# **BALLPARK BANNER** SPONSOR PROGRAM

To promote local business we place 4x8' banners at Steven J Underwood Memorial Park and/or the Field House Park. The program runs from April to November and businesses can have their banner fly for either one (1) year or three (3) years. Typically, these parks are booked solid from March through November so the banner would receive tremendous exposure. For more information or to participate in the program, phone 206-870-6547 or email jbest@desmoineswa.gov.

Authored by Mayor Matt Pina and Deputy Mayor Vic Pennington

THIS SPRING AND SUMMER ARE SEASONS OF NEW GROWTH AND HOPE FOR DES MOINES. We're now emerging from recent challenges with changes that will help us produce a more vibrant and sustainable community.

The last decade was financially challenging for the City. Commitments made in the early 2000's were disrupted by the Great Recession with its resulting impacts on our City's budget. This meant difficult decisions. It required that many services were either cut or postponed. Our City's workforce was necessarily reduced and work on many desperately needed infrastructure projects was delayed.

We are happy to report that all this has langed. When Vic and I first became your Deputy Mayor and Mayor (respectively), we were faced with a \$1.4 million deficit and the serious prospect of the City going bankrupt in 2017. Through disciplined and difficult, but determined, actions we now have appropriate operating capital and the City is both solvent and sustainable.

These actions have accomplished the following: Authorization for three new Police Patrol positions (one in 2016, two in 2017), creation of an Assistant Chief of Police position, reinstatement of the Domestic Violence Victim Advocate position (see page 11) and establishment of a Pacific Ridge Strategic Operations Plan to increase safety in our City. This Strategic Operations Plan contains tools that can be applied to other areas of the City as needed.

# That's not all. Other exciting developments and activities include:

- Sufficient funds to begin repaying our roads for the first time in nearly 10 years.
- The near completion of a thriving Des Moines Creek Business Park. A large portion is now operational and the remaining improvements are leased and near completion.

- The new Federal
  Aviation Administration
  Regional Headquarters,
  which will be completed
  in February 2018, is a
  significant tenant in
  the new Business Park.
  Once the Business Park
  is fully operational,
  an estimated 4,000-5,000 new
  employees will be working in the City,
  creating additional opportunities
  for Marina District development to
  support these employees.
- · Assistance for capturing the economic opportunities generated by the influx of employees. King County has awarded the City with a Metro Pilot Program to provide shuttle transportation services. The route will be from the Angle Lake Light Rail Station through the Business Park, stopping at Wesley Homes, then traveling through the Downtown and the Marina District and looping back to the Angle Lake Light Rail Station. This shuttle service will allow the City and our local businesses to capitalize on the demands for dining, shopping and entertainment these new employees will create.
- Partnering with the Legacy
   Foundation, through their generous contribution, the City is leveraging significant additional resources to enhance our playgrounds at City parks for our children to use safely.

We're making significant strides, but there is more work to be done.

#### **Marina Improvements**

Currently, the infrastructure of the Marina has deteriorated from constant use and exposure to the Sound and elements. Over the years, the Marina spent about 10 million dollars for improvements to the western bulkhead, including development of the promenade. Those funds came from bonds paid for by Marina revenues, not general taxes. However, we are now at a point where the north bulkhead and area around the pier must be replaced. The cost estimates for this are in the vicinity of 6 to 10 million dollars. Because City property

"We encourage your input and participation at City Council meetings, community meetings, the newly created Citizen's Advisory Committee, or even through a direct email or phone call. All new programs will have some unforeseen challenges, but we will partner with you to work through them."

tax dollars do not support the Marina, the Marina must find a way to increase its revenues. Without new revenue sources to support the improvements necessary to preserve the structural integrity of the Marina, the City could lose the north Marina area if the bulkhead failed. We've determined the best and most sustainable solution is for the City to implement measures that include paid parking in the Marina parking lot.

#### Key factors in this decision include:

- Knowledge that non-residents account for over 70% of the Marina's use.
- Continuing to provide the benefits of the Marina at no cost is no longer viable. Without sustainable revenue sources, we could lose a signature feature of our City we all enjoy.
- Exploration of a variety of options led us to determine that the new parking program is the Marina's best opportunity to generate revenue to pay for ongoing maintenance, operations and capital investment.

### Benefits of Marina Paid Parking:

- Sustainable capital source to preserve Marina infrastructure and prevent further deterioration.
- Enhanced law enforcement to maintain a safe, welcoming environment.
- Helps ensure the Marina area is not disruptive to the community after hours.
- Provides resources that enable the Marina to be used as a logistical and operations location for emergency management activities needed in the event of significant disaster or critical events.

# From the Mayor, continued

 Residents will have reduced fee options through an annual pass.
 Farmer's Market visitors will also receive a reduced fee option. Both provide affordable options while still contributing to the Marina and helping it remain viable.

These are some of the major challenges that we have faced and are working on your behalf to address. We know these changes can be difficult and we are listening for ways to minimize the impacts to our community. We encourage your

input and participation at City Council meetings, community meetings, the newly created Citizen's Advisory Committee, or even through a direct email or phone call. All new programs will have some unforeseen challenges, but we will partner with you to work through them. As your representatives, we ask for your input, patience and understanding as we work through these sometimes difficult but necessary changes. They will ensure that Des Moines can grow and remain sustainable. Just like the season, we are in the spring of our future.

# BARKING!

Barking is a normal behavior for dogs; they bark for many reasons, and often, just a few barks is all that is needed for them to get their message across.

However, when dogs bark excessively and become
"nuisance barkers", the situation quickly turns bad. Nuisance
barkers often result in frustrated dog owners and irritated neighbors,
and the dogs themselves can end up at the animal shelter. Entire neighborhoods
can be disrupted, and neighbors who once were friends can become bitter enemies over a nuisance barker.

Often, dog owners don't know where to begin to deal with this problem; the following 15 suggestions will help achieve a happy dog, a happy dog owner, and happy neighbors who can again enjoy their peace and quiet.

- 1. Have your dog spayed or neutered; altered dogs are generally calmer and quieter than non-altered dogs.
- 2. Take your dog to obedience classes; dogs that have learned to understand commands ("No Bark") can be quieted more effectively.
- 3. Give your dog LOTS of exercise; often nuisance barkers have pent-up energy they need to expend. ("A tired dog is a good dog!")
- 4. Have your dog more involved with the family; dogs are pack animals, and nuisance barkers are often frustrated at being left alone.
- 5. Take your dog in for a thorough vet exam; sometimes dogs bark excessively if they are ill, in pain or suffering from parasites.
- 6. Give your dog lots of (safe) toys and chewies; for example, hard rubber dog toys that can be stuffed with biscuits, cheese and peanut butter can keep dogs occupied for hours.

- 7. Have a pet-sitter exercise your dog each day; reputable pet-sitting companies or a neighbor child may be able to give the dog the interaction and exercise it needs to be happier, calmer and quieter.
- 8. Take your dog on errands and excursions; if it is not too hot, dogs love to go with their families instead of being left home alone.
- 9. Install a "doggie-door" into the house or garage; sometimes dogs just want to be inside, instead of outside in the yard all day.
- 10. If there are multiple dogs, put one outside at a time; two (or three or four) dogs barking are much more annoying than just one, plus they encourage each other to bark more... put one outside and keep the rest in the house, and then rotate as needed.
- 11. Feed your dog quality dog food; lesser quality foods can have added sugars, preservatives and colors that can make dogs hyperactive.

- 12. Contact a dog behaviorist/trainer; sometimes there are severe emotional issues that need to be addressed with certain dogs.
- 13. Keep your dog inside the house at night; dogs tend to be even noisier in the dark, and no one deserves to be awakened all night long by a nuisance barker alerting on raccoons and such.
- **14. Block visual stimulation**; building a solid board fence or enclosing your dog in a different part of the yard may reduce the visual triggers.
- 15. An additional solution may be a quality bark-control collar; there are different types available, so consult with a reputable trainer or your veterinarian on the appropriate type for your dog. Also, training with the collar is essential for it to be humane and effective.

If you are experiencing "nuisance barker" issues with your dog, please take the time and expend the effort to follow

he above suggestions.

In addition, it is usually helpful to make your neighbors aware of your plans and keep them updated on your progress, so they know you are taking steps to solve the nuisance barking problem. Introducing your dog to the neighbors so everyone knows each other, is another good idea that way your dog sees your neighbors as friends (and someone who knows their name and gives them treats!) instead of seeing them as trespassers when they are in their own yard!

Please be a Responsible Pet Owner!

# Be a Good Neighbor and Clean Up After Your Pet

Two or three days worth of droppings from a population of about 100 dogs can contribute enough bacteria to temporarily close a bay and all watershed areas within 20 miles to swimming and shell fishing.

Dog feces are common carriers of:

Heartworms Whipworms Hookworms Roundworms **Tapeworms Parvovirus** Giardia Salmonella E. coli

# DOG WASTE CAN HARM YOUR HEALTH

Unlike other sources adding to water pollution, such as lawn fertilizer, rinse water from driveways and motor oil, dog waste carries parasites and bacteria that can be transmitted directly to bumans and make them sick.

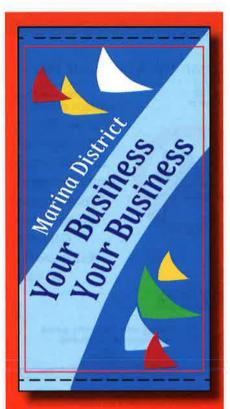

The longer dog waste stays on the ground, the greater a contamination becomes,

Roundworm is one of the most common parasites found in dog waste. It can remain infectious in contaminated soil and water for years. A recent CDC study lound 14 percent of Americans tested positive for roundworms.

# STREET BANNER PROGRAM

**Spanning Marine View Drive, cross streets and** areas of 7th Avenue are colorful banners promoting local businesses. The banners are fade resistant and made from a heavy 22 ounce vinyl. Each banner is \$200 for one year with an annual renewal fee of \$125. # City Adds Domestic Violence Victim Advocate to Legal Team

THIS YEAR, THE CITY COUNCIL ALLOCATED SUFFICIENT FUNDING to provide for the hiring of a Domestic Violence Victim's Advocate. This position had been vacant since 2008 due to budgetary constraints. A Victim's Advocate is a trained professional who supports victims of domestic violence crimes and offers information, emotional support, and provides assistance during and after the court process. The Victim's Advocate not only assists victims of crime, but also assists the City Prosecutor to ensure information is promptly and accurately relayed between victims and the Prosecutor.

In 2016, there were 151 misdemeanor domestic violence cases filed by the City Prosecutor in the Municipal Court. Domestic violence cases represented approximately 22% of all the misdemeanor criminal cases filed in the City of Des Moines in 2016.

By offering these services, it is the City's goal to assist victims through an extremely difficult time in their lives and to ensure

CONTINUING EFFORTS TO DEVELOP AN AMERICANS WITH DISABILITIES ACT TRANSITION PLAN to ensure equal access to public programs, services, and facilities, the City has conducted a public open house, initiated an online survey, field surveyed sidewalks, and developed an outline for the final Transition Plan document. Throughout this summer, evaluation of City programs, services, and buildings will occur followed by a draft Transition Plan this fall. The plan will ultimately document ADA deficiencies and identify strategic actions moving forward to mitigate these issues.

The ADA online survey will be accessible throughout the plan development, and the City encourages you to provide comments. www.desmoineswa.gov.

If you have questions, contact City project manager Andrew Merges at 206-870-6568.

Nicole Nordholm (left) was hired in early 2017 to provide Domestic Violence Victim Advocate services for the City of Des Moines. Tara Vaughn, (right) the City Prosecutor, handles on average over 800 criminal misdemeanor cases per year.

they are informed and remain involved throughout the court process. Additionally, this position assists the Prosecutor in order to increase convictions for offenders, promote compliance with treatments obligations and reduce recidivism. The ultimate goal is to reduce the number of domestic violence offenses in our City.

Both the Prosecutor and Victim's Advocate work in the City Attorney's Office. The City of Des Moines provides prosecution and victim advocate services to Normandy Park as well through a contract between the cities.

If you or someone you know is a victim of domestic violence and you would like additional information or assistance, the Advocate can be reached at (206) 870-6546 on Mondays and Wednesdays during the hours of 9am and 4pm. In an emergency, always call 911.

# COMMUNITY CAMPAIGN

# Des Moines Citywide Playground Project

THE DES MOINES CITYWIDE
PLAYGROUND PROJECT APPROVED BY
CITY COUNCIL in March of this year will
provide the designs to repair and replace
play structures at seven of Des Moines
Parks and to create a new play area at
Steven J. Underwood Memorial Park. This
action is the first of many steps that will
be taken within the next three years to
restore City's aging park play areas.

#### **Playground Challenges**

The play equipment located at Cecil Powell Neighborhood Park was removed due to safety concerns in 2013 and the neighborhood has asked for the equipment to be replaced. The removal of play equipment at Kiddie Park, Westwood Park and Wooton Park is also eminent, likely within the next year or two. And, there is strong community support for play areas to be installed at Des Moines Beach Park where the play area was removed over a decade ago due to flooding and infrastructure repairs and at Steven J. Underwood Memorial Park where a play area has not been installed due to lack of funding. The City's challenge is the lack of funding resources to make the necessary improvements.

### Filling the Funding Bucket

What resources are available to pay for the projects? There are three funding sources that the City will tap into to pay for the playground improvements- City capital funds, grant funds and Des Moines Legacy foundation community funds. Individual park playground projects will be implemented as adequate funding is available.

# City Capital Funds (43% of the Project's Revenue):

City funds in the amount of \$839,000 are currently programmed in years 2017, 2019 and 2020 of the Des Moines Capital Budget for play area repairs, replacement and new construction at Wooton Park, Des Moines Beach Park, Field House Park, Westwood Park and Water Tower Park.

Funding for these projects is made up from \$459,000 Real-Estate Excise Tax (REET), \$380,000 Park In-Lieu Funds from developers.

The Citywide
Playground Project will add
five play areas located at
Midway, Kiddie Park, Steven
J. Underwood Memorial Park
and Cecil Powell Park to the
City's Capital Plan. The total
cost for all eight play area
projects is \$2,019,000.

# Grant Funds (47% of the Project's Revenue):

Grant funding totaling over \$1M is the key element for the success of the Play Area Project. Over the next 3 years, the City

will apply for grants from King County Community Development Block Grant, State Recreation and Conservation Office and King County Youth Sports Facilities Grant and other local and regional organizations in order to finance the remaining costs of the Project.

## Des Moines Legacy Foundation/Community (10% of the Project's Revenue):

The Des Moines Legacy Foundation, a 501c3 Non-Profit Charity,

Tot Time participant at Field House play area

"The removal of the Cecil Powell
Park play area is a big loss to my
neighborhood. It was the safe
gathering place where my family and
neighbors met to play and get to know
each other. The removal of the play
structure was devastating to me and
my sense of community. That is why
my family and Powell Homes have
made contributions to the Legacy
Foundation to help to have it replaced."

—Brandie Holmes, Neighborhood Park Advocate

has established a partnership with the City and will contribute \$105,000 from an endowment provided to the Foundation from the estate of Phyllis Moore specifically for this purpose. The Foundation has also launched a community effort and will provide the conduit to raise an additional \$100,000 for the City's play areas. Contributions in any amount are welcome, tax deductible and may be made to:

# Puget Sound Honor Flights

HONOR FLIGHT NETWORK IS A NON-'ROFIT ORGANIZATION CREATED SOLELY TO HONOR AMERICA'S VETERANS for all their sacrifices. Western Washington's hub, Puget Sound Honor Flight, was established in March of 2013 with one goal: to recognize the local veteran population living in Western Washington.

Honor Flight transports our heroes to Washington, D.C. to visit and reflect at their memorials. Top priority is given to the senior veterans – World War II survivors, along with those other veterans who may be terminally ill. Waiting lists are now forming for Korean and Vietnam vets.

This trip is free to the veteran, and made possible solely through individual

donations and corporate support—NO Federal funds are allocated to this program. With the hard work and dedication of Honor Flight hubs throughout the U.S., and their communities, over 100,000 veterans have made this cathartic journey. Applications for Honor Flights are available at Des Moines/Normandy Park Activity center, 2045 S. 216th St.

# South Twin Bridge— Joint Replacement Project

OCCURRING FRIDAY AUGUST 18TH THRU MONDAY AUGUST 21ST, the Washington State Department of Transportation will be assisting the City in a bridge joint replacement project.

The new joint will reduce current maintenance needs and help extend the service life of the bridge. It is anticipated that 16th Avenue South will be

completely closed between South 251st Place and South 263rd Place to perform this work and a detour route will be in place. Local access to residents will be accommodated.

If you have any questions, contact the City project manager Andrew Merges at 206-870-6568.

When I heard that one of our volunteers at the Center was a Polish woman who was born in one of Nazi Germany's hellish prison camps, I had to meet her and hear her story. I didn't know what to expect. Maybe she didn't want to talk about it. How wrong I was. I asked her for an interview and we arranged to meet the very next day.

We started the interview, I was ready with notebook and pen. "Anna," I began, "start at the very beginning."

This is her story.

by Lillian Claunch, Des Moines/Normandy Park Activity Center

"In my family's state, Volynai, in east Poland (now Ukraine), my father, Joseph, was in the Polish Army Reserve. He was a radio operator and his orders came to report for duty. It was 1939, Germany had invaded Poland. As the Germans took over the town, Jews and gypsies were rounded up and sent to the train station to be relocated. Those families disappeared and probably never survived.

Toward the end of September of 1943, an order came to report to the train station or stay and be killed by the Ukrainian terrorists. My parents chose to leave, as my family had experienced many terrifying encounters with the terrorists. The terrorists targeted not only Polish people, but also community leaders.

My father was arrested and executed. Or so he thought. As he lay in the ditch, covered in blood, with bodies piled around him, he realized he was still alive. He kept still for a long time. The soldiers left eventually and my father managed to pull himself out of the mass grave. It took a long time for him to make his way back to his family. My mother described him as a walking skeleton.

Thinking the Germans had promised work, my parents and their three children boarded the train. They were loaded into boxcars. It was crowded; there was no place to sit. After two weeks with no food and very little water, they arrived in Dachau concentration camp.

The men were separated from the women and children.

rations of one slice of bread and thin soup. Father knew that to survive he needed to have work assignments. People came to the camp to choose workers. Every day the men were required to stand at attention for roll call, and they were kept standing for a long time. If you fainted or fell down you were dragged away. He prayed he could remain standing. He was so weak he fell to one knee as soon as they were dismissed. This is the end, he thought. But someone asked if he had a family and he said yes and gave their names. He was told to meet his family at a truck and, with a few others, they were taken to Rosenheim labor camp. During the months that followed, my father and mother worked at repairing roads and bridges in the Rosenheim area.

I was born on May 1, 1944, in Rosenheim. My mother was taken to the annex of the regular hospital, the one for the laborers that was also where medical experiments were done. She watched as I was washed in cold water straight from the faucet and placed on a bare table no cover. I was supposed to be left there for the rest of the day, untouched, for experimentation. Suddenly the air raid sirens started and the doctors left. A kind nurse wrapped me in a blanket and brought me to my mother. "I am afraid she will die before she has a chance to be baptized," my mother cried. "Oh, I can fix that!" So the nurse took me to the village church. I was baptized and named Anna by the nurse. Her own name!

In Rosenheim, the prisoners were used as guinea pigs for experiments in developing and testing drugs. My sister, Halinka, died from the drug tests. My mother was allowed to see her son, Janusz, through a peephole in the door. It tore her heart to see him yet healthy, and speaking only German. After Halinka's death, my mother was determined to rescue her son. To get into the ward, she outfitted herself with mop and bucket and sneaked into the room where he was sleeping. She lifted her little son wrapped in the bedding, and climbed out the window.

In May of 1945, the camp was liberated by the American army. Snipers were shooting at the U.S. soldiers from town buildings and rooftops. There was heavy bombing. The allies tried to avoid hospitals, but they did target the big warehouse

close to the labor camp barracks. The blasts collapsed the barracks and we were buried under the rubble. It was pitch black and dusty. A soldier heard a baby

Anna will speak in more detail about her life in a special program titled *WWII Immigrant Survival Story*, Tuesday, June 27, 7pm, at the Activity Center, 2045 S. 216th St. For more details please call 206-878-1642.

wailing and started digging. When the soldier pulled us out, my aunt told me he was a beautiful black man and she thought 're must be an angel. We were lucky, but many others died. That day was our first encounter with the U.S. army.

For the next five years, we lived in refugee camps. The Army fed us with the same food they ate and in the mess hall with them. They were kind. And they made it possible for my family to come to America. "We owed them our lives."

I asked Anna what was her first memory. She replied, "I remember playing with other children in the rubble at a refugee camp. We found whistles that we blew to imitate the sound of a bomb before it exploded. Then we shouted boom! And laughed.

We sailed to America on a Navy troop carrier, the SS Tilton. Our sponsor was the National Council of Catholic Bishops.

Music greeted us when we landed in New Orleans. I was five and a half years old and I remember I was awed at the very young soldiers' beautiful red uniforms. "Those aren't soldiers, that is a high school band," people told us.

From there we travelled to Texas where our sponsors found work for us on a farm-nursery. My mother was ill, so ve moved to San Antonio to be closer to medical help. Growing up in San Antonio, Texas, home of Lackland Air Force Base and Fort Sam Houston, there were always soldiers around. I was instructed to treat them with great respect. "American soldiers are angels here on earth, helping to set people free."

Anna stated her life in San Antonio and Poteet, Texas "was just an ordinary life; I grew up and went to school. My first husband, a Polish immigrant, and I had four children." Then she told me that her husband was killed in a head-on collision with a drunk driver. He was only 36. I didn't think a widow with four daughters would describe an "ordinary" life.

After six years, she met and married her second husband, a Boeing engineer, of Lithuanian heritage. The children were all grown when another tragedy befell Anna. After only ten years of marriage, her husband died of a heart attack.

Anna, full of life, has been active in the Polish community all her life in the U.S.A. Anna earned an AA in Tourism and Hospitality Management at Highline Community College. What a joy to have Inna as a volunteer in our kitchen every Thursday...and what an adventure I've had interviewing and writing her story!

# Fireworks Prohibited

DMMC 9.42.030 prohibits all personal fireworks within the city limits of Des Moines. It is a Class 1 Civil Infraction to possess, sell, store, ignite, explode, or discharge fireworks of any kind except sparklers.

Violation of this ordinance is a Civil Infraction fine of \$513.00.

The City of Des Moines invites you and your family to attend the public display of fireworks at the Des Moines Marina on July 4th.

# BENCH DONATION PROGRAM

The City installs and maintains many park benches throughout the city. The Bench Donation program allows citizens and businesses to dedicate a bench to a family or friend for a ten year time frame. If you are interested in purchasing a bench to honor someone you know, please phone 206-870-6547 for more information or email jbest@desmoineswa.gov

# Housing Repair Assistance Program

THE CITY OF DES MOINES IS ONCE
AGAIN PROVIDING MINOR HOME REPAIR
SERVICES to City resident homeowners
who have "extremely low" to "low" incomes
based on U.S. Department of Housing
and Urban Development (HUD) income
guidelines. This is done by providing free
repair services to improve the health
and safety of our residents as they live in
their homes. Funding for this program is
provided by a Community Development
Block Grant through King County.

Services provided include but are not limited to:

Electrical – faulty lights, switches, plugs, circuits or exhaust fans

*Plumbing* – faulty toilets, clogged drains, leaking faucets, faulty water heaters

Disability Aids – installation of grab bars, hand rails, hand held showerheads, bath seats, high toilets, access ramps and application of non skid surfaces

Safety – installation of smoke alarms, security/safety lights, carbon monoxide alarms and locksets

*Other* – faulty furnaces, faulty gutters and roof leaks, broken window glass panes

# HOW DO I QUALIFY FOR THESE FREE SERVICES?

- Be an owner/occupant within the Des Moines city limits for at least one year with no intention of selling in the next 12 months, have proof of home owner's insurance, and meet the HUD income guidelines for the program.
- 2. Complete the application process

#### HOW DO I APPLY?

To apply for this program please follow these directions:

- 1. Request an application by calling 206-870-6535
- 2. Complete the application forms and return them with the supporting documentation to the City of Des Moines/Minor Home Repair at: 21630 11th Ave. S. Ste. D, Des Moines WA 98198
- 3. Once your application is processed and evaluated you will receive a phone call informing you of your acceptance or non-eligibility for our program. Upon acceptance your job will be referred to one of our contractors who will call you to make an appointment to perform those services. Services that are required for your health and/or safety are the highest priority.

# Des Moines Waterfront Farmers Market

THE DES MOINES WATERFRONT FARMERS MARKETS OPENING DAY is Saturday June 3rd from 10 to 2pm with our popular Food Truck-In, featuring over 10 Trucks. The Saturday market runs from June thru September.

Back again by popular demand is the Sunset Markets, every Wednesday from 4-8pm July thru August. Patrons can shop, have dinner at the food trucks and then walk a short distance into the Beach Park for the Arts Commission's Free Music in the Park series.

New this year is paid parking. Show your purchases at the info booth to receive your FREE two hour paid parking

validation.

The market is happy to announce that with all our healthy eating programs for qualifying shoppers there will be available over \$1,000 worth of vouchers to hand out every market day (Sat & Wed).

The Market and
King Conservation
District is continuing
our Healthy Eating
Initiative for qualified
seniors in our area. Last
season the program

issued over \$15,000 worth of vouchers. Once individuals sign up they will receive a \$10 voucher for purchase of fruits and vegetables. Also included in the program is free door to door pickup service provided every other week by the Hyde Shuttle from Sound Generations of King County. Just call 206-727-6262

to schedule your pick up.

Also back this year at the market is another healthy eating initiative for low income families called Fresh Bucks. Come to the market, swipe your EBT card and it will double your dollars (up to \$10) per person. Both these programs are good on Saturday and Wednesday markets.

The Des Moines Area Food Bank will start their free snack and lunch program for children and teens on June 17th at the market. For the Sunset Markets they will afternoon snacks and supper. For more information on this program go to http://www.myfoodbank.org/summermeals.html

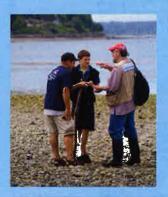

The popular Clutter to Cash sale is back again for three days this season. June 24, July 22 and August 19th. People can rent a booth space to sell your clutter (bring your own tables) or come to shop on Saturday during the Farmers Market hours.

To follow market's happen'ns every week, check the Waterland Blog for Wanolitto's Market Musing column, the web site DMFM.org or our weekly email newsletter

The market's Board of Directors would like to thank our sponsors for generously contributing to help keep this vital community program so successful.
