From the Mayor

By Mayor Matt Pina

AS WE SETTLE INTO 2018 I want to let you know all the exciting things in store for this coming year! At the end of 2017, the City Council said goodbye to Councilmembers Dave Kaplan and Melissa Musser, who after many years of public service, decided not to run for re-election. Dave and Melissa's passion, dedication and knowledge will be missed and we wish them well.

Moving forward we are excited about the future and welcome our two newest Councilmembers, Matt Mahoney and Traci Buxton. Councilmembers Mahoney and Buxton have been hard at work this year and I know I can speak for the rest of the Council in saying that we are happy to have them on board!

At our first meeting in 2018, the Council hit the ground running

by adopting specific policies to further our Legislative Priorities and Intergovernmental Positions. You can find each of these documents on our website at <http://www.desmoineswa.gov/115/City-Council>. Some highlights include seeking funding sources to replace the north bulkhead at the Marina, relief options from the City's rising lease payments for Marina property to the Department of Natural Resources and efforts by the Council to support a state process for siting an additional major airport at a location at least 15 miles from Sea-Tac International Airport.

In the Des Moines Creek Business Park, Federal Aviation Administration employees have started moving into their new building and we anticipate

approximately 4,000 new jobs will be locating to the City of Des Moines as the next phase of the Business Park is completed. To help alleviate traffic congestion, the City of Des Moines partnered with King County Metro and Des Moines Community Shuttle, Route 635 made its debut on January 30, 2018. Read more about the Community Shuttle program on page 12.

The City has been awarded several grants to build new play areas in three Des Moines parks. Steven J. Underwood Memorial Park

received a \$245,000.00 King County Youth & Amateur Sports Grant and \$50,000.00 funding from Des Moines Legacy Foundation to build a "Play for All" play area to be constructed later this year. Kiddie Park also received a \$115,000.00 King County Community Development Block Grant to replace its aging play area in 2019.

Awarded grants from King County Block Grant, King County Youth Sports Facilities Grant and Department of Ecology helped to build ADA pathways, a new sports court and a fitness area at Parkside Park.

The Des Moines/Normandy Park Rotary Club and Reach Out Des Moines both received Airport Community Ecology grants to renovate the play areas and build a community garden at Midway Park.

Both projects are slated for completion in May. Parkside Park will reopen with a public celebration on May 17, 2018 at 3:30 p.m.

On a different note, it is anticipated that over the next three to five years, 40% of police department personnel will be eligible for retirement. With recruitment and hiring a challenge to all police agencies across the country, we have to be innovative to the staffing challenges that the future could potentially bring. At the February 1st City Council Study Session, retired Assistant Police Chief, Bob Bohl presented a plan to give our

The Community Development and Public Works Departments were recognized at the January 18th City Council meeting for outstanding performance related to the permitting of the General Services Administration's (GSA) Federal Aviation Administration (FAA) Headquarters, as well as several other time-critical developments. We are proud of our staff and their commitment to excellence in providing innovative and solution-oriented service to our customers and residents. Look for more staff recognition in future editions of *City Currents*.

Police Department leverage in addressing the potential shortages that will present themselves through attrition in the coming years.

The proposal would allow the City of Des Moines to use one-time money to create Recruit Training Positions for our entry level officers. These positions would be hired and utilized to assist the police department in a number of areas. The Recruit Training Positions would also begin pre-training to achieve a level of proficiency that will benefit them when they enter the Police Academy. As sworn personnel retire, the recruits will be available to immediately fill the vacancies created.

Advantages are:

- Recruit Training Positions (RTP's) mirror anticipated attrition in the next 0-2 years.
- Expedited hiring process due to fully allocated Full Time Employees.

- Department continues to recruit and hire lateral/ academy graduate officers using our structural allocated funds for these positions.

The City Council unanimously supported this proposal and continues to emphasize public safety and a healthy police department.

I want to thank retired Assistant Police Chief Bohl for his commitment to Des Moines and our Citizens. This plan is proof of his undying dedication to the Des Moines Police Department and our community.

As we look forward to Spring we encourage you to get involved in your community. A community's greatest resources are its citizens. By serving on a committee or advisory board, you can contribute to your community in a meaningful way.

Parkside Park Re-Dedication: May 17, 2018

ON THURSDAY, MAY 17TH AT 3:30 PM THERE WILL BE A RE-DEDICATION OF PARKSIDE PARK. Parkside Park was transferred to the City from King County in 1993 and was long overdue for renovation. With funds of \$395,000 from a Community Development Block Grant the City had applied for in 2014, Parkside Park entryways were made ADA accessible, blackberry bushes, dense brush, and unhealthy trees were removed to enhance site safety, and fencing around the

park perimeter was repaired or replaced for site security. Portions of the hillside were graded to create accessible pathways through the Park, and the existing sport court, play equipment and other amenities were removed and replaced with a new sports court and outdoor fitness area funded in part with a King County Youth Sports Facilities Grant of \$25,000.

As part of the state's Tacoma Smelter Plume Soil Safety Program, the Department of Ecology had tested the play areas at the park for arsenic and lead and found approximately 10,000 square feet of arsenic contaminated soil above the state clean-up level. The state contributed the funds needed for the removal and replacement of the contaminated soil.

The community is invited to attend the re-dedication of the Park on Thursday, May 17th at 3:30 pm.

Funding partners:

Parkside Park

Seating was created to offer a welcoming neighborhood gathering place and a new asphalt connector trail to 26th Place S. was installed.

Housing Repair Assistance Program

THE CITY OF DES MOINES IS ONCE AGAIN PROVIDING MINOR HOME REPAIR SERVICES to City resident homeowners who have "extremely low" to "low" incomes based on U.S. Department of Housing and Urban Development (HUD) income guidelines. This is done by providing free repair services to improve the health and safety of our residents as they live in their homes. Funding for this program is provided by a Community Development Block Grant through King County.

Services provided include but are not limited to:

Electrical – faulty lights, switches, plugs, circuits or exhaust fans

Plumbing – faulty toilets, clogged drains, leaking faucets, faulty water heaters

Disability Aids – installation of grab bars, hand rails, hand held showerheads, bath seats, high toilets, access ramps and application of non-skid surfaces

Safety – installation of smoke alarms, security/safety lights, carbon monoxide alarms and locksets

Other – faulty furnaces, faulty gutters and roof leaks, broken window glass panes

HOW DO I QUALIFY FOR THESE FREE SERVICES?

1. Be an owner/occupant within the Des Moines city limits for at least one year with no intention of selling in the next 12 months, have proof of home owner's insurance, and meet the HUD income guidelines for the program.
2. Complete the application process

HOW DO I APPLY?

1. Request an application by calling 206-870-6535
2. Complete the application forms and return them with supporting documentation to the City of Des Moines/Minor Home Repair at: 21630 11th Avenue S, Suite D, Des Moines WA 98198
3. Once your application is processed and evaluated you will receive a phone call informing you of your acceptance or non-eligibility for our program. Upon acceptance your job will be referred to one of our contractors who will call you to make an appointment to perform those services. Services that are required for your health and/or safety are the highest priority.

Dog Bite Prevention Information

By Master Animal Control Officer Jan Magnuson

NO ONE WANTS TO BE BITTEN BY A DOG, and we especially don't want our children or pets to be attacked and bitten. Dog bites are painful, and can cause additional health issues such as infections, scarring, and emotional trauma.

Dog Bite Prevention is an important part of our Animal Care and Control program in Des Moines. We frequently do public presentations and participate in public events, working within the community to educate citizens to help prevent injuries by dogs. Teaching adults and children to read canine body language, to approach and greet dogs properly, not to run and scream around dogs, and to leave dogs alone when appropriate, are important messages (among others) that we talk about.

In addition, we encourage dog owners to:

- Alter (Spay/Neuter) their dogs (most reported dog bites are caused by un-altered dogs)
- Socialize, desensitize, and obedience train
- Have their dogs in the home and as part of our family
- Provide proper health/veterinary care, and keep vaccines updated
- Provide adequate food, water, shelter, and exercise
- Keep their dogs under proper leash and/or fence control
- License their dogs and keep the license tag on at all times
- Micro-chipping is a great back-up form of ID, so we recommend that as well
- Not keep dogs tied out on a chain, especially unattended

We also encourage EVERYONE to call Police/Animal Control for dogs running at large, especially if the dogs are acting threatening. We want to be proactive, so we can prevent dog bite injuries!

According to statistics:

Over 4.5 million people report dog bites annually, and probably many more go unreported. Dog attack victims suffer over \$1 billion in monetary losses each year.

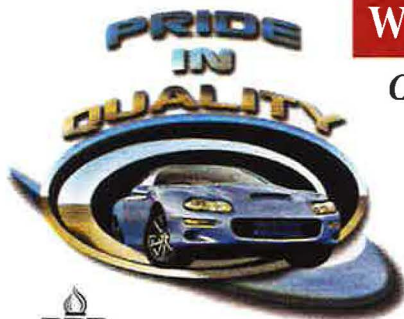

Dog bite injuries are the fifth most frequent cause of emergency room visits for children each year, with the child's face being the most common body part to be bitten.

Dog ownership and dog bites are on the rise; more people own multiple dogs now than ever before!

If a loose dog is acting vicious and threatening the public safety, or if a dog attack/bite has just occurred, please call 911 immediately. If a dog is loose but it is not an emergency, you may call our dispatch non-emergency line at 206-878-2121. If you would like to leave me a voicemail regarding an animal complaint, please call my desk at 206-870-6549 and I can call you back.

Thank You— Master Animal Control Officer Jan Magnuson

HOW THE FACE OF DES MOINES HAS CHANGED OVER THE PAST SEVERAL YEARS! Front and center has been the construction of the U.S. General Services Administration's (GSA) Federal Aviation Administration (FAA) Headquarters. Construction of this 300,000 square foot office building was completed within a year, which is unprecedented for a building of this size and complexity. Approximately 1,600 jobs (40 employee groups) will relocate from the Renton area and from out of state. The Certificate of Occupancy for the building was issued on January 23, 2018 and move in will begin in mid to late February.

It is the seamless collaboration and teamwork between the City of Des Moines, Port of Seattle, Panattoni Development Company, CollinsWoerman, Abbott Construction, Sierra Construction Company and multiple subcontractors and services that made this possible. Rex Christensen, Assistant Building Official, led the charge for the City of Des Moines. Some interesting facts about the project include:

- The building is framed with 1200 tons of steel structure, equivalent to over 400 Ford F-150 trucks.
- 580,000 man-hours of labor were expended on site with zero lost time accidents—equal to more than 279 years of 40 hour work weeks.
- 240 workers/managers were on site at the peak last summer, an average of 165 per day—Abbott partnered with over 52 subcontractors and 75 suppliers.
- During the course of construction, at least 9 babies were born (or soon will be) to project personnel and their families, and two kittens were born on site.
- Over 80% of the construction debris mass was recycled.

These partnerships in conjunction with city and regional investments in infrastructure improvements to enhance our roadway system and access to SeaTac Airport has resulted in increased economic activity and significant job creation. Upon completion of the Des Moines Creek Business

Park over 2.5 million square feet of new development, including Phase IV east of 24th Avenue S., will be placed in service and upwards of 3,000 new jobs will be established in our community. Other new businesses at the Business Park include Amerisource Bergen, Partners Crackers, K2 Sports, Greencore, Organically Grown, PODS, Meiko America and Bartell Drugs. Several thousand more jobs are also being projected as a result of the new 24th Avenue S. connection between Des Moines and SeaTac, which opened up substantial new acreage for future development. These new businesses and jobs provide a welcome boost to our local economy after experiencing a decline in employment over the past decade.

Route 635 Des Moines Community Shuttle

THE ROUTE 635 DES MOINES COMMUNITY SHUTTLE MADE ITS DEBUT on January 30, 2018 at a ribbon cutting with the City, King County and the FAA celebrating the connection between the Angle Lake light rail station and the downtown Marina District via the new Des Moines Creek Business Park.

Part of Metro's Community Connections program, the Des Moines Community Shuttle is the result of a collaborative effort between the City, King County Metro and local employers to identify mobility solutions for the influx of workers coming to the new business park.

"Mobility provided by this frequent, peak period shuttle is absolutely critical in meeting the City's economic and environmental sustainability objectives. It provides an essential public transportation link between our Marina District, South 216th Street and the Angle Lake Light Rail Station with a high-use park-and-ride garage," said Mayor Matt Pina.

The Des Moines Community Shuttle operates very frequently during the weekday morning and afternoon peak periods running between Angle Lake Station and the downtown, adjacent to the City Marina south entrance. It connects Marine View Drive, S. 216th Street, newly completed 24th Avenue S and the Angle Lake Station on S. 200th Street. It serves commuters from the Marina District, Wesley Homes, the Business Park and other employers, businesses and residents along the corridor. There is also a convenient transfer with Rapid Ride on Pacific Highway adjacent to the Angle Lake Station.

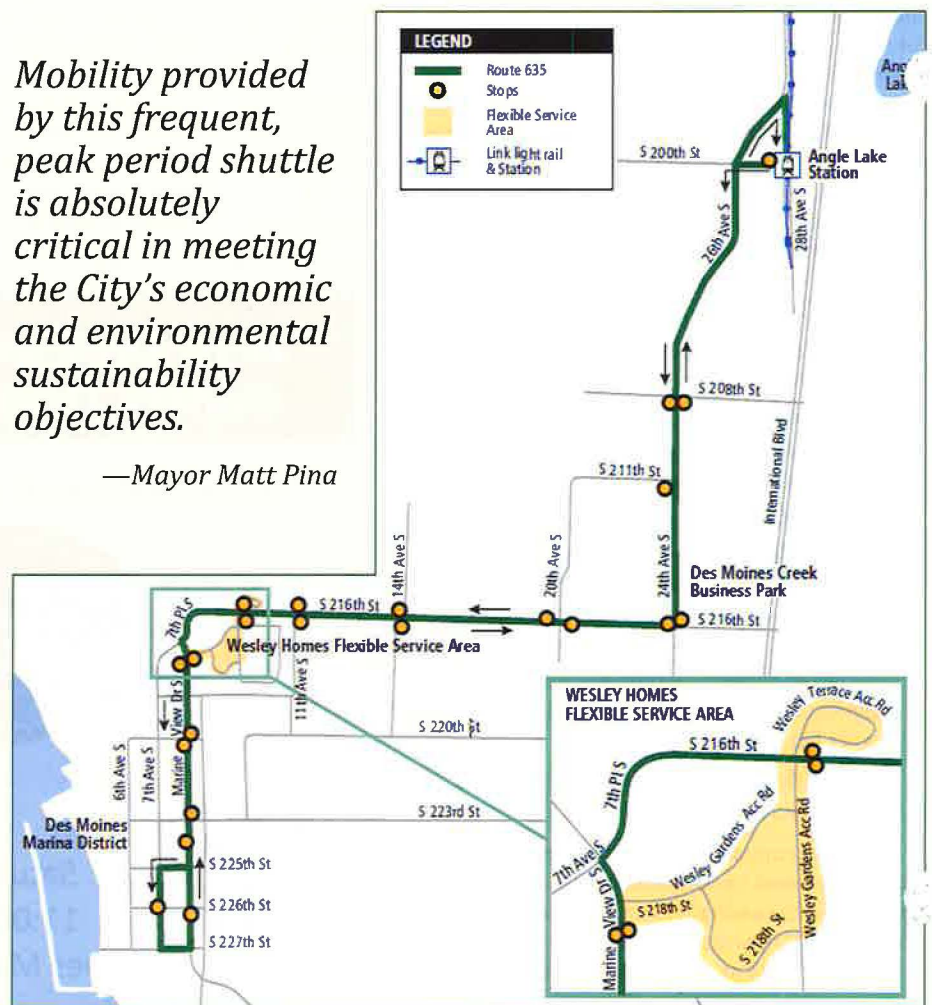

The span of service makes it easy to link morning trips and afternoon trips to and from the frequent light rail system. The Des Moines Community Shuttle, runs

about every 15 minutes Monday through Friday from 5:15 to 9:15 a.m. and from 2:15 to 7 p.m. Passengers can wait at any bus stop along the route for regularly scheduled trips. Metro Transit also provides reservation-based services with a flexible service area around the Wesley Homes senior living community.

This is a pilot project, subject to ongoing evaluation. To inform the evaluation, Metro and the City will partner to gather rider feedback through periodic surveys and comments from Des Moines citizens are always welcome. Check the King County Metro website for schedule information. Give it a try using your ORCA Card!

Mobility provided by this frequent, peak period shuttle is absolutely critical in meeting the City's economic and environmental sustainability objectives.

Safe Disposal of Medicines Now Available

UNUSED, EXPIRED, AND LEFTOVER MEDICATIONS THAT ACCUMULATE IN YOUR HOME increase the risk of drug abuse, overdose, theft by a family member, and preventable poisonings while unwanted medicines flushed down toilets and sinks or thrown in the trash can end up in the environment.

The City of Des Moines Senior Services Advisory Committee has been working for over ten years to help bring safe medicine disposal sites to King County and Des

Moines. The years of hard work have paid off; there is now a safe and convenient way to dispose of unused, expired, and leftover medications.

A new initiative, the King County Secure Medication Program, aims to provide a safe, convenient, and responsible means of disposing of prescription and over the counter medications. You can now safely dispose of the medicines you no longer need by taking them to a convenient drop-box in

the area. These participating pharmacies, clinics, hospitals and law enforcement offices will accept most prescription and over-the-counter medicines for disposal at no cost.

Additional information on King County Secure Medication Program and the National Take Back Your Meds Program can be found at www.kingcountysecuremedicinereturn.org or www.takebackyourmeds.org.

Spring Transportation Updates

S 223rd Street Pavement Rehabilitation Project

During the summer of 2018, the City will be resurfacing S 223rd Street between 24th Ave S and Marine View Drive. Included in the work will be installation of a new water main between 16th Ave S and 24th Ave S by Highline Water District as well as various storm drainage improvements. It is expected that there will be full roadway closures between 7am and 7pm with detour routes in place for the duration of construction. The majority of work will be scheduled during summer recess to minimize impacts to local school routes. Utilizing alternate routes is recommended.

If you have any questions, contact the City's Transportation & Engineering Services Manager Andrew Merges at 206-870-6568.

North Marina Parking Lot & Restroom Replacement Project

The City is currently underway with engineering design and environmental permitting for the North Marina Bulkhead and Restroom Replacement project.

It is anticipated that these initial efforts will take until the end of the year and focus on the north, west, and south bulkheads that encompass the north parking lot, timber breakwater, and restrooms.

If you have any questions, contact the City's Transportation & Engineering Services Manager Andrew Merges at 206-870-6568.

City of Des Moines ADA Transition Plan

The City is continuing efforts to complete an Americans with Disabilities Act Transition Plan to ensure equal access to public programs, services, and facilities. The plan will ultimately document ADA deficiencies and identify strategic mitigation actions moving forward. It is anticipated that a Draft Plan will be completed this spring including an on-line survey to provide means for public comment.

The ADA online survey and Draft Transition Plan will be accessible on the City's website www.desmoineswa.gov.

If you have any questions, contact the City's Transportation & Engineering Services Manager Andrew Merges at 206-870-6568.

Storm Drain Marker Volunteer Program

COME HELP MAKE A DIFFERENCE IN THE COMMUNITY! Organizations or individuals can help raise public awareness, protect our water quality, and reduce the amount of pollution by participating as a volunteer in our storm drain marking program. When it rains, water runoff collects oil, pet waste, grease, soaps, and sediment, where it then enters into the storm drain system, polluting the surface water and the environment. You can spend as much time as you wish and choose the area you want to mark. Volunteers must be at least 15 years of age.

Instructions, maps, and storm drain marking supplies will be provided. For more information, please contact Tyler Beekley, Water Quality Specialist, (206) 870-6869 or tbeekley@desmoineswa.gov, or Janet Best, Volunteer Coordinator, (206) 870-6547 or jb主@desmoineswa.gov.

Planning a Charity Car Wash? You'll Need One of These!

It's not just dirt.... car wash kits that prevent these materials from entering nearby storm drains are available for check-out from the City at no cost. Charity car washes operating within the City of Des Moines must have a car wash kit in place if there is a risk of discharge to the storm system. For residential car washing remember it is always best to wash your vehicle in a location that prevents the runoff from entering the storm system.

For Car Wash Kit check-out procedures and questions, please contact the City's stormwater management department at 206-870-6869 or tbeekley@desmoineswa.gov.

BALLPARK BANNER SPONSORSHIP PROGRAM

To promote local business we place 4x8' banners at Steven J Underwood Memorial Park and/or the Field House Park. The program runs from April to November and businesses can have their banner fly for either one (1) year or three (3) years. Typically, these parks are booked solid from March through November so the banner would receive tremendous exposure. For more information or to participate in the program, phone 206-870-6547 or email jbest@desmoineswa.gov.

Who's the Boss—The Dog or You?

Have you become frustrated with your dog's behavior, like being fussy when you try to groom him, or not coming when called? Do you wonder why your dog nip at you, or why he barks at other dogs? And why do our dogs try to eat or roll in something we find disgusting? Master Animal Control Officer Jan Magnuson, who has raised, trained, and shown dogs for over 40 years, can help you understand when your dog is just "acting like a dog", and when we need to step up and be the (kind, calm, confident) "pack leader"! Class is one hour and includes a handout and a live-dog demonstration!

Speaking of Dying: Living Deeply, Dying Well Film & Discussion—Back by popular demand

View a short film dedicated to the idea that we can all have a better death and learn what's important about supporting a loved one who is dying. This film inspires and encourages you to talk to your friends and family about your own choices for medical treatment if you can no longer speak for yourself. It helps break the taboo in our culture – of not talking about death, even though none of us get out of life alive. Afterwards there will be time to share your thoughts, and get some of your questions answered. Instructor: Jennifer Kropack, Heartwork Circles, Certified Facilitator. The four week workshop for this program will be held in June. Sponsored by Des Moines Legacy Foundation.

Retirement; Now What?

We all want to make the very most of our retirement years, but what is the roadmap for this? Recently retired from a twenty-year career at Microsoft, George A. Santino has been living the dream; at least his dream of retirement. From writing songs, recording music, performing live, writing a book, speaking publicly, and even visiting 22 countries, George has stayed very busy since his retirement. He'd even tell you that he doesn't know how he ever had time to go to work. Using the same techniques he used to build a long and successful career at Microsoft, George A. Santino is building a successful retirement that he hopes will be long as well. Sponsored by the Des Moines Legacy Foundation.

Stories That Feed Us

Join Bridget Kubes and the On-the-Grow Garden Truck as we explore and taste what's growing on the truck, and share stories about the joy of food, family and culture. What is your favorite memory of preparing food with a relative? Do you have a favorite dish that connects you to home, your culture, or your family? Did your grandparents grow their own food or have special plant remedies for illness? Whether we have stories around growing, cooking, eating, healing or celebrating, every memory roots us to the importance food plays in our lives, family, community and culture!

Zumba Gold (Silver & Fit Eligible)

Zumba-Gold is accessible for seniors, beginners or others needing modifications in their exercise routine. As we age, exercise continues to be of critical importance to weight management, heart health, balance, and injury prevention. Zumba Gold is a dance workout infused with a medley of dance styles, including merengue, cha-cha, cumbia, belly dance, rumba, tango and salsa. Zumba Gold falls under the category of endurance training, which keeps the heart healthy and the circulatory system strong. Wear loose fitting, comfortable clothing that allows your body to experience a wide range of movement. Wear athletic shoes to support your ankles and knees to efficiently and safely move through your workout. Chairs available for seated modifications of the dances. Instructor: Deborah Birrane.

Yoga for Your Back, Move with Ease (Silver & Fit Eligible)

Who's got your back? You do! Radiant Health Yoga a Hatha based yoga practice, will allow you to explore more deeply and gently what your body and mind seek... less pain! Yoga helps increase strength in very specific muscles and muscle groups. Back and abdominal muscles are essential components of the muscular network of the spine, helping the body maintain proper upright posture and movement. When these muscles are conditioned, back pain can be greatly reduced or avoided. Breathing is another important component to your yoga practice. The quality of the breath in many ways determines the quality of your yoga practice. Breath sets the stage for a relaxed body, encourages strong circulation, and eases tension—thus minimizing pain and disease. Wear comfortable clothing, bring a mat and a blanket. Instructor: Deborah Birrane.
