has been imposed for at least twenty-four months and a
 14 district has met the requirements of subsection (6) of this section.
 - (4)(a) A district that includes all the territory within the boundaries of the jurisdiction, or jurisdictions, establishing the district may impose by a majority vote of the governing board of the district the following fees and charges:
- 19 (i) Up to twenty dollars of the vehicle fee authorized in RCW 20 82.80.140; ((sr))
- 21 (ii) <u>Up to forty dollars of the vehicle fee authorized in RCW</u>
 22 <u>82.80.140 if a vehicle fee of twenty dollars has been imposed for at</u>
 23 least twenty-four months;
 - (iii) Up to fifty dollars of the vehicle fee authorized in RCW 82.80.140 if a vehicle fee of forty dollars has been imposed for at least twenty-four months and a district has met the requirements of subsection (6) of this section; or
 - (iv) A fee or charge in accordance with RCW 36.73.120.
- 29 (b) The vehicle fee authorized in (a) of this subsection may only 30 be imposed for a passenger-only ferry transportation improvement if 31 the vehicle fee is first approved by a majority of the voters within 32 the jurisdiction of the district.
 - (c) (i) A district solely comprised of a city or cities ((shall)) may not impose the fees or charges identified in (a) of this subsection within one hundred eighty days after July 22, 2007, unless the county in which the city or cities reside, by resolution, declares that it will not impose the fees or charges identified in (a) of this subsection within the one hundred eighty-day period; or
- 39 (ii) A district solely comprised of a city or cities identified 40 in RCW 36.73,020(6)(b) may not impose the fees or charges until after

1 May 22, 2008, unless the county in which the city or cities reside, 2 by resolution, declares that it will not impose the fees or charges 3 identified in (a) of this subsection through May 22, 2008.

13

- (5) If the interlocal agreement in RCW 82.80.140(2)(a) cannot be reached, a district that includes only the unincorporated territory of a county may impose by a majority vote of the governing body of the district up to: (a) Twenty dollars of the vehicle fee authorized in RCW 82.80.140, (b) forty dollars of the vehicle fee authorized in RCW 82.80.140 if a fee of twenty dollars has been imposed for at least twenty-four months, or (c) fifty dollars of the vehicle fee authorized in RCW 82.80.140 if a vehicle fee of forty dollars has been imposed for at least twenty-four months and a district has met the requirements of subsection (6) of this section.
- 14 (6) If a district intends to impose a vehicle fee of more than forty dollars by a majority vote of the governing body of the 15 district, the governing body must publish notice of this intention, 16 17 in one or more newspapers of general circulation within the district, by April 1st of the year in which the vehicle fee is to be imposed. 18 19 If within ninety days of the date of publication a petition is filed with the county auditor containing the signatures of eight percent of 20 the number of voters registered and voting in the district for the 21 office of the governor at the last preceding gubernatorial election, 22 the county auditor must canvass the signatures in the same manner as 23 24 prescribed in RCW 29A.72.230 and certify their sufficiency to the governing body within two weeks. The proposition to impose the 25 vehicle fee must then be submitted to the voters of the district at a 26 special election, called for this purpose, no later than the date on 27 which a primary election would be held under RCW 29A.04.311. The 28 29 vehicle fee may then be imposed only if approved by a majority of the voters of the district voting on the proposition. 30
- 31 **Sec. 310.** RCW 82.80.140 and 2010 c 161 s 917 are each amended to read as follows:
- 33 (1) Subject to the provisions of RCW 36.73.065, a transportation 34 benefit district under chapter 36.73 RCW may fix and impose an annual 35 vehicle fee, not to exceed one hundred dollars per vehicle registered 36 in the district, for each vehicle subject to vehicle license fees 37 under RCW 46.17.350(1) (a), (c), (d), (e), (g), (h), (j), or (n) 38 through (q) and for each vehicle subject to gross weight license fees

under RCW 46.17.355 with a scale weight of six thousand pounds or 1 2 less.

(2)(a) A district that includes all the territory within the boundaries of the jurisdiction, or jurisdictions, establishing the district may impose by a majority vote of the governing board of the district up to: (i) Twenty dollars of the vehicle fee authorized in subsection (1) of this section, (ii) forty dollars of the vehicle fee authorized in subsection (1) of this section if a twenty dollar vehicle fee has been imposed for at least twenty-four months, or (iii) fifty dollars of the vehicle fee authorized in subsection (1) of this section if a vehicle fee of forty dollars has been imposed for at least twenty-four months and a district has met the requirements of RCW 36.73.065(6).

If the district is countywide, the revenues of the fee ((shall)) must be distributed to each city within the ((county)) district by interlocal agreement. The interlocal agreement is effective when approved by the ((county)) district and sixty percent of the cities representing seventy-five percent of the population of the cities within the ((county)) district in which the countywide fee is collected.

- (b) A district may not impose a fee under this subsection (2):
- (i) For a passenger-only ferry transportation improvement unless the vehicle fee is first approved by a majority of the voters within the jurisdiction of the district; or 24
 - (ii) That, if combined with the fees previously imposed by another district within its boundaries under RCW 36.73.065(4)(a)(i), exceeds ((twenty)) fifty dollars.
 - If a district imposes or increases a fee under this subsection (2) that, if combined with the fees previously imposed by another district within its boundaries, exceeds ((twenty)) fifty dollars, the district shall provide a credit for the previously imposed fees so that the combined vehicle fee does not exceed ((twenty)) fifty dollars.
 - (3) The department of licensing shall administer and collect the fee. The department shall deduct a percentage amount, as provided by contract, not to exceed one percent of the fees collected, for administration and collection expenses incurred by it. The department shall remit remaining proceeds to the custody of the state treasurer. The state treasurer shall distribute the proceeds to the district on

- 16 (g) Vehicles registered under chapter 46.87 RCW and the international registration plan. 17
- Sec. 311. RCW 36.73.015 and 2012 c 152 s 1 are each amended to 18 19 read as follows:
- 20 The definitions in this section apply throughout this chapter unless the context clearly requires otherwise. 21
- 22 (1) "City" means a city or town.
 - 23 (2) "District" means a transportation benefit district created under this chapter. 24
 - (3) "Low-income" means household income set by the district 25 creating the rebate program that is at or below ((forty-five)) 26 seventy-five percent of the median household income, adjusted for 28 household size, for the district in which the fees, taxes, or tolls 29 were imposed.
 - (4) "Rebate program" means an optional program established by a 30 transportation benefit district that includes a city with a 31 population of five hundred thousand persons or more for the purpose 32 33 of providing rebates to low-income individuals for fees, taxes, and/or tolls imposed by such transportation benefit district for: (a) 34 35 Vehicle fees imposed under RCW 36.73.040(3)(b); (b) sales and use taxes imposed under RCW 36.73.040(3)(a); and/or (c) tolls imposed 36 under RCW 36.73.040(3)(d). 37
 - 38 (5) "Supplemental transportation improvement" or "supplemental 39 improvement" means any project, work, or undertaking to provide p. 58

RESOLUTION NO. 1310

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DES MOINES, WASHINGTON, fixing a time for a public hearing to consider Draft Ordinance No. 15-179 which allows for the City's assumption of the Des Moines Transportation Benefit District ("TBD").

WHEREAS, in Ordinance No. 1578 (originally Ordinance No. 1447, which was repealed and replaced with Ordinance No. 1578), the City Council of the of Des Moines established a Transportation Benefit District as authorized by RCW 35.21.225 and subject to the provisions of RCW 36.73, and

WHEREAS, the Transportation Benefit District includes the entire City of Des Moines as the boundaries currently exist, and

WHEREAS, the 2015 Legislature adopted Second Engrossed Substitute Bill ("2ESSB") 5987, the majority of which became effective on July 15, 2015, and

whereas, Section 301 of 2ESSB 5987 authorizes any city in which a transportation benefit district ("TBD") has been established pursuant to chapter 36.73 RCW with boundaries coterminous with the boundaries of the city to assume the rights, powers, functions, and obligations of the TBD, by adoption of an ordinance or resolution of the city legislative authority, and

WHEREAS, Section 302 of 2ESSB 5987 provides that the assumption of the rights, powers, functions, and obligations of a transportation benefit district may be initiated by the adoption of an ordinance or resolution by the city legislative authority, indicating its intention to consider the assumption of such rights, powers, functions, and obligations and setting a public hearing at which all interested parties may appear and be heard and at which the city does then consider the proposed assumption of the rights, powers, functions, and obligations of the transportation benefit district, and

WHEREAS, a public hearing is required for the assumption of a transportation benefit district; now therefore,

THE CITY COUNCIL OF THE CITY OF DES MOINES RESOLVES AS FOLLOWS:

The matter of assuming the Des Moines Transportation Benefit District by the Des Moines City Council is set for a public Resolution No. 1310 Page 2 of 2

hearing before the City Council on Thursday, November 12, 2015 at 7:00 p.m., or as soon thereafter as the matter may be heard, in the City Council Chambers, 21630 11th Avenue South, Suite B, Des Moines, Washington.

ADOPTED BY the City Council of the City of Des Moines, Washington this 29th day of October, 2015 and signed in authentication thereof this 29th day of October, 2015.

AGENDA ITEM

BUSINESS OF THE CITY COUNCIL City of Des Moines, WA

SUBJECT: Public Hearing regarding Year 2016 General	FOR AGENDA OF: November 12, 2015 DEPT. OF ORIGIN: Finance
Property Tax Levies	DATE SUBMITTED: November 5, 2015
ATTACHMENTS: 1. Draft Resolution No. 15-187 2. Draft Ordinance No. 15-132 3. Draft Ordinance No. 15-187 3. Preliminary Levy Limit Worksheet – 2016 Tax Roll	CLEARANCES: [X] Legal

Purpose and Recommendation

RCW 84.55.010 provides that a taxing jurisdiction may levy taxes in an amount no more than the limit factor without first declaring "substantial need".

RCW 84.52.020 requires taxing districts to certify the amount to be raised through property taxation to the county legislative authority. The certification should include the regular levy amount, and if applicable, any lid-lifts approved by the voters, plus amounts for new construction, improvements to property and so forth. Draft Ordinance No. 15-132 satisfies the requirement of RCW 84.52.020.

RCW 84.55.120 requires all taxing districts to adopt a resolution or ordinance in order to realize any increase in their regular property tax levy other than increases due to new construction, improvements to property, increased value of state-assessed property annexations, and refunds. Draft Ordinance No. 15-187 satisfies the requirements of RCW 84.55.120.

Suggested Motions

Motion 1: "I move to enact Draft Resolution No. 15-187 declaring a "substantial need" for purposes of setting the limit factor for the property tax levy for 2016."

Motion 2a: "I move to suspend Rule 26(a) in order to enact Draft Ordinance No. 15-132 on first reading."

Motion 2b: "I move to enact Draft Ordinance No. 15-132, determining the amount of funds to be raised by ad valorem taxes for the year 2016 for general City expenditures."

Motion 3a: "I move to suspend Rule 26(a) in order to enact Draft Ordinance No. 15-187 on first reading."

Motion 3b: "I move to enact Draft Ordinance No. 15-187, authorizing the increase in ad valorem taxes for the year 2016 for general City expenditures.

Background

General Property Tax Levies must be adopted by the City Council on or before November 30, 2015. (RCW 84.52.020 and RCW 84.52.070)

General Property Taxes

The property tax levy rate will be \$1.6554 per \$1,000 of assessed value. The levy rate is higher than the City's statutory allowable maximum of \$1.60 due to King County providing an additional \$0.0753 per \$1,000 of assessed value from the unused capacity of the Library District. The total citywide preliminary assessed valuation totals \$2,858,388,901. The County used the 2009 limit factor of \$4,591,656 as the levy basis for calculation since it is the highest allowable levy. The following provides the expected 2016 property taxes.

Property Tax Levy Limit Calculation

Prei	liminary 2016 Levy		
Item			Regular
Allowable Levy (2009 Lim	it Factor)	\$	4,591,656
Levy Limit Factor	1%		45,917

Assessed Valuation (AV)		\$ 2,858,388,901	
AV/\$1,000			2,858,389
Maximum Statutory Levy R	ate		1.68
Statutory Max Levy (B)		\$	4,788,716

Recommendation

It is recommended that the City Council adopt Resolution 15-187, suspend Council Rule 26(a) and pass Draft Ordinance No. 15-132 and Draft Ordinance No. 15-187, determining the amount of funds to be raised by ad valorem taxes for the year 2016 for general City expenditures.

CITY ATTORNEY'S FIRST DRAFT 10/23/2015 FINANCE DIRECTOR'S FIRST DRAFT 10/23/2015

DRAFT RESOLUTION NO. 15-187

A RESOLUTION OF THE CITY OF DES MOINES, WASHINGTON declaring a substantial need for purposes of setting the limit factor for the property tax levy for 2016.

WHEREAS, RCW 84.55.010 provides that a taxing jurisdiction may levy taxes in an amount no more than the limit factor multiplied by the highest levy of the most recent three years plus additional amounts resulting from new construction and improvements to property, newly constructed wind turbines, and any increase in the value of state-assessed utility property, and other adjustments, and

WHEREAS, under RCW 84.55.005(2)(c), the limit factor for a taxing jurisdiction with a population of 10,000 or over is the lessor of 101 percent or 100 percent plus inflation, and

WHEREAS, RCW 84.55.005(1) defines "inflation" as the percentage change in the implicit deflator for personal consumption expenditures for the United States as published for the most recent 12-month period by the Bureau of Economic Analysis of the federal Department of Commerce in September of the year before the taxes are payable, and

WHEREAS, "inflation" for July 2014 is 0.251 and the limit factor is 100.251 percent meaning the taxes levied in the City of Des Moines in 2015 for collection in 2016 will be less than 101 percent without regard to increases resulting from new construction and improvements to property, newly constructed wind turbines, any increase in the value of state-assessed utility property, and other adjustments without a declaration of substantial need, and

WHEREAS, RCW 84.55.0101 provides for the use of a limit factor of 101 percent or less with a finding of substantial need by a majority plus one councilmembers, and

WHEREAS, the City of Des Moines has seen a significant drop in recurring General Fund revenues due to the economic recession, and

CITY ATTORNEY'S FIRST DRAFT 07/27/2015

DRAFT ORDINANCE NO. 15-132

AN ORDINANCE OF THE CITY OF DES MOINES, WASHINGTON determining and fixing the amount of taxes levied, and certifying the estimated amounts of funds to be raised by taxes on the assessed valuation of property within the City for the year 2016, for general City budget expenditures.

WHEREAS, by law, the King County Assessor is responsible for determining the assessed valuation of all taxable property situated within the boundaries of the City of Des Moines for the year 2015, and

WHEREAS, the City Council and the City Manager have considered the anticipated budget requirements of the City of Des Moines for the fiscal year 2016, and

WHEREAS, notice of public hearing was provided as required by law, and

WHEREAS, RCW 84.52.010 allows the City to use any unused capacity from the authorized levy amounts of the King County Library district and South King Fire and Rescue, and

WHEREAS, the King County Library District is only using \$0.42468 of its authorized \$0.50 per thousand dollars of assessed value and City Council has directed that the unused \$0.07532 be included in the City's property tax assessment, and

WHEREAS, the City Council, after hearing and after duly considering all relevant evidence and testimony presented, determined that the City of Des Moines requires a total levy in an amount not greater than \$4,745,000, in order to discharge the expected expenses and obligations of the City and in its best interest, and

WHEREAS, pursuant to chapter 84.52 RCW, the City Council is required to determine and fix by ordinance the amount of taxes levied, and to certify the estimated amounts of funds to be raised by taxes on the assessed valuation of property within the City; now therefore,

Ordinance No. Page 2 of 3

THE CITY COUNCIL OF THE CITY OF DES MOINES ORDAINS AS FOLLOWS:

- Sec. 1. Findings. The recitals set forth above are adopted in full as findings of the City Council in support of enactment of this Ordinance.
- Sec. 2. The following amount is determined and fixed as the amount of funds to be raised by taxes on the assessed valuation of property within the City for the year 2016 for general City budget expenditures:

The sum of not greater than \$4,745,000, which does represent the maximum statutory total tax levy, including amounts authorized by the voters, for the fiscal year 2016 in the City of Des Moines.

- Sec. 3. The actual amounts levied pursuant to section 1 of this Ordinance shall be calculated after the value of state-assessed property (increase in utility value) is provided by King County.
- Sec. 4. Upon adoption, the City Clerk shall certify and forward a copy of this Ordinance to the Metropolitan King County Council and County Assessor for King County, Washington.

Sec. 5. Severability - Construction.

- (1) If a section, subsection, paragraph, sentence, clause, or phrase of this Ordinance is declared unconstitutional or invalid for any reason by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.
 - (2) If the provisions of this Ordinance are found to be inconsistent with other provisions of the Des Moines Municipal Code, this Ordinance is deemed to control.

Ordinance No. Page 3 of 3

Sec. 6. Effective date. This Ordinance shall take effect in full force five (5) days after its passage, approval and publication according to law.

CITY ATTORNEY'S FIRST DRAFT 10/26/2015

DRAFT ORDINANCE NO. 15-187

AN ORDINANCE OF THE CITY OF DES MOINES, WASHINGTON authorizing an increase in the regular property tax levy for the year 2016 for general City expenditures.

WHEREAS, the City Council and the City Manager have considered the anticipated financial requirements of the City of Des Moines for the fiscal year 2016, and

WHEREAS, the City Council, after hearing and after duly considering all relevant evidence and testimony presented, determined that the City of Des Moines requires a regular levy in an amount not greater than \$4,745,000 which includes an increase in property tax revenue from the previous year, and amounts resulting from the addition of new construction and improvements to property and any increase in the value of state-assessed property, and amounts authorized by law as a result of any annexations that have occurred and refunds made, and

WHEREAS, pursuant to RCW 84.55.120 the City Council is required to adopt a separate ordinance specifically authorizing an increase in the regular property tax levy in terms of both dollars and percentage increase from the previous year's levy; now therefore,

THE CITY COUNCIL OF THE CITY OF DES MOINES ORDAINS AS FOLLOWS:

Sec. 1. Consistent with RCW 84.55.120, the City Council of the City of Des Moines hereby authorizes an increase in City property taxes for the 2016 tax levy in an amount not greater than \$199,240, which is four and forty-nine one hundredths of one percent (+4.49%) above the 2015 tax levy. This increase is exclusive of additional revenue resulting from the addition of new construction and improvements to property and any increase in the value of state assessed property, and any additional amounts resulting from any annexations that have occurred and refunds made, and

Sec. 2. The actual amounts levied pursuant to the four and forty-nine one hundredths of one percent (+4.49%) increase

Ordinance No Page 2 of 2
set forth in section 1 of this Ordinance shall be calculated after the value of state-assessed property (increase in utility value) is provided by King County.
Sec. 3. Upon adoption, the City Clerk shall certify and forward a copy of this Ordinance to the Metropolitan King County Council and County Assessor for King County, Washington.
Sec. 4. Severability - Construction.
(1) If a section, subsection, paragraph, sentence, clause, or phrase of this Ordinance is declared unconstitutional or invalid for any reason by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.
(2) If the provisions of this ordinance are found to be inconsistent with other provisions of the Des Moines Municipal Code, this Ordinance is deemed to control.
Sec. 5. Effective date. This Ordinance shall take effect in full force five (5) days after is final by the Des Moines City Council.
PASSED BY a majority of the City Council of the City of Des Moines this 12th day of November, 2015 and signed in authentication thereof this day of, 2015.

Purpose and Recommendation

The purpose of this report is to provide to the 2016 Operating and Capital Budgets. There have been no updates since the first reading

FOR SUBMITTAL:

Suggested Alternative Motions

Alternative Motion 1: "I move to enact Draft Ordinance No. 15-183 establishing the 2016 Operating and Capital Budgets."

OR

Alternative Motion 2: "I move the pass Draft Ordinance No. 15-183 to the November 19, 2015 meeting for enactment establishing the 2016 Operating and Capital Budgets."

Background

The initial version of the 2016 Preliminary Operating and Capital budget was filed with the City Clerk and available to the public October 8th, 2015. The Finance Director discussed the document during the October 15, 2015 meeting. Based on feedback and updated construction estimates additional changes were made to the October 8 draft and were contained in the October 29, 2015 draft. There have been no further changes from the last draft.

CITY ATTORNEY'S FIRST DRAFT 10/21/2015

DRAFT ORDINANCE NO. 15-183

AN ORDINANCE OF THE CITY OF DES MOINES, WASHINGTON adopting the final operating and capital budgets for the City of Des Moines, Washington, for the fiscal year ending December 31, 20152016, in summary form, ratifying and confirming revenues and expenditures previously implemented for fiscal year 20142015, as such revenues and expenditures form the basis for development of the budget for fiscal year 20152016, approving revenues and expenditures for fiscal year 20152016, and temporarily suspending the effect of any ordinance, code provision or other City requirement with which the fund adjustments and transfers proposed by the City Manager for the 2014—2015 budget might be inconsistent.

WHEREAS, the City Manager for the City of Des Moines has prepared and submitted a—the preliminary operating and capital budgets for the fiscal year ending December 31, 2015—2016 to the City Council and has filed this these budgets with the Finance DirectorCity Clerk, and

WHEREAS, the City Council finds that the City Manager's proposed budgets for fiscal year 2015—2016 reflects revenues and expenditures that are intended to ensure provision of vital municipal services at acceptable levels, and

WHEREAS, the City Council finds that the City Manager's proposed operating and capital budgets for fiscal year 2015—2016 appropriately relies upon anticipated year-end balances derived from revenues and expenditures previously approved and authorized by the City Council as part of the City's budget for fiscal year 20142015, and

WHEREAS, the City Council finds that the fund adjustments and transfers proposed by the City Manager for fiscal year $\frac{2014}{2015}$ are necessary and in the public's interest, and

WHEREAS, by motion regularly passed, the Des Moines City Council scheduled a—the final public hearing for ________, November 29, 20142015, to take public comment with respect to the proposed 2015—2016 operating and capital budgets, and

WHEREAS, notice of the public hearing was given to the public in accordance with law and $\frac{1}{2}$ —the final public hearing was

Ordinance No. _____ Page 2 of 4

held on the _____12th day of ______, November, 20142015, and all persons wishing to be heard were heard; now therefore,

THE CITY COUNCIL OF THE CITY OF DES MOINES ORDAINS AS FOLLOWS:

- Sec. 1. The findings set forth in the preamble to this ordinance are hereby adopted and incorporated by reference.
- **Sec. 2.** Based on the findings adopted herein, the City Council temporarily suspends the effect of any ordinance, code provision or other City requirement with which the fund adjustments and transfers proposed by the City Manager for the 2011—2016 budget might be inconsistent.
- **Sec. 3.** The fund adjustments and transfers proposed by the City Manager for fiscal year $\frac{20142015}{1000}$, which are incorporated in the preliminary budget for fiscal year $\frac{20152016}{1000}$, are hereby authorized and approved by the City Council.
- Sec. 4. Because the City's operating and capital budgets for fiscal year 2015—2016 relies—rely upon anticipated year-end fund balances or shortages derived from revenues collected and expenditures incurred in fiscal year 20142015, the City Council hereby ratifies and confirms all revenues, from whatever source derived, and expenditures incurred by the City to the extent such revenues and expenditures are in accordance with the City's budget for fiscal year 2014—2015 or any subsequent budget amendments formally approved by the City Council.
- **Sec. 5.** The City Council hereby adopts, affirms and approves any and all revenues, from whatever source derived, and expenditures as referenced in the attached operating and capital budgets for fiscal year 20152016.
- Sec. 6. The final operating budget for the City of Des Moines' fiscal year 2015 2016 is hereby adopted and approved in summary form as set forth in the attached Appendix "A", which is by this reference incorporated herein. The final capital budget for the City of Des Moines' fiscal year 2016 is hereby adopted and

A GUIDE TO THE CITY OF DES MOINES BUDGET

The intent of this guide is to explain basic concepts of how the City of Des Moines government is financed, how the City accounts for its finances in order to meet its stewardship obligation over the public's money, and how the budget process works.

The City of Des Moines' mission is to provide for the basic safety, health and welfare of its citizens by providing a variety of social, health, environmental, public safety, and other services to the public.

The wide variety of services makes it a challenge for the City to keep its citizens informed and involved in the business of government. Hopefully, this Guide will make it easier to understand how some of the City's financial activities work.

WHAT IS A BUDGET?

The annual budget of the City of Des Moines is a formal statement of the financial policy and plan of the City for the calendar year. The Budget document presents in detail the financial plan of the City, including its various sources of revenues and the allocation of these resources to the various programs.

WHAT ARE REVENUES?

Monies received through taxes, licenses and permits, intergovernmental sources, charges for services, fines and forfeitures, and other miscellaneous sources are called revenues.

WHAT ARE EXPENDITURES?

Expenditures occur when the City buys goods and/or services and pays its employees. Expenditures can be categorized into three types: operating expenditures, capital expenditures, and debt service expenditures. Operating expenditures are the day to day spending on salaries, supplies, utility services, and contracts. Capital expenditures are generally for acquisition of major assets such as land and buildings or for the construction of streets or other improvements. Debt service expenditures repay borrowed money and related interest.

WHAT IS A FUND?

The City is financially organized into separate fiscal and accounting entities known as Funds. Each Fund is a separate division for accounting and budgetary purposes. The Fund accounting process allows the City to budget and account for revenues that are restricted by law or policy to a specific use or purpose in accordance with nationally recognized rules of governmental accounting and budgeting.

The City of Des Moines budgets for approximately 22 separate Funds. Each Fund can be viewed as a separate checking account to be used for a specific purpose. All Funds of the City fall into one of the following major categories. Following is a brief description of these categories.

General Fund: The General Fund finances most services that the City provides. This includes law enforcement, fire protection, municipal courts, parks and recreation, community development and administrative activities. The General Fund is, essentially, a "catch-all" fund for accounting for City operations that are not required to be accounted for in a separate fund. The General Fund receives all of the property taxes.

Special Revenue Funds: The City uses Special Revenue funds to account for revenues that must be used by law for specific purposes. An example is the City Street Fund which accounts for gasoline taxes received that can only be used for maintenance and improvements to roads and streets.

Debt Service Funds: The Debt Service funds are used to account for the accumulation of resources for the repayment of monies borrowed through voter approved general obligation bond sales and the related interest.

Construction Funds: Construction funds are used to account for the accumulation of resources to fund construction projects related to general government. Utility related construction in included in the Enterprise Funds.

Enterprise Funds: The Enterprise Funds are established to account for operations that are financed and operated in a manner similar to private business with the intent that the cost of the goods or services provided will be recovered primarily through user charges. The Marina Fund and the Surface Water Management funds are the City's funds in this category.

Internal Service Funds: Internal Service Funds are used by the City to account for the financing of goods and/or services provided by one department or fund to another department or fund of the City on a cost reimbursement basis. For example, the City uses the Equipment Rental Funds to purchase and maintain vehicles used by the various departments and funds. Each department or fund pays rent to the ER Fund to use that equipment.

WHY USE FUNDS?

- Reason 1: Fund accounting is required by the State of Washington. State law governs how local governments will account for revenues and expenditures. All local governments are audited annually by the State Auditor's Office to ensure that they have followed generally accepted accounting rules.
- Reason 2: When a local government receives funding from the State or the Federal government in the form of a grant, the entity must account for those dollars in the manner prescribed by law.
- Reason 3: When a local government goes to the financial markets to borrow money, they must provide financial statements that show their financial condition. Financial institutions and investors will loan money to the local entities only if they can demonstrate the ability to repay the debt.
- Reason 4: Des Moines, like all local government entities nationwide, use fund accounting because this system is the standard prescribed by national organizations that govern accounting rules and regulations. The principles used to account for businesses, called Generally Accepted Accounting Principles (GAAP), are established by the Governmental Accounting Standards Board (FASB). Similarly, the principles used to account for governmental finances are established by the Governmental Accounting Standards Board (GASB).

ORGANIZATION OF THE BUDGET DOCUMENT

The document is structured to provide the reader with increasing levels of detail at whatever depth desired. Major sections of the budget are as follows:

The City Manager's budget message provides an executive overview of key policies, programs, and significant financial changes in the budget for the ensuing year.

The next section is a series of summary schedules of the City budget. These schedules summarize revenues and expenditures by fund and by major category. Some of the funds or departments may contain informational narrative and an organizational chart that includes a table of departmental personnel.

The Capital Improvements Projects section lists new and continuing capital improvements projects budgeted for the year.

The General Information section includes assessed value and property taxes levied for the current and previous years, some ratios of bonded debt, debt limitations of the City and the current outstanding bonded debt.

And finally the Glossary section to give the reader a better understanding of various terms and phrases.

SUMMARY OF THE BUDGET PROCESS

The City of Des Moines's budgetary process follows the provisions of the Revised Code of Washington (RCW), Chapter 35.33.

During the spring and summer months departments begin preparation of their budget request for the coming year. Throughout this process meetings are held with appropriate staff and with the City Manager to review the budget requests. After compiling the data, the Preliminary Budget document is prepared. This document is made available for public review in the City Clerk's office and at the Public Library before November 1.

The proposed budget includes the annual operating expenditures and estimated revenues, as well as the calendar year appropriation of the projects included in the Capital Budget. The Capital Budget is based on the six year 2016-2021 Capital Improvement Plan adopted in the summer. The six year Capital Improvement Plan is a flexible, dynamic tool that encourages long-term decision-making and assures the continuity of Council goals and objectives. While the six year capital improvement plan sets project priorities; the Capital Budget provides the legal authority to spend money on selected projects. The capital projects for the upcoming year are included in the annual budget and formally adopted along with the Operating Budget before December 31.

The budget is prepared on a modified accrual basis of accounting. Generally this means it presents sources and uses of funds that relate to the budget year and which are expected to be collected or spent within the year or shortly thereafter.

During August, the City Manager and City Council meets to review the five year financial forecast. In subsequent council meetings staff and council discuss various cost containment options as well as potential revenue enhancement options based on the financial forecast. The public are welcome and provide their views and priorities to council through the budget discussion process. At least two formal public hearings are conducted and the budget ordinance is given first and second readings at regular City Council meetings. The final public hearing must be held no later than the first Monday in December. Final adoption of the budget occurs after the second reading of the budget ordinance. State law directs the budget adoption by no later than December 31.

The adopted budget constitutes the legal authority for expenditures. The level of control at which expenditures may not legally exceed appropriations is the **fund**. Revisions that alter the total expenditures of any kind must be approved by the City Council and adopted by ordinance. The City's budget is amended at least once during the year before year-end. All appropriations, except for capital projects, lapse at the end of the year.

CITY MANAGER'S BUDGET MESSAGE

Honorable Mayor and Council:

On behalf of the entire management team, I am pleased to submit the preliminary budget for fiscal year 2016. As required by state law, the budget presented herein is balanced between revenues and expenses. This budget was developed in support of the City Council's goals, current and projected service and infrastructure needs and is reflective of current and projected economic conditions impacting the City.

INTRODUCTION

As proposed, the preliminary 2016 budget is significantly different from past budgets to address the cumulative financial effects of financial challenges such as variable development revenues, reductions in state shared revenues and decreases in assessed property values. As discussed in the various sections below, the 2016 budget significantly raises taxes and cuts costs in order to reverse the past trend and return the City to a sustainable financial future while providing additional service to the citizens. Three Patrol Officer positions have been added along with a new, significant street paving program. In order to better manage revenue restrictions several new Special Revenue Funds are utilized. Other fund changes include legal appropriations for one combined Debt Service Fund and one combined Construction Fund. Similarly, the operating, construction and debt service activities for an Enterprise fund are appropriated as one fund for each of the Enterprise funds (Marina and Surface Water Management).

The City of Des Moines has faced challenging budget deficits, particularly in the General and Street funds for many years, stretching back to the passage of I-695 in 1999. The City has used a variety of strategies to balance the budget over the years including position cuts, use of one-time revenues, instituting new revenues, furloughs, employees voluntarily reducing their cost of living adjustments, changes to benefit programs, etc.

The budget situation for 2016 is not as daunting as in some years because the structural deficit is significantly offset by anticipated, one-time development revenues from several large projects. However, the state of the reserve balances and prospects for 2017 and beyond are bleak. Without significant new revenues or massive cuts in expenses, our reserves will be completely drained before the end of 2017 and the City will no longer be able to provide services at current levels. While the City has been very aggressive with economic development processes, we are just now seeing the fruits of our labors. Those developments which are either under construction now or look to be under construction within the next year will bring in new revenues. This new revenue has been conservatively estimated and built into our budget forecasts through 2020 but it is not enough to get us to a financially sustainable budget.

Because the City has been in cutback, budget-tightening mode for the last 15 years, there are no cuts left which do not result in significant reductions in services or impair each department's ability to achieve its operational mission. Potential personnel cuts totaling approximately \$750,000 were initially identified but through public feedback regarding priorities and demand for services the 2016 personnel reductions have been limited to \$158,000. Also, based on continued public demand for increases in public safety, three new Patrol Officers were added. These positions are budgeted with a 2016 fourth quarter hire date to ensure the new tax resources are fully sufficient to cover the cost of the additional positions.

Staff was also directed to look for every revenue opportunity available which Council could implement. Accordingly, included in the preliminary budget are rate increases on business license fees, parks and recreation fees, our current utilities taxes (on storm water, cable TV, and solid waste), and implementation of a utility tax on water and sanitary sewer services. Applying our utility tax to water and sanitary sewer services is a significant (approximately \$900,000) new revenue source.

GENERAL FUND REVENUES

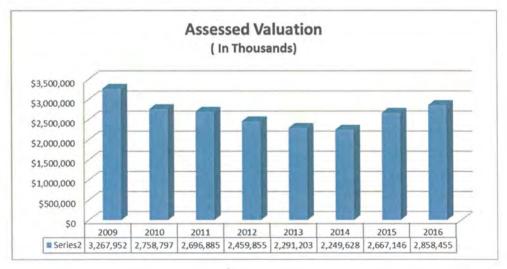

Taxes. Taxes represent 65% of the overall funding to the General Fund.

Utility Taxes. With the implementation of the new utility tax rates, this source becomes the largest single source of tax revenue to the general fund. The relative percentage of tax sources funding the General Fund is: 35% Property Tax, 24% Sales Tax and 41% Utility/B&O Tax. Diversification of revenue sources helps to protect the city from revenue swings. For example, if property taxes sharply decline, utility taxes would likely remain largely unaffected, warm weather may affect water but not cable TV, etc.

Property taxes. In 2016 property taxes are estimated to increase approximately \$300,000 due to a combination of increased assessed values, new construction and a higher tax rate. Assessed valuation continues to recover but still has not reached the 2009 peak valuation.

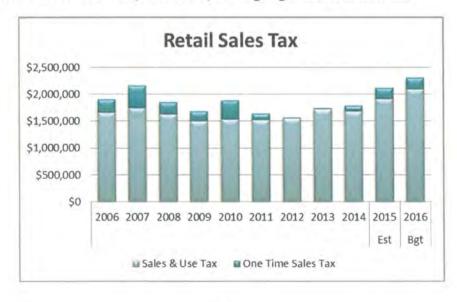

The City's success and continued focus on economic development is reflected in the increase in new construction values. The new construction factor adds just over \$87,000 in new, ongoing property tax revenues.

The third factor in the property tax increase is due to a higher maximum allowable statutory rate. The City is limited to a rate of \$3.60/1,000 assessed valuation. If there is a library and/or fire district located within the City, however, those districts property tax levies are deducted from the city's allowable rate (but only to the point the city rate becomes \$1.60/1,000 of assessed valuation). For 2016, it appears the junior taxing districts will not be assessing their full legal limit so the city will be allowed to assess \$1.67 rather than just \$1.60. Since the junior taxing districts have the legal right to increase their assessment in any year, the property tax generated by the difference between \$1.67 and \$1.60 is treated as one-time property tax revenue (approximately \$150,000). This one-time property tax revenue has been matched against one-time expenses (Redondo Paid Parking Project) and is *excluded* from the calculation of ongoing revenues matching ongoing expenses.

Retail Sales Tax. The recovering economy and the City's continued economic development efforts are leading to increases in both one-time (construction) and ongoing increases in sales tax.

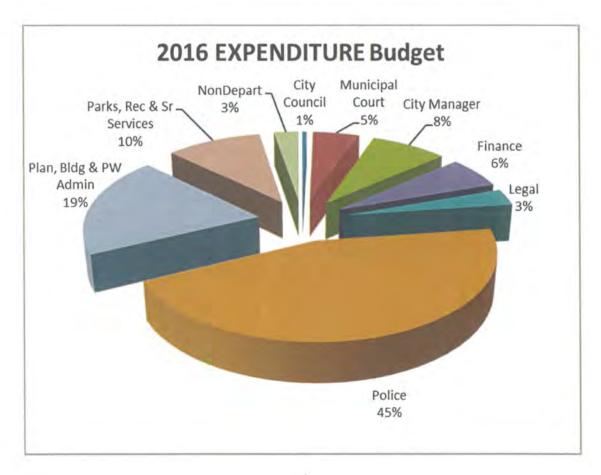

Fees & Charges. There are several changes to fees and charges to help solve the budget deficit by assessing users of services a higher percentage of the actual cost of providing those services. The cost of centralized administrative services (such as City Council, City Manager, Legal, Human Resources, Finance, etc.) was extended to assess all city funds. This change generates approximately \$235,000 of new revenue to the general fund to help cover those departmental costs.

An analysis was done on programs provided by the Parks, Recreation and Senior Services to determine the operating tax subsidy. Proposals to reduce services and eliminate personnel were repeatedly objected to by the public during public comment section of several City Council meetings. Thus, rather than cutting expenditures, fee increases of 10% were added as the first part in a multiple-year rate increase strategy to make these programs less dependent on tax subsidies.

Licenses & Permits. The cost of acquiring a business license will be increased by 25% which is expected to raise approximately an additional \$40,000 to contribute to closing the initial budget shortfall.

GENERAL FUND EXPENDITURES

Though the total allocation of resources by department (%) has not significantly changed, there are several notable changes from prior year spending.

Position Changes. A recurring theme from the public is the request for additional police services. Accordingly the 2016 budget raises existing revenues to accommodate adding three additional Patrol Officers. Since the revenue enhancements come from many different revenue sources, include new revenue sources and are subject to variation depending on individual's purchasing decisions, there is risk the projected revenue targets may differ from the 2016 actual revenues to be received. To mitigate this risk, the budget funds hiring of the new positions starting October 1, 2016. This will provide time for the city to implement the new rates and charges as well as determine if the new ongoing revenues will be sufficient to pay for the new ongoing costs of the three Patrol Officers.

To keep the impact of new revenues as low as possible, two positions were reduced/eliminated. One Court Clerk position was reduced from full time to 0.5 FTE which saves approximately \$53,000 annually. Service levels will be maintained through the purchase of a the purchase of a new court records management at a one-time cost of \$32,000.

The second position change is the elimination of the Code Enforcement Officer position. The impacts of eliminating the Code Enforcement Officer position can be mitigated to a point, but will result in reducing the City's ability to respond to all code enforcement complaints. If this cut is enacted, some complaints would be forwarded to the Police Department's Community Service Officers (CSOs), some would be handled by the Building Official's office, and some would be followed up on by the permitting staff.

The third change to positions is to include the full year effect of the additions of three positions to the Planning and Building departments late in 2015. The three positions were: Building Inspector, a Civil Engineer and a Community Development Assistant. These were added to address the additional work load requirements resulting from the increased economic development and construction activity expected to continue through 2019.

Planning & Permit Automation. An analysis was also done on the Planning and Building Department's use of technology. The cost of ongoing technology and a factor to acquire future additional technology (provide on-line service to the business community) was found to be about \$100,000/year. The current technology (automation) fee raises just \$22,000/year and new pricing will begin in 2016 to eliminate this gap. The technology costs were removed from the general fund and are included in a new special revenue fund so the revenue generated by this fee is likewise received by the special revenue fund thus properly restricting and controlling its use.

Internal Service Funds' Assessments & Reserves. Similar to the General Fund, the internal service funds' reserves (equipment replacement, computer replacement, self-insurance fund, etc.) have been drained with the decade long financial struggle. Reserves were at the point where cash flow was insufficient for these funds to pay bills when due. A five year forecast was performed and a plan to replenish the reserves over time was created. Replenishing the internal service fund reserves results in a double effect to the general fund. First, it is paying current year assessments (which have often been skipped in past years); and secondly, it is contributing towards restoration of cash to a functioning level. Depending on the fund, reserve balances should be fully restored in three to five years at the new contribution levels; while still allowing the funds to make capital purchases to meet the operating divisions' needs.

GENERAL FUND FINANCIAL POLICIES

One Time Revenues Policy. Ordinance 1607 which was adopted November 6, 2014 allows the General Fund to utilize 25% of the one-time Sales and B&O tax revenue for general fund purposes. Ordinance 1561 passed on December 13, 2012 requires the remaining 75% be transferred to the construction fund and restricts those amounts to General Municipal Capital Improvement projects.

The 2016 Preliminary Budget follows these requirements plus enacts the spirit behind these ordinances by matching other one-time revenues to one-time expenditures so the City moves to the fiscally responsible budgeting process whereby ongoing revenues match ongoing expenses and one-time revenues are used only for one-time expenditures.

Though not in ordinance, property taxes resulting from levy rates in excess of \$1.60 are not within the City's control and can be reduced in any year by junior taxing districts. Thus it is prudent to consider the taxes above the \$1.60 as one-time revenues. This extra 2016 revenue is approximately \$150,000 and is matched to a one time Redondo Paid Parking project (which otherwise lacks a current, viable funding source).

Also not restricted by ordinance (but are in fact one-time revenues) are the fees collected from large development projects (> \$15 million). These fees are paid at the beginning of the development process for services which may not occur until one to three years in the future. To allow all of these funds to be spent in the year received as part of the ongoing revenues vs. ongoing expenditure balance may make it difficult to pay the costs to provide related services in the future.

The 2016 Preliminary Budget contributes over \$800,000 of one-time revenues and brings the General Fund's ending fund balance into full compliance with the ending reserve requirements.

Fund Balance Policy (7 % General Reserve plus 5% Stabilization Reserve). Ordinance 1144 establishes a 7% Operating Reserve and Chapter 3.50 of the Des Moines Municipal Code establishes an additional 5% Stabilization Reserve. 12% of ongoing revenue (\$19,073,080) is \$2,288,770. The 2016 Preliminary Budget provides for an ending fund balance of \$2,336,875 and thus fully meets the reserve requirements.

STREET FUND

The new sanitation tax is necessary to return the street fund to financial sustainability. The 2015 budgeted operating deficit was approximately \$117,000 and this did not include the effect of skipping payment of vehicle replacement charges. The street fund has a \$150,000 front loader to replace in 2017 for which no funds have been set aside through the end of 2015. Overall fund spending is up \$125,000 primarily due to the higher contributions to vehicle replacement and for the fund's allocable share of General Fund Admin Services.

The overall expenditure increase is approximately \$94,000 (about 7%). The street lights expenditure budget is down due to prior years installation of LED lighting. The LED lighting is estimated to save \$45,000 per

year in electricity costs and is an additional \$45,000 less than 2015 as the purchase cost of the LED light replacement finished in 2015. Also in the budget is the cost to perform a street pavement condition study (\$40,000) and an ADA transition study \$10,000. The pavement condition study will provide valuable information to ensure the new funding for Arterial Street and Residential Street Paving Programs are used most effectively. Bridge inspections, previously included in the General Fund (\$40,000) are now included in the Street fund to facilitate state transportation annual reporting requirements.

Revenues 10% Sanitation Tax \$365,000; new MVFT \$20,000; 2015 included one-time revenues related to one-time projects and a parking study.

NEW SPECIAL REVENUE FUNDS

Arterial Street Pavement Fund. This new fund was created to maintain accountability and restriction over the second \$20 car tab fee which is expected to generate revenues of \$440,000 and be devoted to the Arterial Street Pavement Program. The first year's fees will be used to pay for the \$15,000 design phase of 2017's pavement contract with the remainder (approximately \$425,000) held to create essential fund balance to sustain project cash flow. This approach also allows time for the fund to collect the fees over the course of the first year and bid the paving contract over the winter when pricing is generally less expensive.

Residential Street Pavement Fund. This new fund was created to maintain accountability and restriction over 4% water and sewer utility tax which is expected to generate revenues of 362,600 and be devoted to the Arterial Street Pavement Program. The first year's fees will be used to pay for the \$5,000 design phase of 2017's pavement contract with the remainder (approximately \$357,000) held to create essential fund balance to sustain project cash flow. This approach also allows time for the fund to collect the fees over the course of the first year and bid the paving contract over the winter when pricing is generally less expensive.

Planning & Building Automation Fund. An analysis was also done on the Planning and Building department's use of technology. The cost of ongoing technology and a factor to acquire future additional technology (provide on-line service to the business community) was found to be about \$100,000/year. The current technology (automation) fee raises just \$22,000/year and new pricing will begin in 2016 to eliminate this gap. The technology costs were removed from the general fund and are included in this new special revenue fund so the revenue generated by this fee is likewise received thus properly restricting and controlling its use.

Automated Speed Enforcement Fund. The revenues from tickets and operational costs of this program (both staff and vendor costs) were previously part of the general fund. In addition to the operational costs, the remaining revenue is used to fund various related traffic safety projects. In order to efficiently maintain control over restricted revenues and cash on hand balances these activities were moved to their own fund.

Transportation Benefit District (TBD) Fund. The Transportation Benefit District Fund has previously existed separately from the City's budget document. Generally Acceptable Accounting Principles require financial reporting of this activity as a Special Revenue Fund of the City. A separate TBD financial report is also required. To provide visibility to this related entity and so all transfers in and transfers out (e.g. transfer of second \$20 car tab fee to Arterial Street Pavement Fund) add up, its activity is included in the City's budget document. It is however, excluded from the legal appropriation as the Transportation Benefit District adopts and appropriates' its own budget.

CONSTRUCTION FUND

This fund includes all resources restricted to construction projects. It includes general municipal projects as well as transportation projects. Construction for Marina and SWM are included in the Enterprise Funds along with those funds' operations and debt activities. Detailed information regarding the construction project can be found in the CAPITAL PROJECTS SECTION starting on page 61.

MARINA FUND

The 2016 Preliminary Budget includes no rate increases for 2016. It is expected the marina operations will net approximately \$17,000 on gross revenues of \$4,152,000 which is 0.4%. This includes \$100,000 of spending on two capital projects (\$60,000 one dock electrical wiring upgrade and \$40,000 to upgrade the gate security system). Council will evaluate possible 2016 rate changes later this year.

Ending fund balance is expected to be approximately \$612,000 which is 15% of operating expenditures (i.e. excludes debt service and capital) spending. While there is no official reserve policy for this fund, due to the nature and variability of this type of operation, a 60 day cash flow reserve is prudent. A 60 day reserve would provide a reserve target of \$672,688 so the Marina fund is still recovering its financial health but is getting close to covering operations and reserve targets.

In addition to the operating reserve, the fund has a \$794,741 debt service reserve requirement (required by bond covenants) which is fully funded.

The remaining challenge for Marina is to raise enough revenue to increase its capital replacement program. An annual net profit of \$17,000 is not sufficient to cover the capital replacement needs of the Marina.

SURFACE WATER MANAGEMENT FUND

The 2016 Preliminary Budget includes a 5.6% rate increase for 2016 as adopted this summer based on the consultants' long range SWM utility plan plus an additional \$292,0000 increase to cover the cost of additional utility taxes (on the 5.6% rate increase and the change from 8% to 14% on the utility tax rate). The 2016 Preliminary Budget includes \$3,217,932 total operating revenues and \$2,760,936 of operating expenditures (which excludes capital spending) for a net operating total of \$456,996.

Capital spending for the year is budgeted for \$2,063,935 for three projects: 1) \$323,235 Barnes Creek/KDM Culvert; 2) \$254,700 on 24th Ave Pipeline and 3) \$1,486,000 Lower Massey Creek.

The ending operating fund balance is expected to be approximately \$1,285,000. While there is no official reserve policy for this fund, due to the fact that revenues are collected predominately twice a year (along with property tax collections) then a year end operating fund balance equal to four months of operating costs is prudent. A four months' of operating expenditure level would provide a reserve target of \$920,312 so the budgeted ending reserve is high at the end of 2016. The long range capital plan calls for using the excess fund balance to supplement capital spending in 2017, so the 2016 ending balance is appropriate.

SUMMARY

Developing a balanced budget is always a challenge; by its very nature it involves difficult choices, assigning values and constantly weighing one thing against another. As presented, the preliminary budget proposal meets several City Council goals by not only maintaining services levels, but also enhancing service levels in public safety and re-establishing street restoration projects. With this budget, the City will continue to be able to provide quality municipal programs and services to our residents and businesses — quality that makes the City of Des Moines a desirable location in which to live and conduct business.

Finally, I want to acknowledge the dedication and service of the City's employees. In spite of continued financial adversity for a period of over a decade where cuts and reduction in staffing levels became the norm, the City's workforce has pulled together, worked smarter and more efficiently to where the public has seen little to no reduction in service. I also wish to recognize City Council, whose collective leadership as policy makers and ambassadors for the public worked tirelessly through late nights and many meetings to provide the policy direction for the City to move to sound financial footing going forward. Finally special thanks to the Finance staff as this comprehensive document could not have been developed without their skill and dedication.

Respectively submitted,

Chy Wanager

DEPARTMENTS

CITY COUNCIL

The City has a Council-Manager form of government. The City Council consists of seven members elected for four-year, overlapping terms. The Mayor, elected by the City Council, has equal voting rights with other council members and posses no veto power. The City Council appoints the City Manager to act as the chief executive officer of the city.

The City Council is responsible for:

Developing municipal policy and providing direction to the City Manager.

Overseeing municipal finances, approving contracts, acquisition and/or conveyance of land and other property, adoption and amendment of the city's Comprehensive Land Use Plan and exercising municipal legislative authority to continue provision of cost-effective municipal services.

Providing leadership in the on-going efforts to diversify and expand Des Moines' economy.

The Police Department is composed of the following Divisions:

Administrative. This division directs all municipal police personnel activities, ensuring efficient operation of the police department. It supervises all police functions including law and ordinance enforcement, maintenance of order, traffic control, investigation, training and discipline of personnel. It formulates work methods, procedures, policies and regulations, prepares annual budgets and attends civic meetings.

Detective. This division investigates crime occurring within the City of Des Moines. It is responsible for identification and apprehension of offenders and the recovery of stolen property. Detectives also investigate narcotics and vice crime and will sieze and attain forefiture of properties as allowed by law.

Patrol. This division promotes the safety and security primarily through the deterrence and apprehension of offenders. It handles citizen calls for service, manages on-scene situations, enforces traffic laws, performs security checks of commercial and residential properties and other services.

Crime Prevention. This division manages community related activities such as the safe-walk-to-school program, neighborhood watch associations, etc. It is also responsible for development of crime bulletins.

Animal Control. This unit patrols for animals at large, investigates animal related complaints, prepares cases for court and ensures that animal owners comply with municipal ordinances.

Automated Speed Enforcement. This program promotes safety incentive by providing camera tickets to those motorists speeding in two school zones.

Also there are also divisions for Training, Civil Service, Facility Maintenance and the Property Evidence Room.

The Planning, Building and Public Works Administration functions funded by the General Fund include:

Administrative. Manages the divisions and programs listed below.

Facility and Park Maintenance. Provides for routine building maintenance for the city-buildings. Also provides landscape, design and maintenance for parks, municipal buildings, right-of-way, trails, street planting areas, city benches, support for special events and park operations.

Building Division. Oversees building construction. It reviews building plans, issues permits and inspects buildings during construction to ensure compliance with approved plans and codes.

City Project Management. Provides management of projects listed in the city's CIP plan.

Code Enforcement. Provides enforcement of the City's Municipal Code, International Building Code, International Fire Code, RCW codes and WAC codes.

Engineering Services. This division is responsible for the city's transportation infrastructure systems. It studies and plans for improvements, seeks grant funding, designs and oversees construction. It also reviews residential and commercial development plans.

Planning & Development Services. Planning Services assists in developing and implementing long range land use plans. Development Services reviews proposals and drafts code and zoning amendments.

Joint & Minor Home Repair. Provides funding to low income families for minor home repairs.

*The Director is also reponsible for administration of the city's Surface Water Management Fund and Street Fund maintenance, Surface Water Fund maintenance and vehicle maintenance and replacement; the costs for which are reported in those funds rather than in the general fund.

Annual Sidewalk Program 2016 Project # 101.205.016 Project Manager: Lead Department: Design Start Date: Est. Actual Bid Opening: Award: Accepted by Council: Retainage Released:

Summary Project Description:
Replace sidewalks throughout the city. This program targets locations that are in significant need of repair or which do not meet current standards. Typical locations for repair include curb, gutter, sidewalk, asphalt paths and driveway approaches. The program prioritizes projects near schools, in commercial areas, and locations with high amounts of pedestrian traffic. Special consideration is given to locations with past pedestrian accident history and where citizen complaints are received.

DMBP Sun Home Lodge Rehab	Project #	310.056.045	310.056	Summary Project Description:
Project Manager: Lead Department: Design Start Date: Bid Opening: Award: Accepted by Council: Retainage Released:	<u>Est.</u>	<u>Actual</u>		Rehabilitation of the Sun Home Lodge for it's continued use as a recreation facility. Will include lifting the building, connecting new utilities (electrical, gas, phone, cable, water and sewer), constructing a new foundation, decking, exterior stairway and minor interior improvements. Additional interior building remodel work would be completed in future phases. This project relies on funding support from King County and Washington State. \$459K previously expended Picnic Shelter/Restroom funds will provide additional match for the project.

Project # 310.061.045 DMBP Picnic Shelter/Restrooms Project Manager: Lead Department: Est. Actual Design Start Date: Bid Opening: Award: Accepted by Council: Retainage Released:

Summary Project Description:
Rehabilitate the Picnic Shelter and Restroom including building a new stem wall, update mechanical, electrical and plumbing systems, fixtures, interior, exterior finishes and drainage to serve the high volume Beach Park and Des Moines Creek Trail Park users. The project is part of a multi-phased plan to rehabilitate the historic buildings. It is a high priority for the general public and for the full utilization of the Event Center to maximize rental revenues that are needed to sustain the park and it's buildings.

Project # 319.336.040 S 224th Street Improvements Project Manager: Lead Department: Est. Actual Design Start Date: Bid Opening: Award: Accepted by Council: Retainage Released:

Summary Project Description:

Improvements identified for South 224th Street are for a "Type A" street including curbs, gutters, wide sidewalks, and bike lanes. This project includes design, environmental analysis, and preparation of plans, specifications, and estimates by a consultant. In-lieu fees have been obtained and will fund the design as well as the construction.

Summary Project Description:

South 272nd Street to approximately 1000 feet south of S 272nd Street. Install curbs, gutters, sidewalks, enclosed drainage system and bike lanes along both sides of the street. Improve existing lighting and install left turn lane. Cost estimates reflect overhead utilities. Undergrounding utilities would be a significant increase. This project coordinates with Segment 5B.

Arterial Traffic Calming Project # 319.609.040 Project Manager: Lead Department: Design Start Date: Bid Opening: Award: Accepted by Council: Retainage Released:

Summary Project Description:

Install arterial traffic calming devices such as permanent radar speed signs, road rechannelization, speed cushions, and other appropriate devices for use on arterial streets. These devices are intended for higher volume roads and emergency response routes which have different characteristics than local roads. Locations are yet to be determined and based on operational characteristics.

Gate Security System Project # 403.453.070 Project Manager: Lead Department: Design Start Date: Bid Opening: Award: Accepted by Council: Retainage Released:

Summary Project Description:

This project will replace the current gate security system with a new card reader system. The current system was installing 17 years ago in 1998 and many of the hardware components are no longer being manufactured. A new system will incorporate the latest security hardware and software and will be serviceable for another 15 to 20 years.

Project Manager: Lead Department: Design Start Date: Bid Opening: Award: Accepted by Council: Retainage Released:

Summary Project Description:

Project improvements will include the installation of 80 to 100 feet of 48-inch or 60-inch diameter culvert or possibly the construction of a box culvert, depending on the method of construction and current fisheries requirements. Due to the depth of culvert and the high traffic of Kent-Des Moines Road, use of of boring or other trench-less technology will be explored. The dramatic elevation change from upstream to downstream and the need to moderate velocity for fish passage may require that a special energy dissipater and/or fish ladder be installed at the culvert outlet.

Summary Project Description:
This project involves widening the Massey Creek channel between 10th Avenue South and the Taco Time property east of Marine View Drive, berming the north side of the creek, constructing a sheetpile floodwall on the south side of the creek, installing a small pump station, installing native plantings along the stream, removing invasive species and installing stream fish habitat features such as woody debris, stream boulders and bank logs. External funding is provide from King County with two grants: \$200K Flood Reduction Grant and \$196 Regional Opportunity Grant.

GLOSSARY OF TERMS

AD VALOREM TAXES - (Property Tax) A tax levied on the assessed value of real property.

APPROPRIATION - A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

APPROPRIATION ORDINANCE OR RESOLUTION — An ordinance or resolution by means of which appropriations are given legal effect. It is the method by which the expenditure side of the annual operating budget is enacted into law by the legislative body.

ASSESSED VALUATION - A valuation set upon real estate or other property by the County Assessor as a basis for levying property taxes.

BASIS OF ACCOUNTING – The timing of recognition, that is, when the effects of transactions or events should be recognized for financial reporting purposes. For example, the effects of transactions or events can be recognized on an accrual basis (that is, when the transactions or events take place), or on a cash basis (that is, when cash is received or paid). Basis of accounting is an essential part of measurement focus because a particular timing of recognition is necessary to accomplish a particular measurement focus.

Cash Basis - A basis of accounting under which transactions are recognized only when cash is received or disbursed.

Accrual Basis - A basis of accounting under which transactions are recorded in the periods in which those transactions occur, rather than only in the periods in which cash is received or paid by the government.

Modified Accrual Basis - A basis of accounting according to which (a) revenues and other financial resources are recognized when they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Modified Cash Basis – is the cash basis of accounting adjusted for Washington State statute. RCW 35.33.151 and RCW 35A.33.150 requires cities to keep their books open in order to pay December bills by the following January 20. RCW 36.40.200 requires counties to keep their books open until January 30 in order to pay December bills and charge the prior year.

BOND - A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future, called the maturity date(s), together with

periodic interest at a specified rate. The difference between a note and a bond is that the latter runs for a longer period of time and requires greater legal formality.

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year. The term "budget" is used in two senses in practice. Sometimes it designates the financial plan presented to the appropriating body for adoption and sometimes the plan formally approved by that body. It is usually necessary to specify whether the budget under consideration is preliminary and tentative or whether the appropriating body has approved it.

BUDGETARY CONTROL - The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

BUDGET DOCUMENT - The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating body. In addition to the budget document, an appropriation ordinance is necessary to formally approve the budget.

CAPITAL IMPROVEMENTS PROJECT - A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

CAPITAL OUTLAYS - Expenditures that result in the acquisition of or addition to fixed assets.

DEBT - An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, registered warrants, notes, contracts, and accounts payable.

DEBT SERVICE FUND - A fund established to account for the accumulation of resources and for the payment of general long-term debt principal and interest. Formerly called a sinking fund.

DEBT LIMIT - The maximum amount of gross or net debt that is legally permitted.

DEFICIT - (1) The excess of the liabilities of a fund over its assets. (2) The excess of expenditures over revenues during an accounting period; or, in the case of proprietary funds, the excess of expense over income during an accounting period.

EMPLOYEE/PERSONNEL BENEFITS - For budgeting purposes, employee benefits are employer payments for social security, retirement, group health and life insurance, and worker's compensation. These expenses are budgeted at the activity level.

ENTERPRISE FUND - Proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

EXPENDITURES - Decreases in net current assets. Expenditures include debt service, capital outlays, and those current operating costs that require the use of current assets.

EXPENSES - Decreases in net total assets. Expenses represent the total cost of operations during a period regardless of the timing of related expenditures.

FISCAL POLICY - The City Government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed upon set of principles for the planning and programming of government budgets and their funding.

FISCAL YEAR - A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. The City begins its annual operations on the first day of January and ends on the last day of December.

FIXED ASSETS - Assets intended to be held or used for a long term purpose, such as land, buildings, improvements other than buildings, machinery and equipment. In common usage, the term refers only to operating facilities and equipment, not to long-term investments and other non-current assets. The City's capitalization threshold is \$5,000.

FUND - A fiscal and accounting entity with self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND BALANCE - The difference between assets and liabilities reported in a governmental fund.

GENERALLY ACCEPTED ACCOUNTING PRINCIPALS (GAAP) – Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompasses the conventions, rules and procedures necessary to define the accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The

primary authoritative body on the application of GAAP to state and local governments is the Governmental Accounting Standards Board.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) - The authoritative accounting and financial standard-setting body for government entities.

GENERAL FUND - Accounts for all revenues and expenditures that are not accounted for in any other fund except those required by statute. It is a fund supported by taxes, fees, and other miscellaneous revenues.

GENERAL OBLIGATION BONDS - Bonds for the payment of which the full faith and credit of the issuing government are pledged. G.O. Bonds can be voter approved (unlimited-tax general obligation bond-UTGO) where property owners are assessed property taxes for the debt repayment, or non-voted (limited-tax general obligation bonds-LTGO) that are authorized by the governing authority (City Council) and are paid with existing tax revenues or another source.

INTERNAL SERVICE FUNDS — These funds account for operations that provide goods or services to other departments or funds of the City or to other governmental units on a cost-reimbursement basis.

INTERGOVERNMENTAL REVENUE - Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

LEVY - (1) (Verb) To impose taxes, special assessments or service charges for the support of government activities. (2) (Noun) The total amount of taxes, special assessments or service charges imposed by a government.

LIABILITY - A debt or other legal financial obligation.

LICENSES AND PERMITS - Documents issued in order to regulate various kinds of businesses and other activity within the community. A degree of inspection may accompany the issuing of a license or permit, as in the case of business licenses or building permits. In most instances, a fee is charged in conjunction with the issuance of a license or permit, generally to cover the cost of administration.

LID - Local Improvement District or Special Assessments made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

LONG TERM DEBT - Debt with a maturity of more than one year after the date of issuance.

LIMITED TAX GENERAL OBLIGATION (LTGO) BONDS - See General Obligation Bonds

OPERATING BUDGET - Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing of acquisition, spending, and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Even where not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government.

OPERATING TRANSFER - Routine and/or recurring transfers of assets between funds.

ORGANIZATIONAL CHART - A graphic portrayal of relationships among positions and officials established by the City.

PERSONNEL - Refers to the number of full-time or part-time regular authorized positions which may be employed within the operation of the City.

REFUNDING BONDS - Bonds issued to retire bonds already outstanding. The refunding bonds may be sold for cash and outstanding bonds redeemed in cash, or the refunding bonds may be exchanged with holders of outstanding bonds.

RESERVE - (1) An account used to segregate a portion of fund balance to indicate that it is not available for expenditure; and (2) an account used to segregate a portion of fund equity as legally set aside for a specific future use.

REVENUE - Income received by the City in support of a program of services to the community. It includes such items as property taxes, fees, user charges, grants, fines and forfeits, interest income and miscellaneous revenue. The term designates an increase to a fund's assets from other than expense refunds, capital contributions, and residual equity transfers.

REVENUE BONDS - Bonds whose principal and interest are secured by and payable exclusively from earnings of an enterprise or proprietary fund.

SALARIES AND WAGES - Monetary compensation in the form of an annual or hourly rate of pay for hours worked.

SERVICES AND CHARGES - Expenditures for services other than personal services which are required by the City in the administration of its assigned functions or which are legally or morally obligating on it; such as, contracted services, utilities, printing, advertising, insurance and rental of equipment.

SPECIAL REVENUE FUNDS - Funds used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes.

SUPPLIES AND MATERIALS - Articles and commodities which are consumed or materially altered when used; such as, office supplies, motor fuel, building supplies and postage.

TAXES - Compulsory charges levied by a government to finance services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits, such as special assessments. Neither does the term include charges for services rendered only to those paying such charges (e.g., sewer service charges).

TAX RATE - The amount of tax stated in terms of a unit of the tax base. The amount of tax levied for each \$1,000 of market valuation.

TAX-RATE LIMIT - The maximum rate at which a government may levy a tax. The limit may apply to taxes raised for a particular purpose or to taxes imposed for all purposes and may apply to a single government or to a class of governments operating in a particular area. Overall tax rate limits usually restrict levies for all purposes and of all governments, state and local, having jurisdiction in a given area. The tax rate limit for general purposes for the City of Des Moines is \$3.60.

	FOR SUBMITTAL:

Purpose and Recommendation

The purpose of the agenda item is for the City Council to adopt: 1) Draft Ordinances 15-171 increasing the solid waste tax; 2) Draft Ordinance 15-185 increasing the cable utility tax to 10%; 3) Draft Ordinance 15-173 creating and imposing a sewer utility tax rate of 16%; and 4) Draft Ordinance 15-186 creating and imposing a water utility tax rate of 16%.

Suggested Motions

Motion 1a: "I move to suspend Rule 26(a) in order to enact Draft Ordinance 15-171 regarding the solid waste tax on first reading."

Motion 1b: "I move to enact Draft Ordinance 15-171 increasing the utility tax on solid waste utilities by ten percent."

Motion 2a: "I move to suspend Rule 26(a) in order to enact Draft Ordinance 15-185 regarding cable rates on first reading."

Motion 2b: "I move to enact Draft Ordinance 15-185 increasing the utility tax on cable by two percent."

Motion 3a: "I move to consider Substitute Draft Ordinance 15-173."

Motion 3b: "I move to suspend Rule 26(a) in order to enact Substitute Draft Ordinance 15-173 on first reading."

Motion 3e: "I move to enact Substitute Draft Ordinance 15-173 creating and imposing a utility tax on sewer utilities in the amount of sixteen percent."

Motion 4a: "I move to consider Substitute Draft Ordinance 15-186."

Motion 4b: "I move to suspend Rule 26(a) in order to enact Substitute Draft Ordinance 15-186 on first reading."

Motion 4c; "I move to enact Substitute Draft Ordinance 15-186 creating and imposing a utility tax on water utilities in the amount of sixteen percent."

Background

The City of Des Moines has faced challenging budget deficits, particularly in the General and Street Funds, for many years, stretching back to the passage of I-695 in 1999. The City has used a variety of strategies to balance the budget over the years, including positions cuts, use of one-time revenues, instituting new revenues, furloughs, employees voluntarily reducing their Cost of Living Adjustments, changes to benefit programs, reorganizations, etc.

The budget situation for 2016 is significant and depends on significant one-time development revenues related to several large projects. The state of our reserves and the prospects for 2017 and beyond are bleak. Without significant new revenues or massive cuts in expenses, our reserves will be completely drained before the end of 2017 and the City will no longer be able to provide services at current levels. While the City has been very aggressive with economic development efforts—including changing our development codes and streamlining our development processes—we are just now seeing the fruits of our labors. Those developments that are either under construction now or look to be under construction within the next year will bring in new revenues. This new revenue has been conservatively estimated and built into our budget forecasts through 2020 but it is not enough to get us to a sustainable budget.

Staff was also directed to look for every revenue opportunity that might be available for the Council to implement. Possible revenue increases that came forward were increases to business license fees, increases to our parks and recreation fees, increases to our current utilities taxes (on storm water, cable TV, and solid waste), and implementation of a utility tax on water and sanitary sewer services. Applying our utility tax to water and sanitary sewer services is a new revenue option.

Discussion

This item was set over from the October 29, 2015 meeting to the November 12, 2015 agenda for Council consideration. After careful consideration and discussion with Councilmembers, staff, and members of

the public, at the October 8 Council meeting, Council directed staff to prepare ordinances to increase some of the existing utility taxes and create a new utility tax on water and sewer districts. Accordingly, the attached ordinances:

- increase the utility tax rate applicable to persons engaged in the business of carrying on solid waste collection from 8% to 18% with 45% of the total tax proceeds devoted to the general fund and 55% devoted to the street maintenance fund.
- increase the utility tax rate applicable to persons engaged in the business of transmitting television or audio services by cable or wire from 8% to 10% and all of the tax proceeds continue to be devoted to the general fund.
- increase the utility tax rate applicable water utility rates from 0% to 16% with 75% of the total tax proceeds devoted to the general fund and 25% devoted to the street pavement fund.
- increase the utility tax rate applicable sewer utility rates from 0% to 16% with 75% of the total tax proceeds devoted to the general fund and 25% devoted to the street pavement fund.

Financial Impact

The fiscal impacts as part of the 2016 City Manager Preliminary Budget are as follows (including the increase in car tabs previously approved):

			Street	
	General Fund	Street O&M	Paving	
Estimated 2016 Additional Tax Revenu				TOTAL NEW
Stormwater	257,230	55,639		312,869
Cable	195,885			195,885
Sanitation	8	365,400		365,400
Water/Sewer	1,085,125		361,709	1,446,834
Car Tab			440,000	440,000
Total Estimated Additional Revenue	1,538,240	421,039	801,709	2,760,988

Recommendation or Conclusion

Enact the utility taxes as presented or adjust the rates and budget plan based on public comment.

CITY ATTORNEY'S FIRST DRAFT 10/24/2015

DRAFT ORDINANCE NO. 15-171

AN ORDINANCE OF THE CITY OF DES MOINES, WASHINGTON, relating to utility occupations, amending DMMC 3.68.060(4) to increase utility occupation taxes levied on solid waste utilities by ten percent and repealing the sunset provision at DMMC 3.68.060(4)(a).

WHEREAS, the City Council has determined that there will be a deficit balance in the City's General Fund and Street Fund in 2016, and

WHEREAS, the basic City service levels would be greatly reduced without an additional source of revenue, and

WHEREAS, the City Council has determined that the public interest is best served by implementing increased utility taxes on the businesses of solid waste and cable utilities, and

WHEREAS, on October 8, 2015, by consensus, the City Council directed staff to bring forth ordinances necessary to enact the revenue recommendations presented in the City Manager's Budget to the City Council to be considered at the meeting on October 29, 2015, and

WHEREAS, the City Council finds that the amendments contained in this Ordinance are appropriate and necessary for the preservation of the public health and welfare; now therefore,

THE CITY COUNCIL OF THE CITY OF DES MOINES ORDAINS AS FOLLOWS:

Sec. 1. DMMC 3.68.060(4) (formerly DMMC 3.61.060) and section 6 of Ordinance No. 916 as amended by section 1 of Ordinance No. 1004 as amended by sections 1 and 2 of Ordinance No. 1005 as amended by section 1 of Ordinance No. 1023 as amended by section 2 of Ordinance No. 1118 as amended by section 63(11) of Ordinance No. 1144 as amended by section 1 of Ordinance No. 1249 as amended by sections 1 and 2 of Ordinance No. 1610 are amended to read as follows:

Occupations subject to tax - Amount. There is levied upon, and shall be collected from a person because of certain business activities engaged in or carried on in the City, license fees or occupation taxes in

Ordinance No. ____ Page 2 of 3

the amount to be determined by the application of rates given against gross income as follows:

- (4) Effective January 1, 2016, Uupon a person engaged in or carrying on the business of solid waste collection, a fee or tax equal to eight eighteen percent (18%) of the total gross income from such business in the City during the period for which the license fee or tax is due. The eighteen percent (18%) tax shall be allocated as follows: eight percent (8%) shall be allocated into the Des Moines General Fund and ten percent (10%) shall be allocated into the Street Fund.
- (a) Sunset Provision. Unless renewed by City Council action, Ord. No. 1610 shall automatically expire and terminate five years after its effective date;

NEW SECTION. Sec. 2. Savings clause. Ordinance No. 1610 which is amended by this Ordinance, shall remain in full force and effect until the December 31, 2015, at which time Draft Ordinance 15-171 shall become effective.

NEW SECTION. Sec. 3. Severability - Construction.

- (1) If a section, subsection, paragraph, sentence, clause, or phrase of this Ordinance is declared unconstitutional or invalid for any reason by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.
 - (2) If the provisions of this Ordinance are found to be inconsistent with other provisions of the Des Moines Municipal Code, this Ordinance is deemed to control.
- <u>NEW SECTION.</u> Sec. 4. Effective date. This Ordinance shall take effect and be in full force five (5) days after its final passage by the Des Moines City Council.

CITY ATTORNEY'S FIRST DRAFT 11/04/2015

DRAFT SUBSTITUTE ORDINANCE NO. 15-173

AN ORDINANCE OF THE CITY OF DES MOINES, WASHINGTON, relating to revenue and finance, and adding a new subsection (7) to DMMC 3.68.060 to create and impose a sewer utility tax at the rate of sixteen percent per year.

WHEREAS, Article VII, Section 9 of the Washington State Constitution states:

"The legislature may vest the corporate authorities of cities, towns and villages with power to make local improvements by special assessment, or by special taxation of property benefited. For all corporate purposes, all municipal corporations may be vested with authority to assess and collect taxes and such taxes shall be uniform in respect to persons and property within the jurisdiction of the body levying the same",

and

WHEREAS, in addition, the Washington State Constitution at Article XI, Section 12, states

"The legislature shall have no power to impose taxes upon counties, cities, towns or other municipal corporations, or upon the inhabitants or property thereof for county, city, town, or other municipal purposes, but may, by general laws, vest in the corporate authorities thereof, the power to assess and collect taxes for such purpose",

and

whereas, in RCW 35A.11.020, the Legislature has given municipalities "all powers of taxation for local purposes except those which are expressly preempted by the state as provided in RCW 66.08.120, 82.36.440, 48.14.020, and 48.14.080." The statutes provided do not expressly prohibit the taxation of sewer district services, and

WHEREAS, RCW 35A.82.020 provides that:

Ordinance No. ____ Page 2 of 5

"[a] code city may exercise the authority authorized by general law for any class of city to license and revoke the same for cause, to regulate, make inspections and to impose excises for regulation or revenue in regard to all places and kinds of business, production, commerce, entertainment, exhibition, and upon all occupations, trades and professions and any other lawful activity",

and

WHEREAS, in City of Wenatchee v. Chelan County Public Utility District No. 1, 181 Wn. App 326 (2014) Division 3 of the Court of Appeals, declared that the utility tax levied by the City of Wenatchee on Chelan County PUD for the sale of domestic water within the City's limits was a proper tax on activities that were proprietary in nature and that the City has the authority to levy and collect the tax from Chelan County Public Utility District No. 1, and

WHEREAS, the following courts have found that the sale of utilities is a proprietary function in Russell v. City of Grandview, 39 Wn.2d 551, 236 P.2d 1061 (1951), Public Util. Dist. No. 1 of Pend Oreille County v. Town of Newport, 38 Wn.2d 221, 228 P.2d 766 (1951), and City of Moses Lake v. United States, 430 F.Supp.2d 1164 (2006), and

WHEREAS, the City of Wenatchee imposed taxes on water utilities at 16% and sewer utilities at 16% in 2011, and

WHEREAS, a sewer utility district operates in its proprietary capacity when selling sewer utility services to its ratepayers, and

WHEREAS, a sewer utility district when operating in its proprietary capacity does not enjoy governmental immunity, and

WHEREAS, RCW 35A.82.020 grants code cities broad general authority to impose excise taxes for regulation or revenue, unless expressly preempted, and

WHEREAS, the Legislature could have included in chapter 35A.82 RCW language precluding code cities from taxing other

Ordinance No. _____ Page 3 of 5

municipality entities under RCW 35A.82.020, but refrained from doing so, and

WHEREAS, the proprietary activities of a municipality, like the business activities of private parties, are subject to taxation, (see generally the 2014 AWC Cities, Tax and User Fee Survey for tax rates for sewer statewide as reported and redacted to include only water and sewer rates), and

WHEREAS, the operation of a sewer utility serving billed customers is a proprietary function, and

WHEREAS, public utilities that pay a utility tax are exempt from the Business and Occupation Tax under DMMC 3.84.110(1), and

WHEREAS, the City Council has determined that there will be a deficit balance in the City's General Fund and Street Fund in 2016, and

WHEREAS, the basic City service levels would be greatly reduced without an additional source of revenue, and

WHEREAS, the City Council has determined that the public interest is best served by implementing utility taxes on sewer utility rates, effective January 1, 2016, and

WHEREAS, on October 8, 2015, by consensus, the City Council directed staff to bring forth ordinances necessary to enact the revenue recommendations presented in the City Manager's Budget to the City Council to be considered at the meeting on October 29, 2015, and

WHEREAS, the City Council finds that this Draft Ordinance is reasonable and necessary for the preservation of the public health and welfare; now therefore,

THE CITY COUNCIL OF THE CITY OF DES MOINES ORDAINS AS FOLLOWS:

Sec. 1. A new subsection (7) is added to DMMC 3.68.060 DMMC to read as follows:

Ordin	nai	ice	No.	
Page	4	of	5	

City Attorney

Imposition of sewer utility tax. Effective January 1, 2016, there is hereby created and levied a tax in the amount of sixteen percent (16%) per year, chargeable monthly, against and upon the gross income derived from the sewer utilities operating in the City. This section shall not apply to any sewer utility that precludes the levying of a utility tax pursuant to a franchise or interlocal agreement. The sixteen percent (16%) tax shall be allocated as follows: twelve percent (12%) shall be allocated into the Des Moines General Fund and four percent (4%) shall be allocated to the Street Pavement Fund.

Sec. 2. Severability - Construction.

- (1) If a section, subsection, paragraph, sentence, clause, or phrase of this Ordinance is declared unconstitutional or invalid for any reason by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.
- (2) If the provisions of this Ordinance are found to be inconsistent with other provisions of the Des Moines Municipal Code, this Ordinance is deemed to control.
- Sec. 3. Effective date. This Ordinance shall take effect and be in full force five (5) days after its final passage by the Des Moines City Council.

City of Des Moines

ADMINISTRATION 21630 11TH AVENUE SOUTH, SUITE A DES MOINES, WASHINGTON 98198-6398 (206) 878-4595 T.D.D.; (206) 824-6024 FAX:(206) 870-6540

November 6, 2015

Mr. Matt Everett General Manager Highline Water District 23828 30th Ave. S. Kent, WA 98032

Dear Mr. Everett:

In your October 27, 2015 letter opposing the City's proposed adoption of a utility tax on water you address several issues. The ensuing is our response to these issues:

 Financial Hardship. We appreciate your concern for the Des Moines' citizens and your ratepayers' efforts in reducing your operating expenses; however, the District has the authority to alleviate the financial hardship a utility tax may impose on some ratepayers.

RCW 54.52.010(2) provides that:

A public utility district may include with or as part of its regular customer billings, a request for voluntary contributions to assist qualified low-income residential customers of the district in paying their water and sewer bills. All funds received by the district as a result of these requests shall be transmitted to a charitable organization within the district's service area or retained by the district and distributed solely to assist qualified low-income residential customers in paying their water and sewer bills. The charitable organization or district is responsible for determining which of the district's customers are qualified to receive low-income assistance and the amount of assistance provided to qualified customers.

Further, the District is not obligated to pass these taxes along to ratepayers at the same percentage that the City assesses, if the current rates charged create excess revenue over immediate needs the District can pass on a lesser amount to reduce rates to mitigate the taxes to be imposed. While the City does not doubt that some ratepayers may experience financial hardship we do not believe the District will experience great financial hardship. The reality is that the District has over 16 million dollars in unrestricted cash at the end of 2014 and its "2015 CIP – Outstanding Funds and Debt Service (2014-2018) Capital Projects" schedule only anticipates annual capital projects of three to four million per year. Since you have not been

charged a utility tax you have received the benefit of not paying a B&O, tax unlike other businesses in the City.

Like the District, the City too has laid off employees. Since 2008 the City's general fund FTE's and all other police positions have been reduced from 137 to 110, which is about 20%. These reductions have created hardship for the citizens of Des Moines based on the reduced amount of service we can provide those citizens, particularly in the services provided by the Police, which have been reduced from 60 positions to 43 positions (28%) now, and Building Division from 9 FTE's to 6 FTE's and Planning & Development Services from 5 FTE's to 3 FTE's (40%), and Parks Maintenance from 7 FTE's to 4 FTE's (42%) with the lack of those positions, the City's ability to bring economic development into the City to turn our economy around is severely hampered.

- Regressive Tax. A tax on utility service may be a regressive tax but that is the Legislation the state has granted to the City as a revenue enhancement.
- Water is a Necessity of Life. Although water may be a necessity of life, a community
 will also not thrive without the plethora of services provided by the City, e.g., police
 services, public works, streets, parks, etc.
- 4. Cumulative Impacts. We understand that you may be taxed by the State which, as an aside, indicates that you do understand that it is neither unconstitutional nor illegal for one governmental entity to tax another; we can only assert that the City needs operating revenues to provide necessary public services to its citizens and that revenue can only be generated in the manner the State Legislature has granted. Further, the City exempts public utilities that pay a utility tax from paying the City's B&O tax. DMMC 3.84.110(1).
- 5. Tax implementation Problems and Costs. Although the City has not imposed a utility tax on the District in the past, the City does have a legal right to do so and in the current environment the City must exercise all its options to generate the necessary revenues to provide necessary public services to its citizens. See generally the discussion in No. 7.
- 6. District Right to Bill the City for Fire Suppression Facilities. The citation to Lane v. City of Seattle, and City of Tacoma vs. Bonney Lake cases ignores the clear language of the Chapter 70.315 RCW "fix" provided by the Legislature for the confusion caused by the these two cases. The City of Des Moines, unlike the cities of Tacoma and Seattle, is not a water purveyor nor does it have a fire department or provide fire suppression services.

RCW 70.315, states in pertinent part:

RCW 70.315.010

Findings and declaration of purpose.

- (4) The legislature finds that recent Washington supreme court decisions, including Lane v. City of Seattle, 164 Wn.2d 875 (2008), and City of Tacoma v. City of Bonney Lake, et al., 173 Wn.2d 584 (2012), have created uncertainty and confusion as to the role, responsibilities, cost allocation, and recovery authority of water purveyors. If left unresolved, the absence of legal clarity will adversely affect the availability and condition of fire suppression infrastructure necessary to protect life and property.
- (5) It is the legislature's intent to determine appropriate methods of organizing public services and the authority of water purveyors with respect to critical public services. The legislature further intends this chapter to clarify the authority of water purveyors to provide fire suppression water facilities and services and to recover the costs for those facilities and services. The legislature also intends to provide liability protections appropriate for water purveyors engaged in this vital public service.

RCW 70.315.030

Cost allocation and recovery.

A purveyor <u>may</u> allocate and recover the costs of fire suppression water facilities and services <u>from all customers as costs of complying with state laws</u> and regulations, or from customers based on service to, benefits conferred upon, and burdens and impacts caused by various classes of customers, or both.

RCW 70.315.040

Contracts to provide for facilities and services.

A city, town, or county *may* contract with purveyors for the provision of fire suppression water facilities, services, or both. The contract may take the form of a franchise agreement, an interlocal agreement pursuant to chapter 39.34 RCW, or an agreement under other contracting authority, and may provide for funding or cost recovery of fire suppression water facilities, services, or both, as the parties may agree. (emphasis added)

As the authority granted to the District is discretionary, based on the use of the word "may", it is also discretionary for the City to decide to enter into either a franchise or interlocal agreement with the District to account for fire suppression services. The City's decision to enter into either of the agreements, franchise or interlocal, is not subject to executive fiat by the District. See also *Water Utilities and Fire Hydrants: Legislative Update* – MRSC article May 1, 2013 by FCS GROUP and John W. Milne, Inslee Best Doexie & Ryder, P.S.

Tility Tax Illegal. We, of course disagree with your interpretation that a city imposed tax is illegal. The City does have a legal right to tax utilities operating as a proprietary business. I can only encourage you to re-read Wenatchee vs. Chelan County PUD 2014 to determine the state of the law now rather than rely on a 1984 case involving a governmental function rather than the proprietary function of your District. Note also that Wenatchee increased their utility tax on water and sewer of 16%. You may also want to read Russell v. City of Grandview, 39 Wn. 2d 551, 553 (1951), Pub. Util. Dist. No. 1 of Pend Oreille County v. Town of Newport, 38 Wn. 2d 221 (1951); City of Moses Lake v. United States, 430 F Supp. 2d 1164 (E.D. Wash. 2006) to understand that the distinction between a governmental function and a proprietary function has long been established in case law and water purveying is a proprietary function.

In closing, Des Moines is considering all of its options, including the option to impose a utility tax. We stand ready to discuss the utility tax rate with you, but we will not do so through a franchise agreement. We must act with regards to the utility tax by the end of the year, more exacting by the end of the month. We are hopeful you will work with us regarding the utility tax rate; however, since time is of the essence, we will exercise the authority granted to us by the Legislature and acknowledged in the Washington State Constitution, statutes of the state and case law and impose the utility tax. Regarding entering into a franchise agreement, we would be open to restarting negotiations for a franchise agreement as the existing one expired in June 2003; however, we have neither the time nor the patience to stretch out the negotiation of a franchise agreement for another four years.

Sincerely,

Anthony Plasecki City Manger

November 6, 2015

Mr. Ron Hall General Manager Southwest Suburban Sewer District 431 SW Ambaum Blvd. Burien, WA 98166-2462

Dear Mr. Hall:

In your October 27, 2015 letter opposing the City's proposed adoption of a utility tax on sewer you address several issues. Find attached our letter to the District dated October 19, 2011 with a proposed draft Franchise Agreement. Since 2011 there has been no significant progress on negotiating this agreement. Clearly, the proposed draft franchise agreement we sent in 2011 is no longer on the table due to clarity in the law with regards to the City's authority to pursue a utility tax. While we continue to be willing to negotiate a franchise agreement we have turned our attention to the utility tax and need to resolve that issue before entering into negotiations.

The ensuing is our response to these issues:

- The City is not interested in negotiating utility tax rates within a franchise agreement. Our authority for utility taxes are established in the "Whereases" in the attached Draft Ordinance No. 15-173. Utility taxes, by law, are not subject to negotiations, we are clearly open to discussing these matters but not as a part of negotiations for a franchise agreement
- 2. The franchise agreement you enjoy with the City, signed October 12, 1995, effectively terminated in 2005. A franchise agreement between the City and the District is necessary in order to grant the District the authority to operate, maintain and construct its systems within the City's right-of way, see below the terms of the franchise agreement:

ordinance or as subsequently amended.

Sec. 4. Term of franchise--Termination--Right to amend.
(1) Term of franchise. The rights and privileges granted by this franchise will be in effect for a **period of ten (10) years** after the date on which this ordinance becomes effective, unless sooner terminated or forfeited as provided in this

3. The District may choose to pass the utility tax on to its ratepayers but you also have alternatives. The District has the authority to alleviate the financial hardship a utility tax may impose on some ratepayers.

RCW 54.52.010(2) provides that:

A public utility district may include with or as part of its regular customer billings, a request for voluntary contributions to assist qualified low-income residential customers of the district in paying their water and sewer bills. All funds received by the district as a result of these requests shall be transmitted to a charitable organization within the district's service area or retained by the district and distributed solely to assist qualified low-income residential customers in paying their water and sewer bills. The charitable organization or district is responsible for determining which of the district's customers are qualified to receive low-income assistance and the amount of assistance provided to qualified customers.

Further, the District is not obligated to pass these taxes along to ratepayers at the same percentage that the City assesses. The District can use existing cash on hand and pass on a lesser amount to reduce rates and mitigate the tax impact. While the City does not doubt some ratepayers may experience financial hardship we do not believe the District will experience great financial hardship. The reality is the District has \$3 million in unrestricted cash whereas total tax impact is less than \$60,000. Additionally, the City exempts public utilities that pay a utility tax from paying the City's B&O tax. DMMC 3.84.110(1). Since you have not been charged a utility tax you have received the benefit of not paying a B&O, tax unlike other businesses in the City.

- 4. Your comment with regards to the franchise signed by the Lakehaven Utility District and comment that not all property owners are being treated equally. The proposed draft franchise agreement you were offered in 2011 was offered at a time when the state of the law was uncertain, with certainty in the law our position has changed. There are multiple PUD's providing service in the City of Des Moines. Every utility set its own rates. Not all property owners in Des Moines pay the same rate now. If the City created its own utility then it could create more rate equality between property owners.
- We have adjusted our estimates based on the information you have provided us as to monthly services charges. Thank you for that information.

In closing, Des Moines is considering all of its options, including the option to impose a utility tax. We stand ready to discuss the utility tax rate with you, but we will not do so through a franchise agreement. We must act with regards to the utility tax by the end of the year, more exacting by the end of the month. We are hopeful you will work with us regarding the utility tax

rate; however, since time is of the essence, we will exercise the authority granted to us by the Legislature and acknowledged in the Washington State Constitution, statutes of the state and case law and impose the utility tax. Regarding entering into a franchise agreement, we would be open to restarting negotiations for a franchise agreement as the existing one expired in June 2005; however, we have neither the time nor the patience to stretch out the negotiation of a franchise agreement for another four years.

Sincerely,

Anthony Piasecki City Manager

November 4, 2015

Midway Sewer District Board of Commissioners Midway Sewer District 21630 11th Ave. S. Des Moines, WA 98198

Dear Board of Commissioners:

Thank you for your letter of October 28, 2015. In your October 28, 2015 letter opposing the City's proposed adoption of a utility tax on sewer you address several issues. The ensuing is our response to these issues:

1. Find attached our letter to the District dated April 16, 2013 with the City's comments on a Franchise Agreement for your review. We did not get a response back from the District nor any comments on the proposed franchise agreement. Clearly, the proposed draft franchise agreement we sent in 2013 is no longer on the table due to clarity in the law with regards to the City's authority to pursue a utility tax. While we continue to be willing to negotiate a franchise agreement we have turned our attention to the utility tax and need to resolve that issue before entering into negotiations.

If Lakehaven residents "got a better deal" it is because they negotiated a "better deal" in their franchise agreement in 2013. The proposed draft franchise agreement you were offered in 2013 was offered at a time when the state of the law was uncertain, with certainty in the law our position has changed. Further, the utility taxes have little to do with utility rates, the City cannot control the rates the differing sewer utilities operating in the City charge to their ratepayers.

- Clearly you understand that we cannot charge sewer rates without providing sewer services. (See <u>Samis Land Co. v. Soap Lake</u>, 143 Wn. 2d 798 (2001). The "unconnected" property owners are not sewer ratepayers and as such would not be subject to a sewer tax.
- The public sees draft ordinances on agendas pursuant to the Des Moines City Council Rules, when the Council takes action on an item is within the discretion of the Council.
- 4. The utility tax is subject to the discretion of the Council and the current tax limitations are established by both statute and/or ordinance.

 The District may choose to pass the utility tax on to its ratepayers but you also have alternatives. The District has the authority to alleviate the financial hardship a utility tax may impose on some ratepayers.

RCW 54.52.010(2) provides that:

A public utility district may include with or as part of its regular customer billings, a request for voluntary contributions to assist qualified low-income residential customers of the district in paying their water and sewer bills. All funds received by the district as a result of these requests shall be transmitted to a charitable organization within the district's service area or retained by the district and distributed solely to assist qualified low-income residential customers in paying their water and sewer bills. The charitable organization or district is responsible for determining which of the district's customers are qualified to receive low-income assistance and the amount of assistance provided to qualified customers.

Further, the District is not obligated to pass these taxes along to ratepayers at the same percentage that the City assesses, if the current rates charged create excess revenue over anticipated needs the District can pass on a lesser amount to reduce rates to mitigate the taxes to be imposed. The reality is that the District has over \$22 million in unrestricted cash in reserves and its "Anticipated Capital Expenditures for the Next Ten Years Starting in 2015" only anticipates about \$4 million a year in rate funded projects. Additionally, the City exempts public utilities that pay a utility tax from paying the City's B&O tax. DMMC 3.84.110(1). Since you have not been charged a utility tax you have received the benefit of not paying a B&O, tax unlike other businesses in the City.

- 6. We understand that you may be taxed by the State which, as an aside, indicates that you do understand that it is neither unconstitutional nor illegal for one governmental entity to tax another; we can only assert that the City needs operating revenues to provide necessary public services to its citizens and that revenue can only be generated in the manner the State Legislature has granted.
- We can discuss the effective date of the utility tax and allow for reasonable set up time.
 It will not be effective for at least 60 days.

In closing, Des Moines is considering all of its options, including the option to impose a utility tax. We stand ready to discuss the utility tax rate with you, but we will not do so through a franchise agreement. We must act with regards to the utility tax by the end of the year, more exacting by the end of the month. We are hopeful you will work with us regarding the utility tax rate; however, since time is of the essence, we will exercise the authority granted to us by the Legislature and acknowledged in the Washington State Constitution, statutes of the state and case law and impose the utility tax. Regarding entering into a franchise agreement, we would be open to restarting negotiations for a franchise agreement as the existing one expired in 2011; however, we have neither the time nor the patience to stretch out the negotiation of a franchise agreement for another four years.

Subject: RE: Midway Franchise Agreement

Brian,

Please find attached our reply to the District's comments for the draft franchise agreement. In summary, our comments are as follows:

- 1. First recital is accepted with a couple of minor edits for clarification.
- Definition for "District" accepted.
- 3. Definition for "Facilities" accepted.
- 4. Definition for "Rights-of-Way" added.
- 5. Language for Section 2 per District accepted, deleted language remains within this section.
- 6. Automatic extension language added to Section 3.
- 7. District's comments to Section 5 declined. This language is used in our other recent water and sewer franchise agreements.
- 8. Eminent domain language for Section 8 per District accepted.
- 9. District's comments to Section 9 is declined. This language is used in our other recent water and sewer franchise agreements.
- 10. District's comments to Section 10 Enforcement accepted (Section now titled Non-Waiver).
- 11. Per consultation with our insurance provider (WCIA), <u>no changes</u> to Section 11 Indemnity and Hold Harmless are acceptable. Current language is used in our other recent water and sewer franchise agreements.
- 12. Per consultation with our insurance provider (WCIA), <u>no changes</u> to Section 12 Insurance are acceptable. Current language is used in our other recent water and sewer franchise agreements.
- 13. The District's comments to Section 13 (5) are accepted; however all other changes <u>are declined</u>. Similar to the statements above, the City desires that all of the water and sewer districts to operate under the same franchise terms, especially so for Section 13.
- 14. District's comments for Section 15 adding subsection 2 Performance of work is accepted.
- 15. Section XX Blasting Requirements is deleted in entirety.
- 16. District comments for Section 18 (2) Reservation of rights accepted.
- 16. District comments for Section 19 Assignment are declined.
- 17. District's comments for Section 20 Penalty for violation of conditions are accepted.
- 18. Content of Section XX Expiration and Renewal has moved to Section 3.
- 19. All changes to Section 21 Abandonment and/or removal of District facilities <u>are declined</u>. As stated, the City desires that all of the sewer and water districts to operate under the same terms and this is the same language used in our recent water and sewer franchise agreements.
- 20. Per consultation with our insurance provider (WCIA), no changes to Section 25(2) Dispute Resolution regarding indemnification are acceptable. Current language is used in our other recent water and sewer franchise agreements.

Let me know if you have any questions and if the changes are acceptable, we can proceed to Council approval. Thanks.

Loren Reinhold, P.E.

Subject: Franchise Agreement

Loren,

You will find attached a redlined version of the City's proposed Franchise Agreement reflecting Midway's proposed changes.

As the changes are substantial, I am certainly willing to discuss the changes and the rationale behind them with you, or the City's legal, if it would help to move the Agreement forward.

Thank you for your patience and I look forward to hearing from you.

RE: Proposed New Tax on "the gross income of sewer utilities" - Draft Ordinance 15-173

Dear City Council:

The Midway Sewer District Board of Commissioners and the City Council have been exchanging letters the last couple of weeks concerning the above referenced matter. From our perspective we are not confident that each and every City Council member is hearing our message.

At the City Council meeting held on October 29th, Councilman Pina mentioned that the Council is looking for the right solution on every topic that comes before them. He indicated everything is in a balance and no one likes higher taxes but the City must provide the appropriate services. Councilman Pina encouraged people to not only voice their concerns but also offer solutions to the problems being discussed. Midway has voiced our concerns about the new sewer tax and provided a solution. That solution was in the form of a franchise agreement that would pay the City up to 6% of our service revenue.

How did the City respond to our "solution"? The City arranged a meeting on November 4th with the Districts that are affected by the new taxes. The District representatives believed the meeting was to discuss and negotiate the solution to your problem, namely our proposed franchise agreement. We were disappointed when we learned that the meeting was to inform us that the franchise agreement we proposed is rejected in its entirety. The meeting did not seem to be an attempt at negotiation but instead a time to intimidate and threaten the districts if they challenge this tax. One of the ideas proposed by the City at this meeting was that the District could absorb this 16% tax and not raise its rates to its rate payers. The District could pay the City's new tax with available cash reserves, money the District has set aside to maintain and improve the sewer system. A threat from the City towards the District came in the form of a threat of assumption of the District by the City if the District challenges this new tax.

In our opinion, the manner in which the City is responding to the Districts concerning our opposition to this unlimited tax on sewer and water has been punitive. For example when we told you that our billing and accounting system is not currently set up to segregate our customers by the City they live in or charge for this tax, how did the City respond? The newest version of this tax ordinance, if

November 12, 2015

Mr. Tony Piasecki City Manager City of Des Moines 21630 11th Ave. S. Des Moines, WA 98198

Re:

2016 City Budget 16% Water Utility Tax;

Draft Substitute Ordinance No. 15-186

Dear Mr. Piasecki:

Thank you for taking the time to meet with Highline representatives last week to discuss our respective perspectives and concerns regarding the City's proposed adoption of a 16% water utility tax. As you know, Highline strongly opposes the City's imposition of a utility tax for the reasons stated in my October 27, 2015, letter to you and in my remarks to the City Council at the October 29, 2015 meeting. Based on the direction at the Council meeting, we were hopeful the City would engage the District to discuss our proposal to pay the City a 6% franchise fee based on District revenues. A franchise would also address responsibility for fire hydrant costs, and operational details of how the District would work in City right-of-way. Many cities and Title 57 water-sewer districts have such franchise and interlocal agreements, and we feel they are a win-win solution to address the legal complexities of this issue. See the attached partial list of cities and water-sewer district addressing franchise payments to the cities, non-assumption agreements and responsibility for fire hydrant costs. To that end, we provided you with a proposed franchise addressing agreed payments by Highline to the City.

However, in our meeting last week, you advised the City was not interested in establishing a fixed payment amount by the District to the City in a franchise because the City plans to increase the water utility tax in the future from the present 16% proposal, and to make utility taxes the City's primary revenue source over time. Therefore, it is your intent to recommend the City Council unilaterally enact a 16% water utility tax before the end of November. In response, be advised that, if the City now enacts the proposed water utility tax, Highline will consider all of its options relative to the tax, including filing suit

Mr. Tony Piasecki November 12, 2015 Page 2

to obtain an order the tax is unlawful. Further, Highline continues to feel the City does not have the legal authority to tax the District, the tax is regressive, will cause severe financial hardship for many District customers, and will be difficult to implement, given the District operates in seven cities and unincorporated King County.

I must also respond to several statements in your November 6 letter which are wrong, based on misunderstanding, or misguided.

Financial Hardship. You suggested in your letter the District address any financial hardship caused by the 16% utility tax on its customers in Des Moines through soliciting voluntary contributions per RCW 54.52.010(2) to assist distressed customers. First, that statute only applies to Title 54 public utility districts. Highline is not a public utility district; rather, it is a Title 57 water-sewer district, limited to a water function. Further, be advised the District already has a program per its authority in RCW 57.08.014 providing a 35% monthly base rate reduction for low-income senior citizens and disabled persons. However, the District is required to advise its other customers of the cost shift to them for the subsidy provided to qualifying low-income customers. We expect the 16% utility tax to require more customers in Des Moines to apply for assistance from our low income program, and therefore non-qualifying customers will pay a higher rate to subsidize that program.

Cumulative Impacts/Lack of Express Statutory Authority to tax District. As I advised you in my letter, the District is presently taxed by the State, pursuant to the State's express statutory authority, a public utility tax of 5.029%, and a 1.5% tax on other services and activities (with the City's 16% tax, District customers in Des Moines will now pay a total of State and city utility taxes of approximately 21%). However, unlike the State, cities like Des Moines do not have express statutory authority to tax Highline, but for many years have been seeking legislation to give them express authority to do so. We consider the recent Wenatchee decision an aberration. In that decision, the Division III (Spokane) Court of Appeals considered a municipality providing water service a business and engaged in a proprietary, as opposed to governmental, function. Therefore, the City of Wenatchee could tax the PUD's water revenues from within the city under its general excise tax authority on businesses and occupations. But the PUD in that case, and Highline in this case, are nonprofit governmental entities providing an essential governmental service. We are not a "business". If litigated again, we expect the Court to reverse the Wenatchee decision, and invalidate any city tax enacted without express statutory authority to impose such a tax.

<u>Utility Tax Pass-Through.</u> You stated, because of the District's substantial reserves, the District may simply pay the tax out of those reserves and not pass the 16% tax through to District ratepayers in Des Moines, or pass through a lesser amount. Your suggestion shows a fundamental misunderstanding of District financial obligations and

Mr. Tony Piasecki November 12, 2015 Page 3

accounting requirements. Like the City, the District is a nonprofit governmental entity. Applicable statutes (including RCW 57.08.081) require the District to only recover its cost of service to its various customer classes. There is no profit in its rates, but only the recovery of actual costs incurred to provide utility service. Any City tax will be a cost of service, which must be recovered from the affected District ratepayers.

In addition to operating, maintaining, and repairing its existing water system (which has a present value of approximately \$350 million and consists of almost 300 miles of water line, 9 reservoirs and related appurtenances), the District must plan for future infrastructure needs on a six, ten and twenty year horizon. The District has prudently planned for existing and future needs, has significant on-going capital projects scheduled, and the District's funds are dedicated to those needs and projects. System development charges are, by law, dedicated for that purpose, and may not be used to "buy down" costs of utility service. Unlike cities, the District does not have a general "discretionary" fund, and all revenues and funds are dedicated for an express purpose and an identified enterprise fund, including payment of outstanding loans. The District does not have the legal authority to simply "eat" a city utility tax, and not pass that through the affected customers.

<u>Comments on Draft Substitute Ordinance No. 15-186</u>. While the District strongly opposes the utility tax, we also have the following concerns about the draft ordinance which has been revised by City staff since the Council considered the draft ordinance at its October 29 meeting:

- 1. The October 24 version of the draft ordinance imposed a utility tax on "water utility rate"; we note the November 4 substitute ordinance would now tax Highline's "gross income". We are not clear why staff made that change, but "gross income" could include just that derived by Highline, including connection charges, ULID assessment and many other miscellaneous receipts. Taxing developer connection charges will discourage development within the City and have other unintended consequences.
- 2. The ordinance imposes the tax effective **January 1, 2016**. The District has never been taxed by any city in which it operates. The District anticipates difficulties and significant additional costs in the implementation of any utility tax, especially given the multiple jurisdictions in which it operates. It will be difficult to track, allocate and pay the tax to the City, and tax implementation could not occur by January 1, 2016.
- 3. The ordinance would charge the District for the tax monthly. Again, because the District bills its customers on a bi-monthly basis, monthly City charges to

Mr. Tony Piasecki November 12, 2015 Page 4

the District will create implementation and payment difficulties. The ordinance should be revised to provide for bi-monthly, or even quarterly taxing.

In closing, Highline asks "what is in the best interest of our ratepayers", and particularly those in Des Moines. Of course a 16% regressive tax on an essential life service is not in their best interest. Therefore, we again respectfully request the City not enact the tax. Rather, the District continues to propose the negotiation of a franchise providing for the agreed payment of a fixed and certain franchise fee to the City to address our mutual concerns.

Sincerely,

Matt Everett

Matt Everett General Manager

Kristie and Don Brame 22003 10th Ave S Des Moines, WA 98198

Des Moines City Council 21630 11th Ave S Des Moines, WA, 98198

Dear Council Members,

As residents of Des Moines since 2007, we appreciate many things about the city. We enjoy the many events sponsored by Parks and Recreation department such as the summer concerts, arts events, and Farmer's Market. From our house across from the Field House, we enjoy seeing the high quality programs for young people such as Camp Khaos and youth sports. We frequent the Beach Park and other parks in the area. We also enjoy the Marina, and look forward to participating in the Senior programs as we age.

In every community in which we have lived, we have been proud to be contributors. Currently, it seems to be in vogue to criticize "government taxes", while demonstrating little understanding as to the function of "government" and its employees. Government at all levels and its employees provide us with services for the common good. Locally, they provide roads and facilities that are in good repair, public safety, and the many services that we enjoy that I described above. We realize that these services require financial investment on the part of the citizenry and that, over time, as revenues from other sources decrease, it is necessary to raise additional funding. For that reason, we support the tax increases that this council has proposed.

I would like to point out that unlike property tax increases, those opposed to these taxes could avoid paying them by decreasing their use of the services to be taxed. Reduced water consumption, a cheaper cable package, more efficient plumbing, and less waste would allow the bill to remain at the current level, despite an increased contribution to the city and its essential services. With this in mind, the current proposal seems quite reasonable and considerate of the residents.

Des Moines has the potential to become a thriving destination for those interested in beaches, boating, water front parks, and our many events. Businesses that see us investing in our community will be more likely to also invest in our city. Families and other potential home buyers are looking for services that add to the quality of community life. These proposed taxes ensure that we can continue to provide those Parks and Recreation, Marina, Senior and Health services that bring us together as a community as well as increased spending for public safety.

We wish to thank this council for their careful consideration of the financial needs of our city and their courage to do the right thing for our community.

Thank you for your service and dedication.

Sincerely,

Kristie Lee Brame

Robert D. Brame

November 10, 2015

Ted and Carolyn Hickey 19648 4th Ave. S. Des Moines, WA 98148 206.940.2531

To the City of Des Moines City Council:

My wife and I are residents of the City of Des Moines, and have lived on North Hill since 1988. It is our understanding that the City is proposing an increase in the utility taxes for residents. We understand that in order for the City to provide the necessary services it becomes necessary to increase revenue by raising taxes. In light of that, we are in favor of this proposed tax increase.

Sincerely,

Ted Hickey

TRACK CHANGE VERSION CITY ATTORNEY'S FIRST DRAFT 11/04/2015

DRAFT SUBSTITUTE ORDINANCE NO. 15-173

AN ORDINANCE OF THE CITY OF DES MOINES, WASHINGTON, relating to revenue and finance, adding new sections to chapter 3.92 DMMC to create and impose a sewer utility tax at the rate of sixteen percent per year, and codifying new sections to chapter 3.92 DMMC and adding a new subsection (7) to DMMC 3.68.060 to create and impose a sewer utility tax at the rate of sixteen percent per year.

WHEREAS, RCW 35A.82.020 grants code cities broad general authority to impose excise taxes for regulation or revenue, and

WHEREAS, the proprietary activities of a municipality, like the business activities of private parties, are subject to taxation, and

WHEREAS, the operation of a sewer utility serving billed customers is a proprietary function, and

WHEREAS, the City Council has determined that there will be a deficit balance in the City's General Fund and Street Fund in 2016, and

WHEREAS, the basic City service levels would be greatly reduced without an additional source of revenue, and

WHEREAS, the City Council has determined that the public interest is best served by implementing utility taxes on sewer utility rates, effective January 1, 2016, and

WHEREAS, on October 8, 2015, by consensus, the City Council directed staff to bring forth ordinances necessary to enact the revenue recommendations presented in the City Manager's Budget to the City Council to be considered at the meeting on October 29, 2015, and

WHEREAS, the City Council finds that the amendments contained in this Ordinance are appropriate and necessary for the preservation of the public health and welfare; now therefore,

Ordinance No. ____ Page 2 of 6

WHEREAS, Article VII, Section 9 of the Washington State Constitution states:

"The legislature may vest the corporate authorities of cities, towns and villages with power to make local improvements by special assessment, or by special taxation of property benefited. For all corporate purposes, all municipal corporations may be vested with authority to assess and collect taxes and such taxes shall be uniform in respect to persons and property within the jurisdiction of the body levying the same",

and

WHEREAS, in addition, the Washington State Constitution at Article XI, Section 12, states

"The legislature shall have no power to impose taxes upon counties, cities, towns or other municipal corporations, or upon the inhabitants or property thereof for county, city, town, or other municipal purposes, but may, by general laws, vest in the corporate authorities thereof, the power to assess and collect taxes for such purpose",

and

WHEREAS, in RCW 35A.11.020, the Legislature has given municipalities "all powers of taxation for local purposes except those which are expressly preempted by the state as provided in RCW 66.08.120, 82.36.440, 48.14.020, and 48.14.080." The statutes provided do not expressly prohibit the taxation of sewer district services, and

WHEREAS, RCW 35A.82.020 provides that:

"[a] code city may exercise the authority authorized by general law for any class of city to license and revoke the same for cause, to regulate, make inspections and to impose excises for regulation or revenue in regard to all places and kinds of business, production, commerce, entertainment, exhibition, and upon all

Ordinance No. ____ Page 3 of 6

occupations, trades and professions and any other lawful activity",

and

WHEREAS, in City of Wenatchee v. Chelan County Public Utility District No. 1, 181 Wn. App 326 (2014) Division 3 of the Court of Appeals, declared that the utility tax levied by the City of Wenatchee on Chelan County PUD for the sale of domestic water within the City's limits was a proper tax on activities that were proprietary in nature and that the City has the authority to levy and collect the tax from Chelan County Public Utility District No. 1, and

WHEREAS, the following courts have found that the sale of utilities is a proprietary function in Russell v. City of Grandview, 39 Wn.2d 551, 236 P.2d 1061 (1951), Public Util. Dist. No. 1 of Pend Oreille County v. Town of Newport, 38 Wn.2d 221, 228 P.2d 766 (1951), and City of Moses Lake v. United States, 430 F.Supp.2d 1164 (2006), and

WHEREAS, the City of Wenatchee imposed taxes on water utilities at 16% and sewer utilities at 16% in 2011, and

WHEREAS, a sewer utility district operates in its proprietary capacity when selling sewer utility services to its ratepayers, and

WHEREAS, a sewer utility district when operating in its proprietary capacity does not enjoy governmental immunity, and

WHEREAS, RCW 35A.82.020 grants code cities broad general authority to impose excise taxes for regulation or revenue, unless expressly preempted, and

WHEREAS, the Legislature could have included in chapter 35A.82 RCW language precluding code cities from taxing other municipality entities under RCW 35A.82.020, but refrained from doing so, and

WHEREAS, the proprietary activities of a municipality, like the business activities of private parties, are subject to taxation, (see generally the 2014 AWC Cities, Tax and User Fee

Ordinance No. ____ Page 4 of 6

Survey for tax rates for sewer statewide as reported and redacted to include only water and sewer rates), and

WHEREAS, the operation of a sewer utility serving billed customers is a proprietary function, and

whereas, public utilities that pay a utility tax are
exempt from the Business and Occupation Tax under DMMC
3.84.110(1), and

WHEREAS, the City Council has determined that there will be a deficit balance in the City's General Fund and Street Fund in 2016, and

WHEREAS, the basic City service levels would be greatly reduced without an additional source of revenue, and

WHEREAS, the City Council has determined that the public interest is best served by implementing utility taxes on sewer utility rates, effective January 1, 2016, and

WHEREAS, on October 8, 2015, by consensus, the City Council directed staff to bring forth ordinances necessary to enact the revenue recommendations presented in the City Manager's Budget to the City Council to be considered at the meeting on October 29, 2015, and

WHEREAS, the City Council finds that the amendments contained in this Ordinance that this Draft Ordinance is reasonable are appropriate and necessary for the preservation of the public health and welfare; now therefore,

THE CITY COUNCIL OF THE CITY OF DES MOINES ORDAINS AS FOLLOWS:

NEW SECTION. Sec. 1. A new section subsection (7) is added to chapter DMMC 3.9268.060 DMMC to read as follows:

Imposition of sewer utility tax. Effective January 1, 2016, there is hereby created and levied a tax in the amount of sixteen percent (16%) per year, chargeable monthly, against and upon sewerage system utility rates as assessed by the sewerage system utility businesses operating in the City. This section shall not apply to a sewerage system utility that

precludes the levying of a utility tax pursuant to a franchise agreement. the gross income derived from the sewer utilities operating in the City. This section shall not apply to any sewer utility that precludes the levying of a utility tax pursuant to a franchise or interlocal agreement. The sixteen percent (16%) tax shall be allocated as follows: twelve percent (12%) shall be allocated into the Des Moines General Fund and four percent (4%) shall be allocated to the Street Pavement Fund.

NEW SECTION. Sec. 2. A new section is added to chapter 3.92 DMMC to read as follows:

Levy and collection of sewer utility tax.

Sewer utility tax levied. Effective January 1, 2016, there is levied a tax of sixteen percent (16%) upon every person engaging within this City in the sewerage system business, which tax shall be levied upon and collected from the assessed rates of the sewerage system utility. The sixteen percent (16%) tax shall be allocated as follows: twelve percent (12%) shall be allocated to the Des Moines General Fund and four percent (4%) shall be allocated to the Street Pavement Fund.

<u>NEW SECTION</u>. Sec. 3. Codification. Sections 1 and 2 of this Ordinance shall be codified as new sections in chapter 3.92 DMMC.

Sec.2. Severability - Construction.

- (1) If a section, subsection, paragraph, sentence, clause, or phrase of this Ordinance is declared unconstitutional or invalid for any reason by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.
- (2) If the provisions of this Ordinance are found to be inconsistent with other provisions of the Des Moines Municipal Code, this Ordinance is deemed to control.

Ordinance NoPage 6 of 6
Sec. 3. Effective date. This Ordinance shall take effect and be in full force five (5) days after its final passage by the Des Moines City Council.
passed by the City Council of the City of Des Moines this day of, 2015 and signed in authentication thereof this day of, 2015.

CITY ATTORNEY'S FIRST DRAFT 11/04/2015

DRAFT SUBSTITUTE ORDINANCE NO. 15-186

AN ORDINANCE OF THE CITY OF DES MOINES, WASHINGTON, relating to revenue and finance, amending the title of chapter 3.92 DMMC, adding new sections to create and impose a water utility tax at the rate of sixteen percent per year, and codifying new sections to chapter 3.92 DMMC. and adding a new subsection (8) to DMMC 3.68.060 to create and impose a water utility tax at the rate of sixteen percent per year.

WHEREAS, RCW 35A.82.020 grants code cities broad general authority to impose excise taxes for regulation or revenue, and

WHEREAS, the proprietary activities of a municipality, like the business activities of private parties, are subject to taxation, and

WHEREAS, the operation of a water utility serving billed customers is a proprietary function, and

WHEREAS, Article VII, Section 9 of the Washington State Constitution states:

"The legislature may vest the corporate authorities of cities, towns and villages with power to make local improvements by special assessment, or by special taxation of property benefited. For all corporate purposes, all municipal corporations may be vested with authority to assess and collect taxes and such taxes shall be uniform in respect to persons and property within the jurisdiction of the body levying the same",

and

WHEREAS, in addition, the Washington State Constitution at Article XI, Section 12, states:

"The legislature shall have no power to impose taxes upon counties, cities, towns or other municipal corporations, or upon the inhabitants or property thereof for county, city, town, or other municipal purposes, but may, by general laws, vest in the

Ordinance No. _____ Page 2 of 6

corporate authorities thereof, the power to assess
and collect taxes for such purpose,"

and

whereas, in RCW 35A.11.020, the Legislature has given municipalities "all powers of taxation for local purposes except those which are expressly preempted by the state as provided in RCW 66.08.120, 82.36.440, 48.14.020, and 48.14.080." The statutes provided do not expressly prohibit the taxation of sewer district services, and

WHEREAS, RCW 35A.82.020 provides that:

"[a] code city may exercise the authority authorized by general law for any class of city to license and revoke the same for cause, to regulate, make inspections and to impose excises for regulation or revenue in regard to all places and kinds of business, production, commerce, entertainment, exhibition, and upon all occupations, trades and professions and any other lawful activity",

and

WHEREAS, in City of Wenatchee v. Chelan County Public Utility District No. 1, 181 Wn. App 326 (2014) Division 3 of the Court of Appeals, declared that the utility tax levied by the City of Wenatchee on Chelan County PUD for the sale of domestic water within the City's limits was a proper tax on activities that were proprietary in nature and that the City has the authority to levy and collect the tax from Chelan County Public Utility District No. 1, and

WHEREAS, the following courts have found that the sale of utilities is a proprietary function in Russell v. City of Grandview, 39 Wn.2d 551, 236 P.2d 1061 (1951), Public Util. Dist. No. 1 of Pend Oreille County v. Town of Newport, 38 Wn.2d 221, 228 P.2d 766 (1951), and City of Moses Lake v. United States, 430 F.Supp.2d 1164 (2006), and

WHEREAS, the City of Wenatchee imposed taxes on water utilities at 16% and sewer utilities at 16% in 2011, and

- WHEREAS, the Legislature could have included in chapter 35A.82 RCW language precluding code cities from taxing other municipality entities under RCW 35A.82.020, but refrained from doing so, and
- WHEREAS, in the 2013 Regular Session of the Legislature, SHB 1512, (codified at chapter 70.315 RCW), was enacted to clarify the duties and obligations of municipalities water purveyors and fire suppression water services, and
- WHEREAS, the City is neither a water purveyor nor does it provide fire suppression water services as the City is served by a number of water, sewer and fire districts, and
- WHEREAS, a municipality may contract with a water purveyor for the provision of fire suppression water facilities, services, or both, but is not obligated to do either pursuant to RCW 70.315.040, and
- WHEREAS, the proprietary activities of a municipal entity, like the business activities of private parties, are subject to taxation, (see generally the 2014 AWC Cities, Tax and User Fee Survey for tax rates for water statewide as reported and redacted to include only water and sewer rates), and
- WHEREAS, the operation of a water utility serving billed customers is a proprietary function, and
- WHEREAS, public utilities that pay utility tax are currently exempt from the Business and Occupation Tax under DMMC 3.84.110(1), and

Ordinance No. ____ Page 4 of 6

WHEREAS, the City Council has determined that there will be a deficit balance in the City's General Fund and Street Fund in 2016, and

WHEREAS, the basic City service levels would be greatly reduced without an additional source of revenue, and

WHEREAS, the City Council has determined that the public interest is best served by implementing utility taxes on water utility rates, effective January 1, 2016, and

WHEREAS, on October 8, 2015, by consensus, the City Council directed staff to bring forth ordinances necessary to enact the revenue recommendations presented in the City Manager's Budget to the City Council to be considered at the meeting on October 29, 2015, and

WHEREAS, the City Council finds that the amendments contained in this Ordinance are appropriate that this Draft Ordinance is reasonable and necessary for the preservation of the public health and welfare; now therefore,

THE CITY COUNCIL OF THE CITY OF DES MOINES ORDAINS AS FOLLOWS:

Sec. 1. DMMC 3.92.010 and section 1 of Ordinance No. 1441 are amended to read as follows:

Title. A new chapter is added to Title 3 DMMC, entitled "Surface Water Management Utility Tax."

NEW SECTION. Sec. 2. A new section is added to chapter 3.92 DMMC to read as follows:

Imposition of water utility tax. Effective January 1, 2016, there is hereby created a tax in the amount of sixteen percent (16%) per year, chargeable monthly, against and upon the gross water utility rates as assessed by the water utilities operating in the City. This section shall not apply to any water utility that precludes the levying of a utility tax pursuant to a franchise agreement.

Ordinance No. ____ Page 5 of 6

<u>NEW SECTION</u>. Sec. 3. A new section is added to chapter 3.92 DMMC to read as follows:

Levy and collection of water utility tax. Water utility tax levied. Effective January 1, 2016, there is levied a tax of sixteen percent (16%) upon every person engaging within this City in the water utility business, which tax shall be levied upon and collected from the assessed rates of the water utility. The sixteen percent (16%) tax shall be allocated as follows: twelve percent (12%) shall be allocated into the Des Moines General Fund and four percent (4%) shall be allocated to the Street Pavement Fund.

NEW SECTION. Sec. 4. Codification. Section 2 and 3 of this Ordinance shall be codified as new sections in chapter 3.92

Sec.1. A new subsection (8) is added to DMMC 3.68.060 to
read as follows:

Imposition of water utility tax. Effective January 1, 2016, there is hereby created and levied a tax in the amount of sixteen percent (16%) per year, chargeable monthly, against and upon the gross income derived from the water utilities operating in the City. This section shall not apply to any water utility that precludes the levying of a utility tax pursuant to a franchise or interlocal agreement. The sixteen percent (16%) tax shall be allocated as follows: twelve percent (12%) shall be allocated into the Des Moines General Fund and four percent (4%) shall be allocated to the Street Pavement Fund.

Sec. 2. Severability - Construction.

- (1) If a section, subsection, paragraph, sentence, clause, or phrase of this Ordinance is declared unconstitutional or invalid for any reason by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.
- (2) If the provisions of this Ordinance are found to be inconsistent with other provisions of the Des Moines Municipal Code, this Ordinance is deemed to control.

Ordinance No Page 6 of 6	
Sec. 3. Effective date. This Ordinance shall take and be in full force five (5) days after its final passage Des Moines City Council.	
PASSED BY the City Council of the City of Des Moiday of, 2015 and signed in authentication this day of, 2015.
