AGENDA:

1. Approval of 05.12.2022 and 06.09.2022 meeting minutes
2. 2023 Work Plan

MEETING:

1. City Engineer Tommy Owen reviewed the 2023 Work Plan (Attachment #2). He remarked that the CIP is an extremely aggressive schedule with many projects to deliver. Public Works Director Andrew Merges added there are 51 projects on the CIP, 34 are considered high priority, 8 projects are likely and 9 projects may need to be delayed. Committee members were given the opportunity for questions and comments.
 - The WSDOT Update in March will include the I-5 Bridge over S 216th St. status.
 - The final TIP will go to Full Council before it's submitted in July.
 - Sound Transit Last Mile discussion will be added to the 2023 Work Plan, likely in March or April.
 - The potential for partnership with Normandy Park regarding adding a Metro shuttle. Public Works Director Merges will follow up through a director's meeting.
 - A Barnes Creek Update will be part of the WSDOT 509 Update in October.
 - Ridership data on the Community Shuttle Service #635 was requested. Public Works Director Merges responded that he would seek a response from King County Metro.
 - Since a revised date for the Sound Transit light rail is now 2025-2026, it would be beneficial to Des Moines residents if the Kent Des Moines station could open before the completion of the project.

Adjourned at 4:14 p.m.

Minutes respectfully submitted by Jodi Grager, Admin Assistant
