

Budget Cuts Proposed for 2003

Over the last several months, the City has been working on a plan to address a projected shortfall of approximately \$1.8 million in the general fund portion of the 2003 budget. That is, if the City were to do nothing, expenses would be \$1.8 million more than revenues.

The main reasons for this problem essentially fall into two categories: 1) I-695 backfill from the State will be reduced from approximately \$1.4 million in 2002 to \$367,000 in 2003 (with probably no backfill coming in future years); and 2) ongoing expenditures are increasing at a faster rate (4% per year) than ongoing revenues (2% per year).

On October 3, the City Council approved a conceptual plan to deal with the 2003 shortfall. The premise of the plan is to balance the budget in 2003, keeping service reductions to a minimum, and giving the City time to aggressively diversify and broaden its tax base. The plan brings the budget into balance through a combination of budget cuts, operational efficiencies, policy changes, and the use of one-time revenue.

The budget cuts include reducing staff and City Council travel; preparing the City newsletter inhouse and cutting back to four issues per year; cutting one Public Works lead, the D.A.R.E. police officer and the legal file clerk positions; and reducing our cable TV oversight contract.

Some of the efficiencies include changing the duties and lowering the salaries of two vacant positions, eliminating the receptionist position at City Hall and handling reception duties at other City offices, installing low-energy consuming traffic lights, purchasing office supplies off of the State contract, changing cell phone plans, and consolidating landscape maintenance. Other savings will come from deferral of all equipment

and vehicle replacements in 2003, transferring of some expenses from the general fund to other funds, and asking employees to voluntarily remove themselves and their dependents from the City's health plans and take unpaid "days off" totaling up to five days in 2003. Combined, these cuts, efficiencies, and policy changes total \$1,266,860.

The remaining \$534,000 will come from three sources. The first is use of a portion of the one-time sales taxes on building materials and building permit fee revenue from the Highline School District and Highline Community College projects expected to be permitted next year (\$516,000 of an anticipated \$1.7 million in 2003). The second is a new registration fee to be charged businesses physically located outside of Des Moines but doing business in town (\$11,700). The third is a proposal to either increase animal licensing fees by \$5 or institute a program to increase licensing compliance to bring in an additional \$7,000 per year.

The City Council discussed the details of the 2003 budget at two October meetings, hoping to adopt a final budget by the end of November. A public hearing on the budget is scheduled for November 14.

Changes at City Hall Save Operating Costs

Beginning in November, one of the three front doors at City Hall will be closed. This change is being instituted to reduce operating costs at City Hall – one of several efficiency measures employed to bring expenses in line with shrinking revenues.

The administration doors on the north side of the City Hall courtyard will be locked and the services previously offered there will be moved to other offices. This change has allowed the City to eliminate one receptionist position. Below is a summary of the new locations for those City services being moved:

Police Services Center (open 24 hours)

- Pet Licenses

Municipal Court

DES MOINES SENIOR CENTER**HOLIDAY LUNCH AND
GIFT EXCHANGE**

Des Moines Senior Center will be hosting their annual Holiday Lunch and Gift Exchange on Thursday, December 19, 11:30 a.m. to 1p.m. at the Masonic Lodge located at 2208 S. 223rd St.

Enjoy holiday caroling, holiday treats, a VERY special visitor in red, keepsake photos, a gift exchange and a holiday meal full of good cheer!

No reservations are necessary. The lunch donation is a suggested \$3.00 with a \$5 limit on gift exchange gifts.

If you belong to a service club or organization that would like to help out during our annual holiday feast, please contact senior center manager, Sue Padden at 206-878-1642. We guarantee this event will put you in true holiday spirit!

For more information, please call Des Moines Senior Center 206-878-1642.

**HOLIDAY WREATH
AND SWAG SALES**

Des Moines Senior Center is selling undecorated holiday wreaths and door swags to support our many senior programs and services. Fresh noble fir wreaths and door swags are available in the following sizes:

| | |
|-------------------------------|------|
| 16" diameter noble fir wreath | \$15 |
| 22" diameter noble fir wreath | \$20 |
| 32" long noble fir swag | \$20 |

Orders may be placed by mail, in person or by calling 206-878-1642. Wreaths and swags will be available for pick up beginning the week of Thanksgiving.

For more information, please call Des Moines Senior Center 206-878-1642.

**Purchase Pet Licenses at Police Department**

Beginning November 1, Des Moines citizens will be able to license their dogs and cats at the police station (21900 11th Ave. S.), which is open 24 hours a day. This added convenience will make it easier to adhere to the mandatory pet licensing laws. Pet licenses are no longer available at the City Hall administration office.

Citizens need to bring written proof of their pets' being altered (spayed/neutered) and current rabies vaccination when purchasing pet licenses. All dogs and cats in the city are required to be licensed at 6

months of age. New pet owners need to obtain a license within 30 days of acquiring a new pet.

Dog licenses (\$10 altered, \$20 unaltered) are valid January through December, and cat licenses (\$10 altered, \$20 unaltered) are valid July through June. Now is the time to renew those pet licenses, so there is not an added late penalty! Senior citizens may obtain a lifetime license for their altered pet(s) for NO CHARGE!

REMEMBER: a valid Des Moines pet license is your pet's "phone call home". Dogs and cats picked up with a valid license may be provided a ride home on the first impound, rather than a ride to the animal shelter in Kent.

For more information on pet licensing, please contact the Des Moines Police Department, 21900 11th Ave. S., Des Moines WA 98198, 206-878-3301.

Open House Nov. 7 for Proposed Improvements at Redondo Boat Launch

As announced in several past issues of "City Currents," the City has been working on improving conditions at the Redondo boat launch. We are now awaiting decisions from the State of Washington on a \$750,000 grant application for this renovation. If the grant is approved and City matching funds are available, this improvement project will become a reality.

Based upon input from boaters and nearby residents, plans have been prepared for upgrades such as: 1) adding a floating breakwater; 2) extending the length of the existing boarding float; 3) adding a second boarding float; and 4) new landscaping, paving, signs, gates, etc. in the parking lot.

An informational **open house** will be held on **November 7, 2002**. Staff will be available from 4 to 7 p.m. to describe the changes planned, and to answer your questions. The meeting will be held at the Woodmont Library, 26809 Pacific Highway South. This event will be conducted in a "drop in" format so you can arrive anytime between 4 p.m. and 6:45 p.m. If you are unavailable at this time, please call Corbitt Loch at (206) 870-5568 to arrange a separate meeting.

This is a view of the Redondo boat launch area from the condos across the street to the east.

Christmas Ship, Bon Fire & Community Concert

Des Moines Beach Park
22030 Cliff Avenue South
Sunday, December 8, 4:30-6 p.m.

The Argosy Christmas Ship will anchor offshore in front of the Beach Park. The Central Kitsap Jazz Choir will perform traditional holiday songs from 5:10-5:40 p.m. For more information, call the Des Moines Park & Recreation Department at (206) 870-6527.

Redondo Community Concert

Wooton Park
28202 South 9th Avenue, Redondo
Sunday, December 8, 5:15-7:30 p.m.

The Argosy Christmas Ship will anchor offshore and the choir will perform from 6:25-6:55 p.m. Join your neighbors and Santa for a community sing-along and concert. For more information, call the Redondo Community Store at (253) 839-7845.

Des Moines Beach Park Revitalized by NAIOP Volunteers

With paintbrushes, shovels and hammers in hand, local real estate executives and trade organization members contributed where Des Moines parks needed it most. More than 230 members of the Washington chapter of the National Association of Industrial and Office Properties (NAIOP) and their families rolled up their sleeves on Saturday, Sept. 14, and helped revitalize and restore historic Des Moines Beach Park.

The volunteers participated in NAIOP's award-winning yearly community enhancement project. NAIOP was established in the 1970's as a community enhancement opportunity and receives support from all levels of commercial real estate as well as areas of commercial development such as architects, engineers, general contractors and many others. NAIOP's contribution comes at the right time for the Des Moines Parks, Recreation & Senior Services Department. NAIOP's community involvement helped to improve not only the park, but also the entire Des Moines community.

Every year, salmon run up Des Moines Creek as it meanders its way through the Des Moines Beach Park that houses the Des Moines Senior Center and Camp Khaos kids summer camp as well as many other community events. NAIOP volunteers helped preserve and restore this salmon habitat by installing 1,100-feet of split rail fencing and planting over 1,200 native plants, including

shrubs, groundcover and trees along the streambed allowing the salmon habitat to thrive. In order to accommodate the hundreds of park visitors who watch the salmon run every year, NAIOP volunteers built three viewing platforms along the banks of Des Moines Creek. NAIOP also painted seven historical buildings located in the park, including the park's Senior Center. In addition to all this work, NAIOP was able to contribute over \$50,000 from member donations that went toward the purchase of all the necessary supplies and materials.

In preparation for the big event, the multi-talented Des Moines Parks Maintenance Department prepped all of the areas that fell within the overall scope of the NAIOP project. Park staff members did all of the prep work to the buildings that were to be painted, set the foundations for the viewing platforms and augered out all of the holes required for the split rail fence designed to border Des Moines Creek.

The project has been a great burst of excitement for the park. NAIOP was able to contribute in a matter of hours what it would have taken months to accomplish, as well as contributing over \$50,000. The project now allows for Des Moines Creek to be preserved while still allowing viewing access. It helps to maintain the history that is Des Moines Beach Park and enhance the park for all of the citizens of Des Moines to enjoy for years to come.

SURFACE WATER NEWS

Backhoe work at 14th Avenue South.

Drainage Improvement Project

The Public Works Surface Water Maintenance crew has four employees and is responsible for maintaining, repairing and making improvements to the City storm water drainage systems. The crew also performs work related to the Neighborhood Pipe Program, which consists of piping a ditch for an individual residence. The resident pays for materials used, such as the piping, catch basin and grate, while the crew completes the work involved, including back filling and gravel work (See photo above). They also do the asphalt work related to their projects.

One specific example of a crew project was at 14th Avenue S. and S. 244th to S. 245th Streets. Several residents living on the east side of 14th, south of 244th, were interested in drainage improvements. They met with the City's SWM Engineering Technician about their problem of standing water and poor drainage. Then the SWM crew got to work.

This particular job required 288 feet of 12 inch ADS pipe, 4 Type I catch basins and several yards of Class A Pit Run gravel. The crew had to be careful not to hit water, telephone and gas lines in the area as they installed drainage materials.

After the pipe was installed, it was back filled and compacted. Gravel was placed on the shoulders and driveways, and finally asphalt patchwork was completed. Some gravel drainage swales (slightly raised areas) were graded along

the shoulder to divert surface water into the catch basins. The finished project corrected a long-time problem in this section of right-of-way.

Additional duties of the SWM crew include cleaning catch basins and pipe flushing with a Camel Vactor truck (see photo below), curb and gutter repairs, grate adjustments before street overlays, repairing or replacing pipe and catch basins. The crew is also responsible for the maintenance of city detention ponds. All work is in compliance with regulations for water quality and habitat protection.

Camel Vactor truck at work.

Massey Creek Restoration Projects

Restoration of wash-out at 16th Avenue South

Following construction of the 16th Avenue South Slide Repair/Culvert Replacement project, located between Kent-Des Moines Road and 240th Street, the site experienced severe flood damage during a major storm last November (this was the same storm that had damaged the Senior Center in Des Moines Beach Park). Much of the spawning gravel that was placed upstream of the culvert and within the culvert had been washed downstream and the culvert footings were exposed to erosion by the creek.

Last summer, Bayside Construction was awarded the contract to restore the stream channel and to avoid, as much as possible, impacting the newly constructed culvert and retaining walls. The project

16th Avenue South culvert replacement.

called for installing large boulders and new spawning gravel. The contractor improvised by constructing a large wooden flume down from the road to the creek that allowed the contractor to quickly empty trucks filled with the rock with minimal impact to the traffic on 16th Avenue. Following the back-breaking work (much of the boulders had to be hand placed), the flume was quickly dismantled and the area cleaned up.

The work was completed under budget and in half the contract time. Compliments to Bayside Construction for doing such a fine job that was both difficult and laborious!

On a side note, when constructing the stream bypass element of the project, two cutthroat trout (6 and 8 inches long) were removed from within the culvert and placed downstream. A least a couple dozen of trout fingerlings were also spotted downstream of the culvert.

Students to Help Renovate Stream

Students from Mt. Rainier High School are planning a stream restoration project on Massey Creek in the vicinity of Kent-Des Moines Road and 10th Avenue South (upstream of the intersection). The project calls for planting several hundred trees and shrubs and the removal of reed canary grass near the creek channel to enhance the habitat of Massey Creek, a fish-bearing stream. Sea-run and residential cutthroat trout and coho salmon are known to reside in Massey Creek (the creek flows parallel to Kent-Des Moines Road from Marine View Drive to Pacific Highway).

Road Closures – Snow Plowing Schedule

In the event of a snowstorm, the City's Public Works Department has set up a priority list of streets and roads for plowing and sanding. Some of the streets and roads on steep hills with a history of hazardous conditions will be closed to traffic.

Streets and roads that might have to be closed:

| | |
|---|---|
| 4th Ave. South – S. 210th to S. 216th | S. 206th St – 9th Ave. S. to DMMD |
| S. 208th St – 9th Ave. S. to DMMD | S. 212th St – 7th Pl. S. to DMMD |
| S. 224th St. – 30th Ave. S. to Pac Hwy S. | S. 234th St. – 25th Ave. S. to KDM Rd. |
| S. 240th St. – 24th Ave. S. to 16th Ave. S. | S. 250th St. – 20th Ave. S. to 16th Ave. S. |
| 10th Ave. S. – S. 226th St. to KDM Rd. | S. 230th St. – 12th Ave. S. to KDM Rd |

Streets and roads that have a high priority for plowing and sanding:

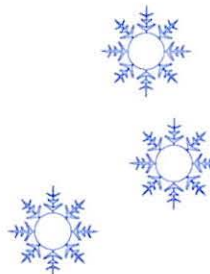

S. 216th St., both east and westbound, from MVD to freeway
 MVD, both north and southbound, from S. 216th St. to S. 264th St.
 S. 264th St., both east and westbound, from MVD to Woodmont Dr.
 S. 240th St., both east and westbound, from MVD to Pac Hwy S.
 DMMD, both north and southbound, from S. 216th St. to S. 208th St.
 7th Ave. S., both north and southbound, from MVD to S. 227th St.
 Pacific Hwy S., north and southbound, from S. 216th St. to KDM Rd.
 KDM Rd. – Pacific Hwy S. to MVD
 S. 227th St. from 7th Ave. S. to MVD
 S. 260th St., both east and westbound, from 16th Ave. S. to Pac Hwy S.
 S. 272nd St., both east and westbound, from 12th Ave. S. to Pac Hwy S.
 MVD, both north and southbound, from Redondo Beach Dr. to S. 272nd St.
 Redondo Beach Dr., north and southbound, from S. 280th St. to S. 288th St.
 16th Ave. S., north and southbound, from KDM Rd. to S. 272nd St.
 Redondo Way, east and westbound, from Redondo Beach Dr. to city limits
 Woodmont Dr., east and westbound, from 8th Ave. S. to 16th Ave. S.
 8th Ave. S., north and southbound from S. 192nd to S. 200th St.

Sandbags are available to Des Moines citizens at \$1 per bag for use as extra vehicle weight and for traction.

Equipment the City has available for snow maintenance:

- Two plow trucks with sand spreaders
- One dump truck with a sand spreader (without a plow)
- A road grader that can be equipped with a rubber edged blade
- Two backhoes and one front-end loader for yard and City parking lot snow removal

If you have questions, you may contact Frank Olson, Public Works Superintendent at (206) 870-6559 or Linda Wright, Secretary at (206) 870-6525 or visit our website @ www.ci.des-moines.wa.us.

Please Be Careful Where You Rake Your Leaves

The autumn leaves are beautiful BUT a problem for City work crews. Leaves clog street drainage systems and when the rains start, they increase flooding.

Public Works increases the street sweeper's schedule during fall and winter. Our crews are on alert for clogged

drains and do our best to keep them clean, but we need the help of all citizens to remove leaves from the storm grates and catch basins by your property.

Please do not rake your leaves into the street gutters, which then moves the problem down the street to your neighbors, and clogs up the storm drainage system. We love our trees, but with them comes extra work. If we all pull together, we can reduce the problems they cause. We appreciate citizens' assistance in this.

See a Broken Street Light? You Can Report It On-line

You can report broken street lights directly to Puget Sound Energy on its website: www.intolight.com then click on 'Lights Out?' at the top.

A fill-in menu pops up for necessary information, such as location, the type of light as well as the pole grid number – all of which is helpful to PSE and speeds up the service, which they have indicated should be completed within three days.

If you do not have electronic capability, you can contact them at 1-888-225-5773 toll free. The 12 digit Pole Grid number or tag number located on the pole is very helpful to PSE.

DES MOINES PARKS AND RECREATION

Before And After School Programs

Quality before and after school child care for Kindergarten-6th grade children is available at Des Moines, Parkside, North Hill and Woodmont Elementary Schools. Children will have a blast with exciting games, creative activities, arts and crafts, and yummy snacks! Plus, time is set aside each afternoon for homework! Limited scholarships are available for those in need. Please contact Des Moines Park & Recreation for more information at (206) 870-6527.

Youth Basketball League

Boys and girls Kindergarten-12th grade are invited to play in the Des Moines Park & Recreation Department's

Youth Basketball league this fall and winter! The cost is \$65 per player. For more information, please call Des Moines Park & Recreation at (206) 870-6527.

Fall Basketball Camp

Brush up on your basketball skills for the upcoming season with Des Moines Park & Recreation Department's Fall Basketball Camp. Boys and girls ages 5-14 years are welcome to attend this 3-hour camp, reviewing fundamentals of shooting, rebounding, defense, and much more! Camp will be held Saturday, November 23, 9 a.m. - noon at Pacific Middle School. Cost is \$15. Call Des Moines Park & Recreation at 206-870-6527 for more information.

Rise and Shine Aerobics

Join instructor Chris Wilcox for low-impact, intermediate-level aerobics. Class is held Mondays and Wednesdays, 9:15-10:45 a.m. at the Des Moines Field House. Cost is \$6 drop in, \$36 punch card, or \$40 monthly. Free child care is available onsite! For more information, please call Des Moines Park & Recreation at (206) 870-6527.

**3rd Annual Snow Day**

It's back and going to be better than ever! The City of Des Moines Park & Recreation Department is bringing in dump truck loads of snow from Snoqualmie Pass. This is a FREE event for the whole family! Cookies and hot cocoa will be served. Bring a tube or a saucer and plenty of warm clothes. Snow Day will be Saturday, December 21, 9 a.m.-2p.m. at the Field House (1000 S. 220th Street). *Please do not bring sleds with runners.

VOLUNTEER READING TUTORS NEEDED

Local elementary schools are looking for volunteers to serve as reading tutors with young students who are struggling to learn to read. Volunteers can be older students, parents, grandparents, neighbors, retired folks, working folks or anyone who has at least an hour during the school week to give and would like to make a positive difference in students' lives. Training and curriculum are provided. For information and an application packet, please call Martha Teigen, Highline School District: (206) 433-2266.

DES MOINES POLICE DEPARTMENT

This winter consider getting better acquainted with your neighbors and the Des Moines Police Department. The community service office of the Des Moines Police department offers a variety of crime prevention presentation topics. For example:

Blockwatch

This presentation covers the basic concepts and history of the program. In addition we offer information on Operation ID 9-1-1 and how to report suspicious activities. Also included are recent crime trends and statistics.

Home and Business Safety Survey

Information is geared toward basic safety procedures, such as doors, windows, locks, alarm systems, landscaping and lighting.

Emergency Preparedness

We offer tips on how to get yourself, family or business prepared for the unexpected and how to become self sufficient in times of disaster.

Consumer Fraud Awareness

This is a program designed to make people aware of different types of fraud and how to combat them. Also covered are identity theft and consumer awareness.

Personal Safety

Classes are designed for specific age groups and gender.

Child Restraint Check Ups

The Police Department offers inspections of basic car seats and related information.

In addition, the Police Department provides various child specific presentations such as; stranger danger, 9-1-1 basics, bike safety, back to school safety and identification kits. If you are interested in more information about any of the above topics or want to schedule a meeting for yourself, your neighborhood or for your employees, please call CSO Tonya Seaberry at 206-870-7619.

Steven J. Underwood Memorial Park Memorial Plaza Brick Donation Form

Help build Steven J. Underwood Memorial Park and a special memorial plaza and provide a quality place of sports play and recreation in Des Moines.

Memorial Plaza Bricks:

- \$ 75.00 (6"x6") - Includes 1 line engraving 20 characters
- \$150.00 (6"x12") - Includes 2 lines engraving 20 characters
- \$300.00 (12"x12") - Personalized Logo or 3 lines of engraving (26 characters each)

I would like to support the Steven J. Underwood Memorial Park by donating the cost of:

\$ _____ for a _____ Amount Enclosed: _____

Engraving: _____

Name: _____

Address: _____ City: _____ Zip: _____

Phone (home) _____ (Business) _____ Best time to call _____

E-mail _____ Fax _____

I would like my donation to be tax-deductible through the Des Moines Legacy Foundation.

Please fax to (206) 870-6587 or mail to Des Moines Park & Recreation
 1000 S. 220th St., Des Moines, WA 98198 – Attention Annette Chomica

DES MOINES CITY COUNCIL HIGHLIGHTS

In action last quarter, the City Council:

- Reviewed Highline Water District's 2002 Comprehensive Water System Plan update.
- Began review of 2003 Preliminary Budget
- Formed an ad-hoc Mt. Rainier Pool Committee to study the issue of maintaining the Mt. Rainier Pool.
- Reviewed and approved a remodel of the Activity Center (Annex) to serve as the Interim Senior Center.

Approved the following agreements/bids/contracts:

- Professional engineering design services for the S 216th/24th Ave. S. Signalization Project with KPG for \$55,989.52.
- 2002 Arterial Maintenance Program construction to Tucci & Sons, Inc. for \$217,945.50.
- Lease with AT&T Wireless Services, Inc. for installation of a replacement ball-field light standard & equipment storage area at Field House Park ballfield for use as a wireless antenna location.
- Construction for the Massey Creek Stream Restoration Project at 16th Ave. S. to Bayside Construction, Inc. \$41,561.

Held the following public hearings:

- Secure Community Transition Facilities.

- Law Enforcement Grant for Domestic Violence Advocate Program.

- 2003 Community Development Block Grant Projects.

Approved the following ordinances:

- No. 1304 relating to acquisition of certain property by eminent domain.
- No. 1305 establishing Cardroom Regulations.
- No. 1306 regulations for Secure Community Transition Facilities.

Approved the following resolutions:

- No. 932 relating to cable communication franchises and the merger of cable communications corporations.
- No. 933 authorizing the 2002 Nibble of Des Moines Festival.
- No. 934 relating to the Cedar Brook Town Home Planned Unit Development Design Review.
- No. 935 relating to revisions of the 2002 Nibble of Des Moines Festival.
- No. 936 commemorating the One Year Anniversary of 9-11.
- No. 937 reconfiguration of Nibble of Des Moines Festival.
